

Lehi Recreation Weather Policy and Picture Day Info

After having the perfect opening day of soccer last week it looks like we have a possibility of rain tomorrow. The purpose of this email is to inform parents on our weather policy so you know how decisions are made and where to go to find information about whether games are being played or not.

Basically our weather policy is we will cancel any games that would be a danger to the kids or will damage our fields. This includes very high winds, torrential rain, heavy snow, or lightning within 8-10 miles. We will still play sports in the rain or snow if it is not a danger to the kids. We will also cancel games if the fields are so soggy that playing on them will damage the fields or be a slipping hazard.

To get information on whether or not games have been canceled please call our rain out hotline. The number for our rain out hotline is 385-201-2000 extension 5.

Please remember that we will not update this until 8 am on Saturdays. If you call in before 8 am you will be told to check back after 8 am. If a storm system causes cancellations but looks like it will move on then only games affected will be canceled and you will need to check throughout the day to get updates on games later in the day.

Make sure that your child is dressed appropriately for the weather.

We will be handing out picture information this weekend. Picture day is scheduled for May 9th. We did not receive enough order forms for everyone on all the teams. We were only sent 10 order forms per team. I am including links in this email to order online as well as the picture company will have more on hand the day of pictures. I am also including a link to the picture schedule of when your teams are scheduled to get their pictures taken.
