PARKS RENTAL Frequently Asked Questions

Is there a BBQ?

The pavilions that have a BBQ grill are specified in their amenities, not very many have them.

There is a fire pit at that park, can I use it?

Yes, but you are not reserving the pit, it is a first come basis for use.

Can we have blow-up houses; slip n slides, water toys at the park?

No, they are prohibited by our rules to conserve the lawns at our parks.

If the pavilion is not rented, can I just use it?

Yes, when the pavilions are not reserved, they are public pavilions for use by all.

Can I use the park prior to the April 15th date?

Yes, but the restrooms and garbage services etc. are NOT available.

IF there are more than 100 people coming and I reserve two pavilions, will I be okay?

This will depend on the reason for the rental, for picnic only use is a standard rental. Ward parties etc. may need to be pushed to use a Special Event permit if they require additional things other than just pavilions. If it is just a picnic, they can rent the number of pavilions needed to accommodate this.

The park I want to rent has a walkway, can we hold a walk-a-thon or a fundraiser there with this rental?

Anything other than pavilion use requires a Special Event Permit, available online or at the City offices with Marilyn Banasky, City Recorder. This rental form is for pavilion use only.

Can I set up tents, awnings, canopies etc. on the lawn near our pavilion?

They can set up canopies near their pavilion as long as their numbers do not exceed the 100 per pavilion, and they must call the after-hours phone numbers on the reservation form and at the pavilion bulletin board for putting anything into the ground to prevent sprinkler damages.

Can I drive onto the lawn to do my set up?

Only City issued vehicles are allowed on the grass.

Can we do fireworks?

It is against the City fireworks laws to discharge any firework on public or City owned property.
