Jump & Crunch	Revisit your childhood memories as you burn 100 calories in less than 10 minutes of jump roping. This class will give you a base from which you will progress in time to longer jump roping segments. After roping, settle down to some ab work.

The first Saturday of each month is a 1 ½ hour class starting at 6:30am.

The beginner, intermediate and advance students can control the intensity while performing the same moves as the instructor. **A pass is required for this class (a ticket is given).** 11 treadmills are available.
Ab Attack	Ab-solutely a great workout. This workout not only works the abdominal region, but also focuses on the whole core.
