Your student will also explore some real-world science as they examine the habitats, characteristics, and needs of different Pokémon®. They will do more than catch 'em all, they will build and examine them all very closely and have a blast doing so!

### Class 2 : Ages 7-12yrs. MINECRAFT

Hey gamers, are you ready to travel all the way to The End with Snapology? Join us as we bring the game of Minecraft® out of the computer and into the real-world using LEGO® bricks. In this program, you will go on adventures using your imagination and even design your own worlds full of mobs, animals, buildings, and your very own LEGO® Minecraft® character.

### Class 3: Ages 5-8yrs. STORY BUILDERS

Young adventurers will embark on a creative journey where LEGO® bricks become the building blocks of imagination. Campers will dive into beloved stories through hands-on building activities, then learn to craft their own original tales brick by brick. Each day combines structured building challenges with open-ended creative time, allowing campers to explore storytelling from multiple angles.
