Family Boundaries

Value Asset # 11

Young people thrive better with clearly defined boundaries.

- ✓ Set clear rules and consequences for your children's behavior.
- ✓ Monitor their whereabouts.
- ✓ Discuss appropriate boundaries, reach an agreement and stand united.
- ✓ Renegotiate family rules with teenagers so they're developmentally appropriate – but know that even 18 year olds still need boundaries.
- ✓ Use discipline to teach, not to punish. Educate young people in how to set boundaries for themselves.
- ✓ When you see young people in inappropriate places, take responsibility to ask them if their parents know where they are.

Clean out the Cabinet Campaign

May has been designated as "Clean Out Your Cabinet Month." **Local awareness** of the growing misuse of prescription and non-prescription drugs has prompted this effort. Watch for detailed information in the mail in May. There isn't a specific day that you clean out your old prescriptions. The main point is to just go ahead and dispose of them!
