

Mayor's Message: Great Things are Happening in Lehi City!

Businesses, jobs, and shopping are heading our way and bring a new element of excitement to Lehi City. Projects such as Adobe and the Outlets at Traverse Mountain are underway and scheduled to make a debut later this year bringing with them hundreds of jobs and new attractions.

Office: Currently under construction is Phase 1 of the 670,000 square-foot Adobe Campus which will bring at least 1,000 new jobs to the area. Phase 1 is 270,000 square feet and two future phases are planned which will add an additional 400,000 square feet of office space. The site is located on the western edge of the Traverse Mountain community just off of I-15. Adobe is a computer software company and is the producer of well-known programs such as Photoshop and Flash. Adobe is the third addition of a major computer software/manufacturing company to Lehi. Other companies include Microsoft and IM Flash. Adobe has an expected opening date in November of this year. In addition to Adobe's campus, the Thanksgiving Park development just west of the Timpanogos highway/I-15 interchange is adding a new third building to their campus and a fourth one is in the cue. Each building consists of 180,000 square feet of class A professional office space and major current tenants include Microsoft, ProPay, Agel Sorensen Capital and SirsiDynix to name a few.

Retail: The Outlets at Traverse Mountain is an exciting new retail center located at Traverse Mountain just to the southeast of Cabelas. Upon completion there will be 387,000 square feet of retail space including 80 stores. This outdoor outlet mall will have some unique defining features such as landscaping in the walkways, a glass awning covering the walkways and a large two story fireplace as the center piece. This project is scheduled to have a grand opening in November before the holidays.

Restaurants: New and different restaurants have recently opened in Lehi including Buffalo Wild Wings and Culver's. As more new restaurants and places of entertainment are built in Lehi, the need to travel long distances to go to these types of attractions is minimized. (Continued on page 2)

Volunteers Needed

One hour, once a week, is all it takes to make a difference! Meals-on-Wheels needs volunteers to deliver meals to homebound seniors during the summer. Volunteers use their own vehicles to deliver lunchtime meals once a week to homebound seniors. Along with each meal, volunteers provide a special touch of comfort and a daily safety check enabling seniors to stay in their own homes. Meals will be picked up and delivered to seniors in a five mile radius. Delivering meals takes approximately one hour to complete. For more information about delivering Meals-on-Wheels, contact Stephanie Benson at 801-229-3821 or sbenson@mountainland.org, or register online at www.mountainland.org/volunteer.

Mayor's Message

(continued from page 1)

Entertainment: A recently completed major entertainment attraction is the expansion of the Megaplex Theatres at Thanksgiving Point. The facility has nearly quadrupled in size with 9 new screens including many other new amenities such as more food choices and synchronized motion seats.

Transportation: UTA's Frontrunner is now testing the tracks. Passenger services are scheduled to begin in December. Also, the Main Street redevelopment construction project is scheduled to begin the second week in July. Visit the city's website for more information.

Other: The Lehi City Building Department issued 425 residential building permits since January 1, of this year. This is up 60 percent from 2011.

There are defiantly more projects scheduled to come! Please visit the city's website often for the most up to date information.

Water Conservation

The Mayor is urging residents to conserve water this summer due to the hot and dry conditions. Please consider the following tips to conserve our city's water.

- Water landscape only as much as required by the type of landscape. See www.conservewater.utah.gov for a weekly lawn watering guide.
- Sweep sidewalks and driveways instead of using the hose to clean them off.
- Wash your car from a bucket of soapy (biodegradable) water and rinse while parked on or near the grass or landscape so that all the water running off goes to beneficial use instead of running down the gutter to waste.
- Check for and repair leaks in all pipes, hoses, faucets, couplings, valves, etc.
- Use mulch around trees and shrubs, as well as in your garden to retain as much moisture as possible.
- Visit the Lehi City website for more tips.

Win the Mayor's Summer Photo contest!

- The Mayor wants to see your summer photos taken in Lehi!
- The winner will receive a credit on their utility bill and the winning photo will be featured on the city's website.
- Email your photo to lehiphotocontest@lehi-ut.gov. You may submit more than one photo.
 - The deadline for the summer photo contest is July 25, 2012.

Caregiver Support

As a caregiver, you may be feeling alone. You don't have as much time to socialize now that you have to care for your elderly relative, and even your own family may not understand what you are going through. If this sounds like you, you might want to try to find a support group and get the understanding and support you need. Please join us for a complimentary lunch, educational topic and plenty of time to visit with other caregivers. For details including times and locations, call Geri Lehnardt (801) 229-3814 or glehnardt@mountainland.org. Form more information go to www.mountainland.org and click on Aging and Family Services.
