CHIEF'S PREFACE

These policies and procedures are not intended to create doubt in the mind of the officer when action is critical and there is little time for meditation and reflection, or choosing the proper procedure to follow. These policies and procedures are intended to be viewed as an administrative guide for decision making before the fact, and as a standard for administrative judgment of the action taken or decision made.

It is not to be considered a standard for external judgment, (civil or criminal litigation), of the propriety of an action taken or a decision made. This is a matter of establishing law and also a process for courts and juries reviewing specific facts of a given incident. It is imperative that the officer not only acts within the boundaries of legal guidelines, ethics, good judgment, accepted practices, and approved policies and procedures, but to act wisely whenever in the course of protecting and serving the public whether on or off duty.

LAW ENFORCEMENT CODE OF ETHICS

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.

DEPARTMENTAL ACCREDITATION AND INTERNAL REVIEWS

210.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting internal reviews within the police department and managing the achievement, and maintenance of the department's accreditation program. These reviews are designed to evaluate operation efficiency, ensure compliance with legal standards, and enhance transparency and accountability. The policy also details the roles and responsibilities of personnel in pursuing, maintaining and adhering to accreditation standards.

210.2 ACCREDITATION

To promote professionalism, continuous improvement, and public trust in the Lehi City Police Department's services, it finds value in achieving and maintaining accreditation.

210.2.1 ROLE OF THE ACCREDITATION MANAGER

The Accreditation Manager (AM) plays a critical role in ensuring that the Department maintains compliance with all standards and requirements necessary for accreditation. The individual is responsible for having a thorough understanding of the accreditation requirements set forth by the accrediting body and for monitoring the Department's adherence to those standards. The Accreditation Manager serves as the liaison between the Department and the accrediting organization, ensuring that policies, procedures, and operations are aligned with accreditation requirements. Additionally, the Accreditation Manager is tasked with coordinating internal reviews, collecting and organizing relevant documentation, and providing support to Department staff to facilitate compliance. By maintaining this role, the Accreditation Manager helps ensure that the Lehi City Police Department remains in good standing and is fully prepared for re-accreditation assessments.

The Accreditation Manager is also responsible for overseeing the completion of internal reviews as outlined in the Department's annual internal review plan. This includes coordinating with the various Department units/divisions to ensure that all identified reviews are conducted in a timely manner and provides support as necessary. By ensuring that these internal reviews are completed, the Accreditation Manager plays a key role in maintaining the Department's compliance and readiness for accreditation renewal.

210.3 ANNUAL REVIEW PLAN

The Accreditation manager (AM) will formulate an Annual Review Plan (ARP) at the beginning of each calendar year. The Department's (ARP) is intended to be used as a guide by the AM to ensure that required reports are completed in the various divisions within the Department in a timely manner.

Lehi City Police Department

Lehi City PD Policy Manual

DEPARTMENTAL ACCREDITATION AND INTERNAL REVIEWS

To create the ARP, the AM will identify and include any mandatory reviews required by law, any reviews necessary to meet the standards established by the accrediting agency, and those requested by the Chief of Police.

The State of Utah has statutes requiring the annual reporting of certain information. The Lehi City Police Department will participate in reporting:

Reverse-location warrants (Utah Code 53-25-201)

Genetic genealogy database utilization (Utah Code 53-25-401)

Sexual assault offenses reporting (Utah Code 53-25-202)

Seized firearms (Utah Code 53-25-501)

210.4

Electronic Mail

212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law. Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration or practices of the Department.

212.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message, including any attachment, that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.3 RESTRICTIONS ON USE OF EMAIL

Messages transmitted over the email system are restricted to official business activities, or shall only contain information that is essential for the accomplishment of business-related tasks or for communications that are directly related to the business, administration, or practices of the Department.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing, or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire Department are only to be used for official business-related items that are of particular interest to all users. In the event that a member has questions about sending a particular email communication, the member should seek prior approval from a supervisor in their chain of command.

It is a violation of this policy to transmit a message under another member's name or email address or to use the password of another to log into the system unless directed to do so by a supervisor. Members are required to log off the network or secure the workstation when the computer is unattended. This added security measure will minimize the potential misuse of an

individual's email, name, or password. Any member who believes their password has become known to another person shall change their password immediately.

212.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the Utah Government Records Access and Management Act (Utah Code 63G-2-201 et seq.) and must be managed in accordance with the established records retention schedule and in compliance with state law.

The Records Officer shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

212.5 POLICY

Lehi City Police Department members shall use email in a professional manner in accordance with this policy and current law (e.g., Utah Government Records Access and Management Act).

Administrative Communications

214.1 PURPOSE AND SCOPE

Administrative communications of the Department are governed by the following policies.

Memorandums may be issued periodically by the Chief of Police or Staff under the direction of the Chief of Police to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

214.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. All Department letterhead shall bear the signature element of the Chief of Police. Personnel should use Department letterhead only for official business and with approval of their supervisor.

214.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police or a Division Commander.

216.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines to ensure that proper supervision is available to meet the needs of the Department and members throughout all Divisions.

216.2 MINIMUM SUPERVISION STAFFING LEVELS

Minimum staffing levels should be established by the Division Commanders for each Division and work group. The supervision staffing levels should support proper supervision, span of control, compliance with any collective bargaining agreement, and activity levels to meet the needs of members and the goals of the Department.

216.2.1 TEMPORARY SUPERVISORS

In order to accommodate training and other unforeseen circumstances, a qualified lower-ranking member may be used as a temporary supervisor in place of a regularly assigned supervisor.

216.2.2 SHIFTS AND SCHEDULES

[Insert your agency's procedures for assigning members to shifts consistent with standard 18.2 - see the Guide Sheet for additional guidance].

216.3 POLICY

The Lehi City Police Department will ensure that proper supervision is available to meet the needs of its members and to achieve the goals of the Department. The needs of its members should be balanced with the needs of the Department for flexibility and discretion in assigning members to meet supervisory needs. While balance is desirable, the paramount concern is to meet the needs of the Department.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include (UAC R728-507-3):

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests (UAC R728-507-5).

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force

300.2.1 DUTY TO INTERVENE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent the use of unreasonable force (UAC R728-507-10).

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (UAC R728-507-10).

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (UAC R728-507-10).

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (UAC R728-507-5).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident (UAC R728-507-5).

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose (UAC R728-507-5).

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force (UAC R728-507-5).

300.3.1 USE OF FORCE TO EFFECT AN ARREST

An officer may use reasonable force to effect arrest, to prevent escape, or to overcome resistance. An officer who makes or attempts to make an arrest need not retreat or desist from the officer's efforts by reason of resistance or threatened resistance of the person being arrested; nor shall such officer be deemed the aggressor or lose the officer's right to self-defense by the use of

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force

reasonable force to effect the arrest or to prevent escape or to overcome resistance (Utah Code 77-7-7; UAC R728-507-5).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to (UAC R728-507-5; UAC R728-507-7):

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and the individual's ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training (UAC R728-507-7). Officers utilizing any pain compliance technique should consider:

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved (UAC R728-507-7).

300.3.4 CAROTID CONTROL HOLD

A carotid control hold is a technique designed to control an individual by temporarily restricting blood flow through the application of pressure to the side of the neck and, unlike a chokehold, does not restrict the airway. The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is limited to those circumstances where deadly force is authorized and is subject to the following (UAC R728-507-7):

- (a) At all times during the application of the carotid control hold, the response of the individual should be monitored. The carotid control hold should be discontinued when circumstances indicate that the application no longer reasonably appears necessary.
- (b) Any individual who has had the carotid control hold applied, regardless of whether the individual was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until such examination occurs.
- (c) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the individual lost consciousness as a result.
- (d) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.
- (e) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Lehi City Police Department for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force

the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion) (UAC R728-507-5).

300.3.7 DEFENSIVE TACTICS

Officers who have successfully completed department-approved training may apply defensive tactic techniques, including but not limited to focused strikes that involve the use of empty-hand techniques and contact control measures (UAC R728-507-8).

300.3.8 KNEE ON NECK RESTRAINT

An officer shall not restrain a person by the application of a knee applying pressure to the neck or throat of a person (Utah Code 53-13-115).

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify the officer as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (UAC R728-507-6).

Use of deadly force is justified in the following circumstances involving an imminent threat or an imminent risk (Utah Code 76-2-404; UAC R728-507-6):

- (a) An officer may use deadly force to protect the officer or an individual other than the suspect from what the officer reasonably believes is an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to an individual other than the suspect if the suspect is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

However, an officer shall not use deadly force against a person whose actions are a threat solely to themselves or property unless the person poses an imminent danger of death or serious physical injury to the officer or others in close proximity.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the suspect has a weapon or is attempting to access one and intends to use it against the officer or an individual other than the suspect. An imminent danger may also exist if the suspect is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force (UAC R728-507-6).

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants (UAC R728-507-6).

An officer shall only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (UAC R728-507-6).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle (UAC R728-507-6).

An officer shall not discharge a firearm from a moving vehicle, except in exigent circumstances. In these situations, an officer must have articulable reason for this use of deadly force.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why the officer believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law (UAC R728-507-7). See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 REPORTING THE THREAT OF FORCE

When an officer points a firearm at an individual, the officer shall report the incident in accordance with Utah Code 53-13-116 and UAC R728-507-12.

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force

Reports shall be submitted within 48 hours of the incident and should include at a minimum (Utah Code 53-13-116; UAC R728-507-12):

- (a) A description of the incident.
- (b) The identification of the individuals involved in the incident.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious (UAC R728-507-7; UAC R728-507-11). Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel (UAC R728-507-11). If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away (UAC R728-507-11).

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to (UAC R728-507-12):

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived the individual's *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 - 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate (UAC R728-507-10).

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT SERGEANT RESPONSIBILITY

The Shift Sergeant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers shall receive annual training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force

300.8.1 TRAINING REQUIREMENTS

Required annual training shall include:

- (a) Legal updates.
- (b) De-escalation tactics, including alternatives to force.
- (c) The duty to intervene.
- (d) The duty to request and/or render medical aid.
- (e) Warning shots (see the Firearms Policy).
- (f) All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).

300.9 USE OF FORCE ANALYSIS

At least annually, the Patrol Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects, or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

300.10 USE OF FORCE TRACKING SYSTEM

The Department shall establish a system for tracking use of force incidents, and follow the Performance History Audits Policy for guidelines regarding monitoring and remediating use of force patterns for officers.

Use of Force Review Boards

302.1 PURPOSE AND SCOPE

This policy establishes a process for the Lehi City Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of force.

302.2 POLICY

The Lehi City Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment.

However, any member who uses deadly force shall be removed from line duty assignment pending an administrative review.

302.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Division Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Administration Division Commander of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD

The Administration Division Commander should staff the Use of Force Review Board with five individuals from the following, as appropriate:

- Representatives of each division
- Command staff representative from the involved member's chain of command

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force Review Boards

- Training Sergeant
- Non-administrative supervisor
- A peer officer/department member
- A law enforcement officer from an outside law enforcement agency, as appropriate
- Department instructor for the type of weapon, device, or technique used

The senior ranking command staff representative who is not in the same division as the involved employee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information, and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures, and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with Lehi City Police Department disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement, and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure, and determine whether any additional

Lehi City Police Department

Lehi City PD Policy Manual

Use of Force Review Boards

actions, investigations, or reviews are appropriate. Those findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Lehi City Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, the Transporting Persons in Custody Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force (Utah Code 77-7-1).

306.3 USE OF RESTRAINTS

Only members who have successfully completed Lehi City Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg restraints, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themselves or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances, and only when a supervisor makes an individualized

Lehi City Police Department

Lehi City PD Policy Manual

Handcuffing and Restraints

determination that such restraints are necessary for the safety of the detainee, officers, or others. See the Transporting Persons in Custody Policy for guidelines relating to transporting pregnant persons.

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed.

Lehi City Police Department

Lehi City PD Policy Manual

Handcuffing and Restraints

and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg restraints, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from their own actions (e.g., hitting their head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on their stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on their stomach.

Lehi City Police Department

Lehi City PD Policy Manual

Handcuffing and Restraints

- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

306.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the suspect was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

306.9 TRAINING

The Training Sergeant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg restraints, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
- (e) Proper placement of safely secured persons into an upright or seated position to avoid placement on the stomach for an extended period, as this could reduce the person's ability to breathe.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Lehi City Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 SHIFT SERGEANT RESPONSIBILITIES

The Shift Sergeant may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 DEPARTMENT FIREARMS OFFICER RESPONSIBILITIES

The Department Firearms Officer shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Department Firearms Officer or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Lehi City Police Department

Lehi City PD Policy Manual

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Department Firearms Officer for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Shift Sergeant, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Lehi City Police Department

Lehi City PD Policy Manual

Control Devices and Techniques

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.

Lehi City Police Department

Lehi City PD Policy Manual

Control Devices and Techniques

- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Lehi City Police Department

Lehi City PD Policy Manual

Control Devices and Techniques

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.10 TRAINING FOR CONTROL DEVICES

The Training Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

309.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training may be issued and may carry the CED.

The Department Firearms Officer should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

Officers who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.
- (c) Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

309.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Department Firearms Officer for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

Lehi City Police Department

Lehi City PD Policy Manual

Conducted Energy Device

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

309.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

309.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Lehi City Police Department

Lehi City PD Policy Manual

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

309.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE CED

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should

Lehi City Police Department

Lehi City PD Policy Manual

Conducted Energy Device

be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

309.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION

Officers shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form (Utah Code 53-13-116; UAC R728-507-12). Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

309.6.1 CED REPORT FORM

As applicable based on the device type, items that shall be included in the CED report form are:

- (a) The brand, model, and serial number of the CED and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the CED was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

Lehi City Police Department

Lehi City PD Policy Manual

Conducted Energy Device

The Training Sergeant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Sergeant should also conduct audits of CED device data downloaded to an approved location and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

309.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

309.6.3 TASER ACTIVITY DOWNLOAD

After a TASER event or deployment contact will be made with the department TASER instructor to download the activity. This action should occur within 72 hours after the event and should be during on duty hours for the TASER instructor. In the event this timeline can't be met contact will be made with the TASER instructor to facilitate a time for the download.

309.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Lehi City Police Department

Lehi City PD Policy Manual

Conducted Energy Device

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

309.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Department Firearms Officer and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

309.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Training Sergeant. All training and proficiency for CEDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Sergeant is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Training Sergeant should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.

Lehi City Police Department

Conducted Energy Device

- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (g) De-escalation techniques.
- (h) Restraint techniques that do not impair respiration following the application of the CED.
- (i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.
- (j) Proper tactics and techniques related to multiple applications of CEDs.

Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

310.2 POLICY

The policy of the Lehi City Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

This department conforms to the OIS Protocol for investigating officer-involved shootings.

310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the suspect's actions.
- (b) A criminal investigation of the involved officer's actions.
- (c) An administrative investigation as to policy compliance by involved officers.
- (d) A civil investigation to determine potential liability.

310.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.4.1 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings.

	Criminal Investigation of Suspect(s)	Criminal Investigation of Officer(s)	Civil Investigation of	Administrative Investigation
LPD Officer in This Jurisdiction	LPD Investigators	County Office	Attorney's LPD Civil Liability Team	LPD Standards and Professional Training

310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.4.4 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Lehi City Police Department would control the investigation if the suspect's crime occurred in Lehi City.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

310.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

310.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved LPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.

Lehi City Police Department

Lehi City PD Policy Manual

Officer-Involved Shootings and Deaths

- (f) Brief the supervisor upon arrival.

310.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved LPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any LPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 - 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Sergeant and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional LPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved LPD officer should be given an administrative order not to discuss the incident with other involved officers or LPD members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

310.5.3 SHIFT SERGEANT RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Sergeant shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Shift Sergeant.

310.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police

Lehi City Police Department

Lehi City PD Policy Manual

Officer-Involved Shootings and Deaths

- Deputy Chief of Police
- Patrol Division Commander
- Investigation Division Commander
- Utah County Officer Involved Critical Incident Task Force rollout team
- Outside agency investigators (if appropriate)
- Professional Standards and Training supervisor
- Civil liability response team
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer
- District Attorney (Utah Code 76-2-408)

310.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 1. Involved LPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-LPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved LPD officer. A licensed psychotherapist may also be provided to any other affected LPD members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

Lehi City Police Department

Lehi City PD Policy Manual

Officer-Involved Shootings and Deaths

- (e) Communications between the involved officer and a peer support member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved LPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Sergeant to make schedule adjustments to accommodate such leave.

310.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) LPD supervisors and Professional Standards and Training personnel should not participate directly in any voluntary interview of LPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.6.1 REPORTS BY INVOLVED LPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved LPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

Lehi City Police Department

Lehi City PD Policy Manual

Officer-Involved Shootings and Deaths

While the involved LPD officers may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved LPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

310.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigations Division supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with

Lehi City Police Department

Lehi City PD Policy Manual

Officer-Involved Shootings and Deaths

investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigations Division supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

310.6.4 STATUTORY MANDATES RELATED TO CRIMINAL INVESTIGATIONS OF CRITICAL INCIDENTS

The Shift Sergeant shall notify the District Attorney as soon as practical if the following critical incidents occur within the jurisdiction of the Lehi City Police Department, whether or not an involved law enforcement officer is a department member (Utah Code 76-2-408):

- (a) Use of a firearm that caused an injury by a law enforcement officer or any other use of a weapon by a law enforcement officer in a manner that could have caused death or serious injury (e.g., a blow to the head of a person with a baton).
- (b) A fatal injury to any person that could have been caused by a law enforcement officer or while the person was in the custody of a law enforcement agency.

The Chief of Police or authorized designee and the District Attorney shall jointly designate an agency to criminally investigate the actions of a law enforcement officer involved in a critical incident, as appropriate, and may jointly designate a lead agency if more than one agency will be involved. An agency other than the Lehi City Police Department will criminally investigate the actions of members who may have caused or contributed to a critical incident (Utah Code 76-2-408).

310.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation to determine conformance with all department policy. This investigation will be conducted under the supervision of the Professional Standards and Training and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved

officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in a group prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Professional Standards and Training shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 - 7. Any other indications of a potential violation of any policy shall be determined in accordance with standard disciplinary procedures.

310.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or County Attorney's Office, as appropriate.

310.10 DEBRIEFING

Following an officer-involved shooting or death, the Lehi City Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

310.10.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

310.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Sergeant, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

No involved LPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

312.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

312.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical. Before destroying the animal, the officer shall obtain either the judgment of a veterinarian or of two reputable citizens called by the officer to view the animal in the presence of the officer, or shall obtain consent to the destruction from the owner of the animal (Utah Code 76-13-102(4)).

Warning shots shall not be used.

312.8 DEPARTMENT FIREARMS OFFICER DUTIES

The range will be under the exclusive control of the Department Firearms Officer. All members attending will follow the directions of the Department Firearms Officer. The Department Firearms Officer will maintain a roster of all members attending the range and will submit the roster to the Training Sergeant after each range date. Failure of any officer to sign in and out with the Department Firearms Officer may result in non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Department Firearms Officer has the responsibility of making periodic inspection, at least once a year, of all duty weapons carried by officers of the department to verify proper operation. The Department Firearms Officer has the authority to deem any privately owned weapon unfit for service. The officer will be responsible for all repairs to their personally owned weapon, and it will not be returned to service until inspected by the Department Firearms Officer.

The Department Firearms Officer has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning, and safety of all firearms the member is authorized to carry.

- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail their itinerary, and should include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.

Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

312.11 DEPLOYMENT OF THE DUTY RIFLE

Officers may deploy the duty rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the duty rifle may include, but are not limited to:

Less Lethal Impact Munitions (LLIM, 40 MM Launchers)

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members with guidelines on the use of Less Lethal Impact Munitions (LLIM). This policy does not supersede the training and qualification requirements members are required to meet in order to use and deploy LLIM.

This policy is supplemental to the department Use of Force Policy. In addition to this policy, members shall have a complete and thorough understanding of Use of Force which outlines, in part, when the use of an impact weapon is appropriate and objectively reasonable, criteria for consideration, definitions, force options, and medical requirements.

313.2 LEGAL CONSIDERATIONS

"Reasonable force" is defined as that amount of force that is objectively reasonable to effect a lawful police purpose and protect the safety of officers or others based upon the totality of the circumstances.

"Less-lethal" force is defined as any use of force, other than lethal force, which by design and application is less likely to cause serious bodily injury or death. Although rare, the possibility of an unintended lethal outcome exists. Less-lethal force options include, but are not limited to, less lethal impact munitions.

313.3 LESS LETHAL IMPACT MUNITIONS 40MM SINGLE AND MULTI-SHOT LAUNCHERS

40mm Less Lethal Impact Munitions shall be fired from a 40mm launcher. The user shall visually inspect each round before placing it in the launcher to ensure they are using the intended round type.

313.4 SPECIFIC REQUIREMENTS FOR THE USE OF LESS LETHAL IMPACT MUNITIONS (LLIM)

Only trained and currently qualified members are authorized to use LLIM. All users shall be trained and qualify annually to maintain their Department certification.

Members shall only use the specific LLIM for which they have been trained.

313.5 USE OF DIRECT IMPACT LESS LETHAL IMPACT MUNITIONS (LLIM)

Direct Impact LLIM are less-lethal impact munitions designed to be direct fired at a specific target.

Direct Impact LLIM shall not be used indiscriminately against a person, a crowd, or group of people even if some members of the crowd or group are agitated or disruptive.

A member and/or supervisor on scene, absent exigent circumstances, shall take reasonable steps to have the subject submit to police authority by issuing a verbal warning before the use of LLIM.

A verbal warning may also assist other officers to know that LLIM will be deployed.

Lehi City Police Department

Lehi City PD Policy Manual

Less Lethal Impact Munitions (LLIM, 40 MM Launchers)

Direct Impact LLIM should not be used against a person who is under restraints.

Lethal force shall be in place prior to LLIM usage, absent exigent circumstances. LLIM may be used when it is not safe for an officer to close in on a physically violent subject and try to control them with physical strength and skill or when a safe, standoff distance is needed.

Members shall not use LLIM to dispatch injured animals; however, LLIM may be used to subdue vicious animals.

Members may use approved direct impact LLIM during public demonstrations and other civil unrest; however only against a specific individual as specified in the additional restrictions and criteria in the Crowd Control and Crowd Management Usage Section below.

313.6 CROWD CONTROL AND CROWD MANAGEMENT USAGE

Direct Impact LLIM are less-lethal impact weapons that are designed to be direct fired at a specific target, and shall not be used for crowd management, crowd control or crowd dispersal during public demonstrations or civil unrest. Direct fired LLIM shall not be used indiscriminately against a crowd or group of persons even if some members of the crowd or group are agitated or disruptive.

Direct Impact LLIM may be used against a specific individual who is engaging in conduct that poses an imminent threat of loss of life or serious bodily injury to themselves, officers, or the general public. Direct Impact LLIM may be used against those engaged in substantial destruction of property which creates an immediate risk to the lives or safety of other persons. In such instances, Direct Impact LLIM should be used only when other means of arrest are unsafe and when the individual can be targeted without endangering other crowd members or bystanders.

The use of Direct Impact LLIM must cease when the violent or destructive actions cease. These weapons must not be used for the purpose of apprehension or to otherwise prevent escape unless allowing an escape would present a substantial risk of continued immediate threat of loss of life or serious bodily injury.

If practical, an audible warning shall be given to the subject before deployment of the weapon.

Any person struck by a round shall be evaluated by medical personnel. If the area struck is a less preferred area, the individual should be transported to a hospital for observation and any necessary medical treatment.

No member shall use Direct Impact LLIM without department training and certification.

Direct Impact LLIM shall not be used against a person who is under restraint.

Indirect Impact/Skip Fired Specialty Impact Less-Lethal Munitions (Wood Baton Rounds, Rubber Baton Rounds, Stinger Balls, etc.) designed to be skip fired or otherwise deployed in a non-directional non-target specific manner are prohibited. Only those trained and certified as part of the Public Order Unit may deploy such munitions.

313.7 DEPLOYMENT CONSIDERATIONS

Members shall, absent exigent circumstances, reasonably evaluate the intended subject for the following special conditions before using LLIM:

Pregnant Women: Members should not use LLIM against a woman known, or should reasonably be known, by a member to be pregnant, unless the member believes it is objectively reasonable that his/her life, or life of another, is in immediate danger of death or serious bodily injury, and alternative arrest and control techniques would pose a greater safety or injury risk to the subject, third parties or members.

Children/Elderly Individuals: Members should not use LLIM against a person known, or should reasonably be known, by the member to be child or elderly individual, unless the member believes it is objectively reasonable that his/her life, or life of another, is in immediate danger of death or serious bodily injury, and alternative arrest and control techniques would pose a greater safety or injury risk to the subject, third parties or members. For the purposes of this specific policy, a 'child' is defined as an individual 12 years of age and younger.

Physically Disabled: Members shall not use LLIM against a person known, or should reasonably be known, by the member to be physically disabled unless the member believes it is objectively reasonable that his/her life, or life of another, is in immediate danger of death or serious bodily injury, and alternative arrest and control techniques would pose a greater safety or injury risk to the subject, third parties or members.

Members shall, absent exigent circumstances, consider, as applicable to the incident, the following factors which may have a direct effect on the subject, members, or third parties which would influence the decision to use LLIM. These factors include, but are not limited to:

- (a) Is the subject armed, if so, with what type of weapon? If the subject is armed with a firearm, will the firing of "less-lethal" LLIM cause the subject to fire his/her firearm?
- (b) Is the level of force by the officer appropriate for the level of resistance or aggression exhibited by the subject?
- (c) What is the type of situation? Is the subject holding a hostage or are there other bystanders in the immediate area?
- (d) Are the officers in other surrounding areas aware that less-lethal LLIM may be deployed? Has notification been made, or will it be made to the surrounding officers? Will the firing of LLIM cause other officers to initiate sympathetic fire?
- (e) Absent exigent circumstances, members shall ensure that other personnel as well as personnel from other public safety agencies involved in the incident acknowledge receipt of the information prior to the use of LLIM. This is to ensure the employment of LLIM is not mistaken for lethal force.
- (f) Are other tactics in place, (e.g., O.C., TASERS, K-9's, multiple less-lethal LLIM shooters, and arrest teams) as an alternate or contingency plan should less-lethal LLIM not create the desired results?

Lehi City Police Department

Lehi City PD Policy Manual

Less Lethal Impact Munitions (LLIM, 40 MM Launchers)

- (g) What is the distance of the threat in relation to the arrest team? The further away the arrest team, the longer the threat has to recover from the effects of the LLIM.
- (h) Follow up shots: because the first round may miss or not be effective, always be prepared to fire multiple rounds at the subject.
- (i) What is the availability of spare LLIM?
- (j) Are there any language or hearing barriers that affect the subject's ability to comprehend clear and articulate communication/directions from members?
- (k) Is the subject under the influence of medication, illegal drugs, or intoxicated?
- (l) Are there any potential secondary injury possibilities to the subject (e.g. falling off a building, running into traffic, etc.)?
- (m) Does the subject have any mental or psychological impairment?
- (n) What was the success or resilience to the use of previous LLIM?
- (o) What is the probability of success in achieving the intended results with the LLIM and a subject's defenses (e.g. subject swinging a jacket, body protection, etc.)?
- (p) Are alternative plans of action in place should the LLIM not have the intended results?

313.8 PSYCHOLOGICAL EFFECTS (MENTAL)

Impact munitions have a tremendous mental effect on an individual. In many cases, the mental effects far outweigh the physical effects and may be the determining factor in the subject's response to the munitions.

The desired mental effects that officers try to create in the subject are fear, anxiety, and panic:

Fear: Impact munitions may cause a powerful mental distraction. If the subject has prior knowledge of the effects of impact munitions and realizes that he/she is about to be targeted, this realization may be enough to cause the subject to comply or, at least, be distracted long enough for a plan of action to be implemented. The subject must also mentally cope with the physical pain that he/she feels after being struck with impact munitions.

Anxiety: The action of pointing a firearm directly at an individual and/or firing a projectile at him/her arouses fear in the individual of being shot with a firearm. The pain, and sometimes the appearance of the injury, may reinforce this belief.

Panic: Because it may create the "fight or flight" response, panic may not be the most desired effect. Members shall consider and prepare contingencies for a panic response. Should it induce a "fight" response, a reliable secondary plan for incapacitation is needed. Should it induce the "flight" response, a secure perimeter along with other available assets should overcome any eluding actions of the subject.

313.9 PSYCHOLOGICAL EFFECTS (PHYSICAL)

There are two types of injuries caused by projectiles: penetrating and non-penetrating.

Lehi City Police Department

Lehi City PD Policy Manual

Less Lethal Impact Munitions (LLIM, 40 MM Launchers)

Penetrating injuries are caused from low mass, high velocity projectiles, such as bullets and some LLIM if used at a close distance, or low velocity sharp objects such as knives.

Non-penetrating injuries are caused when blunt objects impact the surface of the body at moderate speeds causing blunt trauma but do not penetrate the body.

In simple terms, blunt trauma is the primary desired physical effect of less-lethal impact munitions.

The sponge baton inflicts enough pain to get most individuals to comply yet, when used properly, has a low probability of causing serious physical harm. Generally, the impact of the projectile along with the associated pain works to deter the individual from unwanted aggressive behavior.

The possibility of physical injury always exists whenever impact weapons are used. Inappropriate use of a LLIM significantly increases the risk of injury or death to a suspect. Abrasions, lacerations, contusions, and fractures may result and need to be addressed by trained medical personnel.

Impacts to the abdomen can cause injury to the liver and spleen causing crushing deformation. Chest impacts can displace internal organs and possibly lacerate major vessels by crushing or stretching.

Although rare, penetration into the body has occurred and is always a possibility, especially when improperly used, as a result of a combination of kinetic energy (weight, size, shape, and velocity); target distance; the subject's weight, mass, clothing, or other material coverings; and the area of the body at which the subject is impacted. Members shall use LLIM within training guidelines and Department policy.

313.10 TARGETING AREAS

Department policy dictates that the authorized target areas for LLIM.

The primary target areas consist of large muscle groups, such as the buttocks and thighs.

The secondary target areas consist of the shoulders, upper arms, elbows, lower arms, and lower abdomen area. Skeletal target areas include the wrists, hands, ankles, and feet. It should be noted that impacting skeletal target areas may result in fractures.

The non-target areas include the head, neck, spinal cord, kidney area, and center mass. This area has the greatest potential for causing serious or fatal injury. Do not target this area unless using deadly force. Do not target the groin or spine as impacting them will result in great injury and are considered less preferred areas.

Center mass shots provide for the highest probability of immediate incapacitation but also have the highest potential to cause serious injury or, in rare instances, death.

Department policy prohibits intentionally targeting and firing LLIM at vulnerable body parts. Members should avoid striking a subject's head, neck, spleen, liver, kidneys, throat, spine, upper chest, or groin with any type of less lethal impact weapon. Unless your intent is to use LETHAL FORCE, all reasonable attempts shall be made to avoid striking these areas. It should be noted that, when a subject is moving or attempting to shield him/herself, avoiding these target areas may

Lehi City Police Department

Lehi City PD Policy Manual

Less Lethal Impact Munitions (LLIM, 40 MM Launchers)

be difficult. Given the inherent risk of striking vulnerable body parts, members and supervisors should weigh the risk vs. benefit of using LLIM against a moving subject.

Members shall, absent exigent circumstances, avoid intentionally targeting the upper chest.

Green areas are Primary Target Areas

Yellow areas are Secondary Target Areas

Red areas are non-target areas and are potentially lethal if targeted

Officers shall consider the following when selecting a target area to strike:

Lehi City Police Department

Lehi City PD Policy Manual

Less Lethal Impact Munitions (LLIM, 40 MM Launchers)

Clothing – In colder climates, heavier clothing and jackets reduce the amount of blunt trauma the subject receives. Exposed target areas such as the legs should be considered. In hotter climates, where lighter clothing is worn, factors to consider are shot placement and engagement distance. Subjects may also wear "armor" to defeat/lessen the effects of impact munitions.

Physical stature and condition – Is the subject heavy and muscular or is the subject thin and skeletal? How old is the subject? Most likely, a 250-pound person will be less physically affected than a 100-pound person, when both are struck in the same target area. The blunt trauma effects and the potential for injury are much greater for the smaller stature subject.

Immediate surroundings – Be aware of what or who is in the background. Are there any persons in the immediate area that might be struck from a deflected or missed shot?

313.11 POST DEPLOYMENT CONSIDERATIONS

After a subject has been taken into custody using a LLIM, specific tasks shall be completed.

First Aid/Medical Treatment – Members shall provide, as necessary, and summon professional medical assistance, as soon as practical, whenever a subject is struck by a LLIM and taken into custody. If the person was struck in a non-target area, they should be transported to a hospital for observation and any necessary treatment. Members shall, absent exigent circumstances, summon medical personnel to stage near the scene when they reasonably believe the use of LLIM is imminent.

Supervisor Notification – Members shall notify their supervisor of the use of force when reasonably able to do so. When possible, supervisors should respond to incidents where they reasonably believe there is a likelihood that an LLIM may be used. The supervisor should respond to all incidents where an LLIM was used. A supervisor should review each incident where a person has been exposed to an LLIM while on scene. Supervisors should advise the Training Sergeant and LLIM Instructor of a deployment.

Evidence – Personnel shall recover all expended casings and projectiles for documentation purposes and make inventory of all remaining live munitions for accountability. If the situation or exigency does not allow the recovery of the evidence (e.g. crowd control situation), officers shall document in their respective reports the number of munitions deployed and the circumstances not allowing the recovery of the evidence.

Documentation - Members shall include the following information, as applicable, for their LLIM After-Action Report as well as the case report:

- (a) Name of officer deploying the LLIM
- (b) Case Number
- (c) Date and Time of Incident
- (d) Location of incident
- (e) Name of Subject
- (f) Names of other officers, if any, present during the incident

- (h) Any known or suspected drug use, intoxication, or other medical problems
- (i) Any conditions that dictated shot placement (lighting, obstacles, distance, etc.)
- (j) Names of witnesses present during the deployment, including officer's Statements/ supplements obtained
- (k) Any other officers who deployed LLIM during the incident
- (l) The estimated range at which the LLIM was used

- (t) Projectile and casing booking into evidence? If not, why
- (u) LLIM Instructor advised and sent this After-Action Report via email

Once completed, the After-Action Report should be emailed to the Training Sergeant as well as the LLIM Instructor.

Automated License Plate Readers (ALPRs)

315.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage, and use of digital data obtained through the use of the automated license plate reader (ALPR) technology (Utah Code 41-6a-2003).

315.2 ADMINISTRATION

The ALPR technology, also known as license plate recognition (LPR), allows for the automated detection of license plates. It is used by the Lehi City Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates, and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction, and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access shall be managed by the Administration Division Commander. The Administration Division Commander will assign personnel under the Administration Division Commander's command to administer the day-to-day operation of the ALPR equipment and data.

315.2.1 SPECIAL USE PERMITS

The Administration Division Commander or the authorized designee shall obtain required special use permits before installation of stationary ALPR equipment when applicable (Utah Code 41-6a-2003; Utah Code 72-1-212).

315.3 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use or allow others to use the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business (Utah Code 41-6a-2003).
- (b) Particular consideration should be given to using ALPR-equipped vehicles to canvass areas around homicides, shootings, and other major incidents that qualify for use of an ALPR. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (c) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (d) If practicable, the officer should verify an ALPR response through the appropriate law enforcement database before taking enforcement action that is based solely upon an ALPR alert.
- (e) No ALPR operator may access confidential department, state, or federal data unless otherwise authorized to do so.

Lehi City Police Department

Lehi City PD Policy Manual

Automated License Plate Readers (ALPRs)

315.3.1 LIMITATIONS ON USE

ALPR data shall only be used for the following official law enforcement business (Utah Code 41-6a-2003):

- (a) As part of an active criminal investigation as defined by Utah Code 41-6a-2002
- (b) To apprehend an individual with an outstanding warrant
- (c) To locate a missing or endangered person
- (d) To locate a stolen vehicle

An ALPR system may be used to access the Utah Criminal Justice Information System to verify vehicle registration or insurance information, confirm vehicle identification, or identify a stolen vehicle (Utah Code 41-6a-2003).

315.4 DATA COLLECTION AND RETENTION

All data and images gathered by an ALPR are for the official use of the Lehi City Police Department and because such data may contain confidential information, it is not open to public review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law (Utah Code 41-6a-2004).

The Administration Division Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

The Administration Division Commander or the authorized designee shall take steps to have all ALPR data that is not reasonably related to official law enforcement business purged in an unrecoverable manner as soon as practicable. In no event shall this data be maintained longer than nine months unless it is subject to a warrant, preservation request, or disclosure order (Utah Code 41-6a-2004). Data that will not be purged should be downloaded from the server onto portable media and booked into evidence.

315.4.1 NON-GOVERNMENTAL AGENCY ALPR

ALPR data captured by a non-governmental agency device may only be obtained pursuant to a warrant or a court order (Utah Code 41-6a-2005).

315.5 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Lehi City Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date, and time.
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data

Lehi City Police Department

Lehi City PD Policy Manual

Automated License Plate Readers (ALPRs)

relate to a specific criminal investigation or department-related civil or administrative action.

- (c) The number of ALPR data searches conducted by members as well as the crime type and incident numbers associated with each search shall be recorded and preserved for at least five years (Utah Code 41-6a-2005).
- (d) ALPR system audits should be conducted on a regular basis.

315.6 POLICY

The policy of the Lehi City Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

315.7 RELEASING ALPR DATA

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

- (a) The agency makes a written request for the ALPR data that includes:
 - 1. The name of the agency.
 - 2. The name of the person requesting.
 - 3. The intended purpose of obtaining the information.
- (b) The request is reviewed by the Administration Division Commander or the authorized designee and approved before the request is fulfilled.
- (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy.

315.8 PUBLIC ACCESS

This policy and any special use permits obtained for stationary ALPRs shall be published on the City website or on the Utah Public Notice Website if the Department does not have access to a City website (Utah Code 41-6a-2003; Utah Code 72-1-212).

Officer Response to Calls

317.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

317.2 RESPONSE TO CALLS

Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (Utah Code 41-6a-212).

Responding with emergency lights and siren does not relieve the officer operating an authorized emergency vehicle of the duty to act as a reasonably prudent emergency vehicle operator in like circumstances. The use of any other warning equipment without emergency lights and siren does not provide any privilege under the law.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

317.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The vehicle number
- The location
- The reason for the request and type of emergency
- The number of units required

317.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one vehicle should respond to an emergency call Code-3 unless the Shift Sergeant or the field supervisor authorizes additional vehicles.

317.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Dispatch. Generally, only one vehicle should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, Dispatch shall be notified and the Shift Sergeant or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

Lehi City Police Department

Lehi City PD Policy Manual

Officer Response to Calls

317.5 RESPONSIBILITIES OF RESPONDING OFFICERS

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

317.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Shift Sergeant or a field supervisor prior to assigning units Code-3. The dispatcher shall:

- (a) Attempt to assign the closest available vehicle to the location requiring assistance.
- (b) Immediately notify the Shift Sergeant.
- (c) Confirm the location from which the vehicle is responding.
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Shift Sergeant or field supervisor.

317.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Shift Sergeant or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practical.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment,

Lehi City Police Department

Lehi City PD Policy Manual

Officer Response to Calls

the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Shift Sergeant or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

317.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Shift Sergeant, field supervisor, or Dispatch of the equipment failure so that another vehicle may be assigned to the emergency response.

Canines

319.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

319.2 POLICY

It is the policy of the Lehi City Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

319.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Shift Sergeant to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Shift Sergeant.

319.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

319.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Shift Sergeant.

Lehi City Police Department

Lehi City PD Policy Manual

Canines

319.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Sergeant and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

319.5.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

319.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist (UAC R728-507-9):

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Sergeant. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should

Lehi City Police Department

Lehi City PD Policy Manual

Canines

be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

319.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to (UAC R728-507-9):

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
 - 1. A canine shall not be deployed in instances involving a known juvenile suspect unless the juvenile poses an imminent threat of serious bodily injury or death to the officer or another person.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever the handler deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

319.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine

momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

319.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report (UAC R728-507-9; UAC R728-507-12).

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

319.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

319.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

319.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

319.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

319.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
- (c) Living within 30 minutes travel time from the Lehi City City limits.
- (d) Agreeing to be assigned to the position for a minimum of three years.

319.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Lehi City Police Department facility.
- (d) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (f) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Sergeant.
- (i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Sergeant.
- (j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

319.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

Lehi City PD Policy Manual

Canines

319.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

319.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Sergeant as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

319.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current Utah Peace Officer Standards and Training (POST) Service Dog Program requirements or other recognized and approved certification standards (Utah Code 53-6-402; UAC R728-508-4). Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Sergeant.

319.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to Utah POST Service Dog Program or other recognized and approved certification standards on an annual basis (Utah Code 53-6-402; UAC R728-508-7). Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Lehi City Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

Lehi City Police Department

Lehi City PD Policy Manual

Canines

319.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

319.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

319.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Lehi City Police Department may work with outside trainers with the applicable licenses or permits.

319.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(g); UAC R156-37-306).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Lehi City Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

319.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

Lehi City Police Department

Lehi City PD Policy Manual

Canines

- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Evidence Room or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

319.12.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; Utah Code 76-15-210; Utah Code 76-15-211).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Domestic Violence and Violations of Court Orders

321.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent, and reduce domestic violence and violations of court orders through vigorous enforcement and to address these offenses as serious crimes against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims, and to guide officers in the investigation of domestic violence and violations of court orders (Utah Code 53-25-1102).

321.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All orders related to domestic violence, jail release agreements, jail release court orders, protective orders, and stalking injunctions that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Domestic violence - Any crime involving the actual, threatened, or attempted violence or physical harm of a cohabitant. Domestic violence also includes committing or attempting to commit any crime listed in Utah Code 77-36-1 by one cohabitant against another.

Protective order - A protective order or ex parte protective order including Child Protective Orders, Dating Violence Protective Orders, Sexual Violence Protective Orders, Cohabitant Abuse Protective Orders, Criminal Protective Orders, and Workplace Violence Protective Orders (Utah Code 53-25-1101).

Stalking injunction - A civil or criminal injunction or ex parte injunction (Utah Code 53-25-1101).

Jail release agreement - A written agreement specifying release conditions for a suspect who is arrested or issued a citation for a domestic violence offense (Utah Code 53-25-1101; Utah Code 78B-7-801).

Jail release court order - A court order specifying release conditions for a suspect who is arrested or issued a citation for a domestic violence offense (Utah Code 53-25-1101; Utah Code 78B-7-801).

321.2 POLICY

The Lehi City Police Department's response to incidents of domestic violence and violations of court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence and court order violations are criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

321.3 OFFICER SAFETY

The investigation of domestic violence and court order violations often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

321.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence and court order violations:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present at the time of the offense. The names of other children who may be affected but who are not present at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted officers should video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigations Division in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Firearms or other dangerous weapons should be seized, if appropriate and legally permitted, for safekeeping or as evidence (Utah Code 76-5-106.5; Utah Code 77-36-2.1; Utah Code 78B-7-408).
- (i) Officers shall take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.

Lehi City Police Department

Lehi City PD Policy Manual

Domestic Violence and Violations of Court Orders

5. Use of drugs or alcohol by either party.
 6. Denial that the abuse occurred where evidence indicates otherwise.
 7. A request by the victim not to arrest the suspect.
 8. Location of the incident (public/private).
 9. Speculation that the complainant may not follow through with the prosecution.
 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 11. The social status, community status, or professional position of the victim or suspect.
- (j) If the offense is alleged against an intimate partner, the officers shall conduct the lethality assessment protocols required by Utah Code 77-36-2.1. The lethality assessment shall be recorded on the appropriate form and the results submitted to the Department of Public Safety while on scene or as soon as reasonably practicable (Utah Code 77-36-2.1).

321.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

321.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness assistance).
- (b) Document the resolution in a report.

321.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected. The following applies to domestic violence and violations of court orders (Utah Code 77-36-2.1; Utah Code 78B-7-113; Utah Code 78B-7-408):

- (a) Officers who respond to allegations of domestic violence and violations of court orders shall use all reasonable means to protect the victim, prevent further violence, and enforce court orders.

Lehi City Police Department

Lehi City PD Policy Manual

Domestic Violence and Violations of Court Orders

- (b) Victims shall be provided with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Victims shall also be alerted to any available victim advocates, shelters, and community resources and advised of the results of the lethality assessment if applicable.
- (d) When an involved person requests law enforcement assistance while removing essential items of personal property, officers shall stand by for a reasonable amount of time.
- (e) If the victim has sustained injury or complains of pain, the officer shall seek medical assistance for the victim as soon as practicable.
- (f) Officers should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for the victim's safety or if the officer determines that a need exists.
- (g) Officers should make reasonable efforts to ensure that any children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) If appropriate, officers shall seek or assist the victim in obtaining an emergency order.
- (i) When applicable, the victim should be provided with the required information from the Department of Public Safety regarding the right to voluntarily turn over a firearm to a law enforcement agency for safekeeping.

321.6 DISPATCH ASSISTANCE

All calls of domestic violence or violations of court orders, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

321.7 LEGAL MANDATES AND RELEVANT LAWS

Utah law provides for the following:

321.7.1 STANDARDS FOR ARRESTS

- (a) An officer responding to a domestic violence call shall arrest or issue a citation to a suspect if there is probable cause to believe an offense has occurred. The offense need not occur in the officer's presence (Utah Code 77-36-2.2).
 - 1. An officer shall arrest a suspect whenever there is probable cause to believe that the suspect has violated any of the provisions of a court order and there is evidence the order has been served or the suspect was present when the order was issued (Utah Code 77-36-2.4; Utah Code 78B-7-119).
 - 2. An officer shall arrest a suspect whenever there is probable cause to believe there will be continued violence against the victim or if there is evidence that the

suspect has either recently caused serious bodily injury or used a dangerous weapon in the domestic violence offense (Utah Code 77-36-2.2).

3. An officer shall only release a suspect after issuing a citation if the suspect signs a jail release agreement. A suspect who refuses to sign a jail release agreement shall be taken before a magistrate (Utah Code 78B-7-802).
- (b) An officer receiving complaints of domestic violence from two or more opposing persons should arrest the predominant physical aggressor. To determine the predominant aggressor, the officer shall evaluate each complaint separately and consider (Utah Code 77-36-2.2):
 1. Any prior complaints of domestic violence.
 2. The relative severity of injuries inflicted on each person.
 3. The likelihood of future injury to each of the parties.
 4. Whether one of the parties acted in self-defense.
- (c) An officer shall not threaten, suggest, or otherwise indicate the possible arrest of all parties in order to discourage any party's request for intervention by law enforcement (Utah Code 77-36-2.2).
- (d) Whenever a suspect is arrested or issued a citation and subsequently released subject to a jail release agreement, the releasing officer shall (Utah Code 78B-7-802):
 1. Make a reasonable effort to notify the victim of the suspect's release, that the victim has a right to initiate a criminal proceeding, and the importance of preserving evidence (Utah Code 77-36-2.2).
 2. Give the suspect a copy of the jail release agreement.
 3. Transmit information regarding the jail release agreement to the statewide domestic violence network.
 4. Note on the citation that the offense involved a domestic violence offense (Utah Code 77-7-20).
- (e) An officer shall provide the suspect with a written notice containing the following information (Utah Code 78B-7-802):
 1. The suspect may not telephone, contact, or otherwise communicate directly or indirectly with the victim before being released.
 2. The suspect may not be released except by court order or jail release agreement.
 3. The penalties for violation of a jail release court order or jail release agreement.
 4. That the suspect must appear in court on the next business day after arrest.

321.7.2 REPORTS AND RECORDS

- (a) Reports on incidents of domestic violence and violations of court orders shall include (Utah Code 77-36-2.2):
 1. The officer's disposition of the case.

Lehi City Police Department

Lehi City PD Policy Manual

Domestic Violence and Violations of Court Orders

2. The appropriate crime classification.
 3. If no arrest was made, the report shall detail the grounds for not arresting.
 4. If two parties are arrested, the report shall detail the grounds for arresting both parties.
 5. The results of a lethality assessment when required by Utah Code 77-36-2.1. The report, however, shall not reflect information about a referral to a domestic violence organization if one is made as a result of the lethality assessment.
- (b) Reports on violations of a court order should also include specific information to establish that the suspect has been served, including the date of service and the name of the agency that served the order, and the provisions of the order that the suspect is alleged to have violated.
1. Officers should document their efforts to verify the validity of an order, regardless of whether an arrest is made.
 2. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (c) The officer creating the report should provide the victim with the case number of the report. The case number may be placed in the appropriate space on the victim information handout provided to the victim. If the case number is not immediately available, the officer should explain to the victim how the victim can obtain the information at a later time.
1. The report shall be made available to the victim, upon request, at no cost (Utah Code 77-36-2.2).
- (d) The Records Manager shall forward a copy of the incident report to the appropriate prosecuting attorney within five days after the complaint of domestic violence occurred (Utah Code 77-36-2.2).
- (e) The officer completing a report should document whether the victim has waived, in writing, any condition of a jail release agreement. If the suspect is arrested, whether the victim has made a waiver shall also be documented in the information presented to the magistrate (Utah Code 78B-7-802).
- (f) The Records Manager or the authorized designee shall update the statewide domestic violence network when a person is released upon a written jail release agreement (Utah Code 78B-7-802).

321.8 SERVICE OF COURT ORDERS

When an officer serves an individual with a protective order which causes the individual to be a restricted person under Utah Code 76-11-302 or Utah Code 76-11-303, the officer shall verbally provide the individual with the appropriate firearm restriction notifications in accordance with Utah Code 76-11-309 and request the individual's signature on the acknowledgment contained within the protective order document.

Domestic Violence and Violations of Court Orders

321.9 INVESTIGATIONS OF VIOLATIONS OF COURT ORDERS

Officers should comply with the following when investigating violations of court orders:

- (a) Officers should confirm the existence and terms of a court order and determine whether the suspect has been properly served or was present when the order was issued
 - 1. Officers should use the statewide domestic violence network to verify an order issued by or registered with a court in this state and determine whether it has been violated (Utah Code 78B-7-113).
 - 2. Officers may rely upon a copy of a court order, the statements of the victim, or other reliable information to determine whether there is probable cause to believe that a foreign court order exists and has been violated (Utah Code 78B-7-304; Utah Code 78B-7-116).
- (b) If an order exists but cannot be enforced because the suspect has not been served, officers should notify the suspect of the order's existence and make a reasonable effort to serve it (Utah Code 78B-7-304).
- (c) Officers should make reasonable attempts to determine whether a suspect has prior violations of court orders.
 - 1. Prior convictions should be documented in appropriate reports for consideration in charging and bail decisions.
 - 2. Repeat offenders should be properly charged in accordance with Utah Code 77-35-1.1.

321.9.1 FOREIGN COURT ORDERS

Various types of orders may be issued by other jurisdictions in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265; Utah Code 78B-7-116; Utah Code 78B-7-304). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

321.9.2 CANADIAN DOMESTIC VIOLENCE PROTECTION ORDERS

If there is probable cause to believe a valid Canadian domestic violence protection order exists and has been violated, an officer shall enforce the terms of the order as if it were the order of a court in this state (Utah Code 78B-7-1202).

Search and Seizure

323.1 PURPOSE AND SCOPE

Both the federal and state constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Lehi City Police Department personnel to consider when dealing with search and seizure issues.

323.2 POLICY

It is the policy of the Lehi City Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards, and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

323.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and their familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

323.3.1 PAROLE SEARCHES

Absent a search warrant or other legal authority an officer may search the residence of a person on parole only after obtaining approval from a parole officer. In other circumstances where an officer stops a parolee and conducts a search of the parolee's person, personal effects or vehicle, the officer shall notify a parole officer as soon as reasonably practicable after conducting the search (Utah Code 77-23-301(3)(a) and (b)).

Officers shall not request or conduct a parole search for the purpose of harassment (Utah Code 77-23-301(4)).

323.3.2 IMAGING SURVEILLANCE DEVICE

An officer may not operate an imaging surveillance device to obtain information, not otherwise directly observable, about individuals, items, or activities within a closed structure unless (Utah Code 77-23d-103):

- (a) A warrant has been obtained.
- (b) Testing equipment or training is being performed.
 - 1. Training or testing may not be conducted as part of a criminal investigation or law enforcement activity.
 - 2. Testing or training requires the consent of the individuals imaged and the owners of the property to be imaged.
- (c) Exigent circumstances exist.
- (d) While in fresh pursuit of a person suspected committing a felony.

323.3.3 ELECTRONIC INFORMATION AND DATA

Officers shall follow warrant and notification requirements when seeking reverse-location information, electronic communication information, reverse keyword search information, or electronic data transmitted to a provider of a remote computing service or through a provider of an electronic communication service (Utah Code 77-23c-101 et seq.; Utah Code 77-23f-101 et seq).

323.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations, or access codes when a search of locked property is anticipated.

Lehi City Police Department

Lehi City PD Policy Manual

Search and Seizure

- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing, or clothing that could not reasonably conceal a weapon.

323.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What force, if any, was used to execute the search
- Whether an announcement was made prior to or after entry into the premises
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented, and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

325.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Lehi City Police Department(34 USC § 11133)..

325.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles engaged in commercial sex or sexual solicitation are non-offenders (Utah Code 76-5d-106; Utah Code 76-5d-204; Utah Code 76-5d-209; Utah Code 76-5d-211).

Juvenile offender - A juvenile under 18 who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes possession of a handgun by a person under 18 years of age in violation of Utah Code 76-11-211 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Safety checks - Direct visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

Lehi City Police Department

Lehi City PD Policy Manual

Temporary Custody of Juveniles

- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

325.2 POLICY

The Lehi City Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and to keeping juveniles safe while in temporary custody at the Lehi City Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

325.3 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Lehi City Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Lehi City Police Department without authorization of the arresting officer's supervisor or the Shift Sergeant. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable, and in no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Lehi City Police Department (34 USC § 11133; Utah Code 80-6-203; Utah Code 80-6-204).

325.3.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Lehi City Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

Lehi City Police Department

Lehi City PD Policy Manual

Temporary Custody of Juveniles

325.3.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

325.3.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Lehi City Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

A juvenile offender may be taken into custody without order of the court if the officer has probable cause to believe the juvenile has violated a state law, federal law, local law, or municipal ordinance (Utah Code 80-6-201).

A juvenile offender may not be held in temporary custody any longer than is reasonably necessary to obtain the juvenile's name, age, residence, and other necessary information, and to contact the juvenile's parents, guardian, or custodian (Utah Code 80-6-203).

The juvenile offender shall be released to the care of a parent or other responsible adult, unless the officer reasonably believes the juvenile's immediate welfare or the protection of the community requires the juvenile's detention or a warrant has been issued under Utah Code 80-6-202 or Utah Code 80-6-806 (Utah Code 80-6-203). Before releasing the juvenile offender, the parent or other person taking custody of the juvenile shall be required to sign a written promise to bring the juvenile to the court at the specified date and time (Utah Code 80-6-203).

If the juvenile offender is not released, the juvenile shall be taken to a place of detention or shelter without unnecessary delay (Utah Code 80-6-203).

The officer who takes a juvenile offender to a detention or shelter facility shall complete and promptly file with the detention or shelter facility a written report on a form provided by the Division of Juvenile Justice and Youth Services. This should include the details of the presently alleged offense, the facts that bring the juvenile within the jurisdiction of the juvenile court, the reason the juvenile was not released by the Department, and if the juvenile is under consideration for detention, the eligibility of the juvenile for detention under the detention guidelines (Utah Code 80-6-203).

325.4 ADVISEMENTS

If a juvenile offender is taken into custody under Utah Code 80-6-201 for a serious offense as defined by Utah Code 80-6-103, the officer should notify the appropriate school superintendent or principal or their designee within five days for the purposes of the juvenile's supervision and student safety. The notice shall disclose only (Utah Code 80-6-103):

- (a) The name of the juvenile.
- (b) The offense for which the juvenile was taken into custody or detention.

Lehi City Police Department

Lehi City PD Policy Manual

Temporary Custody of Juveniles

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival and release from the Lehi City Police Department.
- (c) Shift Sergeant notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.

- (f) Time of all safety checks.
- (g) Any medical and other screening requested and completed.
- (h) Circumstances that justify any secure custody.
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Shift Sergeant should initial the log to approve the custody, including any secure custody, and should initial the log when the juvenile is released.

325.6 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Utah Code 80-6-204). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Lehi City Police Department shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

325.7 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Lehi City Police Department shall ensure:

- (a) The Shift Sergeant is notified if it is anticipated that a juvenile may need to remain at the Lehi City Police Department more than four hours. This will enable the Shift Sergeant to ensure no juvenile is held at the Lehi City Police Department more than six hours.
- (b) Safety checks and significant incidents/activities are noted on the log.
- (c) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.

Lehi City Police Department

 - (o) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse.

325.8 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Lehi City Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Sergeant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

Temporary Custody of Juveniles

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

325.9 PERSONAL PROPERTY

The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Temporary Custody of Adults Policy).

Only juvenile offenders 14 years and older may be placed in secure custody. Shift Sergeant approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to self or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. A member must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

325.10.1 LOCKED ENCLOSURES

Juvenile offenders shall not be placed in any locked enclosure unless the enclosure is certified by the Commission on Criminal and Juvenile Justice as an approved holding room, and there is no other alternative that will protect the juvenile and the community (Utah Code 80-6-204).

A thorough inspection of the area shall be conducted before placing a juvenile into the locked enclosure to ensure there are no weapons or contraband and that the area is clean and sanitary. An inspection should be conducted when the juvenile is released. Any damage noted to the room should be photographed and documented.

The following requirements shall apply:

- (a) Anything that could create a security or suicide risk, such as contraband, hazardous items, belts, shoes or shoelaces, and jackets, shall be removed.

- (d) When being held in a detention facility or a secure care facility, the juvenile has had a meaningful opportunity to consult with their attorney and the attorney is present for the interrogation.

Any custodial interrogation of a juvenile should be recorded (audio or video with audio as available) in its entirety (Utah Code 80-6-206).

325.12.1 CONDUCT OF INTERVIEW OR INTERROGATION

An officer shall not provide false information about evidence that is reasonably likely to elicit an incriminating response, nor shall an officer make unauthorized statements about leniency for the offense being investigated.

325.13 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

An officer should not photograph or fingerprint a juvenile who has not been adjudicated of an offense (Utah Code 80-6-608).

Adult Abuse

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Lehi City Police Department members as required by law.

327.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

327.2 POLICY

The Lehi City Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

327.3 MANDATORY NOTIFICATION

Members of the Lehi City Police Department shall notify Adult Protective Services (APS) when the member has reason to believe that an elder or vulnerable adult has been abused.

For purposes of notification (Utah Code 26B-6-201):

- (a) Abuse includes but is not limited to the intentional infliction of harm or emotional abuse, the exploitation, or the neglect of an elder or vulnerable adult.
- (b) Elder adult means someone age 65 or older.
- (c) Vulnerable adult means an elder adult or a dependent adult age 18 or older who has a mental or physical impairment that substantially affects the person's ability to provide for themselves or their own personal protection.

327.3.1 NOTIFICATION PROCEDURE

Notification should occur either by telephone or by utilizing the online reporting form provided by APS immediately or as soon as practicable.

327.4 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom the victim made the statements.

Lehi City Police Department

Lehi City PD Policy Manual

Adult Abuse

- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (j) If any photographs or audio and/or video recordings of the victim were taken (Utah Code 26B-6-206).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

327.5 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

Lehi City Police Department

Lehi City PD Policy Manual

Adult Abuse

327.5.1 REMOVAL AND TRANSPORT OF ADULT ABUSE VICTIM

Removal and transport of an adult abuse victim by an officer may only occur under the following conditions (Utah Code 26B-6-207):

- (a) The officer has probable cause to believe that the adult abuse victim will suffer serious physical injury if not immediately removed and transported to a safe environment.
- (b) The adult abuse victim either refuses to consent or lacks capacity to consent to the removal and transport.
- (c) There is not time to notify interested parties or to secure a warrant or other court order for the removal and transport.
- (d) The person will be taken to a medical or shelter facility.

The officer removing and transporting an adult abuse victim shall notify APS within four hours to request that an emergency protective order be obtained from the court (Utah Code 26B-6-207).

327.6 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

327.6.1 MANDATORY COORDINATION

Members shall coordinate with APS to provide protection to victims and to investigate cases of elder or vulnerable adult abuse (Utah Code 26B-6-205).

327.7 INTERVIEWS

327.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

Lehi City Police Department

Lehi City PD Policy Manual

Adult Abuse

327.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

327.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

327.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

327.9.1 SUPERVISOR RESPONSIBILITIES

The Investigations Division supervisor should:

- (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigations Division supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

Lehi City Police Department

Lehi City PD Policy Manual

Adult Abuse

- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

327.9.2 OFFICER RESPONSIBILITIES

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations Division supervisor so an interagency response can begin.

327.10 STATE MANDATES AND OTHER RELEVANT LAWS

Utah requires or permits the following:

327.10.1 RECORDS BUREAU RESPONSIBILITIES

- (a) Providing a copy of the adult abuse report to APS as required by law.

Discriminatory Harassment

329.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

329.2 POLICY

The Lehi City Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect (Utah Antidiscrimination Act, Utah Code, Title 34A, Chapter 5).

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject an employee to discipline.

329.3 DEFINITIONS

Definitions related to this policy include:

329.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with a member's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

Lehi City Police Department

Lehi City PD Policy Manual

Discriminatory Harassment

329.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

329.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

329.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Utah Anti-Discrimination and Labor Division.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

329.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources, or the City Administrator.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Lehi City Police Department

Lehi City PD Policy Manual

Discriminatory Harassment

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

329.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including sexual harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the Human Resources in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

329.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling employees, or issuing discipline in a manner that is consistent with established procedures.

329.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Human Resources, or the City Administrator for further information, direction, or clarification.

329.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all

Lehi City Police Department

Lehi City PD Policy Manual

complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

329.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

329.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Human Resources, or the City Administrator.

329.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

329.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Administrator, or the Human Resources, depending on the ranks of the involved parties.
- Maintained in accordance with the established records retention schedule.

329.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

329.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

Child Abuse

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Lehi City Police Department members are required to notify the Division of Child and Family Services (DCFS) of suspected child abuse.

331.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Non-accidental harm (e.g., physical, emotional, developmental injury or damage) or threatened harm of a child (e.g., actions, inactions, credible verbal threats, indicating that the child is at an unreasonable risk of harm or neglect), sexual abuse (e.g., bigamy, incest), sexual exploitation of a child, human trafficking of a child, or causing the intentional death of the child's parent by the child's parent as defined by Utah law (e.g., specified parent-child relationships). Abuse does not include reasonable discipline, restraint, weapon removal, or management of a child or other legally justifiable acts (Utah Code 80-1-102).

331.2 POLICY

The Lehi City Police Department will investigate all reported incidents of alleged criminal child abuse and ensure DCFS is notified as required by law.

331.3 MANDATORY NOTIFICATION

Members of the Lehi City Police Department shall notify DCFS when there is reason to believe that a child has been subjected to child abuse, when they observe a child being subjected to conditions or circumstances that would reasonably result in child abuse, or when any person notifies the member of child abuse (Utah Code 80-2-602).

331.3.1 NOTIFICATION PROCEDURE

Notification should be made as soon as practicable to the nearest DCFS office (Utah Code 80-2-602).

Notification should also be made to the District Attorney in cases where suspected child abuse resulted in death (Utah Code 80-2-604).

331.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present cases of alleged child abuse to the prosecutor for review.

Lehi City Police Department

Lehi City PD Policy Manual

Child Abuse

- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

331.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

331.5.1 COMMERCIAL SEX OR SEXUAL SOLICITATION INVOLVING A CHILD

When an officer encounters a child engaged in commercial sex or sexual solicitation, the officer should (Utah Code 76-5d-106):

- (a) Investigate possible human trafficking of the child.
- (b) Refer the child to DCFS.
- (c) Bring the child to a receiving center.

Lehi City Police Department

Lehi City PD Policy Manual

Child Abuse

- (d) Contact the child's parent or guardian.

331.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DCFS. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DCFS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (Utah Code 80-2a-202):

- (a) When a court order has been issued authorizing the removal of the child.
- (b) Without a court order, when there exist exigent circumstances sufficient to relieve an officer of the requirement to obtain a warrant.
- (c) Without a warrant when an officer obtains the consent of the child's parent or guardian.

The above apply to removing a child from a home or school as well as from a parent or guardian.

331.6.1 NOTICE AFTER PROTECTIVE CUSTODY

An officer who takes a child into protective custody shall immediately use reasonable efforts to locate and inform, through the most efficient means available, the child's parents, non-custodial parents, guardian, or responsible relative of the information set forth in Utah Code 80-2a-203. This notice should include the written information prepared by DCFS. Such efforts to provide this notification should be documented in the related report.

331.7 INTERVIEWS

331.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

Lehi City Police Department

Lehi City PD Policy Manual

Child Abuse

331.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

331.7.3 INTERVIEWS OF CHILDREN IN STATE CUSTODY

Officers should not interview a child who is in the custody of DCFS without the consent of the child's guardian ad litem. If a guardian ad litem has not been appointed, consent may be given by DCFS (Utah Code 80-2-705).

331.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

331.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

331.9.1 SUPERVISOR RESPONSIBILITIES

The Investigations Division Supervisor should:

- (a) Work with professionals from the appropriate agencies, including DCFS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

Lehi City Police Department

- (b) Activate any available interagency response when an officer notifies the Investigations Division Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

331.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations Division Supervisor so an interagency response can begin.

331.10 STATE MANDATES AND OTHER RELEVANT LAWS

Utah requires or permits the following:

331.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Utah Code 77-37-4; Utah Code 80-2-608).

331.10.2 RECORDED INTERVIEWS

A parent or guardian of a child victim may view a recorded interview of the child unless (Utah Code 77-37-4):

- (a) The suspect is also a parent or guardian of the child victim;
- (b) The suspect resides in the home with the child victim; or
- (c) The investigator reasonably believes that allowing the parent or guardian to review the recording would compromise or impede the investigation.

The investigator should coordinate with the Children's Justice Center to ensure the viewing takes place within two business days of the request.

331.10.3 RETENTION REQUIREMENTS

Recordings of any interview of a child during the investigation of an allegation of any sexual abuse of the child shall be retained for 18 years following the date of the last recording, unless the prosecuting attorney requests in writing that the recording be retained for an additional period of time (Utah Code 53-13-110.5).

331.10.4 NOTIFICATION UPON ARREST OR ISSUANCE OF A CITATION

When an officer arrests or issues a citation to a person 18 years of age or older for child abuse, the officer shall provide the individual with the written notice required by Utah Code 78B-7-802. Victims shall be provided notice in accordance with the Victim and Witness Assistance Policy.

- (j) Attempted or actual theft of department property; misappropriation or misuse of public funds, property, personnel or the services or property of others; unauthorized removal or possession of department property or the property of another person.
- (k) Activity that is incompatible with a member's conditions of employment or appointment as established by law or that violates a provision of any collective bargaining agreement to include fraud in securing the appointment or hire.
- (l) Initiating any civil action for recovery of any damages or injuries incurred in the course and scope of employment or appointment without first notifying the Chief of Police of such action.
- (m) Any other on- or off-duty conduct which any member knows or reasonably should know is unbecoming a member of this department, is contrary to good order, efficiency or morale, or tends to reflect unfavorably upon this department or its members.

342.3.10 SAFETY

- (a) Failure to observe or violating department safety standards or safe working practices.
- (b) Failure to maintain current licenses or certifications required for the assignment or position (e.g., driver's license, first aid).
- (c) Failure to maintain good physical condition sufficient to adequately and safely perform law enforcement duties.
- (d) Unsafe firearm or other dangerous weapon handling to include loading or unloading firearms in an unsafe manner, either on- or off-duty.
- (e) Carrying, while on the premises of the work place, any firearm or other lethal weapon that is not authorized by the member's appointing authority.
- (f) Unsafe or improper driving habits or actions in the course of employment or appointment.

Standards of Conduct

342.3.11 INTOXICANTS

- (a) Reporting for work or being at work while intoxicated or when the member's ability to perform assigned duties is impaired due to the use of alcohol, medication or drugs, whether legal, prescribed or illegal.
- (b) Possession or use of alcohol at any work site or while on-duty, except as authorized in the performance of an official assignment. A member who is authorized to consume alcohol is not permitted to do so to such a degree that it may impair on-duty performance.
- (c) Unauthorized possession, use of, or attempting to bring a controlled substance, illegal drug or non-prescribed medication to any work site.

342.4 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification. This includes any order relayed from a supervisor by a member of the same or lesser rank.

342.4.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

342.4.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

Lehi City Police Department

Lehi City PD Policy Manual

Standards of Conduct

- (a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.
- (b) Failure to promptly and fully report any known misconduct of a member to their immediate supervisor or to document such misconduct appropriately or as required by policy.
- (c) Directing a subordinate to violate a policy or directive, acquiescing to such a violation, or exhibiting indifference to such a violation.
- (d) Exercising unequal or disparate authority toward any member for malicious or other improper purpose.

342.5 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Utah constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

342.5.1 DUTY TO INTERVENE AND REPORT MISCONDUCT

An officer present and observing another officer engaging in police misconduct shall, when in a position to do so, intervene to stop the misconduct (Utah Code 53-6-210.5).

A member who witnesses police misconduct shall report the misconduct to a supervisor or city attorney, as applicable, as soon as practicable. Failure to report the misconduct is grounds for discipline by the Department (Utah Code 53-6-210.5).

If the reported misconduct involves a law enforcement officer of another agency, the Chief of Police shall promptly notify and communicate the report to the chief executive of that law enforcement agency (Utah Code 53-6-210.5). Police misconduct means on-duty conduct by an officer that constitutes (Utah Code 53-6-210.5):

- (a) Force that is clearly beyond what is objectively reasonable under the totality of the circumstances or clearly does not amount to justified conduct (Utah Code 76-2-401 et seq.).
- (b) A search or seizure without a warrant where the totality of circumstances clearly indicates that any exception to the warrant requirement would not apply (see the Search and Seizure Policy).
- (c) Conduct that an objectively reasonable person would find to be biased or discriminatory against an individual or a group based on race, color, sex, pregnancy, age, religion, national origin, disability, sexual orientation, or gender identity.

Lehi City Police Department

Lehi City PD Policy Manual

Standards of Conduct

The Chief of Police or the authorized designee should ensure that any additional applicable reporting requirements, anti-retaliatory practices, and disciplinary procedures set forth in Utah Code 53-6-210.5 are followed.

342.6 AUTHORITY/ROLE OF SUPERVISORS IN DISCIPLINARY PROCESS

Generally, supervisors and command staff have specific roles within the disciplinary process:

- a. A Corporal, unless acting under the direction of the effected employee's Sergeant or direct supervisor or an officer of a higher rank, does not play a role in the disciplinary process.
- b. A Sergeant may send an individual home or issue a letter of reprimand
- c. A Lieutenant may place an individual on Administrative Leave and begin/conduct an Internal Investigation with the approval of the Chief of Police.
- d. The Chief of Police and Deputy Chief of Police may terminate the employment of an individual.

Each level of supervision also maintains the authority to take any action normally associated with that of a lower rank of supervision.

Information Technology Use

343.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software, and systems.

343.1.1 DEFINITIONS

Definitions related to this policy include:

Computer system - All computers (on-site and portable), electronic devices, hardware, software, and resources owned, leased, rented, or licensed by the Lehi City Police Department that are provided for official use by its members. This includes all access to, and use of, Internet Service Providers (ISP) or other service providers provided by or through the Department or department funding.

Hardware - Includes but is not limited to computers, computer terminals, network equipment, electronic devices, telephones, including cellular and satellite, modems, or any other tangible computer device generally understood to comprise hardware.

Software - Includes but is not limited to all computer programs, systems, and applications, including shareware and firmware. This does not include files created by the individual user.

Temporary file, permanent file, or file - Any electronic document, information, or data residing or located, in whole or in part, on the system including but not limited to spreadsheets, calendar entries, appointments, tasks, notes, letters, reports, messages, photographs, or videos.

343.2 POLICY

It is the policy of the Lehi City Police Department that members shall use information technology resources, including computers, software, and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

343.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published, shared, transmitted, or maintained through file-sharing software or any internet site that is accessed, transmitted, received, or reviewed on any department computer system.

The Department reserves the right to access, audit, and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received, or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network, and/or any information placed into storage on any department system or device. This includes records of all keystrokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices, or networks.

Lehi City Police Department

Lehi City PD Policy Manual

Information Technology Use

The Department may not require a member to disclose a username and/or password that allows access to the member's personal internet accounts, except as may be provided in Utah Code 34-48-201.

343.4 RESTRICTED USE

Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Shift Sergeants.

Members shall not use another person's access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

343.4.1 SOFTWARE

Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company's copyright and license agreement.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire, or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems, or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or City-approved or installed programs by the original manufacturer, producer, or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

343.4.2 HARDWARE

Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

Lehi City Police Department

Information Technology Use

343.4.3 INTERNET USE

Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include but are not limited to adult forums, pornography, gambling, chat rooms, and similar or related internet sites. Certain exceptions may be permitted with the express approval of a supervisor as a function of a member's assignment.

Downloaded information from the internet shall be limited to messages, mail, and data files.

343.4.4 OFF-DUTY USE

Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email, or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

343.5 PROTECTION OF SYSTEMS AND FILES

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off, and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor. Passwords for accounts that access Criminal Justice Information (CJI) are governed by the CJIS Access, Maintenance, and Security Policy.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

343.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of their supervisory duties or based on cause.

Lehi City Police Department

Lehi City PD Policy Manual

Information Technology Use

Reasons for inspection or review may include but are not limited to computer system malfunctions, problems or general computer system failure, a lawsuit against the Department involving one of its members or a member's duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract download, or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.

Report Preparation

345.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

345.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

345.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate Department-approved form unless otherwise approved by a supervisor.

345.2.1 CRIMINAL ACTIVITY

When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution.

Activity to be documented in a written report includes:

- (a) All arrests
- (b) All felony crimes
- (c) Non-felony incidents involving threats or stalking behavior
- (d) Situations covered by separate policy. These include:
 - 1. Use of Force Policy

3. Child Abuse Policy
4. Adult Abuse Policy
5. Hate Crimes Policy
6. Suspicious Activity Reporting Policy

- (e) All misdemeanor crimes where the victim desires a report

Misdemeanor crimes where the victim does not desire a report shall be documented using the department-approved alternative reporting method (e.g., dispatch log).

345.2.2 NON-CRIMINAL ACTIVITY

The following incidents shall be documented using the appropriate approved report:

- (a) Any time an officer points a firearm at any person
- (b) Any use of force against any person by a member of this department (see the Use of Force Policy)
- (c) Any firearm discharge (see the Firearms Policy)
- (d) Any time a person is reported missing, regardless of jurisdiction (see the Missing Persons Policy)
- (e) Any found property or found evidence
- (f) Any traffic collision above the minimum reporting level (see the Traffic Collision Reporting Policy)
- (g) Suspicious incidents that may indicate a potential for crimes against children or that a child's safety is in jeopardy
- (h) All protective custody detentions
- (i) Suspicious incidents that may place the public or others at risk
- (j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor

345.2.3 DEATH CASES

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigation Policy. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths
- (b) Suicides

Lehi City Police Department

Lehi City PD Policy Manual

Report Preparation

- (c) Homicide or suspected homicide
- (d) Unattended deaths (no physician or qualified hospice care in the 30 days preceding death)
- (e) Found dead bodies or body parts

345.2.4 INJURY OR DAMAGE BY CITY PERSONNEL

Reports shall be taken if an injury occurs that is a result of an act of a City employee. Additionally, reports shall be taken involving damage to City property or City equipment.

If the injury or damage is significant, or may expose the City to potential liability, a supervisor should be notified. Supervisors notified of such events should consider requesting an investigation by an allied agency, notification of the Chief of Police via chain of command and involvement of City Risk Management assistance.

345.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury is a result of drug overdose.
- (b) Attempted suicide.
- (c) The injury is major/serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

345.2.6 ALTERNATE REPORTING FOR VICTIMS

Reports that may be submitted by the public via online or other self-completed reporting processes include:

- (a) Lost property.
- (b) Misdemeanor thefts of property, other than firearms or materials that threaten public safety, when there is no suspect information, serial number or ability to trace the item.
 - 1. Misdemeanor thefts of cellular telephones may be reported even though they have a serial number.
- (c) Misdemeanor vandalism with no suspect information and no hate crime implications.
- (d) Vehicle burglaries with no suspect information or evidence.
- (e) Stolen vehicle attempts with no suspect information or evidence.
- (f) Annoying telephone calls with no suspect information.
- (g) Identity theft without an identifiable suspect.

Lehi City Police Department

Lehi City PD Policy Manual

Report Preparation

- (h) Online or email fraud solicitations without an identifiable suspect and if the financial loss classifies the crime as a misdemeanor.
- (i) Hit-and-run vehicle collisions with no suspect or suspect vehicle.
- (j) Supplemental property lists.

Members at the scene of one of the above incidents should not refer the reporting party to an alternate means of reporting without authorization from a supervisor. Members may refer victims to online victim assistance programs (e.g., Federal Trade Commission (FTC) website for identity theft, Internet Crime Complaint Center (IC3) website for computer crimes).

345.3 EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or report completions delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

345.3.1 HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require block printing or typing of reports of any nature for Department consistency.

345.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form, by design, may require typing.

345.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

345.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Bureau for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Bureau may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.

Media Relations

347.1 PURPOSE AND SCOPE

This policy provides guidelines for the release of official department information to the media. It also addresses coordinating media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

347.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Division Commanders, Shift Sergeants, and designated Public Information Officers (PIOs) may prepare and release information to the media in accordance with this policy and the applicable laws regarding confidentiality.

347.3 ACCESS

Authorized media representatives shall be provided access to scenes of disasters, criminal investigations, emergencies, and other law enforcement activities as required by law.

Access by the media is subject to the following conditions:

- (a) The media representative shall produce valid media credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives should be prevented from interfering and may be removed for interfering with emergency operations and criminal investigations.
 - 1. Based upon available resources, reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the PIO or other designated spokesperson.
- (c) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express written consent of the person in custody.
- (d) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved member.

347.3.1 CRITICAL OPERATIONS

A critical incident or tactical operation should be handled in the same manner as a crime scene, except the media should not be permitted within the inner perimeter of the incident, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a critical incident or tactical operation in order to accommodate the media. All comments to the media shall be coordinated through a supervisor or the PIO.

Lehi City Police Department

Lehi City PD Policy Manual

Media Relations

347.3.2 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or member safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Shift Sergeant. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

347.4 CONFIDENTIAL OR RESTRICTED INFORMATION

It shall be the responsibility of the PIO to ensure that confidential or restricted information is not inappropriately released to the media (see the Records Maintenance and Release and Personnel Records policies). When in doubt, authorized and available legal counsel should be consulted prior to releasing any information.

347.4.1 EMPLOYEE INFORMATION

The identities of officers involved in shootings or other critical incidents may only be released to the media upon the consent of the involved officer or upon a formal request filed.

Any requests for copies of related reports or additional information not contained in the information log (see the Information Log section in this policy), including the identity of officers involved in shootings or other critical incidents, shall be referred to the PIO.

Requests should be reviewed and fulfilled by the Records Officer, or if unavailable, the Shift Sergeant or the authorized designee. Such requests will be processed in accordance with the provisions of the Records Maintenance and Release Policy and public records laws (e.g., Government Records Access and Management Act).

347.4.2 MINOR VICTIMS OF CRIMINAL HOMICIDE

The Department should not release the name or the personal identifying information of a minor victim of a criminal homicide to the media until reasonable steps have been taken to obtain the consent of the victim's parent or legal guardian to release the information (Utah Code 53-25-101).

347.4.3 ONGOING CRIMINAL INVESTIGATIONS

Media requests for information about an ongoing criminal investigation should be evaluated by the Investigations Division supervisor and the PIO. If a release of information could reasonably be expected to interfere with the investigation, the information shall not be released.

347.5 POLICY

It is the policy of the Lehi City Police Department to protect the privacy rights of individuals, while releasing non-confidential information to the media regarding topics of public concern. Information that has the potential to negatively affect investigations will not be released.

Lehi City Police Department

Lehi City PD Policy Manual

Media Relations

347.6 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of department members and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at a minimum, whether the release of information or the presence of the media would unreasonably endanger any individual or prejudice the rights of any person or is otherwise prohibited by law.

347.7 MEDIA REQUESTS

Any media request for information or access to a law enforcement incident shall be referred to the PIO, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, members shall consider the following:

- (a) At no time shall any member of this department make any comment or release any official information to the media without prior approval from a supervisor or the PIO.
- (b) In situations involving multiple agencies or government departments, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comment to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police. Under these circumstances the member should direct the media to the agency handling the incident.

347.8 RELEASE OF INFORMATION

The Department may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents or requests for public assistance in solving crimes or identifying suspects. This information may also be released through the department website or other electronic data sources.

347.8.1 INFORMATION LOG

The Department will maintain a daily information log of significant law enforcement activities. Log entries shall only contain information that is deemed public information and not restricted or confidential by this policy or applicable law. Upon request, the log entries shall be made available to media representatives through the Shift Sergeant.

The daily information log will generally include:

- (a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or

jeopardize the successful completion of any ongoing investigation, or the information is confidential (e.g., juveniles or certain victims).

- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation or the information is confidential (e.g., juveniles).
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident.

Subpoenas and Court Appearances

349.1 PURPOSE AND SCOPE

This policy establishes the guidelines for department members who must appear in court. It will allow the Lehi City Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

349.2 POLICY

Lehi City Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

349.3 SUBPOENAS

Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so.

Criminal subpoenas may be served upon a member in accordance with U. R. Crim. P. Rule 14 by personally delivering a copy of the subpoena to the member.

Civil subpoenas may be served upon a member personally, by leaving a copy at the member's residence with a person of suitable age and discretion who resides there, or by delivering a copy to an agent authorized by appointment or by law to receive process. The subpoena may also be served by mail, commercial courier service or electronic delivery (U. R. Civ. P. Rule 45; U. R. Civ. P. Rule 4). Civil subpoenas shall not be accepted without properly posted fees (U. R. Civ. P. Rule 45).

349.3.1 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the County Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

- (a) Any civil case where the City or one of its members, as a result of his/her official capacity, is a party.
- (b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.
- (c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.
- (d) Any civil action stemming from the member's on-duty activity or because of his/her association with the Lehi City Police Department.
- (e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Lehi City Police Department.

Lehi City Police Department

Subpoenas and Court Appearances

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

349.3.2 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding.

The Department should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

349.3.3 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

349.4 FAILURE TO APPEAR

Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

349.5 STANDBY

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

Reserve and Auxiliary Officers

351.1 PURPOSE AND SCOPE

The Lehi City Police Department Reserve Unit was established to supplement and assist regular sworn police officers in their duties. This unit provides professional, sworn volunteer reserve officers who can augment regular staffing levels. For the purposes of this policy, "Reserve" includes reserve and auxiliary officers unless specifically described otherwise.

351.1.1 DEFINITIONS

Sworn - Means having taken the oath of office set forth in Utah Constitution Article IV, Section 10, administered by the law enforcement agency for which a peace officer works.

Reserve Officer - Means a sworn and certified peace officer, whether paid or voluntary, who:

- (a) Is serving in a reserve capacity for a law enforcement agency that is part of or administered by the state or any of its political subdivisions.
- (b) Meets the basic and in-service training requirements of the peace officer classification in which the officer will function (Utah Code 53-13-111(3)).

Auxiliary Officer - Means a sworn, certified, and supervised special function officer, as described by Utah Code 53-13-112 and is a specific category of special function officer required to have the level of training of a special function officer as provided in Utah Code 53-13-105, including no fewer than 40 hours per year of in-service training (Utah Code 53-13-101; Utah Code 53-13-112).

Volunteer - Means an officer who donates service without pay or other compensation except expenses actually and reasonably incurred as approved by the supervising agency.

While on-duty - Means while an officer is actually performing the job duties and work activities assigned by the employing agency and for which the officer is trained and certified, and may include time spent outside those duties and activities if that additional time involves an activity that is an integral and necessary part of the job, and is spent for the benefit, and under the direction of, the employing agency (Utah Code 53-13-101(14)(a)). "While on-duty" does not include the time an officer spends commuting between home and place of employment unless that time involves an on-duty activity identified in Utah Code 53-13-101(14)(a) (Utah Code 53-13-101(14)(b)).

351.2 SELECTION AND APPOINTMENT OF POLICE RESERVE OFFICERS

The Lehi City Police Department shall endeavor to recruit and appoint to the Reserve Unit only those applicants who meet the high ethical, moral and professional standards set forth by this Department.

351.2.1 PROCEDURE

All applicants shall be required to meet and pass the same pre-employment procedures as regular police officers before appointment, including any state and or Police Officer Standards and Training (POST) requirements.

351.2.2 APPOINTMENT

Applicants who are selected for appointment to the PolicePart-time Unit shall, on the recommendation of the Chief of Police, be sworn in by the Chief of Police and take a loyalty oath to observe and obey all of the laws of the land and to carry out their duties to the best of their abilities.

The Department may utilize a sworn and certified peace officer in a part-time or auxiliary capacity (Utah Code 53-13-111(1)(a)).

351.2.3 COMPENSATION FOR POLICE RESERVE OFFICERS

Compensation for reserve officers is provided as follows:

While serving as a non-paid volunteer in a reserve or auxiliary capacity, or working part-time for fewer hours than would qualify the officer as an "employee" under state or federal law, a peace officer is entitled to benefits in accordance with Utah Code, Title 67, Chapter 20, Volunteer Government Workers Act (Utah Code 53-13-111(2)).

All reserve officer appointees are issued two sets of uniforms and all designated attire and safety equipment. All property issued to the reserve officer shall be returned to the Department upon termination or resignation. Reserves shall receive a yearly uniform allowance equal to that of regular officers.

351.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS

Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Department of Human Resources prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

351.3 DUTIES OF PART-TIME OFFICERS

Part-time officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Assignments of part-time officers will usually be to augment the Patrol Division. Part-time officers may be assigned to other areas within the Department as needed. Part-time officers are required to work a minimum of 20 hours per month.

A part-time or auxiliary officer has peace officer authority only while engaged in the part-time or auxiliary activities authorized by the Chief of Police and shall only exercise that spectrum of peace officer authority that the Department is empowered to delegate and for which the officer has been trained and certified (Utah Code 53-13-111(1)(b)).

An auxiliary officer is limited to the role of backup to a law enforcement officer and may not initiate any action authorized for a law enforcement officer. An auxiliary officer may be separated from a law enforcement officer only under exigent circumstances or when engaged in functions not exclusive to law enforcement (Utah Code 53-13-112).

Lehi City Police Department

Lehi City PD Policy Manual

Reserve and Auxiliary Officers

An auxiliary officer may exercise that spectrum of peace officer authority that has been designated by statute to the Department, and only while on-duty, and not for the purpose of general law enforcement (Utah Code 53-13-105(2)(a)).

- (a) An auxiliary officer may not exercise the authority of a peace officer until the officer has satisfactorily completed an approved basic training program for special function officers or law enforcement officers and has been certified by the Chief of Police.

351.3.1 POLICY COMPLIANCE

Police reserve officers shall be required to adhere to every policy adopted by the Department. A copy of the Policy Manual will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation or guideline in this manual refers to a sworn regular full-time officer, it shall also apply to a sworn reserve officer unless by its nature it is inapplicable.

351.3.2 RESERVE OFFICER ASSIGNMENTS

All reserve officers will be assigned to duties by the Reserve Coordinator or his/her designee.

351.3.3 RESERVE COORDINATOR

The Chief of Police shall delegate the responsibility for administering the Reserve Officer Program to a Reserve Coordinator.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

- (a) Assignment of reserve personnel.
- (b) Conducting reserve meetings.
- (c) Establishing and maintaining a reserve callout roster.
- (d) Maintaining performance evaluations and ensuring they are completed.
- (e) Monitoring individual reserve officer performance.
- (f) Monitoring overall Reserve Program.
- (g) Maintaining liaison with other agency Reserve Coordinators.

351.4 FIELD TRAINING

All part-time and auxiliary officers must complete the department-approved Field Training Program.

351.4.1 TRAINING OFFICERS

Officers of the Department, who demonstrate a desire and ability to train part-time officers, will be trained as Field Training Officers, subject to the Chief of Police and Field Training Officer Coordinator approval.

351.4.2 PRIMARY TRAINING OFFICER

Upon completion of the academy, part-time officers will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO)

Lehi City Police Department

Reserve and Auxiliary Officers

Committee. The reserve officer will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as the Primary Training Phase (Phase I).

351.4.3 FIELD TRAINING MANUAL

Each new reserve officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Lehi City Police Department. The reserve officer shall become knowledgeable of the subject matter as outlined. The reserve officer shall also become proficient with those skills as set forth in the manual.

351.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE

At the completion of the Primary Training Phase the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training.

If the reserve officer has progressed satisfactorily, the reserve officer will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

351.4.5 SECONDARY TRAINING PHASE

The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with the primary training officer. The reserve officer may now ride with any officer designated by the Shift Sergeant.

During Phase II of training, as with Phase I, the reserve officer's performance will be closely monitored. In addition, rapid progress should continue toward the completion of the Field Training Manual. At the completion of Phase II of training, the reserve officer will return to his/her primary training officer for Phase III.

351.4.6 THIRD TRAINING PHASE

Phase III of training shall consist of 24 hours of additional on-duty training. For this training phase, the reserve officer will return to the original primary training officer. During this phase, the training officer will evaluate the reserve officer for suitability to graduate from the formal training program.

At the completion of Phase III, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, the reserve officer will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

351.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS

When a reserve officer has satisfactorily completed all three phases of formal training, the reserve officer will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. The reserve officer may now be assigned to ride with any

officer for the remaining 200-hour requirement for a total of 484 hours before being considered for relief from immediate supervision.

351.5 SUPERVISION OF RESERVE OFFICERS

Depending on their level of certification and number of hours with the Department, reserve officers who have attained the status of Level II shall be under the immediate supervision of a regular sworn officer.

Auxiliary officers shall work under the direction and immediate supervision of a certified law enforcement officer as defined in Utah Code 53-13-103.

351.5.1 RESERVE OFFICER MEETINGS

All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

351.5.2 IDENTIFICATION OF RESERVE OFFICERS

All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

351.5.3 UNIFORM AND EQUIPMENT

The reserve officer uniform shall be the same as that worn by a regular full-time officer. Reserve officers shall conform to all uniform regulations and appearance standards of the Department.

All reserve officers shall have access to the same equipment as regular officers performing like functions.

351.5.4 INVESTIGATIONS AND COMPLAINTS

If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Patrol Division Commander.

Reserve officers are considered at-will employees.

Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual.

351.5.5 RESERVE OFFICER EVALUATIONS

While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve.

351.6.1 CARRYING WEAPON ON-DUTY

Part-time officers may carry a loaded firearm while on-duty. It is the policy of the Department to allow reserves to carry firearms only while on-duty or to and from duty.

Auxiliary officers may carry firearms only while on-duty, and only if authorized and under conditions specified by the Department (Utah Code 53-13-105(2)(c)).

351.6.2 ADDITIONAL CONSIDERATIONS

A reserve officer shall not carry a concealed department firearm while in an off-duty capacity, other than to and from work. A personally owned firearm may be carried off-duty only if the officer possesses a valid Concealed Weapon License (CWL) issued by the Department of Public Safety, Bureau of Criminal Investigation or is otherwise authorized under state law or the Law Enforcement Officers' Safety Act (18 USC § 926B).

An instance may arise where a reserve officer is assigned to a plainclothes detail for their assigned tour of duty. Under these circumstances, the officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to department standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a department armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty the reserve officer shall have demonstrated their proficiency with said weapon.

351.6.3 RESERVE OFFICER FIREARM TRAINING

All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all areas of the firearms training section of the Policy Manual, with the following exceptions:

351.7 EMERGENCY CALL OUT FOR PART-TIME PERSONNEL

The Part-time Coordinator shall develop a plan outlining an emergency callout procedure for part-time personnel.

351.8 LIABILITY PROTECTION

Reserve officers shall be provided liability protection in the same manner as regular officers performing like functions.

Outside Agency Assistance

353.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

353.2 POLICY

It is the policy of the Lehi City Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

353.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Sergeant's office for approval. In some instances, a mutual aid agreement or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Shift Sergeant may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

353.3.1 INITIATED ACTIVITY

Prior to an officer taking any action beyond the limits of the officer's normal jurisdiction, the officer shall notify and receive approval of the local law enforcement authority, or if the prior contact is not reasonably possible, notify the local law enforcement authority as soon as reasonably possible (Utah Code 77-9-3).

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Lehi City Police Department shall notify his/her supervisor or the Shift Sergeant and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

Lehi City Police Department

Lehi City PD Policy Manual

Outside Agency Assistance

353.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

353.5 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.

357.3 REGISTRATION

The Investigations Division supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Utah Department of Public Safety (DPS).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register (Utah Code 53-29-305).

357.4 MONITORING OF REGISTERED OFFENDERS

The Investigations Division supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be directed to the DPS's SONAR website for specific registrant information and photographs (Utah Code 53-29-404).

The Records Manager shall release local registered offender information to residents in accordance with Utah Code 53-29-303 and in compliance with a Government Records Access and Management Act (GRAMA) request.

361.2.3 DEATH NOTIFICATION

When practicable, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Death Investigation

361.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established, the Medical Examiner will assign a unique identifying number to the body and maintain a file under the assigned number. If possible, this number when applicable shall be included in any report.

361.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

361.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Investigations Division shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Shift Sergeant or Investigations Division supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of his/her supervisor, request the Medical Examiner to conduct physical examinations and tests, and to provide a report.

361.2.7 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at, or in connection with, the victim's employment, should ensure that the nearest office of the Utah Division of Occupational Safety and Health is notified with all pertinent information.

361.3 POLICY

It is the policy of the Lehi City Police Department to respond, document, and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide, and homicide, shall be initiated, conducted and properly documented.

Temporary Detention by Private Persons

365.1 PURPOSE AND SCOPE

This policy provides guidance for the handling and acceptance of an individual temporarily detained by a private person.

365.2 TEMPORARY DETENTIONS BY PRIVATE PERSONS

A private person may temporarily detain another under the following circumstances (Utah Code 77-7-3):

- (a) A public offense is committed or attempted in the private person's presence.
- (b) A felony has been committed, and the private person has reasonable cause to believe the individual being detained has committed it.
 - 1. Private persons may not detain an individual on suspicion that a felony has been committed. The felony must in fact have taken place.

For a temporary detention by a private person to be lawful, the private person must immediately notify law enforcement of the situation and the temporary detention unless they know another person has already done so, and the temporary detention lasts only until officers arrive (Utah Code 77-7-3).

365.3 OFFICER RESPONSIBILITIES

An officer confronted with a person claiming to have temporarily detained an individual should determine whether such a detention is lawful (Utah Code 77-7-7.1).

If the officer determines that the temporary detention is unlawful, the officer should:

- (a) Take no action to further detain or restrain the individual unless there is independent justification for continuing a detention.
- (b) Advise the parties that the detention will not be accepted but the circumstances will be documented in a report.
- (c) Document the incident, including the basis for refusing to accept custody of the individual.

Whenever an officer determines that a temporary detention by a private person is lawful, the officer may take the individual into custody and proceed in the same manner as with any other arrest (Utah Code 77-7-7.1)

365.4 PRIVATE PERSON'S TEMPORARY DETENTION FORM

The private person claiming to have made a temporary detention should be asked to complete and sign a private person's temporary detention form. If the person fails or refuses to do so, the detained individual should be released, unless the officer has a lawful reason, independent of the private person's temporary detention, to take the individual into custody and determines an arrest is appropriate.

Temporary Detention by Private Persons

365.5 POLICY

It is the policy of the Lehi City Police Department to arrest an individual who has been temporarily detained by a private person only when legal and appropriate.

Limited English Proficiency Services

369.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

369.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Lehi City Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

369.2 POLICY

It is the policy of the Lehi City Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

369.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Lehi City Police Department

Lehi City PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Lehi City Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Sergeant and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

369.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Lehi City Police Department

Lehi City PD Policy Manual

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

369.5 TYPES OF LEP ASSISTANCE AVAILABLE

Lehi City Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

369.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

369.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

369.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Lehi City Police Department

Lehi City PD Policy Manual

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

369.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

369.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Lehi City Police Department

Lehi City PD Policy Manual

Limited English Proficiency Services

369.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

369.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

369.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Lehi City Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

369.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Lehi City Police Department

Lehi City PD Policy Manual

Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

369.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

369.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Lehi City Police Department

Lehi City PD Policy Manual

Limited English Proficiency Services

369.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

369.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

369.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

369.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

369.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained; the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

Lehi City Police Department

Lehi City PD Policy Manual

Limited English Proficiency Services

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

369.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Public Safety Video Surveillance System

380.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

380.2 POLICY

The Lehi City Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout Lehi City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist Lehi City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

380.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

380.3.1 MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected Lehi City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.
- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.
- (d) To assist in identifying, apprehending and prosecuting offenders.

Lehi City Police Department

Lehi City PD Policy Manual

Public Safety Video Surveillance System

- (e) To document Officer and offender conduct during interactions to safeguard the rights of the public and Officers.
- (f) To augment resources in a cost-effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding Officers in a timely manner. The Investigations Divisions Commander, their designee or other trained and authorized personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

380.3.2 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

380.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

380.4.1 VIDEO LOG

A log should be maintained at all locations where video surveillance monitors are located. The log should be used to document all persons not assigned to the monitoring locations who have been given access to view or monitor images provided by the video surveillance cameras. The logs should, at a minimum, record the:

- (a) Date and time access was given.
- (b) Name and agency of the person being given access to the images.
- (c) Name of person authorizing access.

- (d) Identifiable portion of images viewed.

380.4.2 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public safety video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Video surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

380.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

380.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

380.6 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Lehi City Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Investigations Division Commander for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

380.7 VIDEO SURVEILLANCE AUDIT

The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

380.8 TRAINING

All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Child and Dependent Adult Safety

382.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

382.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Lehi City Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

382.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Lehi City Police Department

Lehi City PD Policy Manual

Child and Dependent Adult Safety

382.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services, if appropriate.
- (e) Notify the field supervisor or Shift Sergeant of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

382.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

Lehi City Police Department

Lehi City PD Policy Manual

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

382.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

382.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

382.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

382.5 TRAINING

The Training Sergeant is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

386.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

386.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

386.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Lehi City Police Department

Volunteer Program

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

386.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator. Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

386.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Lehi City Police Department

Lehi City PD Policy Manual

Volunteer Program

Volunteers shall be required to return any issued uniform or department property at the termination of service.

386.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

386.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

386.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

- (a) A driving safety briefing and department approved driver safety course.
- (b) Verification that the volunteer possesses a valid Utah Driver's License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

386.5.2 RADIO AND SPILLMAN MOBILE USAGE

Volunteers shall successfully complete Utah Criminal Justice Information System (UCJIS) and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and UCJIS training is provided for volunteers whenever necessary.

386.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

386.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

386.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Lehi City Police Department with respect to taking law enforcement action while off-duty.

388.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers should remember that their authority as a peace officer may not extend to actions taken outside their jurisdiction unless authorized by law (Utah Code § 77-9-3).

388.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty, officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage, taken any drugs or medications or any combination thereof that would tend to adversely affect the officer's senses or judgment.

388.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.

Lehi City Police Department

Lehi City PD Policy Manual

Off-Duty Law Enforcement Actions

- (c) The lack of equipment, such as handcuffs, OC or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Lehi City Police Department officer until acknowledged. Official identification should also be displayed.

388.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

388.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

388.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

388.5 REPORTING

Any officer, prior to taking any off-duty enforcement action, shall notify and receive approval of an Lehi City Police Department Supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the Lehi City Police Department). If prior contact is not reasonably possible, an officer shall notify the applicable local law enforcement agency as soon as reasonably possible (Utah Code § 77-9-3). The Shift Sergeant shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Department Use of Social Media

389.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that any use of social media on behalf of the Department is consistent with the department mission.

This policy does not address all aspects of social media use. Specifically, it does not address:

- Personal use of social media by department members (see the Employee Speech, Expression and Social Networking Policy).
- Use of social media in personnel processes (see the Recruitment and Selection Policy).
- Use of social media as part of a criminal investigation, other than disseminating information to the public on behalf of this department (see the Investigation and Prosecution Policy).

389.1.1 DEFINITIONS

Definitions related to this policy include:

Generative Artificial Intelligence Use

392.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for department use of generative artificial intelligence (GenAI). This policy does not apply to artificial intelligence that is integrated into facial recognition applications, voice recognition applications, biometric access controls, or software that redacts documents or video or similar applications (Utah Code 53-25-902).

Additional guidelines for the use of department information technology resources are found in the Information Technology Use Policy.

392.1.1 DEFINITIONS

Definitions related to this policy include:

Generative artificial intelligence (GenAI) - A type of artificial intelligence that is algorithmically trained on one or more large data sets and designed to generate new and unique data (e.g., text, pictures, video) in response to a prompt (generally questions, instructions, images, or video) input by the user (Utah Code 53-25-901).

392.2 POLICY

The use of GenAI systems carries unique benefits within a law enforcement agency, providing ways to increase operational efficiency, enhance department procedures, and improve the overall effectiveness of the Lehi City Police Department.

However, the prompts input into GenAI systems can present risks to both individuals and law enforcement agencies by making accessible to the public information such as department tactics, investigative and training techniques, confidential information (e.g., confidential informants, protected information), active investigations, and security procedures. In addition, without safeguards in place, GenAI can produce unintended discriminatory or biased output as well as content that is inaccurate, misleading, or copyrighted.

It is the policy of the Department to develop, implement, and use GenAI ethically and responsibly in a way that minimizes potential risk and harm in accordance with the guidelines set forth below.

Any function carried out by a member of the Department using GenAI is subject to the same laws, rules, and policies as if carried out without the use of GenAI. The use of GenAI does not permit any law, rule, or policy to be bypassed or ignored.

392.3 RESPONSIBILITIES

392.3.1 CHIEF OF POLICE

The Chief of Police or an authorized designee shall approve all GenAI systems, their acceptable uses, and their authorized user groups prior to the use, implementation, or development for any department functions.

392.3.2 AI COORDINATOR

The Chief of Police or the authorized designee shall appoint an AI coordinator. The AI coordinator shall report to the Administration Division Commander or the authorized designee.

The responsibilities of the AI coordinator include but are not limited to:

- (a) Evaluating potential GenAI systems and recommending those GenAI systems that appear to be appropriate and trustworthy to the Chief of Police or the authorized designee. The trustworthiness of GenAI systems should be evaluated by balancing the following characteristics:
 - 1. Validity and reliability - The system's apparent ability to meet the intended purpose and fulfill the needs of the Department consistently over time.
 - 2. Safety - Any apparent risk to human life, health, property, or the environment that could result from the department's use of the system.
 - 3. Security and resiliency - The system's capability to prevent unauthorized access and misuse and its ability to return to normal function should misuse occur.
 - 4. Accountability and transparency - The ability to track and measure the system's use and activity through histories, audit logs, and other processes to provide insight about the system and identify potential sources of error, bias, or vulnerability.
 - 5. Explainability and interpretability - The ability of the user to understand the purpose and impact of the system, how and why the system reached the resulting output, and what the output means for the user.
 - 6. Privacy - The ability of the system to protect confidentiality and meet applicable privacy standards for the types of data intended to be input into the system (e.g., state privacy laws, Criminal Justice Information Services (CJIS), Health Insurance Portability and Accountability Act (HIPAA)).
 - 7. Fairness - The ability of the system to operate in a way that avoids or minimizes bias and discrimination.
- (b) Ensuring appropriate contractual safeguards are in place to manage third-party use of department data and to restrict the use of input in AI training data sets. If the input of protected information is necessary for the proper use of the GenAI system, an information-exchange agreement in compliance with applicable rules and standards (e.g., CJIS requirements) should be used to outline the roles, responsibilities, and data ownership between the Department and third-party vendor.
- (c) Coordinating with others within the Department and City, such as the information technology or legal departments, as appropriate to ensure GenAI systems are procured, implemented, and used appropriately.
- (d) Maintaining a list or inventory of department-approved GenAI systems and, when appropriate for department transparency, making the list or inventory available to the public.
- (e) Developing and maintaining appropriate procedures related to the use of GenAI systems, including procedures for editing and fact-checking output.

Lehi City Police Department

Generative Artificial Intelligence Use

- (f) Ensuring any public-facing GenAI systems notify the user that GenAI is being used.
- (g) Developing and updating training for the authorized users of each department-approved GenAI system.
- (h) Ensuring access to department GenAI systems is limited to authorized users and establishing requirements for user credentials such as two-factor authentication and appropriate password parameters.
- (i) Conducting audits at reasonable time intervals for each of the GenAI systems utilized by the Department to evaluate the performance and effectiveness of each approved system and to determine if it continues to meet the department's needs and expectations of trustworthiness. The coordinator should arrange for audits to be conducted by an external source, as needed.
- (j) Ensuring each GenAI system is updated and undergoes additional training as reasonably appears necessary in an effort to avoid the use of outdated information or technologies.
- (k) Keeping abreast of advancements in GenAI and any GenAI-related legal developments.
- (l) Reviewing this policy and department practices and proposing updates as needed to the Chief of Police.
- (m) Developing procedures in coordination with the *Brady* information coordinator and the Records Manager for the compilation and potential release of any discovery or records related to the use of GenAI systems consistent with *Brady* and the Utah Government Records Access and Management Act.

The use of department GenAI systems by department members shall be limited to official work-related purposes, and members shall only access and use GenAI systems for which they have been authorized and received proper training (Utah Code 53-25-902).

Members shall use AI-generated content as an informational tool and not as a substitution for human judgment or decision-making. Members should not represent AI-generated content as their own original work.

AI-generated content should be considered draft material only and shall be thoroughly reviewed prior to use. Before relying on AI-generated content, members should:

- (a) Obtain independent sources for information provided by GenAI and take reasonable steps to verify that the facts and sources provided by GenAI are correct and reliable.
- (b) Review prompts and output for indications of bias and discrimination and take steps to mitigate its inclusion when reasonably practicable (see the Bias-Based Policing Policy).

392.4.1 PRIVACY CONSIDERATIONS

Information not otherwise available to the public, including data reasonably likely to compromise an investigation, reveal confidential law enforcement techniques, training, or procedures, or risk

Generative Artificial Intelligence Use

the safety of any individual if it were to become publicly accessible, should not be input into a GenAI system unless contractual safeguards are in place to prevent such information from becoming publicly accessible. Members should instead use generic unidentifiable inputs, such as "suspect" or "victim," and hypothetical scenarios whenever possible.

Protected information should only be input into GenAI systems that have been approved for such use and comply with applicable privacy laws and standards (see the Protected Information Policy).

392.4.2 DISCLAIMER AND CERTIFICATION

Any final document or work product created by a member using GenAI shall include a disclaimer that it contains content generated by artificial intelligence and a certification that it has been read and reviewed by the author for accuracy (Utah Code 53-25-902).

392.5 PROHIBITED USE

Members shall not use GenAI systems to rationalize a law enforcement decision, or as the sole basis of research, interpretation, or analysis of the law or facts related to a law enforcement contact or investigation.

Members shall not create user accounts in their official capacity or input work-related data (including information learned solely in the scope of their employment) into publicly available GenAI systems unless the system has been approved by the Chief of Police or the authorized designee for the intended use.

392.6 TRAINING

The AI coordinator should ensure that all members authorized to use GenAI have received appropriate initial training that is suitable for their role and responsibilities prior to their use of GenAI and receive periodic refresher training. Training should include but is not limited to the following:

- (a) A review of this policy
- (b) The need for human oversight of GenAI outputs
- (c) The interpretation, review, and verification of GenAI output
- (d) Checking GenAI output for bias or protected information
- (e) Ethical use of GenAI technology
- (f) Data security and privacy concerns

1. Reassigning services, programs, or activities to accessible buildings or facilities.
 2. Utilizing technology, equipment, rolling stock, or other conveyances.
 3. Delivering the services, programs, or activities directly to a person with a disability by way of home visits or meeting the person at an accessible location.
 4. Any other means or methods that would make services, programs, or activities readily accessible.
- (d) If no alternative modification is appropriate, the ADA coordinator shall issue a written statement explaining why a modification of the service, program, or activity will not be made (28 CFR 35.150).

393.4.2 PERSONAL DEVICES AND ASSISTANCE

Although members should make every effort to comply with requests, the provision of personal devices or assistance (e.g., wheelchairs, eyeglasses, hearing aids, personal assistance in eating or using the restroom) to persons with disabilities is not required (28 CFR 35.135).

393.4.3 SURCHARGES

Surcharges shall not be imposed upon persons with disabilities to cover the costs of providing modifications (28 CFR 35.130(f)).

393.5 COMMUNICATIONS WITH PERSONS WITH DISABILITIES

Members should remain alert to the possibility of communication problems when engaging with persons with disabilities. When a member knows or suspects an individual requires assistance to effectively communicate, the member should identify the individual's choice of assistive devices, auxiliary aids, and services. The individual's preferred communication method should be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method may be effective include:

- (a) The methods of communication usually used by the individual.

Lehi City Police Department

Lehi City PD Policy Manual

ADA Compliance

- (b) The nature, length, and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever modification reasonably appears effective under the circumstances. This may include exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter. Once the emergency has ended, the method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

393.5.1 TYPES OF ASSISTANCE AVAILABLE

Department members shall not refuse an available type of assistive device, auxiliary aid, or service to a person with a disability who is requesting assistance. The Department will not require persons with disabilities to furnish their own assistive device, auxiliary aid, or service as a condition for receiving access to department services, programs, and activities. The Department will make every reasonable effort to provide equal access and timely assistance to persons with disabilities through a variety of assistive devices, auxiliary aids, and services (28 CFR 35.160).

The Department will not require that persons with disabilities use department-provided assistive devices, auxiliary aids, and services. Department-provided assistive devices, auxiliary aids, and services may include but are not limited to the means described in this policy.

393.5.2 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment. If such a recording is not available, members may read aloud from the appropriate form or provide forms with enlarged print.

393.5.3 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect, or arrestee) with individuals who normally rely on sign language or speechreading (i.e., lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the matter. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a legal proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time.
- (b) Experienced in providing interpretation services related to law enforcement matters in the person's primary language.
- (c) Familiar with the use of text- and video-based communications products and systems.
- (d) Certified in either American Sign Language (ASL) or Signing Exact English (SEE).

Lehi City Police Department

Lehi City PD Policy Manual

ADA Compliance

- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity or when it is reasonably apparent that an interpreter is needed. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Persons with disabilities shall not be required to provide an interpreter (28 CFR 35.160).

393.5.4 TELECOMMUNICATION SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., during booking or attorney contacts), members must also provide those with communication-related disabilities the opportunity to place calls using an available TTY, TDD, or other voice, text, or video-based communications product or system. Members shall provide additional time, as needed, for effective communication due to the slower nature of assisted communications.

The Department will accept all TDD and computer modem calls placed by individuals with communications-related disabilities and received via a telecommunications relay service (28 CFR 35.162).

393.5.5 COMMUNITY VOLUNTEERS

Where qualified interpreters are unavailable to assist members, department-approved community volunteers who have demonstrated competence in communication services, such as ASL or SEE, may be called upon to provide interpreter services when appropriate. However, department members must carefully consider the nature of the interaction and the relationship between the individual with the disability and the volunteer to be reasonably satisfied that the volunteer can provide neutral and unbiased assistance.

393.5.6 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the interaction and relationship between the individual with the disability and the person offering services must be carefully considered to determine whether the family member or friend can provide neutral and unbiased assistance.

Except in an emergency involving an imminent threat to the safety or welfare of any person and no qualified interpreter is reasonably available, members shall not use a minor child as an interpreter (28 CFR 35.160).

393.5.7 FIELD ENFORCEMENT CONSIDERATIONS

Due to the unpredictable and varied nature of field enforcement, the Department recognizes that it is impracticable to provide immediate access to a comprehensive supply of assistive devices, auxiliary aids, and services to every member of this department. Members involved in interactions with persons with disabilities that occur in the field should assess each situation to

Lehi City Police Department

Lehi City PD Policy Manual

ADA Compliance

determine if communication assistance is necessary. The length, complexity, and importance of the communication, as well as the individual's preferred method of communication, should be considered when determining what, if any, resources should be used and whether a qualified interpreter or other service is needed.

393.6 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals with disabilities are protected during a custodial interrogation, this department will provide reasonable modifications before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that the individual understands the process and desires to proceed without receiving a modification. *Miranda* warnings should be provided to a suspect via the individual's preferred method of communication.

Interrogations should be recorded whenever reasonably practicable. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

393.7 ARREST

If an individual with a communication-related disability is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter as soon as reasonably practicable, unless the individual indicates a preference for a different assistive device, auxiliary aid, or service, or the officer reasonably determines another effective method of communication exists under the circumstances.

Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

393.8 WEBSITE ACCESS

The ADA coordinator should work with the appropriate parties to develop online content that is readily accessible to persons with disabilities. Department web content should be developed in conformance with the most current guidelines issued by the U.S. Department of Justice and federal regulations (28 CFR 35 Subpart H; 28 CFR 35.200).

Department website content should also be made available to persons with disabilities in an alternative format upon request, if reasonably practicable.

393.9 DOCUMENTATION

Whenever any modification has been provided, the member involved should document:

- (a) The type of modification, assistive device, auxiliary aid, or service provided.
- (b) Whether the individual elected to use an assistive device, auxiliary aid, or service provided by the Department or another identified source, as applicable.
- (c) Whether the individual's express preference for the modification was not honored and the reason why an alternative method was used.

The documentation and any written communications exchanged should be maintained consistent with the Records Maintenance and Release Policy.

Lehi City Police Department

Lehi City PD Policy Manual

ADA Compliance

All written communications exchanged in a criminal case shall be attached to the member's report or placed into evidence.

393.10 COMPLAINTS

A member who receives a complaint or becomes aware of potential disability discrimination, an ADA violation, or a person's inability to access the department's programs, services, or activities should document the complaint and promptly refer the matter to the ADA coordinator (28 CFR 35.107). The Department shall assist persons with disabilities who require assistance to file a complaint regarding members of this department. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate.

393.11 TRAINING

Members should receive periodic training on ADA compliance, to include:

- (a) Awareness and understanding of this policy, related procedures, forms, and available resources.
- (b) Procedures for handling requests for modifications.
- (c) Accessing assistive devices, auxiliary aids, and services needed to accommodate requests for modifications.
- (d) General requirements of the ADA, including modifying policies and practices, communicating with individuals with disabilities, and identifying alternate ways to provide access to programs, services, and activities as appropriate to the member's job duties.

Management staff, even if they do not interact regularly with individuals with disabilities, should receive training as appropriate to understand and reinforce this policy.

The Training Sergeant should maintain records of all training provided and retain a copy in each member's training file in accordance with the established records retention schedule.

393.11.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of department assistive devices, auxiliary aids, and services for communicating with individuals with communication-related disabilities. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing calls using TTY, TDD, or other voice, text, and video-based communications products and systems.
- (d) Hands-on experience in using TTY, TDD, or other voice, text, and video-based communications products and systems.

ADA Compliance

Training should be provided for all Dispatch members who may have contact with individuals from the public who have communication-related disabilities. Refresher training should be provided as appropriate.

Service Animals

394.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure that the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

394.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size, and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

All references to "service animals" in this policy include a dog undergoing training to become a service animal (Utah Code 26B-6-801).

394.2 POLICY

It is the policy of the Lehi City Police Department to provide equal access to services, programs, and activities of the Department to persons with service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

394.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Lehi City Police Department affords to all members of the public (28 CFR 35.136; Utah Code 26B-6-803).

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness, or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms, or legs.
- Pulling wheelchairs.

Lehi City Police Department

Lehi City PD Policy Manual

Service Animals

- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

394.4 INQUIRIES REGARDING SERVICE ANIMALS

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about their disabilities nor should members ask any individual to provide any license, certification, or identification card for the service animal.

394.5 CONTACT WITH SERVICE ANIMALS

Service animals are not pets. Department members should not interfere with a service animal by talking to, petting, or otherwise initiating contact.

394.6 REMOVAL OF SERVICE ANIMALS

If a service animal is not housebroken, exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a department supervisor may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136 (b); 28 CFR 35.139).

Each incident must be considered individually, and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse access to services, programs, and activities to an individual with a disability. Members are expected to provide all services, programs, and activities that are reasonably available to an individual with a disability, with or without a service animal.

394.7 COMPLAINTS

When handling calls of a complaint regarding a service animal, members should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the

Lehi City Police Department

Lehi City PD Policy Manual

Service Animals

concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Vehicle Pursuits

395.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects (Utah Code 41-6a-212).

395.1.1 DEFINITIONS

Definitions related to this policy include:

Boxing-in - A low-speed tactic designed to stop a fleeing vehicle by surrounding it with emergency vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed tactic designed to apply lateral pressure to the rear quarter panel of a fleeing vehicle, causing it to spin out, stall, and come to a stop (also known as a Precision Immobilization Technique).

Ramming - The deliberate act of impacting a fleeing vehicle with another vehicle to functionally damage or otherwise force the fleeing vehicle to stop.

Roadblock - A tactic designed to stop a fleeing vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the fleeing vehicle.

Tire deflation device - A device designed to be placed on the roadway and puncture the tires of a fleeing vehicle, sometimes referred to as spike strips.

Vehicle pursuit - An attempt by one or more law enforcement officers to apprehend a suspect in a motor vehicle who, having been given a visual and audible signal to stop, fails to yield or uses high-speed driving or other evasive tactics (e.g., driving off a highway, turning suddenly) in an attempt to avoid arrest.

395.2 POLICY

It is the policy of this department to balance the need to apprehend a fleeing suspect with the risks associated with vehicle pursuits.

395.3 INITIATING A PURSUIT

Officers who have received appropriate training are authorized to initiate a vehicle pursuit when the need to apprehend a fleeing suspect clearly outweighs the risks a vehicle pursuit poses for officers and the public.

When balancing the risk of a pursuit with the need to apprehend the suspect, officers shall consider (UAC R728-503-4):

- (a) The seriousness of the known or reasonably suspected crime committed by the suspect and the threat to the safety of the public if the suspect remains at large.
- (b) Whether the identity of the suspect is known with enough certainty to enable apprehension at a later time.

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

- (c) The speed of the vehicles relative to the conditions of the area, such as the population density, amount of vehicular and pedestrian traffic (e.g., school zones), time of day, and road and weather conditions.
- (d) The pursuing officer's driving capabilities, familiarity with the area, and quality of radio communications with the dispatcher/supervisor.
- (e) The nature of the pursuing unit (e.g., marked vs. unmarked) and its speed and performance capabilities in relation to the fleeing vehicle (e.g., performance motorcycle).
- (f) Whether there are other persons in or on the fleeing vehicle and their relationship to the situation (e.g., passengers, co-offenders, hostages).
- (g) Whether the pursuing unit is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist.
- (h) The availability of other resources such as air support or vehicle locator/deactivation technology.
- (i) The likelihood of a pursuit resulting in apprehension.

395.4 PURSUIT UNITS

Vehicle pursuits should be limited to three police department emergency vehicles (two pursuit units and the supervisor vehicle). However, an officer or supervisor may request that additional units join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the number of suspects (UAC R728-503-5).

395.4.1 EMERGENCY EQUIPMENT

Vehicle pursuits shall only be conducted using authorized police department vehicles that are equipped with emergency lighting and sirens as required by law. Each pursuit unit's emergency lights and sirens shall remain activated throughout the unit's participation in the pursuit (Utah Code 41-6a-212; UAC R728-503-5).

Officers operating vehicles not equipped with emergency lights and siren are prohibited from pursuing a fleeing vehicle or joining a pursuit. Officers in such vehicles may provide support to pursuing units when needed, but should operate the vehicle in compliance with all traffic laws and should discontinue such support immediately upon arrival of a sufficient number of authorized emergency vehicles or any air support.

395.4.2 MOTORCYCLES AND UNMARKED UNITS

When involved in a pursuit, police department motorcycles and unmarked vehicles should be replaced by marked four-wheel emergency vehicles as soon as practicable (UAC R728-503-7).

395.4.3 PRIMARY UNIT

The initial pursuing officer should be designated as the primary unit and will be responsible for the conduct of the pursuit unless that unit is unable to remain reasonably close to the suspect's

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to themselves or others.

As soon as practicable, the primary unit should notify Dispatch of the pursuit, request priority radio traffic, and provide appropriate information including (UAC R728-503-5):

- (a) The location, direction of travel, and estimated speed of the pursuit.
- (b) The description of the fleeing vehicle, including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) A description of the fleeing vehicle's evasive driving behavior (e.g., rapid lane changes, no headlights, driving on the wrong side of the road).
- (e) Known or suspected weapons, threat of force, violence, injuries, hostages, or other unusual hazards.
- (f) The suspected number of occupants and their identities or descriptions.
- (g) The weather, road, and traffic conditions.
- (h) The need for any additional resources or equipment.
- (i) The identities of other law enforcement agencies involved in the pursuit.

The primary unit is responsible for broadcasting the progress of the pursuit until a secondary or air unit joins the pursuit. Once an additional unit joins the pursuit, the primary unit should relinquish the responsibility of broadcasting the progress to the secondary or air unit unless circumstances reasonably indicate otherwise.

395.4.4 SECONDARY UNIT

The second officer in the pursuit should be designated as the secondary unit and is responsible for:

- (a) Notifying Dispatch of their entry into the pursuit.
- (b) Broadcasting the progress of the pursuit, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (c) Identifying the need for and requesting additional resources or equipment as appropriate.
- (d) Serving as backup to the primary unit once the fleeing vehicle has been stopped.

395.4.5 AIR UNITS

When available, air unit assistance should be requested. The air unit should assume responsibility of broadcasting the pursuit once they have established visual contact with the fleeing vehicle. Ground units should maintain operational control and consider whether the continued close proximity and/or involvement in the pursuit is warranted.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit, and provide pursuing units with details of upcoming traffic congestion, road hazards, or other information pertinent to evaluating whether to continue the pursuit. If ground units are not

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

within visual contact of the fleeing vehicle and the air unit determines that it is unsafe to continue the pursuit, the air unit should recommend termination.

395.5 PURSUIT DRIVING

The decision to use specific driving tactics requires consideration of the same factors as initiating a pursuit. In addition, officers involved in the pursuit should adhere to the following:

- (a) Pursuing units should space themselves far enough from other involved vehicles to be able to see and avoid hazards and react safely to maneuvers by the fleeing vehicle.
- (b) Pursuing units should exercise caution and slow down as necessary when proceeding through intersections.
- (c) Pursuing units should not follow a fleeing vehicle driving against traffic (wrong way) and should instead:
 - 1. Request assistance from available air support.
 - 2. Maintain visual contact with the fleeing vehicle by paralleling it on the correct side of the roadway.
 - 3. Request other units to observe exits available to the fleeing vehicle.
- (d) Pursuing units should request that Dispatch notify the Utah Department of Public Safety and/or another law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Pursuing units should not attempt to pass other pursuit units unless the situation indicates otherwise or they are requested to do so. Passing another pursuit unit should only be attempted with a clear understanding of the maneuver.

395.5.1 RULES OF THE ROAD

Officers shall drive with due regard for the safety of all persons and property. However, when in pursuit, if there is no unreasonable risk to persons and property, officers may (Utah Code 41-6a-212):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit.
- (c) Disregard regulations governing direction of movement or turning in specified directions.

395.5.2 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers not directly involved in the pursuit should stay alert to its progress and location and may proceed safely to intersections ahead of the pursuit to warn cross traffic. When clearing intersections along the pursuit path, officers are authorized to use emergency equipment and should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or a suspect intentionally trying to ram the police department vehicle.

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

Other than clearing intersections along the pursuit path, uninvolved officers should avoid operating under emergency conditions (emergency lights and siren) and should remain in their assigned areas unless directed otherwise by a supervisor.

When needed, non-pursuing officers and officers who have dropped out of the pursuit should respond to the pursuit termination point in a non-emergency manner, observing the rules of the road. Officers should not parallel the pursuit route (UAC R728-503-7).

395.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for (UAC R728-503-6):

- (a) Immediately notifying the involved units and the dispatcher of supervisory presence and ascertaining all reasonably available information in order to continuously assess the situation and risk factors associated with the pursuit.
- (b) Exercising management and control of the pursuit. However, if practicable, the supervisor shall not be engaged in the pursuit itself.
- (c) Confirming that no more pursuing units than required are involved in the pursuit.
- (d) Directing that the pursuit be terminated if, in the supervisor's judgment, continuing the pursuit is not justified under the guidelines of this policy.
- (e) Assessing the emotional state of the officers involved and directing an officer to disengage from the pursuit if it appears they are unable to control their emotions.
- (f) Requesting additional assistance from air support, canines, or other resources, if available and appropriate.
- (g) Verifying that the proper radio channel is being used.
- (h) Confirming the Shift Sergeant has been notified of the pursuit.
- (i) Overseeing the notification and/or coordination of outside agencies if the pursuit leaves or is likely to leave the jurisdiction of this department.
- (j) Continuing the management and control of Lehi City Police Department units when a pursuit enters another jurisdiction.
- (k) Preparing documentation of the pursuit and conducting a post-pursuit review, as required.

395.6.1 SHIFT SERGEANT RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Shift Sergeant should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Sergeant has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

395.7 DISPATCH

Radio communications during a pursuit should be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

this department or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

395.7.1 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for (UAC R728-503-5):

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Sergeant as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

395.8 INTERJURISDICTIONAL CONSIDERATIONS

Unless entry into another jurisdiction is expected to be brief, the primary unit or supervisor should ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist (UAC R728-503-6).

395.8.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

When a pursuit enters another agency's jurisdiction, the primary unit or the supervisor should determine whether to request the other agency assume the pursuit, taking into consideration the distance traveled, familiarity with the area, and other pertinent facts.

Once another agency has agreed to assume the pursuit, pursuing units should relinquish control and discontinue participation unless the continued assistance of the Lehi City Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may, with supervisory approval, proceed to the termination point in order to provide information and assistance for the arrest of the suspect and reporting of the incident. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for department reports.

395.8.2 PURSUITS EXTENDING INTO THIS JURISDICTION

Officers from this department should not join a pursuit being conducted by another agency unless specifically requested to do so by that agency and with approval from a supervisor.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Lehi City Police Department, the Shift Sergeant or supervisor should review the request as soon as practicable, taking into consideration:

- (a) Whether the need to apprehend the fleeing suspect outweighs the risks of the pursuit to officers and the public.
- (b) Whether there is adequate staffing to continue the pursuit.

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

- (c) The available units' capabilities to maintain the pursuit.
- (d) The number of available units and other resources of the pursuing agency.

Assistance to a pursuing agency by officers of this department should terminate at the City limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department should continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to the pursuing agency such as scene control, inter-agency coordination, completion of supplemental reports, and any other reasonable assistance requested or needed.

395.9 PURSUIT INTERVENTION

Pursuit interventions should only be used when it reasonably appears that using the intervention will contain or prevent the pursuit, and the need to immediately stop the fleeing vehicle outweighs the risks of injury or death to officers and others (UAC R728-503-7).

Pursuit interventions may be construed as a use of force, including deadly force, and are subject to the policies guiding such use. Officers should consider the guidelines for the use of force when deciding how, when, where, and if a pursuit intervention should be employed. Refer to the Use of Force Policy for additional guidance.

Whenever practicable, an officer should seek approval from a supervisor before employing any pursuit intervention to stop a fleeing vehicle. Officers should not attempt a pursuit intervention unless they have received the appropriate training for the intervention being used.

395.9.1 TIRE DEFLATION DEVICE

Before deploying a tire deflation device, officers should consider factors such as:

- (a) Speed of the fleeing vehicle - Traveling at high speeds increases the risk the suspect will lose control of the vehicle after driving over or swerving to avoid a tire deflation device.
- (b) Weather and visibility - Tire deflation devices should only be deployed when the location, weather, and other conditions allow the deploying officer to clearly see the fleeing vehicle, pursuit units, and other approaching traffic.
- (c) Cover - Deployment should occur in a location that provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicles.
- (d) Road conditions - Soft or loose material such as dirt or gravel may prevent a tire deflation device from puncturing the vehicle's tire. Deploying the device on loose pavement or icy or wet roads increases the risk of the suspect losing control of the vehicle.
- (e) Characteristics of the deployment area - A tire deflation device should not be deployed in areas that are heavily populated with pedestrians, at times of heavy traffic, or at a location where there is a heightened chance of striking a fixed object.

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

- (f) Characteristics of the fleeing vehicle - Except in extraordinary circumstances, a tire deflation device should not be used when the fleeing vehicle is a motorcycle or other vehicle with fewer than four wheels, an ATV, a vehicle transporting hazardous materials, or a school bus transporting children.

Because of the risks to deploying officers, the intent to deploy a tire deflation device and its location should be clearly communicated to the dispatcher and all involved units.

395.9.2 PIT

A PIT should only be attempted in a vehicle with a reinforced bumper.

Before conducting a PIT, officers should consider factors such as:

- (a) Speed of the fleeing vehicle - Conducting a PIT while traveling at high speeds increases the risk of the suspect or officer losing control of their vehicle. A PIT should not be conducted at speeds greater than the speed at which the officer has received training.
- (b) Road conditions - Because the intention of a PIT is to cause the fleeing vehicle to spin out by reducing the friction between the tires and the roadway, the material of the roadway (e.g., pavement, gravel, dirt) should be considered and a PIT should not be attempted when road conditions are wet or icy.
- (c) Characteristics of the deployment area - A PIT should not be attempted in areas that are heavily populated with pedestrians, at times of heavy traffic, or at a location where there is a heightened chance of striking a fixed object.
- (d) Characteristics of the fleeing vehicle - A PIT should not be used when the pursued vehicle is a motorcycle or other vehicle with fewer than four wheels, an ATV, a vehicle transporting hazardous materials, or a school bus transporting children. The increased risk of rolling over should be evaluated on vehicles with a high center of gravity.
- (e) Number of pursuit units - A PIT should not be used unless there is a sufficient number of pursuit units available to prevent further movement of the fleeing vehicle after spinning out.

395.9.3 BOXING-IN

Boxing-in should only be used when the fleeing vehicle is stopped or traveling at a low speed.

Boxing-in requires the participation of multiple units and therefore must be carefully coordinated with all involved.

395.9.4 RAMMING AND ROADBLOCKS

Ramming and roadblocks shall only be used when deadly force is warranted and all other reasonable alternatives have been exhausted or reasonably appear ineffective. Roadblocks shall be created in accordance with UAC R728-503-7.

395.9.5 FIREARMS

Specific guidance on the use of a firearm during a vehicle pursuit is addressed in the Use of Force Policy (UAC R728-503-7).

Lehi City Police Department

Vehicle Pursuits

395.10 TERMINATING A PURSUIT

The factors considered when initiating a pursuit should be continually re-evaluated by pursuing units during the pursuit, as the circumstances and conditions change, and as new information becomes available. If at any time the risk of continuing the pursuit outweighs the need to immediately apprehend the suspect, the pursuit should be terminated.

In addition, a pursuit should be terminated when (UAC R728-503-9):

- (a) A supervisor directs the pursuit to be terminated.
- (b) The location of the fleeing vehicle is no longer known.
- (c) The distance between the pursuing units and the fleeing vehicle is so great that further pursuit would be futile or would continue for an unreasonable time and/or distance.
- (d) The pursuing unit sustains damage or a mechanical failure that makes it unsafe to drive or renders the emergency lighting and sirens partially or completely inoperable and there are no additional units readily available to take over the pursuit.

When a pursuit terminates for any reason, all pursuit units should verbally acknowledge termination, turn off emergency lights and sirens, reduce their speed, and obey all traffic laws. The primary unit should communicate the location of pursuit termination to the dispatcher.

395.10.1 LOSS OF PURSUED VEHICLE

When a pursuit is terminated because the location of the fleeing vehicle is no longer known, the primary unit should broadcast pertinent information for other units to assist in locating the suspect. The primary unit or supervisor will be responsible for coordinating any further search for the pursued vehicle.

395.10.2 APPREHENSION OF SUSPECTS

Officers should exercise proper self-discipline and sound professional judgment at the conclusion of a pursuit and while apprehending the suspect.

Unless otherwise directed by a supervisor, an officer other than the primary unit should coordinate efforts to apprehend the suspect following the pursuit.

Any use of force necessary to apprehend the suspect shall be consistent with the Use of Force Policy.

395.11 DEBRIEFING

Participating officers should return to the Department as soon as practical following a pursuit to debrief with a supervisor.

395.12 REPORTING REQUIREMENTS

Appropriate reports should be completed as required by applicable laws, policies, and procedures.

- (a) Pursuing officers should complete appropriate crime/arrest and pursuit reports.
- (b) The involved supervisor, or if unavailable, the on-duty field supervisor, shall obtain available information and promptly complete appropriate written notification to the

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

Chief of Police or the authorized designee. The notification should briefly summarize the pursuit and include, at a minimum:

1. Date and time of the pursuit.
2. Reason and circumstances surrounding the pursuit (e.g., seriousness of the crime, road and traffic conditions, speed and driving behavior of the fleeing vehicle) that warranted initiation and continuation of the pursuit.
3. Length of pursuit in distance and time, including the starting and termination points.
4. Involved vehicles and officers.
5. Alleged offenses.
6. Whether a suspect was apprehended, as well as the means and methods used.
7. Arrestee information, if applicable.
8. Any injuries and/or medical treatment.
9. Any property or equipment damage.
10. Name of supervisor at the scene or who handled the incident.

After receiving copies of the written notification, reports, and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign a post-pursuit review, as appropriate.

The Chief of Police should direct an annual documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance, and training or equipment needs. The review should not contain the names of officers, suspects, or case numbers.

395.12.1 CHIEF OF POLICE REVIEW

The Chief of Police shall review each pursuit that results in injury or property damage and determine whether involved members complied with department policies. The Chief of Police shall document and appropriately remedy any policy violations through the disciplinary process (Utah Code 41-6a-212).

395.13 PURSUIT TRAINING

The Training Sergeant should ensure that members of this department receive initial and annual training on vehicle pursuits relevant to their role (e.g., officers, supervisors, air units, dispatchers) (UAC 728-503-10).

Officer training should address decision-making involved in initiating, continuing, and terminating a pursuit by balancing the need to apprehend the suspect with the risk of a pursuit. Subject to available resources, training on pursuit driving and the deployment of pursuit intervention tactics should include scenario-based training and behind-the-wheel practice, in addition to classroom instruction.

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Pursuits

395.13.1 POLICY TRAINING REQUIREMENTS

Annual training shall include a review of case law and the department's policy and procedure for vehicle pursuits to ensure officers are knowledgeable regarding this policy (UAC R728-503-10).

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the Patrol Division of the Department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Lehi City, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery, correction, and mitigation of hazardous situations or conditions, if possible.
- (b) Crime prevention activities such as residential inspections, business inspections, community presentations.
- (c) Calls for service, both routine and emergency in nature.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and problem solving activities such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the Patrol Division and other divisions within the Department, as well as other outside governmental agencies.
- (h) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and problem solving strategies.
- (i) Traffic direction and control.

400.1.2 TERRORISM

It is the goal of the Lehi City Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Investigations Division Supervisor in a timely fashion.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the Lehi City Police Department.

Lehi City Police Department

Lehi City PD Policy Manual

Patrol Function

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be submitted to the Records Bureau for distribution to all divisions within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.3 PATROL BRIEFING

Patrol supervisors, detective sergeants and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol Briefing as time permits.

400.2.4 INFORMATION CLIPBOARDS

Several information clipboards will be maintained in the Briefing Room and will be available for review by officers from all divisions within the Department. These will include, but not be limited to, the patrol check clipboard, the wanted persons clipboard and the written directive clipboard.

400.2.5 BULLETIN BOARDS

A bulletin board will be kept in the Briefing Room and the Investigations Division for display of suspect information, intelligence reports and photographs. New Departmental Directives will be made available for patrol supervisors and will be discussed at Briefing and shift meetings. A copy of the Departmental Directive will be placed on the Briefing Room clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

402.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Lehi City Police Department's commitment to policing that is fair and objective (Utah Code 10-3-913; Utah Code 17-72-301; Utah Code 53-1-108).

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach and partnerships).

402.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing or improper profiling - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin (including limited English proficiency), religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Utah Code 53-6-210.5). This includes explicit and implicit biases (i.e., conscious and unconscious beliefs or attitudes towards certain groups).

402.2 POLICY

The Lehi City Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

402.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited (Utah Code 53-6-210.5).

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely, and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns, or specific schemes.

402.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform their duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-based actions by another member (Utah Code 53-6-210.5).

402.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

Lehi City Police Department

Lehi City PD Policy Manual

Bias-Based Policing

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violation of this policy in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and the officer's supervisor in a timely manner.
 - 1. Supervisors should document these discussions in the prescribed manner.
- (b) Supervisors should periodically review Mobile Audio/Video (MAV) recordings, body-worn camera (BWC) media, Mobile Digital Communicator (MDC) data, and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy (Utah Code 53-6-211).
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing (Utah Code 53-6-210.5).

402.6 TRAINING

Training on fair and objective policing and review of this policy shall be conducted annually and include:

- (a) Explicit and implicit biases.
- (b) Avoiding improper profiling.

MEDICAL AID AND RESPONSE

403.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

403.2 POLICY

It is the policy of the Lehi City Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

403.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Lehi City Police Department

Lehi City PD Policy Manual

MEDICAL AID AND RESPONSE

403.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

403.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with temporary custody pursuant to a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

403.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

403.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Lehi City Police Department

Lehi City PD Policy Manual

MEDICAL AID AND RESPONSE

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

403.8 AUTOMATED EXTERNAL DIFIBRILLATOR (AED) USE

A member should use an AED only after he/she has received appropriate training (Utah Code 26-8b-201).

403.8.1 AED USER RESPONSIBILITY

Members who are issued AED's for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Officer who is responsible for ensuring appropriate maintenance.

403.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

403.8.3 AED TRAINING AND MAINTENANCE

The Training Officer should ensure appropriate training, that includes training in CPR and AED use, is provided to members authorized to use an AED (Utah Code 26-8b-401).

Lehi City Police Department

Lehi City PD Policy Manual

MEDICAL AID AND RESPONSE

The Training Officer is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

403.9 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

403.10 FIRST AID TRAINING

Subject to available resources, Command Staff should ensure officers receive periodic first aid training appropriate for their position.

Briefing

404.1 PURPOSE AND SCOPE

Briefing training is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Notifying officers of new Departmental Directives or changes in Departmental Directives.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.

404.2 PREPARATION OF MATERIALS

The supervisor conducting briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in the supervisor's absence or for training purposes.

404.3 POLICY

Briefing is intended to facilitate the accurate flow of information in order to enhance coordination of activities, improve performance and safety, and outline the expected actions of members.

404.4 TRAINING

Briefing training should incorporate short segments on a variety of subjects or topics and may include:

- (a) Review and discussion of new or updated policies.
- (b) Presentation and discussion of the proper application of existing policy to routine daily activities.
- (c) Presentation and discussion of the proper application of existing policy to unusual activities.
- (d) Review of recent incidents for training purposes.

404.5 BRIEFING

All divisions and specialized units will conduct regular briefing to discuss, disseminate, and exchange information among department members, work groups, and other organizations. A

Lehi City Police Department

Lehi City PD Policy Manual

Briefing

supervisor generally will conduct briefing. However, the supervisor may delegate this responsibility to a subordinate member in the supervisor's absence or for training purposes.

Briefing should include but is not limited to:

- (a) Providing members with information regarding daily activities, with particular attention given to changes in the status of:
 - 1. Wanted persons.
 - 2. Crime patterns.
 - 3. Suspect descriptions.
 - 4. Intelligence reports and photographs.
 - 5. Community issues affecting law enforcement.
 - 6. Major investigations.
- (b) Notifying members of changes in schedules and assignments.
- (c) Reviewing recent incidents for situational awareness and training purposes.
- (d) Providing training on a variety of subjects.
- (e) Conducting periodic personnel inspections.

Supervisors should also ensure that all members are informed about [departmentalDirective]s and any recent policy changes.

404.5.1 RETENTION OF BRIEFING TRAINING RECORDS

Briefing training materials and a curriculum or summary shall be forwarded to the Training Sergeant for inclusion in training records, as appropriate.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY

It is the policy of the Lehi City Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

406.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured

Lehi City Police Department

Lehi City PD Policy Manual

Crime and Disaster Scene Integrity

persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS

Any sworn member of the Lehi City Police Department may assist in enforcement of orders of restriction issued by the Department of Health and Human Services or local health authority for the purpose of preventing the spread of any contagious, infectious, or communicable disease (Utah Code 26B-7-304; Utah Code 26B-7-306).

Crisis Response Unit

408.1 PURPOSE AND SCOPE

The Crisis Response Unit (CRU) is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics Team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary.

408.1.1 OPERATIONAL AND ADMINISTRATIVE STRUCTURE

The Policy Manual sections pertaining to the Crisis Response Unit are divided into Administrative and Operational sections. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to Department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

408.1.2 SWAT TEAM DEFINED

A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. These incidents include, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of Department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

408.2 LEVELS OF CAPABILITY/TRAINING

408.2.1 LEVEL I

A Level I SWAT team is a basic team capable of providing containment and intervention in critical incidents that exceed the training and resources available to line-level officers. This does not include ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g. active shooter response). Generally 5 percent of the basic team's on-duty time should be devoted to training.

408.2.2 LEVEL II

A Level II SWAT team is an intermediate level SWAT team capable of providing containment and intervention. Additionally, these teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At least 5 percent of their on-duty time should be devoted to training with supplemental training for tactical capabilities above the Level I team.

Lehi City Police Department

Lehi City PD Policy Manual

Crisis Response Unit

408.2.3 LEVEL III

A Level III SWAT team is an advanced level team whose personnel function as a full-time unit. Generally 25 percent of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

408.3 PROGRAM

It shall be the policy of the Department to maintain a SWAT team and to provide the equipment, manpower and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and Control.
- (b) Containment.
- (c) Entry/Apprehension/Rescue.

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

408.3.1 PROGRAM CONSIDERATIONS

An assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or designee.

408.3.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures which should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing.
- (b) Team organization and function.
- (c) Personnel selection and retention criteria.
- (d) Training and required competencies.
- (e) Procedures for activation and deployment.
- (f) Command and control issues, including a clearly defined command structure.
- (g) Multi-agency response.
- (h) Out-of-jurisdiction response.
- (i) Specialized functions and supporting resources.

Lehi City Police Department

Lehi City PD Policy Manual

Crisis Response Unit

408.3.3 OPERATIONAL PROCEDURES

This Department shall develop a separate written set of operational procedures that are in accordance with a SWAT team's level of capability, and that use sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association Suggested SWAT Best Practices. Because such procedures are specific to CRU members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum, the following:

- (a) Designated personnel responsible for developing an operational or tactical plan prior to, and/or during SWAT operations (time permitting).
 - 1. All SWAT team members should have an understanding of operational planning.

Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

408.4.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

408.4.6 SCENARIO-BASED TRAINING

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

408.4.7 TRAINING DOCUMENTATION

410.1 PURPOSE AND SCOPE

The Ride-Along Program provides an opportunity for citizens to experience the law enforcement function firsthand. This policy provides the requirements, approval process and hours of operation for the Ride-Along Program.

410.1.1 ELIGIBILITY

The Lehi City Police Department Ride-Along Program is offered to residents, students and those employed within the City. Every attempt will be made to accommodate interested persons, however, any applicant may be disqualified without cause.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 15-years of age
- Prior criminal history
- Pending criminal action
- Pending lawsuit against the Department
- Denial by any supervisor

410.1.2 AVAILABILITY

The Ride-Along Program is available on most days of the week, with certain exceptions. The ride-along times are from 8:00 a.m. to 3:00 a.m. Exceptions to this schedule may be made as approved by the Chief of Police, Division Commander or Shift Sergeant.

410.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the Shift Sergeant. The participant will complete a Ride-Along Waiver Form. Information requested will include a valid ID or Utah driver's license, address and telephone number. If the participant is under 18-years of age, a parent/guardian must be present to complete the Ride-Along Waiver Form.

The Shift Sergeant will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the respective Shift Sergeant as soon as possible for his/her scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise of the denial.

410.2.1 PROGRAM REQUIREMENTS

Lehi City Police Department

Lehi City PD Policy Manual

Ride-Along Program

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

Ride-along requirements for police cadets are covered in the Police Cadet Program Policy.

410.2.2 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The Shift Sergeant or field supervisor may refuse a ride along to anyone not properly dressed.

410.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of the Department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the expressed consent of the Shift Sergeant. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

410.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a state records check through the Bureau of Criminal Investigation (BCI) prior to their approval as a ride-along with a law enforcement officer, provided that the ride-along is not an employee of the Lehi City Police Department.

410.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police vehicle respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Shift Sergeant is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, the Ride-Along Waiver Form shall be returned to the Shift Sergeant with any comments which may be offered by the officer.

410.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.
- (e) Officers will not allow any ride-alongs to be present in any residence or situation that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen.
- (f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person.

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

412.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material - A substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill, or fire. When members come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond to and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before he/she is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

412.3 REPORTING EXPOSURE

Department members who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the Shift Sergeant as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report as applicable.

412.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

Lehi City Police Department

Lehi City PD Policy Manual

Hazardous Material Response

To ensure the safety of members, PPE is available from supervisors. PPE not maintained by this department may be available through the appropriate fire department or emergency response team.

412.4 POLICY

It is the policy of the Lehi City Police Department to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

412.5 CONSIDERATIONS

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potentially hazardous material from a safe distance.
- (b) Notify Dispatch, appropriate supervisors, the appropriate fire department and hazardous response units.
 - 1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- (c) Wear personal protective equipment (PPE), being cognizant that some hazardous material can be inhaled.
- (d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:
 - 1. Placards or use of an emergency response guidebook.
 - 2. Driver's statements or shipping documents from the person transporting the material.
 - 3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
 - (a) The type of material.
 - (b) How to secure and contain the material.
 - (c) Any other information to protect the safety of those present, the community and the environment.
- (f) Provide first aid to injured parties if it can be done safely and without contamination.
- (g) Make reasonable efforts to secure the scene to prevent access from unauthorized individuals and to protect and identify any evidence.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.
- (i) Establish a decontamination area when needed.

Lehi City Police Department

Lehi City PD Policy Manual

Hazardous Material Response

- (j) Activate automated community notification systems, if applicable.
- (k) Notify the Utah Department of Environmental Quality, Division of Waste Management and Radiation Control.

Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY

It is the policy of the Lehi City Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

Should circumstances at the scene permit, a supervisor or negotiator may contact the Attorney General or the District Attorney for approval to intercept any wire, electronic or oral communication and/or to use an eavesdropping device (e.g., camera or audio device) when there is an immediate threat of death or serious bodily injury to any person or to national security. The supervisor or negotiator who has been granted approval shall ensure that an application for an appropriate court

Lehi City Police Department

Lehi City PD Policy Manual

Hostage and Barricade Incidents

order approving the interception is sought within 48 hours after the interception begins (Utah Code 77-23a-10(7)).

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

Lehi City Police Department

Lehi City PD Policy Manual

Hostage and Barricade Incidents

- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the department PIO or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

Hostage and Barricade Incidents

414.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU. The Incident Commander and the CRU Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Lehi City Police Department in their initial response to incidents involving explosives, explosive devices, explosion/ bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

416.2 POLICY

It is the policy of the Lehi City Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

416.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Sergeant is immediately advised and informed of the details. This will enable the Shift Sergeant to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

416.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

416.4.1 LEHI CITY POLICE DEPARTMENT FACILITY

If the bomb threat is against the Lehi City Police Department facility, the Shift Sergeant will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

416.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Lehi City Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Sergeant deems appropriate.

Lehi City Police Department

Lehi City PD Policy Manual

Response to Bomb Calls

416.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

416.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Lehi City, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Sergeant is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

416.5.1 ASSISTANCE

The Shift Sergeant should be notified when police assistance is requested. The Shift Sergeant will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Sergeant determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

Lehi City Police Department

Lehi City PD Policy Manual

Response to Bomb Calls

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

416.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Sergeant including:
 - 1. The time of discovery.

Lehi City Police Department

Lehi City PD Policy Manual

Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

416.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

416.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

416.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Sergeant
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

Lehi City Police Department

Lehi City PD Policy Manual

Response to Bomb Calls

416.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

416.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Sergeant should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Involuntary Commitments

418.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under involuntary commitment.

418.2 POLICY

It is the policy of the Lehi City Police Department to protect the public and individuals through legal and appropriate use of the involuntary commitment process.

418.3 AUTHORITY

An officer may take a person into protective custody to be temporarily involuntarily committed to a local mental health authority when that officer has probable cause, based on their observation of the individual, to believe (Utah Code 26B-5-331; Utah Code 26B-5-403):

- (a) The person has a mental illness.
- (b) The person poses a substantial danger to themselves or others because of their mental illness and conduct.
- (c) If the person is a child, they will benefit from mental health care and treatment and there is no appropriate less-restrictive alternative.

418.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for an involuntary commitment, the officer may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person.
- (b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the person changes their mind regarding voluntary evaluation, officers should proceed with the involuntary commitment, if appropriate.

418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for detention for the purpose of an involuntary commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources that may be readily available to assist with mental health issues.

Lehi City Police Department

Lehi City PD Policy Manual

Involuntary Commitments

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Involuntary commitments should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

418.4.1 OFFICER DISCRETION

An officer may exercise discretion to not take an individual into protective custody or transport them for involuntary commitment to a local mental health authority if the officer has probable cause to believe, based on experience and de-escalation training, that doing so would increase the risk of substantial danger to the individual or others (Utah Code 26B-5-331). If such discretion is exercised, the officer shall document the details and circumstances of that decision in their report.

418.5 TRANSPORTATION

A person taken into custody for a civil commitment should be transported to a facility designated by the local mental health authority as follows (Utah Code 26B-5-331):

- (a) The person should be transported by ambulance if they meet any of the criteria described in Utah Code 53-2d-405 or transportation arrangements have been made by a physician, designated examiner, or mental health officer and the officer's presence is not necessary for public safety.
 - 1. If the person requires physical medical attention, they should be transported by ambulance to an appropriate medical facility.
- (b) When the person is not transported by ambulance and the designated facility is within the jurisdiction of the Lehi City Police Department, the person should be transported by the detaining officer in accordance with the Transporting Persons in Custody Policy.
 - 1. If the designated facility is outside of this city's jurisdiction, a request should be made to the appropriate agency to transport the person to the designated facility.

418.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for an involuntary commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION

The officer shall complete an application for commitment, using the form prescribed by the Division of Substance Abuse and Mental Health, provide it to the facility staff member assigned

Lehi City Police Department

Lehi City PD Policy Manual

Involuntary Commitments

to the individual, and retain a copy of the application for inclusion in the case report (Utah Code 26B-5-331).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody through an involuntary commitment should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for an involuntary commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for an involuntary commitment.

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard), and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a civil commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officer should further advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody.

418.10 TRAINING

This department will endeavor to provide POST-approved training on interaction with persons with a mental disability, involuntary commitments, and crisis intervention.

Citation Releases

420.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Lehi City Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

420.2 CITATION RELEASE ON MISDEMEANOR WARRANTS

Utah Rules of Criminal Procedures Rule 6(b) allows the release by citation or summons of a person designated in a warrant of arrest when:

- (a) It appears to the magistrate that the accused will appear on a summons.
- (b) There is no substantial danger of a breach of the peace.
- (c) There is no substantial danger of injury to persons or property.
- (d) There is no substantial danger to the community.

Release under this section shall be done in accordance with the provisions of this section.

420.3 POLICY

The Lehi City Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

420.4 RELEASE

A suspected offender may be released on issuance of a citation as follows:

- (a) When the person is arrested for a misdemeanor or infraction charge (Utah Code 77-7-18).
- (b) When a warrant has been issued by a magistrate who has included in the order that the person be released on a summons (U. R. Crim. P. Rule 6).

420.5 PROHIBITIONS

The release of a suspected offender on a citation is not permitted if prohibited by local court rule.

See the Domestic Violence Policy for release restrictions related to those investigations.

420.6 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.

Lehi City Police Department

Lehi City PD Policy Manual

Citation Releases

- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

420.7 STATE PRIVILEGES

420.7.1 LEGISLATIVE PRIVILEGE

Members of the Legislature shall not be subject to civil arrest during each general and special session of the Legislature or for 15 days immediately preceding and following each session, except for any felony, treason, or breach of the peace. Legislators may be issued a citation and a summons to appear at a date outside of the time of legislative privilege (Utah Constitution Article VI § 8).

420.7.2 VOTER PRIVILEGE

A person who attends an election or who is traveling to and from a voting location shall not be subject to civil arrest on an election day, except for an act of treason, a felony, or a breach of the peace (Utah Constitution Article IV § 3).

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

Arrest or Detention of Foreign Nationals

- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

422.5 ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

- (a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.
- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 - 1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

422.6.1 DOCUMENTATION PROCEDURES

An officer who stops a person holding a driver's license issued by the DOS or otherwise claiming privileges or immunities, for a moving traffic violation or any of the following offenses while operating a vehicle shall document all of the relevant information from the driver's license or identification card (Utah Code 41-6a-1901):

- (a) Automobile homicide
- (b) Manslaughter
- (c) Negligent homicide
- (d) Aggravated assault
- (e) Reckless endangerment

The Records Bureau shall forward such information with a copy of the traffic citation, vehicle accident report, or written report of the incident, as applicable, to the Department of Public Safety (DPS) within five working days (Utah Code 41-6a-1901).

Rapid Response and Deployment

424.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

424.2 POLICY

The Lehi City Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

424.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved out of danger or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.

Lehi City Police Department

Lehi City PD Policy Manual

Rapid Response and Deployment

- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

424.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

424.5 PLANNING

The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

424.6 TRAINING

The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

Lehi City Police Department

Lehi City PD Policy Manual

Rapid Response and Deployment

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Lehi City Police Department relating to immigration and interacting with federal immigration officials.

428.2 POLICY

It is the policy of the Lehi City Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

In keeping with this commitment, race, color, or national origin will not be considered under this policy except to the extent permitted by the constitutions of the United States and Utah (Utah Code § 76-14-202).

428.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Utah constitutions.

428.4 DETENTIONS

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

Lehi City PD Policy Manual

Immigration Violations

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

428.4.1 INVESTIGATING HUMAN TRAFFICKING OR SMUGGLING

When an officer conducts a lawful traffic stop and reasonably suspects that any person in the vehicle is violating Utah human trafficking or human smuggling laws, the officer shall investigate the suspected violations and inquire into the immigration status of the occupants of the vehicle. An officer may not delay or postpone addressing the original purpose of the stop merely to confirm a person's immigration status (Utah Code 76-14-202).

428.4.2 VERIFICATION OF IMMIGRATION STATUS

A person's citizenship or immigration status shall be verified whenever the person is lawfully arrested for a felony or misdemeanor offense and is unable to provide an identifying document as listed in Utah Code 76-14-203 and the officer is otherwise unable to verify the identity of the person. Verification of immigration status should take place at the time of the booking and not in the field (Utah Code 76-14-202).

428.4.3 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

428.5 ARREST NOTIFICATION TO FEDERAL IMMIGRATION OFFICIALS

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

428.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

428.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

Lehi City Police Department

Lehi City PD Policy Manual

Immigration Violations

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

428.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

428.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigations Division supervisor assigned to oversee the handling of any related case. The Investigations Division supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

428.8.1 U NONIMMIGRANT STATUS GUIDELINES

U nonimmigrant status requests shall be processed and maintained in a manner consistent with Utah Code 77-38-503 and federal guidelines.

The Investigation Division Commander should ensure certification requests conducted by this agency are processed within 90 days of request, unless the noncitizen is in removal proceedings, in which case the certification should be processed within 14 days of request (Utah Code 77-38-503).

Immigration Violations

428.8.2 REPORTING REQUIREMENTS

Before June 30 of each year, the Chief of Police shall submit a report of the following information to the Commission on Criminal and Juvenile Justice (Utah Code 77-38-503):

- (a) The number of victims that requested U nonimmigrant certifications from the agency
- (b) The number of U nonimmigrant certifications that were signed
- (c) The number of U nonimmigrant certifications that were denied

428.9 TRAINING

The Training Sergeant should ensure that officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The City public works department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by Dispatch.

430.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company or public works should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS, WELLS

Public works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Dispatch.

430.2 TRAFFIC SIGNAL MAINTENANCE

The City of Lehi City contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the State of Utah.

430.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Patrol Rifles

432.1 PURPOSE AND SCOPE

In order to more effectively and accurately address the increasing level of firepower and body armor utilized by criminal suspects, the Lehi City Police Department will make patrol rifles available to qualified patrol officers as an additional and more immediate tactical resource.

432.2 PATROL RIFLE

432.2.1 DEFINITION

A patrol rifle is an authorized weapon which is owned by the Department and which is made available to properly trained and certified officers as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved in writing by the Chief of Police and the Department Firearms Officer.

432.3 SPECIFICATIONS

Only weapons and ammunition that meet agency authorized specifications, approved by the Chief of Police, and issued by the Department may be used by officers in their law enforcement responsibilities. The authorized patrol rifle issued by the Department is the Heckler & Koch model 416. Other authorized patrol rifles are listed in §312.

432.4 RIFLE MAINTENANCE

- (a) Primary responsibility for maintenance of patrol rifles shall fall on the Department Firearms Officer, who shall inspect each patrol rifle on a monthly basis and service the patrol rifles as necessary.
- (b) Each patrol officer carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.
- (c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.
- (d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.
- (e) Each patrol rifle shall be subject to inspection by a supervisor, the Department Firearms Officer at any time.
- (f) No modification shall be made to any patrol rifle without prior written authorization from the Department Firearms Officer.

432.5 TRAINING

Officers shall not carry or utilize the patrol rifle unless they have successfully completed Department training and certification.

Lehi City Police Department

Patrol Rifles

432.6 DEPLOYMENT OF THE PATROL RIFLE

Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the officer reasonably anticipates an armed encounter.
- (b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
- (e) When an officer reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

432.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the patrol rifle shall be governed by the Department's Use of Force (§ 300) and Firearm Discharge (§ 304) policies.

432.8 PATROL READY

Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in a cruiser ready condition until deployed. A rifle is considered in a cruiser ready condition when the magazine is removed, bolt forward, trigger depressed, and the dust cover closed.

432.9 RIFLE STORAGE

- (a) When not in use, patrol rifles will be stored in the Department armory in rifle racks or approved cases.

Aircraft Accidents

433.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

433.2 POLICY

It is the policy of the Lehi City Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

433.2.1 OFFICER RESPONSIBILITY

Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

- (a) Determine the nature and extent of the accident.
- (b) Request additional personnel and other resources to respond as needed.
- (c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel.
- (d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
- (e) Provide crowd control and other assistance until directed otherwise by a supervisor.
- (f) Ensure the medical examiner's office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

Lehi City Police Department

Lehi City PD Policy Manual

Aircraft Accidents

The fire department will be responsible for control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this department may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

433.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

433.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

433.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

Lehi City Police Department

Lehi City PD Policy Manual

Aircraft Accidents

433.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

433.7 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

433.8 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

433.9 DOCUMENTATION

All aircraft accidents occurring within the City of Lehi City shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of LPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

433.9.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

433.9.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

Field Training Program

435.1 PURPOSE AND SCOPE

The Field Training Program is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the Lehi City Police Department.

It is the policy of the Department to assign all new police officers to a structured Field Training Program that is designed to prepare the new officer to perform in a patrol assignment, and possessing all skills needed to operate in a safe, productive and professional manner.

435.2 THE ROLE OF THE FTO

The primary role of the FTO is to be a trainer and mentor to their assigned recruit. FTO's must be technically and tactically proficient. They must also possess adept interpersonal skills. Adept interpersonal skills will enable the FTO to see beneath the surface of the recruit's performance and determine the root cause of their recruit's inability to meet department standards. It is the FTO's job to foster a climate in which the recruit can learn and succeed.

The secondary role of the FTO is to ensure the recruit's performance and training efforts are thoroughly documented. Training documentation is critical because it provides evidence that a recruit is either capable of performing the job of a police officer or they are incapable of doing the job, and reasonable/sufficient training has been provided to enable them to become capable of performing the job.

435.3 FIELD TRAINING OFFICER SELECTION AND TRAINING

The Field Training Officer (FTO) is an experienced officer trained in the art of supervising, training and evaluating entry level and lateral police officers in the application of their previously acquired knowledge and skills.

435.3.1 SELECTION PROCESS

FTO's will be selected based on the following requirements:

- (a) Desire to be an FTO.
- (b) Minimum of two (2) years of patrol experience, one (1) of which shall be with this department. These requirements may be waived by the Chief of Police on a case by case basis.
- (c) Demonstrated ability as a positive role model.
- (d) Evaluation by supervisors and current FTOs

435.3.2 TRAINING

An officer selected as a Field Training Officer shall successfully complete a POST-certified 24-hour Field Training Officer's Course prior to or as soon as possible to being assigned as an FTO.

Lehi City Police Department

Lehi City PD Policy Manual

Field Training Program

435.4 THE ROLE OF THE FTO COORDINATOR

The Field Training Officer Program Coordinator will be selected from the rank of Sergeant or above by the Patrol Division Commander or designee.

The primary role of the FTO Coordinator and the assistant to the FTO Coordinator is quality assurance of the field training program. FTO Coordinators coordinate field training efforts by assigning FTO's to recruits and deconflicting schedules. FTO Coordinators also council with FTO's on the progress of recruits in the program. They assist FTO's in finding solutions to training challenges faced by the recruits and FTO's. FTO Coordinators also review all training reports generated during field training. In reviewing reports such as the Daily Observation Report, FTO Coordinators ensure FTO's give sufficient justification for the ratings or recommendations given. FTO Coordinators act as liaisons between FTO's and administration in ensuring FTO's are properly trained and are providing the best training the Lehi Police Department can offer.

The responsibilities of the FTO Program Coordinator include the following:

- (a) Assignment of trainees to FTOs.
- (b) Conduct FTO meetings.
- (c) Maintain and ensure FTO/Trainee performance evaluations are completed.
- (d) Maintain, update and issue the Field Training Manual to each trainee.
- (e) Monitor individual FTO performance.
- (f) Monitor overall FTO Program
- (g) Develop ongoing training for FTOs.

435.5 TRAINEE DEFINED

Any entry level or lateral police officer newly appointed to the Lehi City Police Department who has successfully completed a POST-approved Basic Academy.

435.6 REQUIRED TRAINING

Entry level officers shall be required to successfully complete the Field Training Program, consisting of completion of training manual, written test, and recommendation by initial FTO.

The training period for lateral officers may be modified depending on the trainee's demonstrated performance and level of experience.

To the extent practical, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts and geographical areas during their Field Training Program.

435.6.1 FIELD TRAINING MANUAL

Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Lehi City Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

Lehi City Police Department

Lehi City PD Policy Manual

Field Training Program

The Field Training Manual will specifically cover those policies, procedures, rules and regulations enacted by the Lehi City Police Department.

435.7 INTRODUCTION OF FIELD TRAINING PROGRAM

The Lehi Police Department field training program is a "standards focused" program. A "standards focused" training program is intended to remove bias from the training of new officers. The Field Training Officer, or FTO, is expected to train the recruit to meet a clearly defined standard, that standard being the ability to do the job of a police officer with a modest amount of supervision. A recruit that has graduated the field training program must be able to answer most calls for service without the direction of a supervisor or other officer. That is not to say a newly graduated recruit is expected to be able to handle all calls for service without any assistance. The recruit is, however, expected to know how to get the answers they need to do their job when presented with new or complex situations. The recruit is to be able to observe incoming information, orient themselves to this information, decide upon a course of conduct that is in line with federal and state constitutions as well as department policy, and then put those decisions into action in the field.

435.7.1 FIELD TRAINING PHASES

The field training program consists of four phases. These phases follow the crawl, walk, run training model. This model emphasizes building a foundation for the recruit and building upon that foundation until the recruit is able to run on their own. The following description of the training phases is for recruits that require standard or modified formal training. Prior to having lateral officers go through standard or modified training, lateral officers who are coming to the department from a comparable current position will be assessed as to their training needs and based on that assessment their field training will be modified to fit the particulars of the individuals training needs.

The assessment for lateral officers will consist of one shift of right seat observation where the recruit will be assigned an FTO and will observe the FTO take calls for service. Following the observation day, the recruit will begin taking calls for service as if they are on a phase 3 recruit for three to four days, depending on scheduling and the needs of the recruit. After the assessment phase the FTO will either recommend the recruit for traditional formalized training starting in phase 2 or 3. If the FTO assesses that the recruit meets end of phase 3 requirements, the FTO may recommend the recruit for immediate progression to phase 4.

435.7.2 PHASE 1 'CRAWL'

During phase 1, crawl, the recruit observes their FTO in action performing the duties of a patrol officer. For recruits that have completed their POST training, they will be given a pre-test to gauge their knowledge and researching skills. This test is purely an assessment tool for the FTO and performance on this test will not hinder the recruit's progress. Recruits will have been given access to the department policy manual and are expected to read and acknowledge its contents. In addition to the department policy manual, recruits will be assigned a field training manual. This manual is broken up into Instructional items, Supportive tasks, and Collective tasks. Prior to moving to phase 2, recruits will need to have signed off all Instructional items. Recruits will have been given access to the LEFTA field training program and are expected to download the

Lehi City Police Department

Lehi City PD Policy Manual

Field Training Program

documents portion to their laptop computer. Recruits will spend between 4 and 7 shifts in phase one. Recruits that may be considered for a reduced number of shifts are recruits that come to Lehi PD with on the road patrol experience. If a recruit does not meet the performance level expected at the end of phase one the recruit will be moved to a remedial phase with a different FTO. Recruits who have not yet completed the LEO block of the academy may not be progressed beyond phase one until they have completed the LEO block and will be retained in phase one. Daily observations reports will indicate the recruit is in a remedial phase, however this is only for logistical purposes. The performance level expected to progress from phase one to phase two is as follows:

- Recruit demonstrates a basic understanding of what a police officer does.
- Instructional Items signed off in FTO manual.
- Recruit can complete a basic report in Spillman.
- Recruit has UCJIS access.
- Frequent unacceptable ratings in the same category is grounds for remedial phase 1 training.

435.7.3 PHASE 2 'WALK'

During phase 2, walk, the recruit begins taking calls and making traffic stops. At this point in the training, the FTO should be conducting a lot of instruction with the recruit, focusing on the building blocks of law enforcement. The building blocks in the FTO manual are the supportive tasks. Prior to moving on from phase 2, the recruit must demonstrate proficiency in supportive tasks and have these tasks signed off in the FTO manual. During this phase, recruits should also have obtained e-warrant access if they have not already done so. If available, recruits should also be assigned a patrol vehicle and begin using it in the performance of their duties. Recruits will spend between 7 and 14 shifts in phase 2. The typical time spent in phase two is 14 shifts. Recruits that have on the road patrol experience may be considered for movement onto phase 3 after as few as 7 shifts, if they are meeting or exceeding performance standards. Recruits that are coming from the academy will have a 14 shift phase 2. If a recruit does not meet the performance level expected at the end of phase two the recruit will be moved to a remedial phase with a different FTO. The recruit's performance level expected to progress from phase 2 to phase 3 is as follows:

- The recruit should be receiving very few unacceptable ratings in the 3-5 shifts leading up to the end of phase 2.
- Unacceptable ratings related to officer safety are of most concern and the recruit should not be recommended for progress to phase 3.
- Supportive Tasks signed off in FTO manual.
- In the 3-5 shifts leading to the end of phase 2, most ratings should meet the standard. Address concerns to the FTO coordinator.
- E-Warrant access.
- Be current on Intoxilyzer and radar/lidar certifications.

Lehi City Police Department

Lehi City PD Policy Manual

Field Training Program

- Policy manual read and acknowledged.
- Recruit has demonstrated proficiency in supportive tasks, supportive tasks are tracked in the call tracking log.

435.7.4 PHASE 3 'RUN'

During phase 3, run, the recruit should be taking a call load equal to the average call load of a patrol officer. The calls the recruit takes should reflect the recruits training needs. The recruit should not be taking as many calls as they can, but rather those calls that will facilitate growth. During this phase, the FTO should be moving from the need of providing detailed instruction to observing the recruit in action. The recruit should be able to work through calls using resources that the recruit will have when they are on their own. For example, when a question comes up, the recruit either researches the answer in state code, department policy, the FTO manual, or calls a fellow officer or supervisor to council on the most appropriate course of action, rather than asking the FTO what to do. Once a recruit is demonstrating performance that either meets or exceeds the standard, the FTO may consider deliberately applying stress to the recruit. This should be reserved for situations in which the FTO knows, from past observation, that the recruit knows what to do and the FTO wants to test the recruit to see if they can still perform to standard under additional stress. The application of stress is to be done in a controlled manner and for the purpose of observing performance under stress. It is not a license to haze a new recruit. Hazing will not be tolerated. During this phase, the recruit should have signed off all collective tasks in the FTO manual. Before moving on to phase 4, recruits will have to pass a written test with a score of 80% or higher. Recruits will spend between 7 and 14 shifts in phase 3. The typical time spent in phase three is 14 shifts. Recruits that have on the road patrol experience may be considered for movement on to phase 4 after as few as 7 shifts, if they are meeting or exceeding performance standards. Recruits that are coming from the academy will have a 14 shift phase 3. If a recruit does not meet the performance level expected at the end of phase three the recruit will be moved to a remedial phase with a different FTO. The recruit's performance level expected to progress from phase three to phase four is as follows.

- The recruit should be receiving no unacceptable and few needs improvement ratings in the 3-5 shifts leading up to the end of phase 3. Address concerns with the FTO coordinator.
- Recruit must have demonstrated proficiency in investigating complex calls and demonstrate how to find solutions to problems they face.
- Recruit must have everything signed off in the FTO manual.
- Pass the written test with a score of 80% or higher.
- Recruit has demonstrated proficiency in collective tasks collective tasks are tracked in the call tracking log.
- The FTO, based on demonstrated performance, believes the recruit is solo capable.

Lehi City Police Department

Lehi City PD Policy Manual

Field Training Program

435.7.5 PHASE 4 'GHOST'

During phase four, ghost, the recruit demonstrates to their final FTO they are solo capable. Phase four is purely an observational phase. Unless there are immediate concerns related to safety or the violation of policy or citizen's rights, the FTO should refrain from addressing or going over the recruit's performance until the end of shift. Recruits should spend between 4 and 7 shifts in phase four. Recruits that may be considered for a reduced number of shifts are recruits that come to Lehi PD with on the road patrol experience. Recruits not meeting performance expectations will be moved to a remedial phase. Depending on performance level, recruits will either be sent to a remedial phase three for additional training or a remedial phase four for another opportunity to pass phase four. The performance level expected to graduate the FTO program is as follows:

- The recruit receives no ratings of unacceptable and no safety violation reports.
- The recruit receives very few needs improvement ratings. Address concerns with the FTO coordinator.
- The FTO, based on demonstrated performance, believes the recruit is solo capable.

435.8 EVALUATIONS/REPORTS

Evaluations are an important component of the training process and shall be completed as outlined below.

435.8.1 DAILY OBSERVATION REPORT (DOR)

Recruit performance is to be measured against published standard evaluation guidelines. Standard evaluation guidelines are based on the performance of an officer who is recently graduated from the FTO program and solo capable. Recruit performance that is either exceeding the standard or below the standard is to be documented in not only numerical form but also narrative form. The primary document for noting recruit performance is the Daily Observation Report, DOR.

The DOR is to be done for every day the recruit is in training. The DOR measures 30 specific evaluation metrics, followed by an assessment of the recruit's most and least acceptable performances of the day. The last section on the DOR is where the FTO annotates the justification for each rating given that either exceeds or fails to meet the standard. The FTO can and should document any other observations made and efforts the FTO made to train the recruit to standard. Each evaluation metric is measured on a scale of one to five; one meaning unacceptable, two meaning the recruit needs improvement, three meaning the recruit meets the standard, four meaning the recruit exceeds the standard, and five meaning the recruit's performance is outstanding. Each evaluation metric has a clear definition. These definitions are known as Standard Evaluation Guidelines, SEG's. SEG's are multi-faceted and a recruit needs not meet all facets if their performance in any evaluation metric is either truly exceptional or egregious. FTO's will log in the DOR the amount of training time the FTO spends providing training in each evaluation metric.

435.8.2 REMEDIAL TRAINING REPORT

Another training tool that FTO's have to document training efforts is the remedial training report. The purpose of the remedial training report is to document remedial training that goes beyond typical training in the field. A remedial training report should be considered any time a recruit shows consistent unsatisfactory performance in any or multiple evaluation metrics. When considering a remedial training report, the FTO should attempt to determine the root cause of the recruit's unsatisfactory performance. This is best achieved by observing the recruit in different situations that relate to the problem being considered. The FTO should also counsel with the recruit about their performance. In doing so, the FTO should ask exploratory questions to discover what thoughts the recruit had during the call and what logic the recruit used to come to the conclusions they arrived at. The FTO should also consider and explore the possibility there may be unrelated issues at play that may be stemming from past experience and life outside of work. When filling out the remedial training report, the FTO documents the problem the recruit is having and formulates a plan to provide additional training that is designed to get the recruit to perform to a satisfactory level. After completing the plan, the FTO records whether the plan has been completed or not and if the recruit's performance has improved to a satisfactory level. Not all plans will have the desired effect. If a plan does not have the desired effect, the FTO should reevaluate the problem and develop an alternative plan. The FTO should consider counseling with an FTO coordinator or fellow FTO to develop a remedial training plan. If remedial training reports are completed and performance still does not improve, the FTO should counsel with an FTO coordinator to assess the situation. If the following conditions are met, recruits are subject to receiving a "not responding to training, NRT" assessment on their DOR:

- Recruit receives an unsatisfactory rating.
- The overall rating in that specific evaluation metric is 2.6 or less in the current phase.
- 120 minutes or more of remedial training time has been logged.
- A remedial training report that relates to the evaluation metric in question has been completed and performance has not risen to an acceptable level.

435.8.3 SAFETY VIOLATION REPORT

Safety violation reports are reports designed to further document unacceptable performance that is directly related to officer safety. FTO's shall complete a safety violation report any time a recruit receives an unacceptable (1) rating on their DOR in any of the following evaluation metrics;

- Driving skill normal or stressed.
- Officer Safety general or stressed.
- Control of conflict physical skill.

A safety violation report should be completed for other metrics if the FTO finds it is applicable and in the best interest of the recruit's training. Address concerns with the FTO coordinator.

Field Training Program

435.8.4 END OF PHASE REPORT

At the end of each phase, FTO's will complete an end of phase report. The end of phase report documents a recruit's overall performance during the phase they just completed. Like the DOR, the end of phase report documents the recruit's most acceptable performance during the rating period as well as their least acceptable performance during the rating period. In addition to most and least acceptable performance assessments, the FTO will also document remedial training that was conducted. Along with documenting what remedial training was done, the FTO will also explain why the remedial training was needed and the results that training had on the recruit's performance. The end of phase report ends with comments from the FTO. Here the FTO gives their overall assessment of the recruit's performance. The FTO will come to one of the following four assessments:

One, the recruit meets the standard and the FTO recommends the recruit either progress to the next phase of training or graduation of the program.

Two, the recruit does not meet the standard but does meet expectations. For phases one and two, the recruit can be recommended to move to the next phase. For phases three and four, the recruit cannot be recommended to advance to the next phase because they do not meet the standard.

Three, the recruit does not meet standards or expectations due to lack of ability. This assessment indicates the recruit will require more training before being recommended to advance and is therefore recommended for a remedial training phase. An FTO may also recommend termination if the recruit has completed multiple attempts at the current phase without being able to meet the standard and has had multiple remedial training plans executed and documented in remedial training reports.

Four, the recruit does not meet standards or expectations due to lack of effort. This assessment indicates the recruit has been given a reasonable amount of training/remedial training and is not trying to implement the training/remedial training the FTO has given the recruit. An FTO making this assessment may recommend remedial training or termination depending on the number of attempts at the current phase and remedial training plans executed and documented in remedial training reports.

An FTO Coordinator will review the end of phase report and the other applicable reports for the current phase and assess the FTO's recommendation. If the reviewing FTO coordinator finds the FTO's assessment is in accordance with this training manual and sufficient documentation supports the assessment, the reviewing FTO coordinator will authorize the FTO's recommendation to either advance to the next phase, remediate, graduate, or terminate.

435.9 DOCUMENTATION

All documentation of the Field Training Program will be retained in the Field Training Program files and will consist of the following:

- (a) Daily Observation Report.
- (b) Remedial Training Report.

Lehi City Police Department

- (c) Safety Violation Report.
- (d) End of Phase Report.
- (e) Other documents detailing performance of recruit not covered by those reports listed above.

435.10 RECOMMENDATION FOR TERMINATION OF RECRUIT DURING FIELD TRAINING

The Lehi Police Department acknowledges not every recruit that enters field training will be able to meet department training standards. Additionally, the Lehi Police Department has limited resources and time to train recruits to meet department standards. With these limitations in mind, the Lehi Police Department is committed to providing the best training that we can to recruits. In an effort to ensure recommendations for termination are fair, impartial, and consistent, the following criteria for termination recommendation is set forth:

Recruits being recommended for termination must have completed no fewer than 49 training days documented in daily observation reports.

Recruits being recommended for termination must have exhausted two attempts at their current phase, the initial attempt plus one remedial phase, without improving performance or receiving a recommendation to progress to the next phase. For example, a recruit who completed phase one (7 shifts) but failed two attempts at phase two (42 shifts) and was seven shifts into a third attempt at phase two without showing improvement would qualify for the first two criteria (total 49 shifts).

Field Training Officers should have assessed core performance deficiencies, created remedial training plans to address core performance deficiencies, and recorded these training plans with their execution in remedial training reports. No fewer than two remedial training reports must be completed for core performance deficiencies where the recruit's performance has still not risen to department standards.

Recruits being recommended for termination receive three or more "Not Responding to Training", NRT, assessments on their DOR's in one or more evaluation metrics.

- a. Minimum of 49 training days or three attempts at current phase
- b. Two remedial training reports completed
- c. Three NRT assessments recorded on DOR's

Notwithstanding the above criteria, a recruit whose conduct is in violation of department or city policy, to the extent that any employee would be subject to disciplinary action, said recruit may be recommended for termination.

Obtaining Air Support

437.1 PURPOSE AND SCOPE

The use of a law enforcement helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

437.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

437.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Shift Sergeant, or designee, will call the closest agency having helicopter support available. The Shift Sergeant will apprise that agency of the specific details of the incident prompting the request.

437.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard.
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits.

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

439.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

439.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

439.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion (Utah Code 77-7-15).

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Lehi City Police Department to strengthen community involvement, community awareness, and problem identification.

Lehi City Police Department

Lehi City PD Policy Manual

Contacts and Temporary Detentions

439.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that the individual is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that the individual is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest the individual is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

439.3 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk (Utah Code 77-7-16). The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

439.4 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

Lehi City Police Department

Lehi City PD Policy Manual

Contacts and Temporary Detentions

439.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

439.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

439.4.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Sergeant with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Sergeant should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation are relevant to criminal organization/enterprise enforcement, the Shift Sergeant will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Bureau.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

439.4.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

Lehi City Police Department

Lehi City PD Policy Manual

Contacts and Temporary Detentions

439.4.5 NOTICE REQUIREMENT FOR PHOTOS

Prior to taking a photograph, the officer shall notify the individual that their image may be used in conjunction with facial recognition technology, if applicable (Utah Code 77-23e-105). See the Facial Recognition Technology Use Policy for additional guidance.

439.5 POLICY

The Lehi City Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

439.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to the witness's departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

439.7 FIELD IDENTIFICATIONS

Officers assigned to duties outside of department facilities shall be supplied a portable biometric capture device while on-duty to assist in identifying suspects and witnesses (Utah Code 53-25-802).

If a field detainee is unable or unwilling to provide identification, or if an officer is unable to verify a driver license or has reasonable suspicion to believe that the identification presented is fraudulent, the officer should, if practicable, attempt to identify the detainee by taking a quick fingerprint using their portable biometric capture device (Utah Code 53-3-202).

Criminal Organizations

441.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Lehi City Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

441.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

441.2 POLICY

The Lehi City Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

441.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to, or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

441.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo, or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any supporting documentation for an entry shall be retained by the Records Bureau in accordance

Lehi City Police Department

Lehi City PD Policy Manual

Criminal Organizations

with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Manager may not purge such documents without the approval of the designated supervisor.

441.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system (CIS) only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

441.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Bureau or Evidence Room, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, Dispatch records, or booking forms.
- (c) Shall not include opinions. No person, organization, or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

441.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

441.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization, or enterprise is involved in criminal activity and should forward that information appropriately. Examples include but are not limited to:

Lehi City Police Department

Lehi City PD Policy Manual

Criminal Organizations

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Sergeant to train members to identify information that may be particularly relevant for inclusion.

441.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

441.7 CRIMINAL STREET GANGS

The Investigations Division supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members, and patterns of criminal gang activity, as described in Utah Code 76-9-802 et seq. and Utah Code 53-25-601 et seq.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes (Utah Code 53-25-602).

441.8 TRAINING

The Training Sergeant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.

Lehi City Police Department

Lehi City PD Policy Manual

Criminal Organizations

- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Sergeants

443.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with Department policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

443.2 DESIGNATION AS ACTING SHIFT SERGEANT

When a Sergeant is unavailable for duty as Shift Sergeant, in most instances the senior qualified senior officer shall be designated as acting Shift Sergeant. This policy does not preclude designating a less senior senior officer as an acting Shift Sergeant when operational needs require or training permits.

Mobile Audio Video

445.1 PURPOSE AND SCOPE

The Lehi City Police Department has equipped marked law enforcement vehicles with Mobile Audio Video (MAV) recording systems to provide records of events and to assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

445.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and MAV system - Synonymous terms that refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder, and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, and storage and retrieval methods, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

445.2 POLICY

It is the policy of the Lehi City Police Department to use mobile audio and video recording technology to more effectively fulfill the mission of the Department and to ensure these systems are used securely and efficiently.

445.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip themselves to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Lehi City Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording their name, serial number, badge or personal identification number (PIN), and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

Lehi City Police Department

Lehi City PD Policy Manual

Mobile Audio Video

445.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the vehicle's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

445.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include but not limited to traffic violations, stranded motorist assistance, and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. Driving under the influence (DUI) investigations, including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify Dispatch
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect, including:
 - 1. Domestic violence calls
 - 2. Disturbance of the peace calls
 - 3. Offenses involving violence or weapons
- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording

Lehi City Police Department

Lehi City PD Policy Manual

Mobile Audio Video

- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

Activation of the MAV system is not required when exchanging information with other officers, during breaks or lunch periods, or when not in service or not actively on patrol.

445.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

445.4.3 SURREPTITIOUS RECORDING

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

445.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Dispatch.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 - 1. The tracking number of the MAV system media.
 - 2. The date it was issued.
 - 3. The name of the department member or the vehicle to which the media was issued.
 - 4. The date the media was submitted for retention.
 - 5. The name of the department member submitting the media.
 - 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved traffic collisions), a supervisor shall respond to the scene and ensure that the appropriate person properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot, or an event that may threaten public safety, officer safety, or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

445.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images, and audio recordings are the property of the Department. Dissemination outside of the Department is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed, or otherwise inserted into any device not approved by the department MAV technician, or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) By officers for use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to conduct documented reviews of their subordinate's MAV media at least annually to evaluate the member's performance, verify compliance with department procedures, and determine the need for additional training. The review should include a variety of event types when possible. Supervisors should review MAV media with the recording member when it would be beneficial to provide guidance or to conduct one-on-one informal training for the member.
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry, or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to their employment
- (h) By court personnel through proper process or with the permission of the Chief of Police or the authorized designee
- (i) By the media through proper process
- (j) To assess possible training value
- (k) For training purposes. If an involved officer objects to showing a recording, their objection will be submitted to the command staff to determine if the training value outweighs the officer's objection
- (l) As may be directed by the Chief of Police or the authorized designee

Mobile Audio Video

Members desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Sergeant. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

445.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

445.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

445.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

445.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Lehi City Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

445.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.

Lehi City Police Department

Lehi City PD Policy Manual

Mobile Audio Video

- (e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, reuse, modify, or tamper with MAV recordings. Only a supervisor, MAV technician, or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed or otherwise inserted into any device not approved by the Department, the MAV technician, or forensic media staff.

445.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing, and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secure location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the established records retention schedule.

445.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

445.11 ANNUAL PROGRAM REVIEW

The MAV technician should complete an annual administrative review of the MAV program and provide it to the Chief of Police for review.

BODY WORN CAMERA POLICY

446.1 PURPOSE AND SCOPE

The Lehi City Police Department has identified a need to equip its police officers with body worn cameras (BWC) as part of its continuing effort to improve transparency, protect its members from false, frivolous claims, and to increase efficiency. This policy is intended to provide officers with the instructions and guidelines on when and how to use BWC's so public contacts can be recorded reliably and in accordance with applicable State and Federal laws.

446.2 POLICY

It is the policy of the Lehi City Police Department to issue to personnel, when available, a BWC to be utilized while engaging in the performance of their official duties or during those times when the employee is engaged in special uniformed assignments or details. The Department may have a limited number of BWCs and may not be able to equip each officer. Officers with BWC's shall be required to adhere to the mandates and practices outlined within this policy. All recordings are property of the Department and will be handled in strict adherence to this policy. The captured data from the BWC's will be handled and stored on a secure server maintained by IT Specialists employed by Lehi City. This policy does not cover the use of in-vehicle cameras or the use of surreptitious recording devices used in undercover operations which are both covered in separate sections of this policy manual.

446.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

446.4 DEFINITIONS

The following definitions relate to terms used within this policy:

Body Worn Camera (BWC) – A body worn camera system that records digital video and audio which can be mounted in various configurations on an officer's uniform or glasses. The Department has chosen to deploy the VieVu LE Series Body Cameras as well as the WatchGuard VISTA Model Body Camera.

Normal (Buffering) Mode – The mode of operation in which the camera captures a continuous 30-second loop of video but no audio. Sometimes referred to as Pre-Record.

Event (Record) Mode – The mode of operation in which the camera system captures the 30 seconds of buffered video and records both video and audio footage thereafter.

Law Enforcement Encounter – A Law Enforcement Encounter is defined by Utah State Law as:

- (a) An enforcement stop
- (b) A dispatched call;

Lehi City Police Department

Lehi City PD Policy Manual

BODY WORN CAMERA POLICY

- (c) A field interrogation or interview;
- (d) Use of force;
- (e) Execution of a warrant;
- (f) A traffic stop, including
 - 1. A traffic violation
 - 2. Stranded motorist assistance; and
 - 3. Any crime interdiction stop; or
 - 4. Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.
- 5. Nothing in this policy shall prevent an officer from activating a BWC for any other situations that are not listed here.

Media Storage – The secure server that stores digitally encrypted video and audio recordings from the camera systems. The data is accessible to authorized personnel and maintains an audit trail of all user activities.

Evidence Docking Station (EDS) – A docking station that facilitates the secure uploading of all data captured by the controller to media storage and simultaneously recharges the camera system.

Agency Administrators – Agency administrators have full access to and user rights within the media storage system. He/she can assign and track equipment, control passwords, delete non-evidentiary recordings according to policy and state law, conduct audits and quality control reviews, and act as a liaison with the body worn camera manufacturer and/or representatives.

446.5 GENERAL PROCEDURES

Only those officers that have completed the Department-approved training on the policy, use, and operation of the BWC and the media storage system will be allowed to operate the BWC and media storage systems. Refresher training will occur occasionally and will be mandatory for anyone that is issued a BWC. The BWC will be issued by the Patrol Division Commander to each individual officer and the unique identification number for each device will be recorded as issued to that officer. Only those BWC systems that are issued by the Department will be allowed to be used by officers while they are performing official police duties. This policy shall also apply to members while engaged in uniformed secondary duties or overtime assignments that have been authorized and approved through the Department.

Each BWC shall be worn in a fashion that it is clearly visible and evident that a BWC is present. If the BWC is not clearly visible, state law requires that officers give verbal notice that a BWC is present when entering a residence. No verbal notice is required, however, when the BWC is worn in a clearly visible place.

Each officer will be responsible for the care and maintenance of all issued BWC equipment and will inspect it before and after each shift for functionality and/or physical damage. At the beginning

Lehi City Police Department

Lehi City PD Policy Manual

BODY WORN CAMERA POLICY

of each shift, the officer will verify that the power is functioning on their BWC by initiating the power button as well as depressing the battery test function button. This will ensure the operational readiness of the equipment so that it will most likely function properly when activated. If any damage occurs to the BWC or a malfunction occurs at the beginning, during, or end of a shift, the officer will promptly notify his/her immediate supervisor. A replacement device will be issued, if available. The supervisor will notify an Agency Administrator of the damaged or malfunctioning device and take it out of service until it can be repaired or replaced.

The BWC system will be utilized by officers of this Department to record all Law Enforcement Encounters, as defined in this policy, with the public. The BWC shall be worn on the front of the uniform in a manner so as to obtain the best possible view and angle of any interaction. Officers should be aware of their body placement and attempt to position themselves so as to capture the best camera angle of the event. This does not in any way require the officer to place themselves in a more dangerous or exposed position; officer safety should not be discarded. Any other applications or mounting options will be at the discretion of the Chief of Police. The BWC will be turned on at the beginning of the officer's shift and remain in the Normal (Buffering) Mode throughout the entire shift except when actively recording. Officers will activate the Event (Record) Mode when dispatched to a Call for Service, to record any Law Enforcement Encounters and any other situations or circumstances that the officer deems necessary and in accordance with this policy. The BWC should remain activated and in the Event (Record) Mode throughout the entirety of a Law Enforcement Encounter, investigation, or until the officer leaves the scene unless one of the below-listed exemptions exists.

The MUTE function of the BWC should not be activated except in accordance with the below exemptions as well. This is to ensure the integrity of the recording and to document all actions taken by the officer as well as interactions with involved parties. An officer may deactivate or mute a BWC:

- a) To consult with a supervisor or another officer;
- b) During a significant period of inactivity; or
- c) During a conversation with a sensitive victim of crime, a witness of a crime, or an individual who wishes to report or discuss criminal activity if;
 - (a) The individual who is the subject of the recording makes a request a request to the officer to deactivate the BWC; and,
 - (b) The officer believes that the value of the information outweighs the value of the potential recording and records the request by the individual to deactivate the BWC.

If an officer deactivates or mutes a BWC, the officer shall:

- a) Vocalize the purpose for which the BWC is being deactivated so that the reason for deactivation is captured on the recording; and,
- b) Document the reason for deactivating the BWC in a written report

Lehi City Police Department

Lehi City PD Policy Manual

BODY WORN CAMERA POLICY

Officers will document in their written reports or on a citation the utilization of the BWC. They will input the appropriate case number to each video or by accessing the media storage system and adding it manually. When circumstances do not require a written report be taken but a recording has been made, the officer will assure that the video has been properly categorized using metadata to indicate what type of interaction took place, but no report shall be required merely because there was a recording. Furthermore, the video recording is not a replacement for a written report, but rather a supplement thereto. Officers with the Department shall NOT use the BWC in a mode that would allow for the recording lights to be deactivated or appear as if the BWC was not recording, sometimes known as Stealth mode. Nor shall officers cover the recording lights with anything that would make them not readily visible.

446.6 EXCEPTIONS FOR WEARING OF BODY WORN CAMERA (BWC)

The Department has identified some exceptions to the requirement to have a BWC activated during public contacts/Calls for Service. A BWC and subsequent video recording may not be available under these circumstances. There are other circumstances that may arise and must be evaluated by a supervisor to ensure that adherence to this policy is maintained with minimal exceptions.

446.6.1 DEVICE CHARGING

Because the BWC must be recharged, sometimes it will be either at the Department or in the vehicle charger. It should be noted that officers may encounter situations and circumstances while they are traveling to and from work for their assigned shifts or may be called to respond to an emergency directly from their home, but the BWC may be at the Department. It remains the responsibility of the officer to ensure that their BWC is fully-charged before each shift.

446.6.2 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

446.7 UNAUTHORIZED MANIPULATION OF RECORDINGS PROHIBITED

Under no circumstances will an officer edit or attempt to edit, alter, erase, delete, duplicate, copy, record, or distribute by any other means any recordings made with the BWC without the prior authorization and approval from the Chief of Police or his designee. All recordings are considered the property of the Department and no personal use of the BWC will be permitted whether on or off duty. Violations of the provisions of this policy shall be formally documented and may be grounds for disciplinary action.

446.8 PROHIBITED RECORDINGS

BWC's will only be used in conjunction with official law enforcement duties and shall not be used for any personal reason. The BWC shall not be used to record:

- (a) Personal conversations with other Department employees not related to current investigations

Lehi City Police Department

Lehi City PD Policy Manual

BODY WORN CAMERA POLICY

- (b) Encounters with undercover officers or confidential informants if the recording could jeopardize their safety or an investigation
- c) When an officer is engaged in personal activities, such as while on breaks or meals
- d) Whenever an individual could have a reasonable expectation of privacy, such as in a restroom or locker room
- e) Conversations between individuals where the officer is not a party to the conversations unless capture would be authorized by law

446.9 MEDIA STORAGE AND RETENTION

Upon the completion of their shift, officers will upload the recorded media from their BWC to the secure server. The media that is captured will only be uploaded to the secure server operated by Lehi City IT Department and will only be used for official purposes. To avoid potential interruption in the uploading process and possible corruption of the recorded data, the BWC system should not be removed from the docking station until the upload process has completed, unless absolutely necessary. All recorded media will be categorized by the officer and a case number attached (if a case number was assigned) to allow for proper retention. Retention of all records will be maintained in accordance with federal, state, and local laws and regulations. When an Officer is notified that a body camera video is scheduled for deletion the Officer shall verify the video is properly categorized and that there is no reason to preserve the video. This shall be done prior to the deletion date. Once the legally mandated retention period has been reached for specific recordings, they will be purged from the system unless notice of evidence preservation has been given requiring further retention.

446.10 DELETION OF UNINTENTIONAL RECORDINGS

In the event there is an accidental or unintentional activation of the BWC where the recording has no investigative significance or purpose such as while driving in the vehicle or where a reasonable expectation of privacy exists (restroom, etc.) officers may request a recording deletion by:

- (a) Request through email to one of the Patrol Lieutenants that an accidental recording be deleted. The email should contain sufficient information to outline why the recording should be deleted as well as the circumstances surrounding the accidental activation.
- (b) The Patrol Lieutenant will review at least a portion of the accidental recording to verify there is no investigative purpose for the video and will then email a Division Commander or the Chief of Police requesting permission to delete the recording as well as a statement verifying that the recording has been reviewed and fits the proper criteria to be deleted.
- (c) The Division Commander or Chief of Police will then respond via email to the Patrol Lieutenant, either authorizing deletion or denying the request. The Patrol Lieutenant will comply with these findings.

446.11 GRAMA REQUESTS

It is the goal of the Department to support and promote openness and transparency in order to maintain a strong relationship with the community that we serve. All requests for recordings

Lehi City Police Department

Lehi City PD Policy Manual

BODY WORN CAMERA POLICY

or GRAMA (Government Records Access and Management Act) requests will be accepted and processed in accordance with federal, state, and local statutes and in accordance with Departmental policy. The release of recordings must also ensure that all rights to privacy of victims, witnesses, and suspects are maintained whenever possible and that the integrity of an investigation is not compromised. Legitimate redactions and/or denials of requests may be made to ensure that this is accomplished. Classification of BWC recordings as private, protected, or controlled will be made on a case by case basis and as allowed by state law.

Mobile Digital Communicator Use

447.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use, and application of the Mobile Digital Communicator (MDC) system in order to ensure appropriate access to confidential records from local, state, and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch. See the CJIS Access, Maintenance, and Security Policy for additional guidance.

447.2 POLICY

Lehi City Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

447.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

447.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use, Protected Information, and CJIS Access, Maintenance, and Security policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Shift Sergeants.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks, and communications that are directly related to the business, administration, or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from their supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing, or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Lehi City Police Department

Lehi City PD Policy Manual

Mobile Digital Communicator Use

447.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

447.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Sergeant or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

447.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

447.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Sergeant are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

447.6 EQUIPMENT CONSIDERATIONS

447.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall

Lehi City Police Department

Lehi City PD Policy Manual

Mobile Digital Communicator Use

be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

447.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

449.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, handheld, or integrated into portable equipment (Utah Code 77-7a-102).

This policy does not apply to mobile audio/video recordings, interviews, or interrogations conducted at any Lehi City Police Department facility, or to wiretaps or eavesdropping (concealed listening devices). Except to the extent provided in Utah Code 77-7a-104, this policy does not apply to officers engaged in undercover operations or assigned to a narcotics unit or a task force engaged primarily in narcotics investigations.

Additional guidance regarding the use of body-worn cameras during the execution of a warrant is found in the Warrant Service Policy.

449.2 POLICY

The Lehi City Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

449.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

449.4 MEMBER RESPONSIBILITIES

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

The Chief of Police, or their designee, may also use a portable audio/video recording device during the course of any internal investigation into any alleged misconduct by an employee of Lehi City or the Lehi City Police Department. The Chief of Police, or their designee, are not required to either wear or place the recording device in a conspicuous manner/place. Nor are they required to make any notification to any individuals that the conversation is being recorded.

When using a portable audio/video recorder, the assigned member shall record his/her name, LPD identification number and the current date and time at the beginning and the end of the conversation, or as soon as practical after the end of the conversation. This procedure

Lehi City Police Department

Lehi City PD Policy Manual

Portable Audio/Video Recorders

is not required when the recording device and/or related software captures the user's unique identification and the date and time of each recording (Utah Code 77-7a-104).

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation (Utah Code 77-7a-104).

449.5 ACTIVATION OF THE PORTABLE AUDIO/VIDEO RECORDER

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable audio/video recorder or change the recording media (Utah Code 77-7a-102). However, the recorder should be activated in situations described above as soon as reasonably practicable (Utah Code 77-7a-104).

449.5.1 SURREPTITIOUS USE OF THE PORTABLE AUDIO/VIDEO RECORDER

Utah law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (Utah Code 77-23a-4).

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

449.5.2 CESSATION OF RECORDING

Once activated, the portable audio/video recorder should remain on continuously until the member reasonably believes his/her direct participation in the incident or conversation is complete or the situation no longer fits the criteria for activation. Recording may be stopped (Utah Code 77-7a-104):

- (a) During significant periods of inactivity such as report writing or other breaks from direct participation in the incident, including consultation with a supervisor or other officer.
- (b) When speaking with a victim, witness, or person wishing to report or discuss criminal activity if both of the following apply:
 - 1. The subject of the recording requests deactivation.
 - 2. The member believes the value of the information outweighs the value of the potential recording.
- (c) During a conversation with a victim of a sexual offense or domestic violence if:

Lehi City Police Department

Lehi City PD Policy Manual

Portable Audio/Video Recorders

1. The member is conducting an evidence-based lethality assessment.
2. The victim or the member believes that deactivating the body-worn camera recording will either:
 - (a) Encourage complete and accurate information sharing by the victim, or
 - (b) Is necessary to protect the safety or identity of the victim.
3. The body-worn camera is reactivated as soon as reasonably possible after the evidence-based lethality assessment is complete.

The member should record the request to deactivate the portable audio/video recorder. A member should document any instance where he/she should have activated his/her portable audio/video recorder (if issued one by the Department) but failed to do so, and the reason for the failure (Utah Code 77-7a-104).

449.5.3 EXPLOSIVE DEVICE

Many portable audio/video recorders have transmitters and emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

449.6 PROHIBITED USE OF PORTABLE AUDIO/VIDEO RECORDERS

Members are prohibited from using department-issued portable audio/video recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity. Members may not alter or delete a recording captured on a portable audio/video recorder (Utah Code 77-7a-106).

Members are also prohibited from retaining audio/video recordings of activities or information obtained while on-duty whether the audio/video recording was created with a department-issued or personally-owned audio/video recorder. Members shall not duplicate or distribute such audio/video recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department (Utah Code 77-7a-106).

Members are prohibited from using personally-owned audio/video recording devices while on-duty without the express consent of the Shift Sergeant. Any member who uses a personally-owned audio/video recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

449.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

Lehi City Police Department

Lehi City PD Policy Manual

Portable Audio/Video Recorders

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an under-cover officer or confidential informant.
- (g) Recorded content contains sound or images from a residence (Utah Code 63G-2-302).
- (h) Recorded content contains sound or images from a hospital, health care facility, human service program or the clinic of a health care provider (Utah Code 63G-2-305).

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

449.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their audio/video recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of any audio/video recordings. Members should not use the fact that an audio/video recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant audio/video recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All audio/video recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

- (b) Accessing data and recordings.
- (c) Logging or auditing access.
- (d) Transferring, downloading, tagging or marking events.

449.11.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

Bicycle Patrol Unit

453.1 PURPOSE AND SCOPE

The Lehi City Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. The quiet operation of the bicycles also can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

453.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize officers mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Shift Sergeant.

453.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a change of assignment request to their appropriate Division Commander. A copy will be forwarded to the BPU supervisor. Qualified applicants will then be invited to an oral interview. The oral board will consist of the BPU supervisor and a second person to be selected by the BPU supervisor. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

453.3.1 BICYCLE PATROL UNIT SUPERVISOR

The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Patrol Division Commander or designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
- (c) Scheduling maintenance and repairs.
- (d) Evaluating performance of bicycle officers.
- (e) Coordinating activities with the Patrol Division.

- (f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.

453.4 TRAINING

Participants in the program must successfully complete the Utah POST 32-hour basic training course or a Department-approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

453.5 UNIFORMS AND EQUIPMENT

Bicycles officers shall wear the Department-approved uniform and safety equipment while operating the police bicycle. Safety equipment includes Department-approved helmet, riding gloves, protective eyewear and approved footwear. Soft body armor/vest is strongly recommended.

The bicycle uniform consists of the standard short sleeve uniform shirt or black Coolmax® type shirt with Department-approved badge, patches, and bicycle patrol pants or shorts with uniform appearance.

Optional equipment includes a radio head set and microphone. In colder weather a jacket may be worn; turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining necessary forms, citation books and other equipment for use while on bike patrol.

453.6 CARE AND USE OF PATROL BICYCLES

- (a) Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.
- (b) Bicycles utilized for uniformed bicycle patrol shall be primarily black or white with a Police decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors, front lights and a siren/horn satisfying the requirements of Utah Code 41-6a-1114.

Lehi City Police Department

Lehi City PD Policy Manual

Bicycle Patrol Unit

- (c) Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls, including report writing, vehicle storage and citations.
- (d) Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.
- (e) Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides or rear of the bicycle.
- (f) Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to ensure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).
- (g) If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.
- (h) Each bicycle will have scheduled maintenance twice yearly to be performed by a Department-approved repair shop/technician.
- (i) At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.
- (j) Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.
- (k) Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor or in the event of an emergency.
- (l) Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.
- (m) Bicycles shall be properly secured when not in the officer's immediate possession.

453.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the Utah Code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions:

- (a) In response to an emergency call.

- (b) While engaged in rescue operations.
- (c) In the immediate pursuit of an actual or suspected violator of the law.

Foot Pursuit

457.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

457.2 POLICY

It is the policy of the department that officers, when deciding to initiate or continue a foot pursuit, must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

457.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion of the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

Lehi City Police Department

Lehi City PD Policy Manual

Foot Pursuit

- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

457.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with Dispatch or with backup officers.
- (h) The suspect enters a building, structure, confined space, wooded or otherwise isolated area and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinate containment, pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance and there are no other emergency personnel able to render assistance.
- (m) The suspect's location is no longer known.

Lehi City Police Department

Lehi City PD Policy Manual

Foot Pursuit

- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time and it reasonably appears that there is no immediate threat to department personnel or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness, or other conditions.

457.5 RESPONSIBILITIES IN FOOT PURSUITS

457.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress the pursuit. When acting alone and when practicable the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify communications with his/her location, the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect) and direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

457.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit all other officers should minimize non-essential radio traffic in order to permit the involved officers maximum access to the radio frequency.

Lehi City Police Department

Lehi City PD Policy Manual

Foot Pursuit

457.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit at any time he/she concludes that the danger to pursuing officers or the public outweighs the objective of immediate apprehension of the suspect.

Upon the apprehension of the suspect the supervisor shall promptly proceed to the termination point to direct the post-pursuit activity.

457.5.4 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Sergeant as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

457.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.

Lehi City Police Department

Lehi City PD Policy Manual

Foot Pursuit

- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

COMMERCIAL MOTOR VEHICLE (CVSA) INSPECTIONS

462.1 PURPOSE AND SCOPE

The purpose and goal of CVSA enforcement is to ensure safer roadways by performing various types of inspections to Commercial Motor Vehicles. These inspections are performed with the following objectives:

- (a) Remove unsafe drivers and vehicles from public roadways.
- (b) Reduce frequency of traffic collisions involving commercial motor vehicles.
- (c) Document violations that may be used in subsequent enforcement actions.
- (d) Obtain information regarding carriers, drivers, vehicles and cargo relative to safety and compliance.

CVSA enforcement techniques are based on crash data, enforcement activity records, traffic volume, traffic conditions, and complaints from citizens. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs. It is encouraged for inspectors to obtain probable cause in the form of a traffic offense or safety equipment violation for an inspection but is not necessary as per Federal Motor Carrier Safety Administration (FMCSA) Standards. Inspectors shall not disturb or interrupt any driver of a commercial motor vehicle in off-duty or sleeper berth status when legally parked for the purpose of conducting a random inspection.

462.2 INSPECTIONS

All inspections are to be done in accordance with FMCSA Standards, as marked out in the Operational Policy of the North American Standard Inspection Program. Inspections may be done in the following categories:

Level I North American Standard Inspection

An inspection that includes examination of driver's license; Medical Examiner's Certificate and Skill Performance Evaluation (SPE) Certificate (if applicable); alcohol and drugs; driver's record of duty status, as required; hours of service; seat belt; vehicle inspection report(s) (if applicable); brake systems; cargo securement; coupling devices; driver's seat (missing); driveline/driveshaft; exhaust systems; frames; fuel systems; lighting devices (headlamps, tail lamps, stop lamps, turn signals and lamps/flags on projecting loads); steering mechanisms; suspensions; tires; van and open-top trailer bodies; wheels, rims and hubs; windshield wipers; buses, motorcoaches, passenger vans or other passenger-carrying vehicles – emergency exits, electrical cables and systems in engine and battery compartments, seating (temporary and aisle seats), HM/DG and specification cargo tank requirements, as applicable. HM/DG required inspection items will only be inspected by certified HM/DG and cargo tank inspectors, as applicable. NOTE: If more than 20% of

Lehi City Police Department

pushrod travel on exposed pushrods cannot be measured, then the inspection would not be considered a Level I Inspection and shall be identified as a Level II Inspection.

NOTE: A five-axle vehicle combination with one axle not measured will still require two defective brakes to be placed out of service under the 20% brake criteria.

Level II Walk-Around Driver/Vehicle Inspection

An examination that includes each of the items specified under the North American Standard Level II Walk-Around Driver/Vehicle Inspection Procedure. As a minimum, Level II Inspections must include examination of: driver's license; Medical Examiner's Certificate and Skill Performance Evaluation (SPE) Certificate (if applicable); alcohol and drugs; driver's record of duty status as required; hours of service; seat belt; vehicle inspection report(s) (if applicable); brake systems; cargo securement; coupling devices; driver's seat, driveline/driveshaft; exhaust systems; frames; fuel systems; lighting devices (headlamps, tail lamps, stop lamps, turn signals and lamps/flags on projecting loads); steering mechanisms; suspensions; tires; van and open-top trailer bodies; wheels, rims and hubs; windshield wipers; buses, motorcoaches, passenger vans or other passenger-carrying vehicles – emergency exits, electrical cables and systems in engine and battery compartments, seating (temporary and aisle seats), and HM/DG requirements, as applicable. HM/DG required inspection items will only be inspected by certified HM/DG and cargo tank inspectors, as applicable. It is contemplated that the walk-around driver/vehicle inspection will include only those items that can be inspected without physically getting under the vehicle.

Level III Driver/Credential/Administrative Inspection

An examination that includes those items specified under the North American Standard Level III Driver/Credential/Administrative Inspection Procedure. As a minimum, Level III Inspections must include, where required and/or applicable: examination of the driver's license; Medical Examiner's Certificate and Skill Performance Evaluation (SPE) Certificate; driver's record of duty status; hours of service; seat belt; vehicle inspection report(s); and carrier identification and status.

NOTE: Mechanical equipment violations specific to a Level I or Level II Inspection should not be included in a Level III Inspection. If applicable, traffic violations/infractions should be included on a Level III Inspection.

462.3 DOCUMENTATION

All inspections will be documented through the computer program Inspect, or any other program used through and by the CVSA Section of the Utah Highway Patrol. All violations shall be documented in accordance with Operational Policy 14, which governs the uniformity of data and violations found and listed.

Lehi City Police Department

Lehi City PD Policy Manual

COMMERCIAL MOTOR VEHICLE (CVSA) INSPECTIONS

Three copies of the inspection will be provided with every inspection successfully performed and shall be signed by Inspector, driver of the Commercial Motor Vehicle or representative of the Carrier. The Lehi City Police Department shall retain one copy, the driver shall obtain one copy, and another copy is provided to the driver to be instructed to give to the Carrier.

All inspections are also required to be documented in Spillman through a Case Number. These reports are to be completed in a detailed and timely manner. It is encouraged the Inspector photograph the violations observed and it is required that all obtained evidence be attached to the case report.

462.4 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations. Inspectors are encouraged to work with local businesses to educate them and help them improve the overall safety of vehicles on the roadway.

462.5 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

462.6 OUT OF SERVICE

Any driver or vehicle deemed to have violated an Out of Service Violations located in the North American Standard Out-of-Service Criteria Handbook shall be placed Out of Service by sticker notice. This notice shall bear a Lehi City Police Department badge and be numbered. It shall contain the following message:

OUT-OF-SERVICE ORDER. This motor vehicle has been declared an IMMINENT HAZARD. This vehicle is not to be operated until repaired. This sticker shall be removed only under the conditions stated on the "OUT-OF-SERVICE ORDER." Unauthorized removal shall make the person responsible liable to fine under Section 11914(b), Title 49, United States Code. The repairs listed below must be completed before this vehicle may be operated. [Several lines shall be provided to describe the out of service violations] Penalties up to \$10,000 are provided for operating this vehicle in its imminent hazard condition. (49 U.S.C. 521(b) and 49 CFR 386.85)

This Out-of-Service Order shall contain the inspection number, Lehi City Police Department's case number, date of inspection, and Inspector's signature. It shall also be placed in a noticeable location, preferably the driver door.

Lehi City Police Department

COMMERCIAL MOTOR VEHICLE (CVSA) INSPECTIONS

Officers shall verify the violation in the current out of service manual prior to entering a violation on the inspection or placing a vehicle out of service.

Each year when a new Out of Service Manual is released the police department will obtain copies for each CVSA Inspector. There will be a training to go over the updates.

462.7 EQUIPMENT

The following equipment shall be provided to each inspector by the Lehi City Police Department:

Calipers Eye Flashlight Tire Pressure Gauge

Chalk PPE Tread Depth Gauge

Coveralls Creeper Wheel Chock Blocks

Scraper 6-12" Ruler Out-of-Service Criteria Handbook (updated annually)

462.8 INSPECTOR TRAINING

Certified inspectors from the Lehi City Police Department shall attend UHP's annual Top Hands Training, when staffing and manpower permits. An in-house training, conducted semi-annually will also be conducted. Inspectors are encouraged to attend other available training with Inspectors from local agencies, with supervisor approval and when possible with staffing and scheduling needs.

Inspectors are required to obtain a minimum of 32 inspections annually to maintain certification. New Lehi City Police Inspectors shall have no more than half of their initial 32 inspections done with the same Inspector.

462.9 INSPECTION REPORT TIMELINESS

All inspectors are expected to submit their Inspection Reports in a timely manner. In most cases, this means submitting the Inspection Report immediately after completing the inspection. This can be delayed due to the need for further follow up and or connectivity issues. Inspectors should avoid waiting longer than 24 hours to submit a finished inspection, unless approved by a supervisor.

At no time should an unfinished or incomplete inspection be submitted through the federal system.

462.10 INSPECTION REPORT APPROVAL

All inspections shall be sent to another CVSA Inspector for approval. This is to ensure that at least two people have gone over the inspection. If there are errors discovered, they shall be fixed, and the inspection shall be updated in the federal system. The company will also be contacted and advised of the error and a copy of the corrected inspection sent to them.

- (c) If the commercial vehicle is at fault and it appears mechanical failure was related to the collision.
- (d) If it is apparent that the commercial vehicle is in poor repair and is a clear hazard.

462.15 CVSA OPERATIONAL POLICY 14

The basis for this policy can be found within Operational Policy 14 of the North American Standard Inspection Program of the Commercial Vehicle Safety Alliance (CVSA).

Animal Control

463.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

463.2 ANIMAL CONTROL RESPONSIBILITIES

Animal control services are generally the primary responsibility of Animal Control and include the following:

- (a) Animal-related matters during periods when Animal Control is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Control is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

463.3 MEMBER RESPONSIBILITY

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to the public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
 - 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
 - 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

Lehi City Police Department

Lehi City PD Policy Manual

Animal Control

463.4 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

463.5 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts shall be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

463.5.1 INJURED WILDLIFE

Members encountering injured wildlife should contact the Utah Division of Wildlife Resources or one of the Division's authorized wildlife rehabilitators.

463.6 POLICY

It is the policy of the Lehi City Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

463.7 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to Utah Code 76-13-202 et seq.

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty in accordance with Utah Code 76-13-102.

463.8 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

463.9 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality of life issues.

463.10 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Shift Sergeant will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

Lehi City Police Department

Lehi City PD Policy Manual

Animal Control

463.11 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

463.12 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

Homeless Persons

464.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Lehi City Police Department recognizes that members of the homeless community are often in need of special protection and services. The Lehi City Police Department will address these needs in balance with the overall missions of this department. Therefore, officers will consider the following when serving the homeless community.

464.1.1 POLICY

It is the policy of the Lehi City Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

464.2 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

464.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.

Lehi City Police Department

Lehi City PD Policy Manual

Homeless Persons

- (e) Consider whether the person may be a dependent adult or elder and if so proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

464.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

464.4 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Civil Commitments Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

Lehi City Police Department

Lehi City PD Policy Manual

Homeless Persons

464.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

465.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

465.2 POLICY

The Lehi City Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

465.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officer, him/herself or others.
- (d) Recording the actions of an officer does not by itself constitute a crime of interference, willful resistance, disorderly conduct or obstruction of justice (Utah Code 76-8-305).

465.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Lehi City Police Department

Lehi City PD Policy Manual

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

465.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

465.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the

Lehi City Police Department

Lehi City PD Policy Manual

Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Medical Aid and Response

466.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

466.2 POLICY

It is the policy of the Lehi City Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

466.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Lehi City Police Department

Lehi City PD Policy Manual

Medical Aid and Response

466.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are not in custody and who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

For guidelines regarding transporting ill or injured persons who are in custody, see the Transporting Persons in Custody Policy.

Members should not provide emergency escort for medical transport or civilian vehicles.

466.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with temporary custody pursuant to a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

466.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

466.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

Lehi City Police Department

Lehi City PD Policy Manual

Medical Aid and Response

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

466.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member should use an AED only after the member has received appropriate training (Utah Code 53-2d-806).

466.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly shall be taken out of service and given to the Training Sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

Lehi City Police Department

Lehi City PD Policy Manual

Medical Aid and Response

466.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

466.8.3 AED TRAINING AND MAINTENANCE

The Training Sergeant should ensure appropriate training, that includes training in CPR and AED use, is provided to members authorized to use an AED (Utah Code 53-2d-806).

The Training Sergeant is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

466.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocol specified by the health care provider who prescribed the overdose medication for use by the member. With approval of the on-duty supervisor, members may also provide the opioid overdose medication to a person who is experiencing an opiate-related drug overdose event or to a family member, friend, or other individual who is in a position to assist such individual (Utah Code 26B-4-509).

466.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

466.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Sergeant will ensure that the Records Manager is provided enough information to meet applicable state reporting requirements.

466.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Sergeant should ensure training is provided to members authorized to administer opioid overdose medication. The training should include the written instructions provided by the dispensing health care provider on (Utah Code 26B-4-509):

- (a) How to recognize an opiate-related drug overdose event.
- (b) How to administer an opiate antagonist.
- (c) How to ensure that an individual to whom the medication has been administered receives additional medical care and a medical evaluation, as soon as possible.
- (d) The safety, effectiveness, and risks of administering an expired opiate antagonist.

Medical Aid and Response

466.10 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, the arrestee should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance to an appropriate medical facility.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

466.10.1 HOSPITAL SECURITY AND CONTROL

Officers who transport persons in custody to medical facilities for treatment should provide security and control during examination and treatment consistent with department protocols. Any such transport should be conducted in accordance with the Transporting Persons in Custody Policy.

The Patrol Division Commander should develop protocols related to the following:

- (a) Providing security and control during an examination or treatment, including:
 - 1. Monitoring the person in custody (e.g., guarding against escape, suicide, and assault of others)
 - 2. Removal of restraints, if necessary and appropriate (see the Handcuffing and Restraints Policy)
- (b) Responsibility for continuing security and control if the person in custody is admitted to the hospital
 - 1. This should include transferring custody of the person to an appropriate agency.

466.11 FIRST-AID TRAINING

The Training Sergeant should ensure officers receive periodic first-aid training appropriate for their position.

First Amendment Assemblies

468.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

468.2 POLICY

The Lehi City Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

468.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

Lehi City Police Department

Lehi City PD Policy Manual

First Amendment Assemblies

468.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

468.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

468.4.1 CRIMINAL STREET GANGS

Officers should conduct gang-loitering enforcement in a manner consistent with Utah law and should not infringe on the right of individuals to engage in constitutionally protected collective advocacy activities (e.g., lawful picketing, demonstrations, religious or political assembly) (Utah Code 53-25-602).

468.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

Lehi City Police Department

Lehi City PD Policy Manual

First Amendment Assemblies

468.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

468.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.

Lehi City Police Department

Lehi City PD Policy Manual

First Amendment Assemblies

- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

468.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

468.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, the Incident Commander or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area, and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

468.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt

Lehi City Police Department

Lehi City PD Policy Manual

First Amendment Assemblies

a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

468.8 ARRESTS

The Lehi City Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

468.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

Lehi City Police Department

Lehi City PD Policy Manual

First Amendment Assemblies

468.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

468.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

468.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

468.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Suspicious Activity Reporting

469.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

469.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

469.2 POLICY

The Lehi City Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

469.3 RESPONSIBILITIES

The Investigation Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Division Commander include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Lehi City Police Department

Lehi City PD Policy Manual

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

469.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

469.5 HANDLING INFORMATION

The Records Bureau will forward copies of SARs, in a timely manner, to the following:

- Investigations Division supervisor
- Crime Analysis Unit
- Other authorized designees

Civil Disputes

470.1 PURPOSE AND SCOPE

This policy provides members of the Lehi City Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Utah law.

470.2 POLICY

The Lehi City Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity, and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides, and refrain from giving legal or inappropriate advice.

470.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

470.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

Lehi City Police Department

Lehi City PD Policy Manual

Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

470.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

470.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

470.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Lehi City Police Department

Lehi City PD Policy Manual

Civil Disputes

470.6.1 LONG-TERM GUEST ISSUES

For disputes related to a long-term guest, as defined by Utah Code 76-6-206.4, who has received notice to vacate a residence by an owner, tenant, or other person with apparent authority to act for the owner or tenant, officers must provide the guest with a reasonable time to collect personal belongings prior to escorting the individual from the residence. A long-term guest should not be escorted from the residence if a separate owner or tenant has granted the guest express permission to remain in the residence and the permission has not been revoked or rendered void (Utah Code 76-6-206.4).

470.6.2 REMOVAL OF TRESPASSER FROM REAL PROPERTY

If a property owner or property owner's authorized agent requests the immediate removal of a trespasser from real property located within the jurisdiction of the Lehi City Police Department, the department will take reasonable steps to initiate action when appropriate in accordance with Utah Code 78B-6-817. If the trespasser is homeless or will be homeless following the removal, provisions of the Homeless Persons Policy should be followed to the extent practicable.

Crisis Intervention Incidents

471.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

471.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

471.2 POLICY

The Lehi City Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that some persons in crisis may benefit from police intervention, while others may be better served by being passively monitored or, in some cases, simply left alone by law enforcement officers. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

471.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Lehi City Police Department

Lehi City PD Policy Manual

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

471.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

471.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Lehi City Police Department

Lehi City PD Policy Manual

Crisis Intervention Incidents

471.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis. This is particularly true if the person in crisis has not committed any crime and poses no danger to anyone else. If an individual has threatened suicide, but has committed no crime and poses no danger to anyone else, it is the policy of the Lehi City Police Department that phone contact with such an individual may be initiated, but direct contact, if it would place officers or the individual in further danger, should be avoided. If direct contact is made with such an individual, the main priority of an officer should be to de-escalate the situation if possible and to provide the person in crisis with the appropriate resources to deal with their situation.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

471.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.

Lehi City Police Department

Lehi City PD Policy Manual

Crisis Intervention Incidents

- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

471.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

471.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

471.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

471.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

Lehi City Police Department

Lehi City PD Policy Manual

Crisis Intervention Incidents

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

471.11 EVALUATION

The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

471.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

Body-Worn Cameras

473.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of a body-worn camera (BWC) by members of this department and for the access, use, and retention of department BWC media (Utah Code 77-7a-102).

The provisions of this policy, including notice, documentation, access, and retention, also apply to other portable audio/video recording devices used by members, where applicable.

This policy does not apply to wiretaps or eavesdropping (concealed listening devices). Except to the extent provided in Utah Code 77-7a-104, this policy does not apply to officers engaged in undercover operations or assigned to a narcotics unit or a task force engaged primarily in narcotics investigations.

473.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - To place a BWC in active mode (also called event mode). In active mode, the BWC records both video and audio.

BWC media - The video, audio, and images captured by department BWCs and the associated metadata.

BWC media systems - Any software, including web-based programs and mobile applications, used by the Department to upload/download, store, view, transfer, and otherwise maintain BWC media.

Deactivate - To place a BWC in buffering mode (also called ready or pre-event mode). In buffering mode, the BWC records video (without audio) in short, predetermined intervals that are retained only temporarily. However, when a BWC is activated, the interval recorded immediately prior to activation is then stored as part of the BWC media. Deactivate does not mean powering off the BWC.

Event - A general term referring to a set of circumstances that may, but does not necessarily, correlate directly to a single public safety incident.

473.2 POLICY

It is the policy of the Department to use BWCs and BWC media for evidence collection and to accurately document events in a way that promotes member safety and department accountability and transparency while also protecting the privacy of members of the public.

473.3 RESPONSIBILITIES

473.3.1 BWC COORDINATOR RESPONSIBILITIES

The Chief of Police or the authorized designee should delegate certain responsibilities to a BWC coordinator.

Lehi City Police Department

Lehi City PD Policy Manual

Body-Worn Cameras

The responsibilities of the coordinator include:

- (a) Serving as a liaison between the Department and the BWC manufacturer/distributor and any third-party media storage vendor.
- (b) Developing inventory procedures for issuing and tracking BWC equipment, including properly marking BWCs as property of the Department and recording the date each BWC is placed into or taken out of service.
- (c) Assisting with troubleshooting and maintenance of BWC equipment and media systems and, when necessary, coordinating the repair or replacement of BWCs.
 - 1. All equipment and system malfunctions and their resolutions should be documented, and maintenance and repair records should be maintained for all BWCs.
- (d) Managing BWC media systems so that:
 - 1. Access is limited to the minimum necessary authorized users and user privileges are restricted to those necessary for the member to conduct assigned department duties.
 - 2. Security requirements, such as two-factor authentication and appropriate password parameters, are in place for user credentials.
- (e) Configuring BWC media systems, or developing manual procedures, so that media is appropriately categorized and retained according to the event type tagged by members.
- (f) Retaining audit logs or records of all access, alteration, and deletion of BWC media and media systems, and conducting periodic audits to ensure compliance with applicable laws, regulations, and department policy.
- (g) Developing and updating BWC training for members who are assigned a BWC or given access to BWC media systems.
- (h) Coordinating with the community relations coordinator to (see the Community Relations Policy):
 - 1. Provide the public with notice of the department's use of BWCs (e.g., posting on the department website or social media pages) (Utah Code 77-7a-105).
 - 2. Gain insight into community expectations regarding BWC use.
- (i) Coordinating with the Records Manager to (see the Records Bureau and Records Maintenance and Release policies):
 - 1. Determine and apply proper retention periods to BWC media.
 - 2. Develop procedures for the appropriate release of BWC media.
- (j) Coordinating with the Evidence Room to develop procedures for the transfer, storage, and backup of evidentiary BWC media (see the Property and Evidence Policy).
- (k) Completing an annual administrative review of the BWC program and providing it to the Chief of Police for review.

Lehi City Police Department

Lehi City PD Policy Manual

Body-Worn Cameras

473.3.2 MEMBER RESPONSIBILITIES

Every member issued a BWC is responsible for its proper use, safekeeping, and maintenance.

At the beginning of each shift or period of BWC use, the member should inspect their assigned BWC to confirm it is charged and in good working order. As part of the inspection, the member should perform a function test by activating the BWC and recording a brief video stating their name, identification number, assignment, and the date and time. The member should repeat this process at the end of each shift (Utah Code 77-7a-104).

Members should wear their assigned BWC on their outermost garment positioned at or near chest level and as close to the center of their body as practicable. Members are responsible for ensuring there are no obstructions and that the BWC remains in a position suitable for recording.

When a BWC is not in the physical possession of the member to which it is assigned, it should be placed on the charging dock and stored in a secure location.

Members shall report any malfunction or damage to the BWC coordinator or on-duty supervisor as soon as practicable and, if possible, obtain a functioning BWC to use either temporarily while repairs are being made to the member's BWC or as a permanent replacement (Utah Code 77-7a-104).

473.4 BWC USE

The following guidelines apply to the use of BWCs:

- (a) Only department-issued BWCs should be used. Members are prohibited from using any other BWC without the express consent of the Chief of Police or the authorized designee.
- (b) BWCs should only be used by the member or members to whom it was issued unless otherwise authorized by a supervisor.
- (c) The use of department-issued BWCs shall be strictly limited to department-related activities (Utah Code 77-7a-106).
 - 1. Except in exigent circumstances where it is not practicable to do so, an officer executing a search warrant shall use a BWC if one is available, (Utah Code 77-23-210).
- (d) Members shall not use BWCs or BWC media systems for which they have not received prior authorization and appropriate training.
- (e) Members shall immediately report unauthorized access or use of BWCs or BWC media systems by another member to their supervisor or the Chief of Police.

473.4.1 PROHIBITIONS

BWCs should not be used to record:

- (a) Routine administrative activities of the Department that do not involve interactions with the public. Care should be taken to avoid incidentally recording confidential documents that the Department has a duty to keep secure (i.e., criminal justice information).

Lehi City Police Department

Lehi City PD Policy Manual

Body-Worn Cameras

- (b) Areas within the department facilities where members have a reasonable expectation of privacy (e.g., locker rooms or dressing areas, breakrooms) unless responding to a call for service or conducting an investigation.
- (c) Conversations of other members without their knowledge.
- (d) When a member is taking an authorized break or otherwise engaged in personal activities.
- (e) In a courtroom unless responding to a call for service or emergency situation.
- (f) Interactions with undercover officers or confidential informants.
- (g) Strip searches.
- (h) Inside a hospital, health care facility, human service program, or the clinic of a health care provider except during a law enforcement encounter (Utah Code 77-7a-104).

BWCs shall not be used for the purpose of embarrassment, harassment, or ridicule of any individual or group.

473.5 ACTIVATION OF BWC

Members shall activate their BWC prior to any law enforcement encounter as defined by Utah Code 77-7a-103 (Utah Code 77-7a-104). Members are not required to activate their BWC during casual or informal contacts with members of the public that are not part of or related to law enforcement functions. However, members should activate their BWC any time a contact with an individual becomes hostile or adversarial.

Unless otherwise authorized by this policy or approved by a supervisor, BWCs shall remain activated until the law enforcement encounter has concluded (Utah Code 77-7a-104). A member may cease recording if they are simply waiting for a tow truck or a family member to arrive, or in other significant period of inactivity.

At no time is a member expected to jeopardize their safety to activate their BWC. However, the BWC should be activated as soon as reasonably practicable in required situations (Utah Code 77-7a-102; Utah Code 77-7a-104).

If a member attempts to activate their BWC but the BWC fails to record an event, the member should notify their supervisor as soon as practicable.

473.5.1 NOTICE OF RECORDING

Unless otherwise approved based on unique circumstances, a member should wear the BWC in a manner that is conspicuous and shall answer truthfully if asked whether they are equipped with a BWC or if their BWC is activated (Utah Code 77-7a-104; Utah Code 77-7a-105).

473.5.2 PRIVACY CONSIDERATIONS

Members should remain sensitive to the dignity of individuals being recorded and should exercise sound discretion with respect to privacy concerns.

Members may mute or deactivate their BWC (Utah Code 77-7a-104):

Lehi City Police Department

Lehi City PD Policy Manual

Body-Worn Cameras

- (a) When requested by a sensitive victim of crime, a witness of a crime, or an individual who wishes to report or discuss criminal activity if the member believes that the value of the information outweighs the value of the potential recording.
- (b) During a conversation with a victim of a sexual offense or domestic violence as part of an evidence-based lethality assessment if the victim or the member believes that deactivating will encourage complete and accurate information sharing by the victim or is necessary to protect the safety or identity of the victim.
- (c) When discussing case tactics or strategy.
- (d) During private conversations with other members or emergency responders.

Members should choose to mute rather than deactivate BWCs when practicable. Deactivation should only be used when muting the BWC will not accomplish the level of privacy necessary for the situation.

Before muting or deactivating their BWC, the member should verbally narrate the reason on the recording. As soon as possible once the privacy concern is no longer an issue, or when circumstances change so that the privacy concern no longer outweighs the department's interest in recording the event (e.g., the individual becomes combative, the conversation ends), the member should unmute or reactivate their BWC and verbally note that recording has resumed.

473.5.3 LIVESTREAMING

Livestreaming enables authorized individuals to remotely view the audio and video captured by a member's BWC in real time. Only supervisors and dispatchers approved by the Chief of Police or the authorized designee shall have access to livestreaming capabilities.

Livestreaming should only be activated:

- (a) For purposes of member safety when the member is not responding to their radio or there is some other indication of distress.
- (b) To assist with situational awareness or tactical decisions during a significant incident.
- (c) When requested by the member.

473.5.4 DOCUMENTATION

Members are encouraged to provide narration while using a BWC when it would be useful to provide context or clarification of the events being recorded. However, the use of a BWC is not a replacement for written reports and should not be referred to in a written report in place of detailing the event.

Every report prepared by a member who is issued a BWC should state "BWC available" or "BWC unavailable," as applicable, and should document (Utah Code 77-7a-104):

- (a) To the extent practicable and relevant, the identity of individuals appearing in the BWC media.
- (b) An explanation of why BWC media is unavailable including any malfunction, damage, or battery issue that resulted in the failure of the BWC to capture all or part of the event.

Lehi City Police Department

- (c) Any exigency or other circumstances that prevented the member from immediately activating the recording at the beginning of the event.
- (d) Any period of the event in which the member deactivated or muted their BWC and the reason for such action.
- (e) If livestreaming was activated during the event, the reason for livestreaming and the members who communicated or participated in the event through BWC livestreaming.

473.6 UPLOADING BWC MEDIA

Unless otherwise authorized by a supervisor, all media from a member's BWC should be properly uploaded and tagged before the end of their shift. BWC media related to a serious or high-profile event (e.g., search for a missing child, active shooter situation) should be uploaded and tagged as soon as practicable upon returning to the Department.

Following an officer involved shooting or death or other event deemed necessary, a supervisor should take possession of the BWC for each member present and upload and tag the BWC media.

473.6.1 TAGGING BWC MEDIA

Members should tag all media captured by their BWC with their name and/or identification number, the case or incident number, and the event type. BWC media should be tagged upon uploading or, if capabilities permit tagging in the field, as close to the time of the event as possible. If more than one event type applies to BWC media, it should be tagged with each event type. If BWC media can only be tagged with a single event type, the media should be tagged using the event type with the longest retention period.

BWC media depicting sensitive circumstances or events should be tagged as restricted. BWC media should be flagged for supervisor review when it pertains to a significant event such as:

- (a) An incident that is the basis of a formal or informal complaint or is likely to result in a complaint.
- (b) When a member has sustained a serious injury or a line-of-duty death has occurred.
- (c) When a firearm discharge or use of force incident has occurred.
- (d) An event that has attracted or is likely to attract significant media attention.

Supervisors should conduct audits at regular intervals to confirm BWC media is being properly uploaded and tagged by their subordinates.

473.7 BWC MEDIA

All BWC media is the sole property of the Department. Members shall have no expectation of privacy or ownership interest in the content of BWC media.

All BWC media shall be stored and transferred in a manner that is physically and digitally secure with appropriate safeguards to prevent unauthorized modification, use, release, or transfer. Contracts with any third-party vendors for the storage of BWC media should include provisions specifying that all BWC media remains the property of the Department and shall not be used by the

vendor for any purpose without explicit approval of the Chief of Police or the authorized designee (Utah Code 77-7a-107).

Members shall not alter, copy, delete, release, or permit access to BWC media other than as permitted in this policy without the express consent of the Chief of Police or the authorized designee (Utah Code 77-7a-106).

BWC media systems should not be accessed using personal devices unless authorized by the Chief of Police or the authorized designee.

473.7.1 ACCESS AND USE OF BWC MEDIA

BWC media systems shall only be accessed by authorized members using the member's own login credentials and in accordance with the Information Technology Use Policy.

BWC media shall only be accessed and viewed for legitimate department-related purposes in accordance with the following guidelines:

- (a) BWC media tagged as restricted should only be accessible by those designated by the Chief of Police or the authorized designee.
- (b) Members may review their own BWC media for department-related purposes. Members should document in their report if they reviewed BWC media before completing the report.
- (c) Investigators may review BWC media pertaining to their assigned cases.
- (d) A member testifying regarding a department-related event may review the pertinent BWC media before testifying.
- (e) Supervisors are permitted to access and view BWC media of their subordinates.
 - 1. Supervisors should review BWC media that is tagged as a significant event or that the supervisor is aware pertains to a significant event.
 - 2. Supervisors should conduct documented reviews of their subordinate's BWC media at least annually to evaluate the member's performance, verify compliance with department procedures, and determine the need for additional training. The review should include a variety of event types when possible. Supervisors should review BWC media with the recording member when it would be beneficial to provide guidance or to conduct one-on-one informal training for the member.
 - 3. Supervisors should conduct periodic reviews of a sample of each subordinate's BWC media to evaluate BWC use and ensure compliance with this policy.
- (f) The Training Sergeant is permitted to access and view BWC media for training purposes.
 - 1. The Training Sergeant should conduct a quarterly review of a random sampling of BWC media to evaluate department performance and effectiveness and to identify specific areas where additional training or changes to protocols would be beneficial. Training Committee members may review BWC media as part of their review to identify training needs.

Lehi City Police Department

Lehi City PD Policy Manual

Body-Worn Cameras

2. The Training Sergeant may use BWC media for training purposes with the approval of the Chief of Police or the authorized designee. The Training Sergeant should use caution to avoid embarrassing or singling out a member and, to the extent practicable, should seek consent from the members appearing in the BWC media before its use for training. When practicable, sensitive issues depicted in BWC media should be redacted before being used for training.
- (g) The Records Manager may access BWC media when necessary to conduct department-related duties.
- (h) The BWC coordinator may access BWC media and the BWC media system as needed to ensure the system is functioning properly, provide troubleshooting assistance, conduct audits, and fulfill other responsibilities related to their role.

473.7.2 PUBLIC ACCESS

Unless disclosure is required by law or a court order, BWC media should not be released to the public if it unreasonably violates a person's privacy or sense of dignity or depicts the interior of:

- (a) A private residence.
- (b) A facility that offers health care, mental health or substance abuse treatment, or social services.
- (c) A school building.
- (d) Any other building in which public access is restricted or which implicates heightened security concerns.

Requests for the release of BWC media shall be processed in accordance with the Records Maintenance and Release Policy (Utah Code 77-7a-107). The Records Manager should review BWC media before public release.

473.8 RETENTION OF BWC MEDIA

Non-evidentiary BWC media should be retained in accordance with state records retention laws.

Unless circumstances justify continued retention, BWC media should be permanently deleted upon the expiration of the retention period in a way that it cannot be retrieved. BWC media shall not otherwise be deleted by any person without the authorization of the Chief of Police or the authorized designee.

473.8.1 EVIDENTIARY BWC MEDIA

BWC media relevant to a criminal prosecution should be exported from the BWC media system and securely transferred to digital evidence storage according to established department procedures. Evidentiary BWC media is subject to the same laws, policies, and procedures as all other evidence, including chain of custody, accessibility, and retention periods (see the Property and Evidence Policy).

Lehi City Police Department

473.9 TRAINING

The BWC coordinator should ensure that each member issued a BWC receives initial training before use, and periodic refresher training thereafter. Training should include:

- (a) Proper use of the BWC device and accessories.
- (b) When BWC activation is required, permitted, and prohibited.
- (c) How to respond to an individual's request to stop recording.
- (d) Proper use of the BWC media systems, including uploading and tagging procedures.
- (e) Security procedures for BWC media, including appropriate access and use.

Members who are not issued a BWC but who have access to BWC media systems shall receive training on the BWC media system, including appropriate access, use, and security procedures.

Chapter 5 - Traffic Operations

Traffic

500.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 DEPLOYMENT

Enforcement efforts may include techniques such as geographic/temporal assignment of department members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving, and a variety of educational activities. These activities should incorporate methods that are suitable to the situation; timed to events, seasons, past traffic problems, or locations; and, whenever practicable, preceded by enforcement activities.

Several factors will be considered in the development of deployment schedules for department members. State and local data on traffic collisions are a valuable resource. Factors for analysis include but are not limited to:

- Location.
- Time.
- Day.
- Violation factors.
- Requests from the public.
- Construction zones.
- School zones.
- Special events.

Department members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic collisions, and also will consider the hours and locations where traffic collisions tend to occur. Members will take directed enforcement action on request and random enforcement action when appropriate. Members shall maintain high visibility while working general enforcement, especially in areas where traffic collisions frequently occur.

500.3 ENFORCEMENT

Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas. The number of arrests or citations issued by any member shall not be used as the sole criterion for evaluating member overall performance. Several methods are effective in the reduction of traffic collisions.

500.3.1 WARNINGS

Warnings are a non-punitive option that may be considered by the member when circumstances warrant, such as when a minor violation was inadvertent.

Lehi City Police Department

Lehi City PD Policy Manual

Traffic

500.3.2 CITATIONS

Citations should be issued when a member believes it is appropriate. When issuing a citation for a traffic violation, it is essential that the rights and requirements imposed on motorists be fully explained. At a minimum, motorists should be provided with:

- (a) An explanation of the violation or charge.
- (b) The court appearance procedure, including the optional or mandatory appearance by the motorist.
- (c) A notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in Utah Code Title 41. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter.
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs.
- (c) Felony or misdemeanor hit-and-run.
- (d) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances.

500.4 SUSPENDED OR REVOKED DRIVER'S LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Utah Code 53-3-227.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic or by maneuvering or operating vehicles, machinery, and equipment (23 CFR 655.601).

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn when increased visibility would improve the safety of the department member or when the member will be exposed to the hazards of passing traffic or will be maneuvering or operating vehicles, machinery, and equipment.

Examples of when high-visibility vests should be worn include traffic control duties, collision investigations, lane closures, and disaster scenes.

When emergency conditions preclude the immediate donning of the vest, members should retrieve and wear the vest as soon as conditions reasonably permit.

Use of the vests shall also be mandatory when directed by a supervisor.

Lehi City Police Department

Lehi City PD Policy Manual

Traffic

500.5.2 CARE AND STORAGE

High-visibility vests shall be maintained in the trunk of each patrol and investigation vehicle, in the side box of each police motorcycle, and in the gear bag of each patrol bicycle. Each vest should be stored inside a resealable plastic bag to protect and maintain the vest in a serviceable condition. Before going into service, each employee shall ensure that a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained and made available for replacement of damaged or unserviceable vests. The Training Sergeant should be promptly notified whenever the supply of vests needs replenishing.

500.6 SPEEDING IN A SCHOOL ZONE COMPLAINT PROCEDURE

It is the responsibility of the Patrol Lieutenant to establish a report form and a procedure for school crossing guards to report speed violations to the Lehi City Police Department. The reporting forms shall be made available to school crossing guards and to school administrative offices (Utah Code 41-6a-604 and Utah Code 41-6a-604.5). The report form shall include the following:

- (a) Date, time and location of the violation.
- (b) Vehicle license plate number and state.
- (c) Vehicle description.
- (d) Description of the vehicle operator.
- (e) Description of the incident.
- (f) Contact information of the school crossing guard.
- (g) The signature of the school crossing guard who witnessed the offense attesting to the accuracy of the report.

Reports should be submitted to the Lehi City Police Department no more than two business days after the alleged violation occurred.

500.6.1 NOTIFICATION OF VIOLATION TO VIOLATOR/VEHICLE OWNER

It will be the Patrol Lieutenant's responsibility to establish a system in which notification letters are sent to the last known registered owner of the vehicle that was reported speeding. The letter should contain the following (Utah Code 41-6a-604.5(1)(a)):

- (a) Applicable information on the school crossing guard's report stating that the vehicle was observed speeding in a reduced-speed school zone in violation of state law.
- (b) Complete explanation of the applicable provisions of Utah Code 41-6a-604.
- (c) An explanation that the notification letter is not a peace officer citation but is an effort to call attention to the seriousness of the incident.

The Patrol Lieutenant is responsible for ensuring all other mandates of Utah Code 41-6a-604.5 are met or that further investigation, if warranted, is conducted.

Lehi City Police Department

Lehi City PD Policy Manual

Traffic

500.7 RADAR/LIDAR OPERATION AND MAINTENANCE

Department members are responsible for keeping their own radar/lidar training and certification up to date.

All radar/lidar units will be maintained, calibrated, and operated in accordance with those procedures set out in training and certification as well as the manufacturer's manuals kept on file by the department.

500.8 POLICY

It is the policy of the Lehi City Police Department to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Department will be driven by such factors as the location and/or number of traffic collisions, citizen complaints, traffic volume, traffic conditions, and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

500.9 TRAFFIC CHECKPOINTS

Sobriety and traffic safety checkpoints may be implemented in compliance with Utah state law.

[Insert your agency's checkpoints procedures consistent with standard 25.3 requirements - see the Guide Sheet for additional guidance.]

500.10 SPEED-MEASURING DEVICES

The Patrol Lieutenant is responsible for developing and maintaining procedures for using speed-measuring devices, including but not limited to:

- Operational procedures.
- Equipment specifications, care, upkeep, maintenance, and calibration.
- Operator training and certification.

[Insert your agency's procedure consistent with standard 23.5. – see the Guide Sheet for additional guidance.]

500.11 ESCORTS

Escorts of medical transport and civilian vehicles in medical emergencies are not authorized. See the Medical Aid and Response Policy for additional guidance.

On occasion, the Department may provide law enforcement escort services as follows:

[Insert your agency's procedure for providing escort services (e.g., funerals, parades, dignitaries, emergency vehicles, over-sized vehicles) consistent with standard 25.2. - See the Guide Sheet for additional guidance.]

500.12 TRAFFIC DIRECTION AND CONTROL

Only those department members who have received department-approved training in traffic direction and control techniques shall conduct traffic direction and control activities.

Lehi City Police Department

Lehi City PD Policy Manual

Traffic

500.13 UNSAFE ROAD CONDITIONS

Unsafe road conditions due to weather, road damage, or other emergencies should be addressed as soon as practicable.

- (a) A member who locates or is assigned to investigate an unsafe road condition should use temporary traffic control devices, if necessary, to identify the safety hazard, isolate it, and limit the public's ability to come into contact with or access the area.
- (b) A member who locates or is assigned to investigate an unsafe condition should assess the condition and request through Dispatch that notifications be made to appropriate authorities responsible for correcting the safety hazard. The dispatcher should document the condition and all notifications that are made.
- (c) If a member needs assistance with isolating a safety hazard, the member may request additional members to the location.
- (d) If there are any questions regarding the proper isolation of a roadway safety hazard, members should contact their supervisor.
- (e) A member should only leave the location under one of the following circumstances:
 - 1. The unsafe condition has been corrected.
 - 2. The member is relieved by an appropriate authority who will conduct the repair, and traffic direction and control services are no longer needed.
 - 3. The member is properly relieved by another member.
 - 4. When authorized by a supervisor.

Traffic Direction and Control

507.1 TRAFFIC DIRECTION AND CONTROL

Standardized methods of traffic control are more effective and result in improved public relations.

- (a) For officer safety and the ability to best observe traffic flow, the center of an intersection is often the best position.
- (b) When regulating foot traffic, working a complex intersection, or when full manual control is not necessary, the officer should be in the best position to observe the traffic approaching. The officer should consider a motorist may fail to obey hand signals if unable to see the officer.
- (c) Officers will wear a reflective safety vest whenever in the roadway directing or controlling traffic. Reflective vests are issued and will be carried at all times.
- (d) Only sworn personnel or a Volunteer in Police Service (V.I.P.S.) member will be used for traffic direction in the roadways.
- (e) When hazardous situations develop a supervisor will direct the establishment of a manual traffic control point, if needed. For special events the supervisor may issue directed patrol assignments stating when and where manual control of intersection traffic will be required. Manual control shall not be used when an existing automatic control device will alleviate the problem.

507.2 MANUAL OPERATION OF TRAFFIC CONTROL DEVICES

Manual operations of traffic control signal light is normally done to either attempt to recycle a signal light or place the signal lights on flash. Other situations may also require manual operation:

- (a) When the traffic light malfunctions.
- (b) To facilitate movement at traffic accidents or other emergencies.
- (c) To provide uninterrupted movement for a motorcade, funeral procession, etc.
- (d) To alleviate congestion resulting from use of automatic controls, particularly during planned special events.

When manually operating traffic control signal lights due to traffic congestion in all four directions, officers will:

- (a) Place the traffic signal box switch on "manual" and run traffic in a manner to reduce the congestion.

When manually operating traffic control signals due to traffic congestion on one street, officer will:

- (a) Place the traffic signal box switch on "manual" and run traffic for an extended period of time in one direction.
- (b) Switch the other direction of travel for shorter periods of time until the congestion has been alleviated.

Lehi City Police Department

Lehi City PD Policy Manual

Traffic Direction and Control

507.3 HAND SIGNALS

It is essential that people using the roadway know the officer is there to direct traffic.

Officers will use approved traffic direction and control methods to ensure traffic direction and control techniques are standardized.

Orders or direction to a motorist or pedestrian should never be vocal except in an emergency. Simple hand signals that are clearly visible and readily understandable, which may be emphasized by the use of a whistle, will conform to:

- (a) The officer should stand facing one line of stopped traffic with their side toward moving traffic. Any mechanical signals should be tuned off if possible as hand signals in conjunction with traffic signals cause confusion.
- (b) The manual “stop” signal should be given while standing sideways to the flow of traffic and should be preceded by one blast of the whistle.
 - 1. Speed and distance should be carefully considered so vehicles can stop safely.
 - 2. A “stop” signal will be given when vehicles approach an intersection where cross traffic has the right-of-way if there are no other stopped vehicles there at the time.
- (c) The officer maintain arms in the “stop” signal position and turns at right angles so their side faces the traffic to be started. When the intersection is clear, the officer should turn their head first to one direction while giving the “go” signal and then to the opposite direction with a similar gesture.
- (d) The “go” signal need not be continuously repeated for steady stream of vehicles, but vehicles approaching after a gap in the traffic flow should be signaled.

Using the whistle (if desired)

- (a) One whistle blast is used in conjunction with the manual “stop” signal and two with the “go” signal.
- (b) Short rapid whistle blasts are used to warn of unusual or hazardous conditions or two attract any person’s attention who does not respond to hand signals.

A lighted traffic wand should be used during low light or night time conditions.

Vehicles should not be allowed to enter intersections they cannot clear because of congestion immediately beyond.

Advantage should be taken of gaps in one moving line of traffic to stop the flow and to start the cross traffic moving.

Left turns at an intersection controlled by an officer are at the officer’s discretion based on traffic volume and conditions at the intersection, unless otherwise directed by a supervisor.

507.4 EMERGENCY VEHICLES APPROACHING

Emergency vehicles may have to be directed through an intersection. All vehicular and pedestrian traffic will be stopped for the emergency vehicle signaled to proceed.

If the driver signals a turn, the officer should acknowledge by motioning in the proper direction.

Lehi City Police Department

Lehi City PD Policy Manual

Traffic Direction and Control

The officer should check to make sure another emergency vehicle is not approaching on a conflicting course; in such a circumstance, a very distinct “stop” signal will be given to one of the vehicles.

507.5 VIOLATIONS OBSERVED

If minor traffic violations are observed while directing traffic, they should be overlooked. If the violation is serious, if and when feasible, the driver will be instructed to pull clear of the intersection to the nearest curb for proper enforcement action.

507.6 SPECIAL EVENTS

Special contingency plans will be prepared for all planned major special events and will include:

- (a) Entrance and exit of vehicles and pedestrians.
- (b) Provisions for parking, spectator control.
- (c) Public transportation
- (d) Assignment of point control duties and relief.
- (e) Alternate traffic routing.
- (f) Temporary traffic controls and parking prohibitions.
- (g) Emergency vehicles access.
- (h) Appropriate media coverage of such plans

507.7 FIRE SCENES

No vehicles are allowed to drive into the block where fire apparatus is parked and operating.

No vehicles are allowed to drive over fire hoses without the approval of the on-scene fire commander.

The exceptions to the rules above will be lifesaving vehicles on actual calls for service.

Parked vehicles that interfere with fire operations may be towed.

507.8 HELICOPTER LANDING ZONES

When helicopters land for ambulance service, responsibility for the safety of the helicopter, after it has landed falls on the police department. Safety of the helicopter prior to landing falls upon the pilot and the established ground contact.

The supervisor or on-scene officer will coordinate security of the landing site with the on-scene fire commander.

Alleys and private drives on side streets that may not normally be blocked on an arterial accident are given special consideration.

A safe zone of at least 50 feet should be maintained around the helicopter where not persons will be allowed to enter except for emergency personnel.

The Fire Department is responsible for landing and communicating with the helicopter.

Lehi City Police Department

Lehi City PD Policy Manual

Traffic Direction and Control

507.9 ADVERSE ROAD AND WEATHER CONDITIONS

The on-scene officer or supervisor will ensure that notification is given to any agency or group that may be affected by or be needed to help control traffic or road conditions to prevent injury or further damage from occurring.

The on-scene officer or supervisor may contact the news media, or other law enforcement agencies for assistance.

Supervisors may close roads or streets if existing conditions pose a hazard. If the streets may be closed for an extended period of time, a media release may be prepared to announce the closings.

Vehicle Towing

510.1 PURPOSE AND SCOPE

This policy provides guidance related to vehicle towing.

510.2 TOWING SERVICES

Members shall not show preference among towing services that have been authorized for use by the Department. A rotation or other system established by the Department for tow services should be followed.

510.3 VEHICLE INVENTORY

The contents of all vehicles towed at the request of department members shall be inventoried and listed on the inventory report. When reasonably practicable, photographs may be taken to assist in the inventory.

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including but not limited to any unlocked glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats, and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in any other type of unlocked compartments that are a part of the vehicle, including unlocked vehicle trunks and unlocked car top containers.
- (c) Any locked compartments including but not limited to locked glove compartments, locked vehicle trunks, locked hatchbacks, and locked car-top containers should be inventoried, provided the keys are available and released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (d) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money, small valuables, or hazardous materials.

Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the inventory report. If the occupant acknowledges that any closed container contains valuables or a hazardous material, the container shall be opened and inventoried. When practicable and appropriate, such items should be removed from the vehicle and given to the owner, or booked into property for safekeeping.

Any cash, jewelry, or other small valuables located during the inventory process will be held for safekeeping, in accordance with the Property and Evidence Policy. A copy of the property receipt form should be given to the person in control of the vehicle or, if that person is not present, left in the vehicle.

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Towing

A copy of the vehicle inventory will be given to the tow truck operator.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of department members, and protecting the Department against fraudulent claims of lost, stolen, or damaged property.

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.

510.4 SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY

If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, the department member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator, or occupant to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Members who become aware that a vehicle may have been towed by the Department in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the owner or the owner's agent to request a hearing to contest the tow.

510.5 POLICY

The Lehi City Police Department will tow vehicles when appropriate and in accordance with the law.

510.6 REMOVAL OF VEHICLES DUE TO HAZARD

When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Department members may assist by communicating requests through Dispatch to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the department member (Utah Code 41-6a-1405).

Vehicles that are not the property of the City should not be driven by department members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant, or comply with posted signs.

510.6.1 REMOVAL OF VEHICLE INVOLVED IN AN ACCIDENT

An officer may, without the consent of the owner, remove a vehicle that has been involved in an accident if the vehicle has been damaged or spilled within the right-of-way or any portion of a

Lehi City Police Department

Vehicle Towing

roadway on the state highway system, is blocking a roadway, or is otherwise endangering public safety (Utah Code 41-6a-401.9).

510.6.2 REMOVAL OF ABANDONED VEHICLES

A vehicle is considered abandoned and may be removed by an officer if it has been left unattended more than 48 hours on a highway or more than seven days on public or private property without the property owner's consent (Utah Code 41-6a-1408).

510.7 ARREST SCENES

Whenever the owner or operator of a vehicle is arrested, the arresting officer should provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or, when appropriate, by having the vehicle towed, such as when the vehicle presents a traffic hazard or the vehicle would be in jeopardy of theft or damage if left at the scene (Utah Code 41-6a-1405).

Officers are not required to investigate whether alternatives to towing a vehicle exist after an arrest. However, a vehicle should not be towed if reasonable alternatives exist. When considering whether to leave a vehicle at the scene, officers should take into consideration public safety as well as the reasonable safety of the vehicle and its contents.

The following are examples of situations where a vehicle should not be towed:

- (a) The vehicle can be legally parked, left in a reasonably secure and safe location, and is not needed as evidence.
- (b) The vehicle is parked on private property, on which the arrestee or owner is legally residing, or the property owner does not object to the vehicle being parked at that location.
- (c) The arrestee or owner of the vehicle requests that it be released to a person who is present, willing, and able to legally take control of the vehicle.
- (d) The vehicle is legally parked and the arrestee or owner requests that it be left at the scene. In such cases the requester should be informed that the Department will not be responsible for theft or damages.

510.7.1 TOWING SEIZED VEHICLES

Officers should have a vehicle towed and impounded for seizure when (Utah Code 41-1a-1101):

- (a) There is probable cause to believe that the operator of the vehicle has engaged in a road rage event and is arrested.
 - 1. The officer may release the vehicle if a registered owner who was not the operator is present to take possession of the vehicle.
- (b) The operator does not have a driver license in their possession, and the officer is unable to verify whether the operator has been issued a license by searching the Utah Criminal Justice Information System or other means, unless:
 - 1. A licensed driver is available and authorized to drive the vehicle.

Lehi City Police Department

Lehi City PD Policy Manual

Vehicle Towing

2. The operator is under 18 years old or has previously been issued a driver license that is expired.
 3. Towing the vehicle would create a public safety concern to the operator or an occupant of the vehicle or prevent the officer from addressing other public safety considerations.
- (c) The vehicle was being operated on a highway without the required insurance and was involved in an accident.
1. If the operator of the vehicle is not carrying evidence of insurance, the officer should confirm whether insurance is in effect through a query of the Uninsured Motorist Identification Database.
 2. If the operator of the vehicle is carrying evidence of insurance but the Uninsured Motorist Identification Database indicates that the security is not in effect, the officer should make a reasonable attempt to independently verify the insurance.
- (d) The officer determines seizure is appropriate based on the circumstances and is authorized by Utah Code 41a-1101 or other law.

The officer should record the mileage shown on the vehicle's odometer at the time of seizure if practicable.

510.8 STORAGE OF VEHICLES

A vehicle being impounded shall be stored at a state impound yard in the county where the tow is initiated unless (Utah Code 72-9-608):

- (a) The vehicle is being held as evidence, in which case the officer shall direct that the vehicle be stored at the impound yard where the Department stores such evidence.
- (b) An impound yard in an adjacent county is closer to the location where the tow is initiated and the officer informs the vehicle's owner of the location of the impound yard.
- (c) An impound yard or tow service within the county where the tow is initiated is unavailable.

A vehicle being removed but not impounded shall be stored at a state impound yard unless the registered owner has requested a different location and made payment to the tow truck operator at the time of removal (Utah Code 41-6a-1406).

510.9 VEHICLES RELATED TO CRIMINAL INVESTIGATIONS

Officers should tow vehicles that are needed for the furtherance of an investigation or prosecution of a case, or that are otherwise appropriate for seizure as evidence. Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than have it towed, so long as the vehicle is not needed for evidence.

510.10 RECORDS

Records Bureau members shall ensure that pertinent data regarding a towed vehicle is promptly entered into the appropriate database.

Vehicle Towing

510.10.1 VEHICLE IMPOUND REPORT

Department members towing a vehicle shall complete a Vehicle Impound Report in the format approved by the Motor Vehicle Division. The report should be submitted to the Records Bureau as soon as practicable after the vehicle is towed.

The Department shall forward the Vehicle Impound Report, containing all required information, to the Motor Vehicle Division before noon on the next business day after the date of the impoundment (Utah Code 41-6a-1406(4)).

510.10.2 INFORMATION TO TOW TRUCK DRIVER

When an officer has a vehicle removed but not impounded, the officer shall provide the tow truck operator with their name and badge number, the name and originating agency identifier of the Department, and the department case number (Utah Code 41-6a-1406(5)).

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The Lehi City Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Utah's impaired driving laws.

514.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Patrol Lieutenant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Utah or another jurisdiction.

514.4 FIELD TESTS

The Patrol Lieutenant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.4.1 ORAL FLUID AND PORTABLE BREATH TESTING

A voluntary oral fluid test or portable breath test may be administered in accordance with UAC R714-501-3 and UAC R714-501-4 if there is evidence of impairment based on the totality of the circumstances after the FSTs have been administered. The oral fluid or portable breath test shall not be the primary factor upon which a decision to arrest is made.

514.5 CHEMICAL TESTS

A person implies consent under Utah law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Utah Code 41-6a-520):

- (a) The officer has reasonable grounds to believe that the person was operating or in actual physical control of a motor vehicle while:
 - 1. Having a prohibited blood or breath alcohol content level as defined by Utah Code 41-6a-502 (DUI) or Utah Code 41-6a-530 (Alcohol Restricted Drivers).
 - 2. Under the influence of alcohol, any drug, or combination of alcohol and any drug.
 - 3. Having any measurable controlled substance or metabolite of a controlled substance in the person's body (Utah Code 41-6a-517).
- (b) The officer has stopped a person under the age of 21 and has reasonable grounds to believe that the person was operating or in actual physical control of a vehicle or motorboat with a measurable blood, breath, or urine alcohol concentration in the person's body (Utah Code 53-3-231).

The officer shall direct an individual to submit to a chemical test when there is reasonable suspicion to believe that the person was operating or in actual physical control of a motor vehicle while impaired (Utah Code 41-6a-520).

If a person withdraws their implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 BREATH SAMPLES

The Patrol Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Lieutenant.

514.5.2 BLOOD SAMPLES

Only persons authorized by law to draw blood including Officers with a valid permit issued by the Department of Health under Utah State Code Section [26-1-30](#), shall collect blood samples (Utah Code 41-6a-523; Utah Code 77-23-213). The blood draw should be witnessed by the assigned officer.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

Lehi City Police Department

Lehi City PD Policy Manual

Impaired Driving

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.5.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the person giving the sample. The arrestee tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

514.5.4 STATUTORY NOTIFICATIONS

An officer requesting that a person submit to a chemical test shall provide the person with a mandatory warning pursuant to Utah Code 41-6a-520.

514.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Utah Code 41-6a-520).
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

514.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of the Driver License Division's (DLD) intention to revoke the person's driving privilege or license upon the person (Utah Code 41-6a-520).

514.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist (Utah Code 77-23-213):

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay resulting from an accident investigation or medical treatment of the person.

Lehi City Police Department

Lehi City PD Policy Manual

Impaired Driving

514.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure that the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances.
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.7 ARREST AND INVESTIGATION

514.7.1 ARREST AUTHORITY

An officer may make a warrantless arrest of a person that the officer has probable cause to believe has violated the DUI laws of this state, whether or not the offense occurred in the officer's presence (Utah Code 41-6a-508).

514.7.2 OFFICER RESPONSIBILITIES

An officer serving a person with a notice of the DLD intention to revoke the person's driving privilege or license shall also (Utah Code 41-6a-520):

- (a) Provide the person with basic information regarding how to obtain a hearing before DLD.

Lehi City Police Department

Lehi City PD Policy Manual

Impaired Driving

- (b) Forward a report to DLD within 10 days of giving the notice to the person that the officer had reasonable grounds to believe the arrested person was DUI and that the person refused to submit to a chemical test as required by law.

514.7.3 VEHICLE IMPOUNDMENT

An officer who arrests a person for DUI shall seize and impound the vehicle the person was driving at the time of the arrest. If operable, the vehicle may be released upon request to the registered owner of the vehicle if the person is able to present proof of ownership, a valid driver license and that the person would not be in violation of the DUI laws of this state if permitted to operate the vehicle (Utah Code 41-6a-527).

514.7.4 SELECTION OF CHEMICAL TEST

The investigating officer shall determine which chemical test or tests to administer to a person and how many tests will be administered. In the event that an officer requests that the person submit to more than one test, refusal by the person to take one or more of the requested tests, even if the person has already submitted to one test, is nonetheless considered a refusal under state DUI laws (Utah Code 41-6a-520).

514.7.5 ADDITIONAL TESTING

A person may have qualified medical personnel administer an additional test, at the person's own expense. The additional test shall be administered subsequently to that which is administered at the direction of the officer (Utah Code 41-6a-520).

514.8 REPORTING

The Patrol Lieutenant shall ensure that the Department complies with all reporting requirements pursuant to Utah Code 53-10-206.

514.8.1 CRASH AND ARREST DATA

The Patrol Lieutenant should facilitate the collection of information from officers required by Utah Code 53-10-118 for submission to the Criminal Investigations and Technical Services Division (Utah Code 53-25-104).

514.9 RECORDS BUREAU RESPONSIBILITIES

The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

514.10 ADMINISTRATIVE HEARINGS

The Records Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DLD.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Lehi City Police Department

Lehi City PD Policy Manual

Impaired Driving

An officer called to testify at an administrative hearing should document the hearing date and DLD file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

514.11 TRAINING

The Training Sergeant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques, and rules of evidence pertaining to DUI investigations. The Training Sergeant shall also ensure that each officer receives training on the current standard field sobriety testing guidelines established by National Highway Traffic Safety Administration and on the proper use of oral fluid and portable breath tests (Utah Code 41-6a-515.6; Utah Code 53-25-102; UAC R714-501-3; UAC R714-501-4).

The Training Sergeant should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction and voiding of traffic citations.

516.2 RESPONSIBILITIES

The Patrol Division Commander shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Division shall be responsible for the supply and accounting of all traffic citations issued to employees of the Department.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of the Department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Utah Code 77-7-26). Any request from a recipient to dismiss a citation shall be referred to the Patrol Lieutenant. Upon a review of the circumstances involving the issuance of the traffic citation, the Patrol Lieutenant may request the

Chief of Police to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Patrol Division Commander for review.

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Records Division.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Records Division. The Records Division shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

Lehi City Police Department

Lehi City PD Policy Manual

Traffic Citations

516.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of the Department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Bureau.

Upon separation from employment with the department, all employees issued traffic citations books shall return any unused citations to the Records Bureau.

516.7 PARKING VIOLATION APPEAL PROCEDURE

Disposition of parking violation appeals is conducted by the Lehi City Justice Court.

516.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

All law enforcement agencies having responsibility for traffic enforcement should develop and adopt a written policy to provide assistance to motorists in disabled vehicles within the Department's primary jurisdiction.

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another officer to respond for assistance as soon as practical.

An officer may remove a vehicle that has been involved in a collision (or property from within the vehicle) without the consent of the owner if it is blocking a roadway or is otherwise endangering public safety (Utah Code 41-6a-401.9).

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by Department personnel will be contingent on the time of day, the location, the availability of Department resources and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

520.3.3 RELOCATION OF MOTORIST

The relocation of a motorist with a disabled vehicle should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

520.4 PUBLIC ACCESS TO THIS POLICY

This policy is available upon request.

Traffic Collisions

525.1 PURPOSE AND SCOPE

This policy provides guidelines for responding to and investigating traffic collisions.

525.2 POLICY

It is the policy of the Lehi City Police Department to respond to traffic collisions and render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to the established minimum reporting requirements with the goal of reducing the occurrence of collisions by attempting to identify the cause of the collision and through enforcing applicable laws. Unless restricted by law, traffic collision reports will be made available to the public upon request.

525.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

- (a) Is within the jurisdiction of this department and there is:
 - 1. A life-threatening injury.
 - 2. A fatality.

- (f) Clearance and cleanup of the roadway.

525.4 NOTIFICATION

If a traffic collision involves a life-threatening injury or fatality, the responding officer shall notify a supervisor or, if unavailable, the Shift Sergeant. The Shift Sergeant or any supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Sergeant will ensure notification is made to the Patrol Lieutenant, department command staff, and City Administrator in accordance with the Major Incident Notification Policy.

525.4.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Medical Examiner, department chaplain or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic collision should not be released until notification is made to the victim's immediate family.

525.5.1 PRIVATE PROPERTY

Traffic collision reports shall be taken for traffic collisions occurring on private property when the collision results in injury to or death of any person or total property damage appears to exceed \$2,500 (Utah Code 41-6a-402). An incident report may also be taken at the discretion of any supervisor.

525.5.2 CITY/COUNTY VEHICLE INVOLVED

A traffic collision report shall be taken when a City vehicle is involved in a traffic collision that results in property damage or injury.

A general information report may be taken in lieu of a traffic collision report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a City vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Division Commander. The traffic investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

525.5.3 INJURED ANIMALS

Department members should refer to the Animal Control Policy when a traffic collision involves the disposition of an injured animal.

525.5.4 TRAFFIC COLLISIONS INVOLVING LIVESTOCK

An officer investigating a collision shall indicate in the report whether the collision occurred on a highway designated as a livestock highway, in accordance with Utah Code 72-3-112, when the collision resulted in the injury or death of livestock (Utah Code 41-6a-404).

Lehi City Police Department

Lehi City PD Policy Manual

Traffic Collisions

525.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The Patrol Lieutenant or on-duty Shift Sergeant should request that the Utah Highway Patrol or other outside law enforcement agency investigate and complete a traffic collision investigation when a life-threatening injury or fatal traffic collision occurs within the jurisdiction of the and involves:

- (a) An on- or off-duty member of the Department.
 - 1. The involved member shall complete the department traffic collision form. If the member is unable to complete the form, the supervisor shall complete it.
- (b) An on- or off-duty official or employee of the City of Lehi City.

Department members shall promptly notify a supervisor when any department vehicle is involved in a traffic collision. The collision investigation and report shall be completed by the agency having jurisdiction.

525.7 ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the collision, authorized members should issue a citation or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter, or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

525.7.1 TRAFFIC COLLISIONS INVOLVING SERIOUS INJURY OR DEATH

An officer who issues a citation to a person for a moving traffic violation that results in a collision causing serious bodily injury or death shall note that fact on the citation (Utah Code 41-6a-202).

When there is probable cause to believe that a driver involved in a collision is impaired, the investigating officer should direct an individual to submit to a chemical test in accordance with the Impaired Driving Policy or seek a search warrant. If the collision resulted in a fatality and the officer believes there is insufficient probable cause to justify a search warrant, the officer shall discuss the situation with a supervisor to confirm that no impairment is suspected and probable cause for a chemical test does not exist (Utah Code 41-6a-520).

525.8 REPORTS

Members shall utilize forms approved by the Utah Department of Transportation (UDOT) as required for the reporting of traffic collisions. All such reports shall be forwarded to the Patrol Lieutenant for approval and filing.

525.8.1 REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report, and only prior to its approval and distribution. Once a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member.

- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.

 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.

600.3.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

Lehi City PD Policy Manual

Investigation and Prosecution

600.3.3 CRIME SCENE PROCESSING

The Department has access to crime scene investigators on a 24-hour basis to process crime scenes. The Shift Sergeant or the authorized designee shall notify the appropriate members or agency when investigative or processing assistance is needed.

Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigations Division supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5 DISCONTINUATION OF INVESTIGATIONS

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

Lehi City Police Department

Lehi City PD Policy Manual

Investigation and Prosecution

- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights, and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using the member's own equipment, the member should note the dates, times, and locations of the information and report the discovery to the member's supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.7.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias, or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias, or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Lehi City Police Department

Lehi City PD Policy Manual

Investigation and Prosecution

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy, and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.8 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.9 IDENTITY THEFT

A report should be taken any time a person living within the jurisdiction of the Department reports that the person has been a victim of identity theft. This includes:

- (a) Taking a report, even if the location of the crime is outside the jurisdiction of this department or has not been determined.
- (b) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Department members should encourage the individual to review the material and should assist with any questions.

A report should also be taken if a person living outside department jurisdiction reports an identity theft that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in Lehi City to facilitate the crime).

A member investigating a case of identity theft should ensure that the case is referred to the appropriate agency if it is determined that this department should not be the investigating agency (e.g., an identity theft ring working from out of state). The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for department use and are specific to this type of investigation.

600.10 ELECTRONIC EVIDENCE AND NONPUBLIC VICTIM OR WITNESS DATA

Members conducting criminal investigations shall make reasonable efforts to collect electronic evidence from a victim or witness (Utah Code 77-4-202).

Lehi City Police Department

Lehi City PD Policy Manual

Investigation and Prosecution

For purposes of this section, electronic evidence means electronic data or information that is directly related to the criminal case and that requires disclosure under state or federal law.

Nonpublic victim or witness data means electronic data or information provided by a victim or witness that is not electronic evidence, is not otherwise available to the public, and for which a reasonable person would believe that the victim or witness has a reasonable expectation of privacy.

600.10.1 INVESTIGATIONS DIVISION SUPERVISOR RESPONSIBILITIES

The Investigations Division supervisor is responsible for developing procedures for the handling of and access to nonpublic victim or witness data including (Utah Code 77-4-202):

- (a) Identifying nonpublic victim or witness data and segregating it from other electronic evidence.
- (b) Retaining nonpublic victim or witness data within the care, custody, and control of the Department, except as otherwise provided by law.
- (c) Maintaining nonpublic victim or witness data in an environment that is controlled and protects the privacy of victims and witnesses.
- (d) Restricting the use of nonpublic victim or witness data to legitimate law enforcement purposes.
- (e) Coordinating with the prosecuting attorney regarding the disclosure of, or requests for access to, nonpublic victim or witness data.
- (f) Restricting the copying, photographing, or otherwise reproducing of nonpublic victim or witness data, except as authorized by law.
- (g) Prohibiting the direct release of nonpublic data to a pro se defendant, except as authorized by law.
- (h) Making reasonable efforts, when technically and operationally feasible, to implement secure methods for allowing authorized review of nonpublic victim or witness data while preventing unauthorized copying or duplication.

600.11 TRAINING

The Chief of Police or the authorized designee should designate one or more officers to complete training in cryptocurrency investigations. The designated officers should complete a POST-approved specialized cryptocurrency investigation training at least once every three years (Utah Code 53-6-202).

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults (Utah Code 53-25-201). These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Restricted sexual assault kit - A sexual assault kit collected from a victim who is at least 18 years old and at the time of collection declines to have the kit processed or to have the examination form shared with any entity outside of the collection facility (Utah Code 53-10-902).

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Utah Code, Title 76, Chapter 5, Part 4 (Sexual Offenses).

Sexual assault kit - A package of items that is used by medical personnel to gather and preserve biological and physical evidence following an allegation of a sexual offense (Utah Code 53-10-902).

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY

It is the policy of the Lehi City Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

Lehi City Police Department

Lehi City PD Policy Manual

Sexual Assault Investigations

- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable.

602.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigations Division supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (VICAP).
 - 6. Techniques for communicating with victims to minimize trauma.

602.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Lehi City Police Department

Lehi City PD Policy Manual

Sexual Assault Investigations

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Utah Code 77-37-202).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.7.1 MEMBER RESPONSIBILITIES

A victim, or victim's designee, should be informed of applicable victim's rights, including the rights for victims of sexual offenses (Utah Code 77-37-3). Investigating members shall, in a timely manner, provide the victim or the victim's designee with the information required by Utah Code 77-37-3 (e.g., DNA profile obtained, CODIS matches), including, if requested, any significant changes in the information.

602.7.2 NOTIFICATION UPON ARREST OR ISSUANCE OF A CITATION

When an officer arrests or issues a citation to a person 18 years of age or older for a qualifying sexual offense, the officer shall provide the individual with the written notice required by Utah Code 78B-7-802. Victims shall be provided notice in accordance with the Victim and Witness Assistance Policy.

602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to the requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

Lehi City Police Department

Lehi City PD Policy Manual

Sexual Assault Investigations

602.8.1 DNA TEST RESULTS

Members investigating sexual assault cases should ensure that a victim, or their designee, is notified of any DNA test results as soon as reasonably practicable (Utah Code 77-37-3).

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

602.8.2 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to:

- (a) Notify the victim, or the victim's designee, if evidence will not be analyzed in a case involving an unknown perpetrator (Utah Code 77-37-3).
- (b) Take possession of sexual assault kits within one business day after receiving notice from a collecting facility (Utah Code 53-10-904; Utah Code 53-10-907).
 1. The member taking possession of the kit should ensure that the required information is entered into the statewide sexual assault kit tracking system within five days of receiving the kit from a collection facility.
- (c) Transfer the kit to the appropriate law enforcement agency within 10 days in cases where the incident occurred in another jurisdiction (Utah Code 53-10-904).
- (d) Submit the kit to the Utah Bureau of Forensic Services within 30 days of obtaining possession of the kit except for cases involving restricted kits (Utah Code 53-10-904).
 1. If available, a suspect standard or a consensual partner elimination standard shall be submitted with the sexual assault kit.
 2. If not obtained until later, the standards shall be submitted as soon as possible but no later than 30 days after the Department obtained possession of the kit.
 3. If the victim informs the Lehi City Police Department that the victim wants to have the kit processed and agrees to release of the sexual assault examination form with the kit, the kit may no longer be classified as restricted and shall be submitted to the Utah Bureau of Forensic Services as soon as possible, but no later than 30 days after the victim chooses to unrestrict the kit (Utah Code 53-10-904).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

Lehi City Police Department

Lehi City PD Policy Manual

Sexual Assault Investigations

602.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations Division supervisor.

Classification of a sexual assault case as unfounded requires the Investigations Division supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

602.10 CASE REVIEW

The Investigations Division supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

602.11 PUBLIC ACCESS

This policy shall be published on the Department website for public access (Utah Code 53-25-201).

Informants

608.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Lehi City Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Lehi City Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Utah County Major Crimes Task Force. The Utah County Major Crimes Task Force supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Utah County Major Crimes Task Force supervisor or their authorized designees.

The Investigation Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Utah County Major Crimes Task Force supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

608.2.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history shall be prepared to correspond to each informant file and include the following information:

- (a) Name and aliases
- (b) Date of birth
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
- (d) Photograph

- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability
 - 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification
- (j) Name of officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

608.3 USE OF INFORMANTS

608.3.1 JUVENILE INFORMANTS

The use of juvenile informants under the age of 13-years is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Chief of Police or the authorized designee

608.3.2 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

Lehi City Police Department

Lehi City PD Policy Manual

Informants

608.4 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Utah County Major Crimes Task Force supervisor will discuss the above factors with the Patrol Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

608.4.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments of \$500 and under may be paid in cash from a Utah County Major Crimes Task Force buy/expense fund.
 - 1. The Utah County Major Crimes Task Force supervisor shall sign the voucher for cash payouts from the buy/expense fund.
- (b) Payments exceeding \$500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
 - 1. The check shall list the case numbers related to and supporting the payment.
 - 2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 - 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
 - 4. Authorization signatures from the Chief of Police and the City Administrator are required for disbursement of the funds.
- (c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
 - 1. The cash transfer form shall include the following:

Informants

2. The cash transfer form shall be signed by the informant.
3. The cash transfer form will be kept in the informant's file.

608.4.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

608.4.3 AUDIT OF PAYMENTS

The Utah County Major Crimes Task Force supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

608.5 POLICY

The Lehi City Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.6 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Utah County Major Crimes Task Force supervisor or their authorized designees.
 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Lehi City Police Department, and that they shall not represent themselves as such.

Lehi City Police Department

Lehi City PD Policy Manual

Informants

- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Utah County Major Crimes Task Force supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Utah County Major Crimes Task Force supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.6.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.

Lehi City Police Department

Lehi City PD Policy Manual

Informants

- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

The Lehi City Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigations Division supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Lehi City Police Department

Lehi City PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably

Lehi City Police Department

Lehi City PD Policy Manual

Eyewitness Identification

stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

Lehi City Police Department

Lehi City PD Policy Manual

Eyewitness Identification

- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information - Information known or possessed by the Lehi City Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant, including potential impeachment information relating to the conduct of an officer who was involved in the arrest or investigation of the defendant (Utah Code 53-25-1001).

612.2 POLICY

The Lehi City Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Lehi City Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

Lehi City Police Department

Lehi City PD Policy Manual

Brady Material Disclosure

612.4 DISCLOSURE OF PERSONNEL INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in-camera review by the court (Utah Code 63G-2-202(7)).
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

612.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility or dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy (Utah Code 53-25-1003).

612.5.1 GROUNDS FOR DISCIPLINARY ACTION

Placement on a prosecuting agency's *Brady* identification system shall not be the sole reason for disciplinary action to be taken against an officer. However, the underlying facts that were the basis for placement, or the failure to disclose such placement to another prosecuting agency

Lehi City Police Department

Lehi City PD Policy Manual

Brady Material Disclosure

when required by law, may lead to disciplinary action against the officer in accordance with the Personnel Complaints Policy (Utah Code 53-25-1003).

612.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

612.7 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

612.7.1 DISCLOSURE TO PROSECUTING AGENCY

As soon as practicable after receiving a subpoena to testify in court by a prosecuting agency, an officer who has been placed onto a *Brady* identification system of a different prosecuting agency shall disclose that placement to the prosecuting agency that issued the subpoena (Utah Code 53-25-1003).

Pawn Shop Holds

614.1 PURPOSE AND SCOPE

Property with evidentiary value is often found at pawn shops and secondhand businesses. Utah law allows the Lehi City Police Department to seize or place a hold on such property. This policy provides guidance on placing such holds.

614.2 POLICY

The Lehi City Police Department will place a hold on an item that has evidentiary value and is in the possession of a pawn or secondhand business only as allowed by Utah law and when the item is necessary to an open investigation.

614.3 PROCEDURE

A member of the Department may require a pawnbroker or secondhand business to place a 90-day hold on an item in the possession of the pawnbroker or secondhand business if the item is necessary to an open investigation. The hold may be extended for an additional 90 days if warranted. Subsequent extensions must be approved by a court order (Utah Code 13-32a-109).

An officer may seize the held item when exigent circumstances exist or when necessary during the course of a criminal investigation. Items may also be seized (Utah Code 13-32a-109.5; Utah Code 13-32a-115(2)):

- (a) When seizure is necessary to permit the fingerprinting or chemical testing of the item.
- (b) If the item contains unique or sensitive personal identifying information.

A written hold or seizure notice shall be provided and shall include (Utah Code 13-32a-109.5):

- An active case number.
- The date of the hold or seizure request and the property to be held or seized.
- Notice to the pawnbroker or secondhand business of contact information to allow tracking of the property when the prosecuting agency takes over the case.
- If the property is seized, the reason the property is necessary during the course of a criminal investigation.

If the pawnbroker or secondhand business is located outside of the jurisdiction of this department, a copy of the hold notice shall be sent to the local law enforcement agency having jurisdiction (Utah Code 13-32a-109). An extension of the hold must be communicated in writing to the pawnbroker or secondhand business prior to the expiration of the initial 90-day hold (Utah Code 13-32a-109).

Whenever the officer has reason to believe that property subject to a hold is in the possession of a pawnbroker or secondhand business, the officer should notify the person who reported the property as lost or stolen, as well as any agency taking a report, of all of the following:

- The name, address, and telephone number of the pawnbroker or secondhand business that reported the acquisition of the property or where the property is located.

Lehi City Police Department

Lehi City PD Policy Manual

Pawn Shop Holds

- The length of any holding period.

614.4 TERMINATION OF HOLD

The evidence supervisor should maintain a file copy of all hold notices and should review the file at least every 30 days for pending expirations. When the need for the hold or seizure of an item is terminated and no original victim was located, the Department shall, within 15 business days after the termination (Utah Code 13-32a-109(7)):

- (a) Notify the pawnbroker or secondhand business in writing that the hold or seizure has been terminated.
- (b) Return the item to the pawnbroker or secondhand business, or advise the pawnbroker or secondhand business, either in writing or electronically, of the specific alternative disposition of the item.

If an original victim was located, the release of the property shall only be made with the consent of the appropriate prosecutor and with notices made according to Utah Code 13-32a-109(8).

If this Department receives a registered or certified letter from the pawnbroker or secondhand business informing the Department that the holding period has expired, the Department shall respond within 30 days in the manner prescribed by law (Utah Code 13-32a-109(9)).

Warrant Service

615.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this Department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

615.1.1 DEFINITIONS

Definitions related to this policy include:

Reportable incident - An incident where forcible entry is used or a special unit specifically trained and equipped to respond to critical, high-risk situations is deployed in the service of a search warrant (Utah Code 77-7-8.5).

615.2 POLICY

It is the policy of the Lehi City Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

615.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

615.3.1 REPORTING REQUIREMENTS

The operations director shall prepare a report on all reportable incidents in the format developed by the Commission on Criminal and Juvenile Justice (CCJJ), as required by Utah Code 77-7-8.5. The director shall ensure that reports on all reportable incidents in the prior year are submitted to the Chief of Police by February 1 of each year (see the Operations Planning and Deconfliction Policy for additional reporting requirements).

The Chief of Police shall review and approve the report and ensure that it is forwarded to the CCJJ and the designated recipient for the City no later than April 30.

Lehi City Police Department

Warrant Service

615.3.2 MODEL GUIDELINES OF THE UTAH PEACE OFFICER STANDARDS AND TRAINING COUNCIL

The operations director shall be familiar with any model guidelines and procedures recommended by the Utah Peace Officer Standards and Training Council regarding warrants and ensure members follow the guidelines and procedures (Utah Code 77-23-210).

615.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

615.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis or require forcible entry onto the property or building where the person to be arrested is located, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (Utah Code 77-7-8; Utah Code 77-7-8.1) (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

615.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.
 - 1. No-knock warrant applications shall be consistent with the requirements of state law (Utah Code 77-7-8.1).
- (b) A clear explanation of the affiant's training, experience, and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

Lehi City Police Department

Lehi City PD Policy Manual

Warrant Service

- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

615.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
 - 1. Members executing a warrant shall wear a body-worn camera unless exigent circumstances make the use of such camera impracticable (Utah Code 77-23-210).
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

Lehi City Police Department

Lehi City PD Policy Manual

Warrant Service

- (j) Absent exigent circumstances, officers serving a search warrant shall wear a uniform or other clothing that clearly identifies them as law enforcement, including a badge and law enforcement label (Utah Code 77-23-210; Utah Code 77-7-8; Utah Code 77-7-8.1).

615.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

615.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

615.9.1 NOTIFICATIONS REGARDING USE OF IMAGING SURVEILLANCE DEVICE

When an imaging surveillance device is used during the service of a warrant, notification shall be made to the person who owns or otherwise resides at the location specified in the warrant within 14 days unless a court-ordered extension has been granted (Utah Code 77-23d-104).

615.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Lehi City Police Department are utilized

Lehi City Police Department

Lehi City PD Policy Manual

Warrant Service

appropriately. Any concerns regarding the requested use of Lehi City Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Sergeant should assume this role.

If officers intend to serve a warrant outside Lehi City Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed, and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Lehi City Police Department when assisting outside agencies or serving a warrant outside the Lehi City Police Department jurisdiction.

615.11 TRAINING

The Training Sergeant should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service, and reporting requirements.

615.12 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

615.13 NO-KNOCK ENTRIES

No-knock entries are only authorized if a no-knock warrant has been obtained in accordance with Utah Code 77-7-8.1 or Utah Code 77-23-210 or if exigent circumstances arise at the scene such that knocking and announcing the officer's presence would create an imminent threat of physical violence to the officer or another person.

615.14 DOCUMENTATION

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

Operations Planning and Deconfliction

616.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations, such as search warrants, sting operations and arrest warrant service. The policy also covers the risk mitigation process that should be a part of these activities.

616.1.1 DEFINITIONS

Definitions related to this policy include:

Deconfliction - A centralized process that allows for the collection of operations and case information and that provides alerts to enhance safety and avoid duplication or confliction of operations.

Reportable incident - When law enforcement officers use forcible entry to serve a search warrant, or when a special unit that is specifically trained and equipped to respond to critical, high-risk situations within either the Department or an assisting department is deployed (Utah Code 77-7-8.5).

616.2 POLICY

It is the policy of the Lehi City Police Department to properly plan and execute large scale and high-risk operations. Proper planning and execution enable effective coordination of such operations. The LPD will participate in a regional deconfliction system that is designed to enhance the safety of officers and the public, to decrease the risk of compromising investigations and prevent the duplication of efforts.

616.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form for use in assessing, planning and coordinating high-risk operations. The form also should provide a process for supervisors to identify operations that have a lower level of risk.

The director will review risk assessment forms with operations supervisors to determine whether a particular incident qualifies as high risk, and will also have the responsibility of directing high-risk operations.

616.3.1 REPORTING REQUIREMENTS

A report shall be prepared for all reportable incidents in the format developed by the Commission on Criminal and Juvenile Justice (CCJJ), as required by Utah Code 77-7-8.5. This report including all reportable incidents which occurred in the prior year shall be submitted to the Chief of Police by February 1st of each year (see the Warrant Service Policy).

Reportable incidents include Special Weapons and Tactics Team deployments for situations other than warrant service, such as hostage or barricaded subjects. This information should be obtained from the Special Weapons and Tactics Team Commander.

Lehi City Police Department

Lehi City PD Policy Manual

Operations Planning and Deconfliction

The Chief of Police shall review and approve the report and ensure that it is forwarded to the CCJJ and the designated recipient for the City no later than April 30th.

616.4 RISK ASSESSMENT

616.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that qualifies, or may qualify as a high-risk operation, such as search warrant service, shall complete a risk assessment form.

When preparing the form, the officer should check and submit information to all relevant and reasonable intelligence resources, including regional intelligence and criminal justice databases, target deconfliction systems, firearms records, commercial databases, property records and resources for information about the target person and any others who may be present.

The officer should also gather available information that includes, but is not limited to:

- (a) Photographs, including aerial photographs, if available, of the target location, neighboring yards and obstacles.
- (b) Geographical maps of the target location.
- (c) Diagrams of any property and the interiors of buildings that are involved.
- (d) The target person (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Others who may be present at the target location (e.g., other criminals, innocent third parties, children, animals). Obstacles associated with the target location (e.g., fortification, booby traps, reinforced doors or windows, surveillance cameras, lookouts, the number and type of buildings, geographic and physical barriers, the number and type of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys or door combinations).
- (f) Other environmental factors (e.g., nearby venues, such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (g) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the target person).

616.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents, such as copies of search warrants, affidavits and arrest warrants, to their supervisors and to the operations director.

The supervisor and the operations director shall confer to determine, based on the assessment, the operation's level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risk associated with the operation.

Lehi City Police Department

Lehi City PD Policy Manual

Operations Planning and Deconfliction

616.4.3 HIGH-RISK OPERATIONS

High-risk operations involve circumstances that present higher risks than are commonly faced by officers on a daily basis and would require the steps to mitigate risk detailed in this policy.

If the director and the supervisor concur that the operation is a high-risk operation, the director should proceed as follows:

- (a) Determine what resources will be needed at the location or placed on standby, such as:
 - (a) Special Weapons and Tactics Team
 - (b) Extra personnel
 - (c) Outside agency assistance
 - (d) Special equipment
 - (e) Medical personnel
 - (f) Persons trained in negotiation
 - (g) Additional surveillance or information
 - (h) Canines
- (b) Contact the appropriate department members, or other agencies as warranted, to begin preparation.
- (c) Direct, or delegate the direction of, the actual operation.
- (d) Ensure that all legal documents, such as search warrants, are complete, with any modifications that may be necessary to support the operation.

616.4.4 OTHER OPERATIONS

Operations with a lower level of risk must be categorized as such by the operations director and the lead officer's supervisor during risk assessment review. Operations that have a lower level of risk may be directed by the supervisor.

The risk assessment form should guide how the operation is categorized. Examples of what might be deemed an operation with a lower level of risk include:

- (a) A search warrant for an unfortified residence where the occupants have been identified and pose no identifiable risk, and the suspect of the investigation is not reasonably predicted to be at the location (e.g., suspect already in custody or lives elsewhere).
- (b) A search warrant for records and no actual search by officers is required.
- (c) The circumstances reveal no particularized risk of violence or confrontation with multiple suspects or others, and there is no reason to suspect that the subject anticipates the operation.

616.5 DECONFLICTION

The officer who is the operation lead shall ensure the investigative target and location have been entered in the regional target deconfliction system to determine if there is conflicting activity by

Lehi City Police Department

Lehi City PD Policy Manual

Operations Planning and Deconfliction

other agencies involving the same individual, group or location. This should occur as early in the process as practical, but no later than two hours prior to the commencement of the operation. The officer should also enter updated information when it is received. If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding with the operation.

616.6 OPERATION PLAN

The operations director or the authorized designee shall supervise operations that are categorized as high-risk. The director should ensure that a written plan is developed. The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Information from the risk assessment form, by attaching a completed copy in the operation plan.
 - 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (c) Participants and their roles:
 - 1. An adequate number of uniformed officers are included in the operation team to ensure the operation is recognized as a legitimate law enforcement operation.
 - 2. How all participants will be identified as law enforcement.
- (d) Whether deconfliction submissions are current and that all target individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (e) Identification of communications channels and call-signs.
- (f) Use of force issues.
- (g) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (h) Plans for detaining people who are not under arrest.
- (i) Contingencies for handling children, dependent adults, animals and other people who might be at the location. This should be done in accordance with the Child and Dependent Adult Safety and the Animal Control policies.
- (j) Documentation of actions and responsibilities for collection, review and approval of reports.

616.6.1 OPERATION PLAN RETENTION

Since the operation plan contains intelligence information and descriptions of police tactics, it shall not be filed with the police report package. It shall be stored separately and retained in accordance with the established records retention schedule.

Lehi City Police Department

Lehi City PD Policy Manual

Operations Planning and Deconfliction

616.7 OPERATION BRIEFING

A briefing should be held prior to the commencement of the operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities, and to ask questions or seek clarification as needed. Anyone who is not present at the briefing should not be present at the location of the operation without specific supervisory approval.

- (a) The briefing should include a verbal review of the plan's elements, using visual aids, to enhance the participants' understanding of the plan.
- (b) All participants should be provided a copy of the plan and search warrant, if applicable. If a search warrant is being served, participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director or supervisor at the briefing shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be specifically identified because of a specialized function, such as officers who are conducting surveillance or working undercover. However, those members exempted from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operation supervisor to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practical, but minimally should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

616.8 SPECIAL WEAPONS AND TACTICS TEAM PARTICIPATION

If the operations director determines that Special Weapons and Tactics Team participation is appropriate, the director and the Special Weapons and Tactics Team supervisor shall work together to develop a written plan. The Special Weapons and Tactics Team supervisor shall assume operational control until the individuals at the scene are appropriately detained and it is safe to begin a search. When this occurs, the Special Weapons and Tactics Team supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

616.9 MEDIA ACCESS

No advance information regarding the operation shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

616.11 TRAINING

Officers and Special Weapons and Tactics Team team members who participate in these types of operations should receive periodic training on this policy, including, but not limited to, the following:

- Legal issues
- Deconfliction practices
- Warrant preparation
- Warrant service
- Operations plan preparation
- Reporting requirements

Unmanned Aerial System

617.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval, and dissemination of images and data captured by the UAS.

617.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned aerial system (UAS) - An unmanned aircraft of any type that is capable of sustaining flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording, or any other means.

617.2 POLICY

A UAS may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

617.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

617.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current, and/or coordinating compliance with FAA Part 107 Remote Pilot Certificate, as appropriate for department operations.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents. Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

Lehi City Police Department

Lehi City PD Policy Manual

Unmanned Aerial System

- Coordinating the completion of the FAA Emergency Operation Request Form in emergency situations, as applicable (e.g., natural disasters, search and rescue, emergency situations to safeguard human life).
- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Facilitating law enforcement access to images and data captured by its UAS.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- Ensuring that data collected on a person, object, structure, or area that is not a target, as defined by Utah Code 72-10-801, is not used, copied, or disclosed except as allowed by law (Utah Code 72-10-803).
- Maintaining familiarity with FAA regulatory standards, state laws and regulations, and local ordinances regarding the operations of a UAS.

617.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted consistent with FAA regulations.

Lehi City Police Department

Lehi City PD Policy Manual

Unmanned Aerial System

Members shall not obtain, receive, or use data acquired through an UAS unless the data is obtained (Utah Code 72-10-802):

- (a) Pursuant to a search warrant or valid warrant exception.
- (b) From a private citizen, subject to the conditions below.
- (c) To locate a lost or missing person in an area where no person would have a reasonable expectation of privacy.
- (d) In a manner that does not violate a reasonable expectation of privacy.

617.5.1 DATA COLLECTED BY PRIVATE CITIZEN

The Lehi City Police Department may not accept or review data captured by a privately-owned UAS unless one of the following conditions exists (Utah Code 72-10-802):

- (a) The data appears to pertain to the commission of a crime.
- (b) The receiving member believes, in good faith, that the data pertains to an imminent or ongoing emergency involving the danger of death or serious bodily injury to another person and that the disclosure of the data will permit the Department to assist in responding to the emergency.

617.5.2 TEMPORARY FLIGHT RESTRICTION DUE TO WILDLAND FIRES

A department UAS shall not be used in an area under a temporary flight restriction as a result of a wildland fire without the permission of, and in accordance with the restrictions established by, the official in command of the fire response (Utah Code 65A-3-2.5).

617.5.3 DOCUMENTATION

The following information must be documented in any related report or other record of the law enforcement encounter when the UAS is operated by a member of the Lehi City Police Department, or when the Department obtains or receives data pursuant to Utah Code 72-10-802 (Utah Code 72-10-804):

- (a) The presence and use of the UAS
- (b) Any data acquired
- (c) If applicable, the private citizen from whom the data was received

617.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity, or expression, economic status, age, cultural group, or disability.
- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized (Utah Code 72-10-902).

617.7 RETENTION OF UAS DATA

The Records Bureau supervisor shall ensure that data collected by the UAS is deleted as soon as reasonably possible subject to applicable retention schedules under the Utah Government Records Access and Management Act (GRAMA) or a federal, state, or local law (Utah Code 72-10-802; Utah Code 72-10-803).

Asset Forfeiture

618.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with specified designated offenses.

618.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Lehi City Police Department seizes property for forfeiture or when the Lehi City Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police, who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - Property that has been used to facilitate the commission of a federal or state offense and any proceeds of criminal activity, including both of the following (Utah Code 24-4-102):

- (a) Real property, including things growing on, affixed to and found in land
- (b) Tangible and intangible personal property, including money, rights, privileges, interests, claims and securities of any kind

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

618.2 POLICY

The Lehi City Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Lehi City Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

618.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

Lehi City Police Department

Lehi City PD Policy Manual

Asset Forfeiture

618.3.1 PROPERTY SUBJECT TO SEIZURE

- (a) Property that may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer includes (Utah Code 24-2-102):
 - 1. Property subject to forfeiture that has been identified in a court order or is the subject of a prior judgment.
 - 2. Property subject to forfeiture that is seized incident to an arrest or upon the authority of a search or administrative warrant.
- (b) Property subject to forfeiture can be lawfully seized without a court order when:
 - 1. There is probable cause to believe it is directly or indirectly dangerous to health or safety.
 - 2. It is evidence of a crime.
 - 3. It has been used or was intended to be used to commit a crime.
 - 4. It constitutes the proceeds of a crime.

Whenever practicable, obtaining a court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

618.3.2 PROPERTY NOT SUBJECT TO SEIZURE

Property that should not be seized for forfeiture includes:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture guidelines.
- (b) Property that the officer reasonably believes may belong to an innocent owner (Utah Code 24-4-107).
- (c) A motor vehicle used in a violation of driving under the influence of alcohol and/or drugs (Utah Code 41-6a-502); driving with any measurable controlled substance in the body (Utah Code 41-6a-517); driving while having a controlled substance in the body and causing serious injury (Utah Code 58-37-8(2)(g)); automobile homicide (Utah Code 76-5-207); or a local DUI ordinance, may not be forfeited unless any of the following apply:
 - 1. The operator of the vehicle has previously been convicted of a violation, committed after May 12, 2009, of offenses specified in Utah Code 24-4-102.
 - 2. The operator of the vehicle was driving on a denied, suspended, revoked or disqualified license and the denial, suspension, revocation or disqualification was imposed based upon violations specified in Utah Code 24-4-102.

Lehi City Police Department

Lehi City PD Policy Manual

Asset Forfeiture

- (d) Property used to facilitate specific crimes related to pornography or material harmful to children (Utah Code 76-10-1204; Utah Code 76-10-1205; Utah Code 76-10-1206; Utah Code 76-10-1222) if the seizure would constitute a prior restraint or interference with a person's rights under the First Amendment to the U.S. Constitution or the Utah Constitution (Utah Code 24-4-102).

618.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following (Utah Code 24-2-103):

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

618.5 MAINTAINING SEIZED PROPERTY

The Evidence Room Supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine if the property has been stolen.
- (c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

Lehi City Police Department

Lehi City PD Policy Manual

Asset Forfeiture

- (d) Property received for forfeiture is not used by the Department unless the forfeiture action has been completed.
- (e) Associated documentation complies with Utah Code 24-2-103.

618.6 FORFEITURE REVIEWER

The Chief of Police will appoint a forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a course approved by the Department on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

- (a) Remaining familiar with forfeiture laws, particularly the Forfeiture and Disposition of Property Act (Utah Code 24-1-101 et seq.) and the forfeiture policies of the forfeiture counsel.
- (b) Serving as the liaison between the Department and the forfeiture counsel and ensuring prompt legal review of all seizures.
- (c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.
- (d) Reviewing each seizure-related case and deciding whether the seizure is more appropriately made under state or federal seizure laws (Utah Code 24-4-114). The forfeiture reviewer should contact federal authorities when appropriate.
- (e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- (f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:
 - 1. Names and contact information for all relevant persons and law enforcement officers involved.
 - 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 - 3. A space for the signature of the person from whom cash or property is being seized.
 - 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.
 - 5. Any other information that may be needed to comply with Utah Code 24-2-103.

Lehi City Police Department

Lehi City PD Policy Manual

Asset Forfeiture

- (g) Ensuring that those who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Departmental Directives. The training should cover this policy and address any relevant statutory changes and court decisions.
- (h) Reviewing each asset forfeiture case to ensure that:
 - 1. Written documentation of the seizure and the items seized is in the case file.
 - 2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner (Utah Code 24-4-103).
 - 3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (see Utah Code 24-4-103; Utah Code 24-4-104).
 - 4. Property is promptly released to those entitled to its return.
 - 5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
 - 6. Any cash received is deposited with the fiscal agent.
 - 7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
 - 8. Current minimum forfeiture thresholds are communicated appropriately to officers.
 - 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
 - 10. A written plan should be available that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
 - 11. A copy of the property receipt is kept in the case file and, if the property is transferred to another agency, a copy of the receipt is provided along with the property (Utah Code 24-2-103).
 - 12. Any records of a related interview of a child are retained pursuant to Utah Code 24-2-103.
 - 13. The request a forfeiture action be commenced by the forfeiture attorney as provided in Utah Code 24-4-103.
- (i) Ensuring that the Department disposes of property as provided by law following any forfeiture.

Lehi City Police Department

Lehi City PD Policy Manual

Asset Forfeiture

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives. The Utah Code 24-4-118 should be referenced for reporting federal seizures to the Utah Commission on Criminal and Juvenile Justice.

618.7 DISPOSITION OF FORFEITED PROPERTY

No property seized shall be transferred, sold or auctioned to an employee of this department (Utah Code 24-2-103).

No member of this department may use property that has been seized for forfeiture until the forfeiture action has been completed and the Chief of Police has given written authorization to retain the property for official use. No department member involved in the decision to seize property should be involved in any decision regarding the disposition of the property.

Any property, money or other items of value received by this department pursuant to a federal forfeiture shall be used in compliance with federal laws and regulations relating to equitable sharing (Utah Code 24-4-114). Such property may be used to fund crime prevention and law enforcement activities described in Utah Code 24-4-117(9). State law prohibits the use of property or money received to be used for such things as salaries, benefits, any expenses not related to law enforcement and other purposes specified in Utah Code 24-4-117(10).

Money received as a result of a federal forfeiture may only be used as approved by the City council (Utah Code 24-4-114).

618.8 LIMITATION ON FEES FOR HOLDING SEIZED PROPERTY

The Department will not charge a person contesting a forfeiture any fee or cost for holding seized property as the result of any civil or criminal forfeiture in which a judgment is entered in favor of the person, or where a forfeiture proceeding is voluntarily dismissed by the prosecuting attorney (Utah Code 24-4-112).

Investigative Genetic Genealogy

618.1 PURPOSE AND SCOPE

This policy provides guidance for the use of investigative genetic genealogy (IGG) to generate investigative leads.

618.1.1 DEFINITIONS

Definitions related to this policy include:

Combined DNA Index System (CODIS) - An FBI computer software program that operates deoxyribonucleic acid (DNA) profile databases for law enforcement use.

DNA typing laboratory - A laboratory that analyzes biological samples, including extracted DNA, in order to provide various DNA profile types. State or local crime labs are generally not equipped to provide single nucleotide polymorphisms (SNP) DNA profiles; therefore, the use of private DNA typing laboratories is often necessary for IGG.

Extracted DNA - The DNA isolated from a biological sample remaining after previous DNA testing has been completed.

Genetic genealogist - A genealogist who uses DNA testing with traditional genealogical research methods to assist law enforcement or private clients in identifying biological relatives of an individual.

Genetic genealogy site - A database of DNA profiles voluntarily submitted by public consumers for the purpose of identifying genetic relatives. The availability of genetic genealogy sites for law enforcement use varies depending on their terms of service.

Investigative genetic genealogy (IGG) - The process of obtaining a SNP DNA profile from a biological sample collected during an investigation; uploading the profile to a genetic genealogy site for comparison to the consumer profiles in the site's database to identify genetic relatives; and using the identified genetic relationships, as well as traditional genealogy research, to generate investigative leads.

Short tandem repeat (STR) DNA profile - The results of DNA typing in a format that can be processed through CODIS and state DNA databases. This is the type of DNA used in conventional non-IGG law enforcement investigations.

Single nucleotide polymorphism (SNP) DNA profile - The results of DNA typing in a format that enables an unknown DNA sample to be compared to the DNA profiles maintained by a genetic genealogy site. This is the DNA type used in IGG.

618.2 POLICY

The Lehi City Police Department's use of IGG will be in coordination with prosecutors, the Medical Examiner, and other appropriate resources only in qualifying cases after reasonable conventional investigative methods have been pursued. Members will take reasonable steps to maintain the

Lehi City Police Department

Lehi City PD Policy Manual

Investigative Genetic Genealogy

integrity of the IGG process and safeguard the privacy rights of individuals whose DNA profiles are analyzed.

618.3 CRITERIA FOR IGG USE

Before using IGG, the lead investigator should coordinate with the supervisor to determine whether the case meets the following requirements (Utah Code 53-10-403.7):

- (a) Biological evidence collected as part of the underlying investigation (or extracted DNA from the biological evidence) of a qualifying case is available for additional testing and is reasonably believed to be attributable to:
 - 1. The perpetrator of an unsolved violent felony.
 - 2. Unidentified human remains.
 - 3. A missing or unknown individual.
- (b) All reasonable conventional investigative methods have been utilized and all reasonable investigative leads have been pursued (e.g., relevant case information entered in the National Missing and Unidentified Persons System (NamUs) and the Violent Criminal Apprehension Program (ViCAP) national database).
- (c) An STR DNA profile has been developed from the biological evidence collected in the case and, absent unusual circumstances, has been uploaded to CODIS and any applicable state DNA database for comparison with negative results.

618.4 COORDINATION

Once a preliminary determination has been made that a case may qualify for the use of IGG, the lead investigating member should consult with the appropriate prosecutor to address current and prospective legal issues and determine if a search warrant is required.

In the case of unidentified human remains, the lead investigator should also consult with the Medical Examiner.

618.4.1 CONSULTATION WITH PROSECUTOR AND BUREAU OF FORENSIC SERVICE

The lead investigating member shall consult with the prosecuting attorney and the Bureau of Forensic Services to determine whether IGG is appropriate and necessary before proceeding with IGG. The Department and the prosecuting agency shall agree to investigate relevant leads resulting from IGG (Utah Code 53-10-403.7).

618.5 SUBMISSION OF SAMPLE

The biological evidence or extracted DNA should be submitted to a DNA typing laboratory approved by the Department in order to obtain a SNP DNA profile.

Once a SNP DNA profile has been obtained from the biological evidence or extracted DNA, the lead investigating member should arrange for it to be compared to the SNP DNA profiles contained in one or more genetic genealogy sites to identify possible genetic relatives. The lead investigator should work with a qualified genetic genealogist as needed during this process.

Lehi City Police Department

Lehi City PD Policy Manual

Investigative Genetic Genealogy

When submitting a SNP DNA profile for comparison, the lead investigator or the authorized designee (e.g., assigned genetic genealogist) shall notify the genetic genealogy site that the request for comparison is from a law enforcement agency and confirm that the site's terms of service permit IGG for the type of case being investigated (Utah Code 53-10-403.7). The use of the SNP DNA profile and any subsequent comparison shall be limited to the original underlying investigation.

If at any time during the IGG process the case no longer meets the criteria for IGG use, the lead investigator should promptly notify the DNA typing laboratory, genetic genealogy site, and/or genetic genealogist to cease any further analysis and to return all evidence, data, and materials to the Department.

618.5.1 ADDITIONAL REQUIREMENTS FOR SUBMISSION

The lead investigator shall take steps to restrict IGG to genetic genealogy sites that provide appropriate notice to their users of possible law enforcement use, allow users to opt-out of having their data accessible to law enforcement, and have policies to prevent third-party access to the data concerning a victim, crime scene, or suspect (Utah Code 53-10-403.7).

618.6 ANALYSIS OF IGG DATA

Once results of a comparison are received from a genetic genealogy site, the information should be evaluated by a genetic genealogist, who will assist the lead investigator in identifying potential investigative leads.

The lead investigator should promptly and diligently pursue each viable lead identified through the IGG process using traditional investigative methods, as appropriate, to:

- (a) Eliminate an individual as a potential suspect in the case.
- (b) Link an individual to the case as a potential suspect.
- (c) Identify human remains.

618.7 COLLECTION OF THIRD-PARTY DNA SAMPLE

If it is determined that a third-party DNA sample (i.e., from a person not likely to be a suspect in the investigation) should be collected and analyzed for IGG, consent from the third party should be obtained prior to collection (Utah Code 53-10-403.7).

If there is a reasonable belief that the integrity of the investigation would be compromised by seeking consent from the third party prior to collection, the lead investigator should consult with the prosecutor regarding applicable laws and procedures in both the jurisdiction of the investigation and the jurisdiction where the collection will occur, if different (Utah Code 53-10-403.7).

The use of a third-party DNA sample shall be limited to the original underlying investigation.

618.8 POST-IDENTIFICATION

Members shall not rely solely on IGG identification of a potential suspect for probable cause to make an arrest or obtain an arrest warrant. Unless there is sufficient evidence independent of the

Lehi City Police Department

Lehi City PD Policy Manual

Investigative Genetic Genealogy

IGG data to support an arrest, a potential suspect identified through IGG should not be arrested until the suspect's identity is confirmed (Utah Code 53-10-403.7).

Members shall not rely solely on IGG to identify human remains unless there is sufficient evidence independent of the IGG data to declare the identification or confirmation testing has been completed.

Confirmatory DNA testing should be conducted by collecting a known DNA sample from the potential suspect or, in the case of unidentified human remains, from a close biological relative. This known DNA sample should be submitted for comparison to the original unknown STR DNA profile through conventional methods (e.g., in CODIS).

The lead investigator should consult with the prosecutor to determine the appropriate method of obtaining a known DNA sample.

Once the identity of a suspect or the identity of unidentified human remains has been confirmed through conventional DNA testing, the lead investigator should:

- (a) Consult with the prosecutor to evaluate the entire investigative file for consideration of criminal charges or further investigation.
- (b) If applicable, consult with the Medical Examiner for an amendment to a certificate of death.

618.9 PRIVACY CONSIDERATIONS

Members should make reasonable efforts to respect and protect the privacy of non-suspect genetic relatives identified through the IGG process. The names and identifying information of any non-suspect genetic relatives should not be included in official reports, probable cause declarations, or affidavits for search warrants and should not be disclosed unless otherwise required by law or court order.

The lead investigator should formally request that the SNP DNA profile be removed from all genetic genealogy sites upon identity confirmation and should retain a copy of the request for department records (Utah Code 53-10-403.7). The lead investigator should request that all case-related records and data provided to, or generated by, a genetic genealogist during the IGG process be returned to the Department.

618.10 RETENTION OF DNA SAMPLES AND RELATED RECORDS

Genetic information, including any derivative profiles and genetic genealogy site user information, should be retained for the minimum period established by law and destroyed once permitted by Utah law (Utah Code 53-10-403.7). The lead investigator should coordinate with the property and evidence technician and provide adequate notice to the appropriate prosecutor's office before destroying any profiles or data obtained from the IGG process.

See the Property and Evidence Policy for guidelines regarding biological evidence, including DNA samples.

Facial Recognition Technology Use

619.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the use of facial recognition technology (FRT) by the Department to assist in the development of investigative leads. This policy also provides guidance for FRT data access, use, and retention.

This policy does not apply to the use of FRT in user identification applications for personal electronic devices, access control systems, or automated video redaction software.

619.1.1 DEFINITIONS

Definitions related to this policy include:

Biometric surveillance information - Information obtained through the digital monitoring of an area that is analyzed using FRT to determine an individual's identity or location based on their physical attributes or manner. (Utah Code § 77-23d-102).

Facial recognition technology (FRT) - A software application, electronic system, or a third-party service that uses biometric algorithms to compare facial features of a probe image with the features of images contained within an image database.

Government image database – A database maintained by the Department or another government entity of images captured during interactions with the Department or government entity. This does not include publicly available information (Utah Code 77-23e-102).

Probe image - A search image submitted to FRT for comparison with images contained within an image database.

619.2 POLICY

It is the policy of the Lehi City Police Department to limit FRT use to developing investigative leads for legitimate law enforcement purposes while recognizing and protecting established constitutional and privacy rights.

619.3 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police or the authorized designee shall approve any FRT system or service prior to its implementation and use by the Department.

619.4 FRT COORDINATOR

The Chief of Police or the authorized designee shall appoint an FRT coordinator. The responsibilities of the FRT coordinator include:

- (a) Establishing procedures for department FRT use that conform to applicable laws, regulations, and best practices. Procedures should include:
 - 1. A process for submitting and assessing officer requests to use FRT.
 - 2. Requirements related to processing and reviewing results generated from the use of FRT.

Lehi City Police Department

Lehi City PD Policy Manual

Facial Recognition Technology Use

3. Requirements for complying with Utah Code 77-23e-105 prior to implementing new FRT systems (i.e., posting proper notice, accepting and reviewing public comments, posting final decisions).
- (b) Establishing procedures for collecting, processing, and storing FRT data.
 1. Procedures should include the management of biometric surveillance information (Utah Code 77-23d-106).
- (c) Establishing procedures for access and security controls for department FRT systems, services, and data.
 1. Access levels should be no higher than necessary to accomplish organizational tasks, missions, or functions.

Chapter 7 - Equipment

Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

This policy addresses the care of department-owned property and the role of the Department when personal property, the property of another, or department-owned property is damaged or lost.

700.2 DAMAGE TO PROPERTY OF ANOTHER PERSON OR ENTITY

Members who intentionally or unintentionally damage or cause to be damaged the real or personal property of another person or entity while performing any law enforcement function shall promptly report the damage through the member's chain of command.

700.2.1 DAMAGE BY PERSONNEL OF ANOTHER AGENCY

- (b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

700.3 PERSONAL USE OF DEPARTMENTAL PROPERTY

The Lehi City Police Department and the City of Lehi Utah have recognized the benefits to the community when officers are able to use Lehi City Police Department property for incidental or personal use in addition to the primary use of fulfilling his or her duties as a law enforcement officer. To enable officers to continue to use their issued equipment in a manner that best serves the public, officers are authorized to use or possess any Lehi City Police Department property issued to them for any incidental or personal use, so long as the property is used in a lawful manner. This policy presumes that any public property issued to an officer is properly in that officer's possession and that the officer's use or possession of said property is to fulfill their duties as a public servant. This policy also presumes that incidental or personal use or possession of public property by the officer is authorized by this policy. This policy is enacted to minimize criminal exposure for the lawful use of Lehi City Police Department property by officers under Utah Code Ann. § 76-8-402.

700.4 SUPERVISOR RESPONSIBILITIES

The supervisor receiving a report that property, including personal property authorized for use, has been damaged should conduct an investigation and direct a memo to the appropriate Division Commander. The memo should include the result of the investigation and whether reasonable care was taken to prevent the loss, damage, or unserviceable condition.

Cases where the supervisor has reason to believe that misconduct or negligence was involved in the loss, damage, or unserviceable condition of property should be handled in accordance with the Standards of Conduct and Personnel Complaints policies.

Lehi City Police Department

Lehi City PD Policy Manual

Department-Owned and Personal Property

700.5 POLICY

The Lehi City Police Department will ensure that members are issued appropriate property and equipment necessary for the member's job function. The Department will take steps to minimize the cost associated with maintaining department property, including personal property authorized for use in the member's duties.

700.6 DEPARTMENT-OFFICE-ISSUED PROPERTY

The Administration supervisor should document all property and equipment issued by the Department in the appropriate file at the time of issuance. Receipt of issued items shall be acknowledged by the receiving member's signature. Upon separation from the Department, all issued property and equipment shall be returned. Documentation of the return shall be acknowledged by the signature of a supervisor.

700.6.1 MEMBER RESPONSIBILITIES

Members shall be responsible for the safekeeping, serviceable condition, proper care, proper use, and replacement of department-issued property that has been assigned or entrusted to them.

- (a) Members shall promptly report, through their chain of command, the loss, damage, or unserviceable condition of any department-issued property or equipment.
- (b) The use of damaged or unserviceable property should be discontinued as soon as practicable, and the item replaced with a comparable item as soon as available.
- (c) Except when otherwise directed by a supervisor or when exigent circumstances exist, department-issued property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
- (d) Department-issued property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without prior approval.
- (e) Members should obtain a supervisor's approval before any attempt to repair damaged or unserviceable property, unless the repair is of a minor or temporary nature.

700.6.2 INVENTORY CONTROL

[Insert your agency's inventory control procedures consistent with standard 8.4 requirements – see the Guide Sheet for additional guidance.]

700.7 PERSONAL PROPERTY

Carrying and/or using personal property or equipment on-duty requires prior written approval by the Chief of Police or appropriate Division Commander. The member should submit a request that includes a description of the property and the reason and length of time it will be used. Personal property of the type routinely carried by persons who are not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Department will not replace or repair items (e.g., jewelry, expensive watches) that are not reasonably required as part of work.

Department-Owned and Personal Property

700.7.1 FILING CLAIMS FOR PERSONAL PROPERTY

A member requesting reimbursement for damage to, or loss of, personal property must submit the request in writing to the member's immediate supervisor. The supervisor may require a separate written report.

Upon review by command staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, who will then forward the claim to the City department responsible for issuing payments.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless-capable tablets, and similar wireless two-way communications and/or portable internet-access devices. PCD use includes but is not limited to placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games, and accessing sites or services on the internet.

702.2 POLICY

The Lehi City Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

702.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location-detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for department-related business or when the use reasonably implicates work-related misconduct.

702.4 DEPARTMENT-OFFICE-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-

duty unless authorized by the [agencyHead] or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will be either secured in the workplace at the completion of the tour of duty or turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used, and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by department procedures.
 - 1. Use of a personally owned PCD for work-related business constitutes consent for the Department to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
 - 2. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
 - 3. Searches of a personally owned PCD by the Department should be limited to those matters reasonably associated with the work-related business or work-related misconduct.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the Lehi City Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Lehi City Police Department

Lehi City PD Policy Manual

Personal Communication Devices

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from their supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate recordkeeping.

702.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings, or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means requires express authorization of the Chief of Police or the authorized designee.
- (f) Members will not access social networking sites for any purpose that is not official department business. This restriction does not apply to a personally owned PCD used during authorized break times.
- (g) Using PCDs to harass, threaten, coerce, or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

Lehi City Police Department

Lehi City PD Policy Manual

Personal Communication Devices

- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
 - 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions, and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Utah Code 41-6a-1716). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

702.10 PCD ISSUANCE OR FUNDING

Officers of the Lehi Police Department will be given the option of either receiving a City issued PCD (Smart Phone) or the option to receive a phone allowance for the use of their personal phone for work related use. The amount of the allowance will be set by Lehi City policy and will be dispersed with the Officers bi-weekly compensation.

Non-sworn employees shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

Vehicle Use

706.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Lehi City to provide assigned take-home vehicles.

Additional guidelines for member responsibilities when transporting persons in custody may be found in the Transporting Persons in Custody Policy.

706.2 POLICY

The Lehi City Police Department provides vehicles for department-related business use and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments, and other considerations.

If for any reason during the shift the vehicle is exchanged, the member shall ensure that the exchanged vehicle is likewise properly noted on the daily shift roster.

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of the shift. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

706.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Shift Sergeant. Lehi City PD Policy Manual

Vehicle Use

This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

706.3.4 MOBILE DIGITAL COMMUNICATOR

While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Division Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired, and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.4.3 MAINTENANCE

706.4.5 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Residence in the City of Lehi City is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Lehi City may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police when their residence exceeds 30 radius miles from Lehi City Limits and or is outside of either Utah County or Salt Lake County.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles may be used to transport the member to and from the member's residence for work-related purposes when the member resides outside of Lehi City and or surrounding city boundaries and falls within the approved 30 radius miles from Lehi City limits, and is within either Utah or Salt Lake County.

Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.
- (b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Division Commander within five working days, explaining the circumstances.

Cash Handling, Security and Management

707.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

707.2 POLICY

It is the policy of the Lehi City Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

707.3 PETTY CASH FUNDS

The Chief of Police shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

707.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

707.5 PETTY CASH AUDITS

The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Police, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Police.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Chief of Police or the City.

Cash Handling, Security and Management

707.6 ROUTINE CASH HANDLING

Those who handle cash as part of their property or Utah County Major Crimes Task Force supervisor duties shall discharge those duties in accordance with the Property and Evidence and Informants policies.

Members who routinely accept payment for department services shall discharge those duties in accordance with the procedures established for those tasks.

707.7 OTHER CASH HANDLING

Members of the Department who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Policy.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

Personal Protective Equipment

708.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

708.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

708.2 POLICY

The Lehi City Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

708.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

708.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed industry standards for use at firing ranges (29 CFR 1910.95; UAC R614-1-4).

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

708.7 RESPIRATORY PROTECTION

The Administration Division Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; UAC R614-1-4):

708.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; UAC R614-1-4):

Lehi City Police Department

- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

708.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; UAC R614-1-4).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.

These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Dispatch, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller's language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

802.7.1 EMERGENCY CALLS

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all

necessary information to ensure the safety of the responding department members and affected individuals.

Emergency calls should be dispatched immediately. The Shift Sergeant shall be notified of pending emergency calls for service when department members are unavailable for dispatch.

802.7.2 NON-EMERGENCY CALLS

A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

802.7.3 MISDIRECTED CALL PROCEDURES

The Dispatch Supervisor should ensure that all dispatchers are aware of the following procedures for handling misdirected emergency calls:

- (a) If a call is received for an emergency service that this department does not provide or that is outside this department's jurisdiction, the dispatcher receiving the call should do one of the following, depending on the nature of the call:
 - 1. Transfer the caller to the appropriate agency. The dispatcher should monitor the call to confirm that a connection was made and to ascertain whether further assistance is needed.
 - 2. Collect all pertinent information and contact the appropriate agency to relay the request.
- (b) Any emergency call received on a non-emergency number will be handled as a 9-1-1 call.
- (c) When misdirected non-emergency calls are received by Dispatch, a dispatcher should provide the caller with the telephone number of the appropriate service provider, if practicable.

802.8 RADIO COMMUNICATIONS

Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department/office station name or number.

802.8.3 ACCESS TO PORTABLE RADIOS

Each officer on-duty shall have access to a two-way, hand-carried portable radio.

This limits access to CJI to only authorized personnel with the need and the right to know. Logs of access privilege changes shall be maintained for a minimum of one year or at least equal to the agency's record retention policy – whichever is greater. Each person who is authorized to store, process, and/or transmit CJI shall be uniquely identified. A unique identification shall also be required for all persons who administer and maintain the system(s) that access CJI or networks leveraged for CJI transit. Agencies shall require users to

The LASO shall enforce assigned authorizations for controlling access to the system and contained information, and controls. Only authorized personnel can add, change, or remove component devices, and remove or alter programs. Encrypted information can only be decrypted through Virtru. Access will be denied, and account will be locked when more than 5 consecutive invalid access attempts by a user. The system shall prevent further access to the system by initiating a session lock after a maximum of 30 minutes of inactivity, and the session lock remains in effect until the appropriate identification and authentication procedures are followed. Users shall lock their device if unattended.

The information system shall display an approved system use notification message and provides the following information: The user is accessing a restricted information system, and it may be monitored, recorded, and subject to audit. Unauthorized use of the system is prohibited and may be subject to criminal and/or civil penalties. Use of the system indicates consent to monitoring and recording. The system use notification message will remain on the screen until the user acknowledges the notification and takes explicit actions to log on to the information system. No public access will be granted.

The LASO shall authorize, monitor, and control all methods of remote access to the information system with automated mechanisms to facilitate the monitoring and control of remote access methods.

The agency shall control all remote accesses through secure VPN connections, AD Self Service Plus, Global Protect, two-factor authentication, and encryption of data in transit. This will be monitored at all times by an authorized escort that is familiar with the system and shall have the ability to end the session at any time.

807.10 INCIDENT RESPONSE POLICY

This policy describes the Incident Response procedure should an information security incident occur at the Lehi City Police Department.

All employees shall be given Security Training upon hire and every year thereafter. This training will include both physical and electronic security events, current security measures in place, and instructions on who to report to. All staff are responsible for understanding how to identify and report a suspected security incident. If a suspected security event is detected it shall be reported to the Lehi City IT department.

Any Criminal Justice Information (CJI) related incidents should be reported to the TAC. The TAC will immediately notify the LASO (Tyler Kelsey, Lehi City IT Systems Manager) and the CJIS ISO (Tyson Jarrett tjarrett@utah.gov 385-255-0888) for documentation (including both the incident and any evidence).

The LASO will track progress following all CJIS security incidents to ensure measures taken are successful.

The LASO shall promptly inform all TACs for Lehi City (i.e. Maren Gazaway, Judy Kirkham, and Pamela Parker) of the measures taken. All TACs will promptly inform all employees in their departments of the incident and implement precautions.

810.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Records Officer for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, County Attorney, or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

810.7 RELEASED RECORDS TO BE MARKED

Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

810.8 EXPUNGEMENT

Expungement orders received by the Department shall be reviewed for appropriate action by the Records Officer. The Records Officer shall expunge such records as ordered by the court. Records

may include but are not limited to a record of arrest, investigation, detention, or conviction. Once expunged, members shall respond to any inquiry as though the record did not exist.

The Records Officer shall provide written confirmation that all records have been expunged by the Department to the individual receiving the expungement if requested (Utah Code 77-40a-401).

Video and audio recordings of incidents made by officers of this department that resulted in death or serious bodily injury of an individual or during which an officer fired a weapon shall be released upon receipt of a proper public records request.

The Records Officer should coordinate as appropriate with the Chief of Police or the prosecuting agency to determine which recordings may qualify for disclosure when a request for a recording is received (Utah Code 77-7a-107).

810.11 DATA SECURITY

Members who become aware that any department system containing personal information may have been breached should notify the Records Officer as soon as practicable.

If a data breach occurs, the Utah Cyber Center and Attorney General should be notified, and an internal incident report should be prepared, when required by Utah Code 63A-19-405. A notice of a data breach reported to the Cyber Center should indicate whether the breach involved technology, software, or services from a foreign adversary (Utah Code 63A-16-1302).

Notice should be provided to individuals affected by the data breach when appropriate pursuant to Utah Code 63A-19-406.

The purpose of this policy is to ensure the NCIC records are accurate, complete, and up to date. Validation shall be accomplished by reviewing the original entry and current supporting documents.

Members completing NCIC Validations should conduct the validation using the following procedures:

1. On the Monday following the first Saturday of the month, each agency will download the current months' NCIC validations from UCJIS using the NVAL transaction code.

Lehi City Police Department

Lehi City PD Policy Manual

to the review of the original case file and supporting documents/information to include the following UCJIS transaction codes MIL and VMI. The NIC number and the date of entry should be verified as correct in the case report. Once verified the record will be validated through the MODIFY transaction in UCJIS with the person's name that confirmed the information entered in the VLN field. All records will be validated before the end of the month. If it is discovered that the person/vehicle/article is no longer missing or stolen, then the record will be cleared as per NCIC requirements.

3. To ensure the NCIC record contains the most complete and accurate information it is the policy of the Lehi Police Department to require a second party check on entry, add-on, modification, cancel and clear transactions. The second party check needs to be performed by a person other than the User that executed the original transaction. This can be the TAC or any other person designated by the TAC.

4. The most recent update/validation will be maintained in the case.

812.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know (Utah Code 53-10-108).

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Bureau to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone, or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

812.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

812.6.2 INTIMATE IMAGES

Any member who obtains access to an intimate image (as defined in Utah Code 76-5b-203) in the course of a criminal action shall not display, duplicate, copy, or share the intimate image unless the member is doing so solely for the purpose of the adjudication, defense, prosecution, or investigation of a criminal matter involving the intimate image as required by state law (Utah Code 76-5b-203.5). Any such disclosure of an intimate image requires supervisory approval.

812.7 TRAINING

Computers and Digital Evidence

814.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and therefore they should utilize the most knowledgeable available resources. When possible, this includes enlisting the help of a computer forensics examiner, who will make an exact copy, or mirror image, of the computer's hard drive; the original will be stored as evidence. This eliminates the possibility of altering or destroying any evidence on the original. The examiner will then search the copy of the hard drive for evidence.

When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 - 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 - 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Place all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:

Lehi City Police Department

Lehi City PD Policy Manual

Computers and Digital Evidence

1. Where the computer was located and whether it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, floppy disks, compact discs or any other storage media is required, an exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices. The officer will then forward the following items to a computer forensic examiner:

- (a) Copy of report(s) detailing how the computer was used in criminal activities. Also include the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to the investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CDs, DVDs, tapes, memory cards or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.

Lehi City Police Department

Lehi City PD Policy Manual

Computers and Digital Evidence

- (b) Do not review, access or open digital files prior to submission to a computer forensic examiner. If the information is needed for immediate investigation request the Evidence Room to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where it would be subject to excessive heat, such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device, which includes messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Un-sent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a Faraday shielding bag to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until the devices can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Evidence Room as soon as possible for submission into evidence.

Lehi City Police Department

Lehi City PD Policy Manual

Computers and Digital Evidence

- (b) Officers are authorized to review, print pictures, or copy the contents of the memory card onto a DVD or CD rom for placement into the original report or use for investigational purposes. Any other use must be approved by the Investigations Division Commander.

814.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

900.3.2 SUPERVISION IN TEMPORARY CUSTODY

An authorized department member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability.

It is preferred that at least one female department member should be present when a female adult is in temporary custody. In the event that none is readily available, other options should be considered, including transporting the female in custody to another facility or releasing the female pursuant to another lawful process.

The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

If there is any suspicion that the individual may be suicidal, he/she shall be transported to the City jail or the appropriate mental health facility.

The officer should promptly notify the Shift Sergeant of any conditions that may warrant immediate medical attention or other appropriate action. The Shift Sergeant shall determine whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

The Shift Sergeant or the authorized designee shall identify a staff member to monitor the conduct and treatment of prisoners or members who have reported sexual abuse and of prisoners who were reported to have suffered sexual abuse. The review shall (28 CFR 115.186):

- (a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.
- (b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.

Other supervisors and or evaluators directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian evaluators and senior evaluator personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations prior to the evaluator appointment.

Each evaluator should discuss the tasks expected of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Evaluators should document this discussion in the prescribed manner.

Assessment of the employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

The evaluator should also provide relevant counseling regarding advancement, specialty positions, and training opportunities. Employee may add comments in the evaluation in the employee comments section. Employees who disagree with their evaluation and who desire to provide a formal grievance regarding the evaluation should

Lehi City Police Department

Employee Evaluations

submit a grievance to the chief of police in accordance with grievance procedures outlined in the Lehi City Employee Handbook.

Non-probationary employees demonstrating substandard performance shall be first verbally counseled regarding substandard performance. During counseling the evaluator and employee should develop a plan of action to correct the performance. This plan of action, when applicable, should include a date or timeframe that an assessment of performance will be done to assess the effectiveness of the plan of action. This date and/or timeframe should, where feasible give time for the employee to correct the performance prior to the end of the rating period. If performance is not corrected by a verbal counseling and plan of action, the evaluator shall notify the employee in writing of the substandard performance and of the failure to correct the performance. The evaluator should also counsel the employee and refine the plan of action to better address the substandard performance. Where practical, such written notification should be done within a reasonable amount of time to allow the substandard performance to be corrected prior to the end of the rating period.

1001.6 SENIOR EVALUATOR RESPONSIBILITIES

After the Employee Performance Evaluation Report is completed, the evaluator will review the report with the evaluator's supervisor/division commander or designated senior evaluator. It is the responsibility of the senior evaluator to ensure that the evaluator has provided justification to warrant the rating given. The senior evaluator will also review the report for fairness, impartiality, uniformity, and consistency.

The senior evaluator also provides an overall performance assessment. This overall performance assessment should also include an assessment of promote-ability, the degree to which the employee should be considered for promotion (e.g., promotion not recommended at this time, promote with peers, promote ahead of peers). The senior evaluator also gives recommendation for training, broadening assignments at the employee's current rank, and successive assignments the employee would be recommended to perform with continued growth.

1001.7 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed annually by an employee's direct supervisor no later than May 31st, preceding the end of the fiscal year (June 30). The evaluation will be submitted to Human Resources at Lehi City for review. Any previous evaluations are tools to be used by supervisors to aid in the development of the employee in their performance and for evaluation for any anticipated transfers or promotions.

Supervisors are to meet with employees, at least quarterly, to discuss with the employee their progress in accomplishing their set goals as well as to assist them with any questions or problems that the employee may have. This can be as formal as the supervisor feels that the employee is comfortable with.

Lehi City Police Department

Lehi City PD Policy Manual

Employee Evaluations

It is understood that employees may not have been under the direct supervision of the person conducting the evaluation for that year. Such cases may arise because of transfer, promotion, or some special circumstance.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - The supervisor and division commander should consider a special evaluation after verbal and written admonishment has failed to correct performance. Generally, the special evaluation will be a tool used to demonstrate those areas of performance deemed unacceptable when follow-up action is planned (remedial training, retraining, etc.). A special evaluation may also be completed when an employee is being considered for discipline. The evaluation form and any attached documentation shall be submitted as one packet.

1001.8 FULL-TIME PROBATIONARY PERSONNEL

Civilian personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed yearly for all full-time civilian personnel during the probationary period.

Sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily by their FTO and at the end of each FTO Phase while in the FTO Program, including an evaluation at the end of their FTO completion. Once the FTO Program is complete the Probationary Officer will fall into the regular evaluation schedule of sworn officer evaluations. Employees placed on probation through the disciplinary process shall have an evaluation completed as soon as possible after being placed on probation for the period of time designated by the Chief of Police. During that evaluation and throughout their probationary period their supervisor shall convey to them the performance expectations and where improvement is needed.

Probationary employees shall receive an "End of Probation" evaluation at the conclusion of their probationary period. If the employee's end of probation falls between May 1st and July 1st, there will be no need to complete a regular evaluation in July of that year. If the employee's end of probation falls on or before April 30th, an interim regular evaluation shall be completed in addition to the "End of Probation" evaluation to cover the period up to the July 1st regular evaluation date. This is to ensure no employee goes no longer than 15 months without receiving a yearly evaluation.

1001.9 DISCRIMINATORY HARASSMENT FORM

At the time of each employee's annual evaluation, the reviewing supervisor shall require the employee to read the City harassment and discrimination policies. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

(a) That the employee understands the harassment and discrimination policies.

Lehi City Police Department

Lehi City PD Policy Manual

Employee Evaluations

- (b) Whether any questions the employee has have been sufficiently addressed.
- (c) That the employee knows how and where to report harassment policy violations.
- (d) Whether the employee has been the subject of, or witness to, any conduct that violates the discrimination or harassment policy which has not been previously reported.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week. The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

1001.10 DIVISION COMMANDER EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's Division Commander. The Division Commander shall review the evaluation for fairness, impartiality, uniformity and consistency. The Division Commander shall evaluate the supervisor on the quality of ratings given.

1001.11 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file in the Human Resources Office for the tenure of the employee's employment. A copy will be given to the employee at the time of their evaluation is completed and signed by all parties.

Grievances

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the Lehi City Police Department grievance system. The grievance system is intended to facilitate communication and promptly and equitably address employee grievances in the workplace.

1006.1.1 GRIEVANCE DEFINED

A grievance is a difference of opinion or dispute involving the meaning, interpretation, or application of any of the following:

- The employee Collective Bargaining Agreement (CBA)
- This Policy Manual
- Rules and regulations governing personnel practices or working conditions
- Workplace issues that do not amount to misconduct under the Personnel Complaints Policy, such as fraud, waste, abuse of authority, gross mismanagement, or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety, or well-being of members

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment, which are subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy or federal, state, or local law, as set forth in the Personnel Complaints Policy.

1006.2 PROCESS

Grievances may be brought by an individual employee or by an employee group representative. Employees may have representation during the grievance process. The Chief of Police or the authorized designee is responsible for coordinating the grievance process.

Except as otherwise required under a collective bargaining agreement, if an employee believes that they have a grievance as defined above, that employee shall:

- (a) Attempt to resolve the issue through informal discussion with the employee's immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the appropriate Division Commander.
- (c) If a successful resolution is not found with the Division Commander, the employee may request a meeting with the Chief of Police.
- (d) If the employee and the Chief of Police are unable to arrive at a mutual solution, the employee shall proceed as follows:

Lehi City Police Department

Lehi City PD Policy Manual

 1. The allegation should include time and date of occurrence.
 - (c) The specific policies, rules, or regulations at issue.
 - (d) The remedy or goal being sought by the grievance.
- (e) The supervisor shall provide the employee with a signed acknowledgment of the grievance that shall include the date and time of receipt.

 2. The response shall include any remedies, if appropriate.
 3. The decision of the City Administrator is considered final.

1006.2.1 TIME LIMITATIONS

[Insert your agency's time limitations for filing a grievance consistent with standard 12.1(b) requirements - see the Guide Sheet for additional guidance.]

1006.3 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to the Administration Division for inclusion into a secure file for all written grievances. Copies of the documents should also be sent to the Department of Human Resources.

1006.4 GRIEVANCE AUDITS

The Training Sergeant shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether any change in policy, procedure, or training may be appropriate to avoid future grievances. The Training Sergeant shall record these findings in a confidential memorandum to the Chief of Police without including any identifying information about any individual grievance.

1006.5 POLICY

It is the policy of the Lehi City Police Department to provide a just and equitable system for the prompt handling of employee grievances without discrimination, coercion, restraint, or retaliation against any employee who submits or is otherwise involved in a grievance.

1006.6 POLICY OR TRAINING IMPLICATIONS

If an employee who participates in the grievance review process identifies any issue that may warrant an immediate revision to this Policy Manual, a procedural change, or an immediate training need, the employee should promptly notify the Chief of Police in a memorandum.

Anti-Retaliation

1008.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement, or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety, or well-being of members (Utah Code 53-6-210.5).

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause (Utah Code 53-6-210.5).

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance, or collective bargaining agreement.

1008.2 POLICY

The Lehi City Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Lehi City Police Department

Anti-Retaliation

1008.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Human Resources.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Lehi City Police Department

Lehi City PD Policy Manual

Anti-Retaliation

1008.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1008.7 WHISTLE-BLOWING

The Utah Protection of Public Employees Act protects an employee who (Utah Code 67-21-1 et seq.):

- (a) Communicates in good faith the waste or misuse of public funds, property, or manpower.
- (b) Communicates in good faith a suspected violation of a state or federal law, rule, or regulation.
- (c) Objects to or refuses to carry out a directive that the member reasonably believes violates state or federal law.

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards and Training for investigation pursuant to the Personnel Complaints Policy.

1008.7.1 NOTICE OF EMPLOYEE PROTECTIONS AND OBLIGATIONS

The Department shall post a notice and use appropriate means to keep employees informed of their protections and obligations under the Utah Protection of Public Employees Act. The Department shall provide the employee with a copy of the Act (Utah Code 67-21-9):

- (a) When the employee is hired.
- (b) Upon a request by the employee.
- (c) When the employee files a grievance under the Utah Protection of Public Employees Act.

1008.8 RECORDS RETENTION AND RELEASE

The Records Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1008.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Arrests, Convictions, and Court Orders

1010.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Lehi City Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and state law prohibits individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Utah Code 76-11-301 et seq.).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

Any person applying for or holding a concealed firearm permit and who is convicted of any offense involving domestic violence may have the permit refused, revoked, or suspended (Utah Code 53-5a-303(2)(a)(vi)).

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Utah Code 53-6-203 prohibits any person convicted of a felony from being a peace officer in the State of Utah. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1010.4 REPORTING

All members and all retired officers with identification cards issued by the Department shall immediately notify their immediate supervisor (retired officers should immediately notify the Shift Sergeant or the Chief of Police) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Sergeant

Lehi City Police Department

Lehi City PD Policy Manual

Reporting of Arrests, Convictions, and Court Orders

or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable POST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing their duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on their own time and at their own expense.

Any employee failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1010.5 POLICY

The Lehi City Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1012.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Sergeant or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1012.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

1012.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Lehi City Police Department

Lehi City PD Policy Manual

Drug- and Alcohol-Free Workplace

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 REQUESTING SCREENING TESTS

A supervisor may require an employee to submit to a screening test under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) The employee drives a motor vehicle in the performance of his/her duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

1012.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.

Lehi City Police Department

Lehi City PD Policy Manual

Drug- and Alcohol-Free Workplace

- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.7.2 DISCIPLINE

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

Sick Leave

1014.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement or any memorandum of understanding.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.).

1014.2 POLICY

It is the policy of the Lehi City Police Department to provide eligible employees with a sick leave benefit.

1014.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1014.3.1 NOTIFICATION

All members should notify the Shift Sergeant or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1014.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Lehi City Police Department

Sick Leave

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days.

1014.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Lehi City Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY

The Lehi City Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 - 1. The mandates of the Utah Occupational Safety and Health Act (Utah Code 34A-6-101 et seq.; UAC R614-1-1 et seq.).

Communicable Diseases

2. Reporting known or suspected cases of communicable diseases to the local health department (Utah Code 26B-7-206; UAC R386-702-4).
3. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
4. Exposure control mandates in 29 CFR 1910.1030 (UAC R614-1-4).

The ECO should also act as the liaison with the Utah Occupational Safety and Health Division (UOSH) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes but is not limited to (29 CFR 1910.1030; UAC R614-1-4):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks, or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes, and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing, portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Communicable Diseases

1016.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; UAC R614-1-4).

Members shall also be screened for tuberculosis pursuant to the guidelines established by UOSH (UAC R388-804).

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall (29 CFR 1910.1030; UAC R614-1-4):

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; UAC R614-1-4):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury and Death Reporting Policy).

1016.5.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; UAC R614-1-4).

Lehi City Police Department

Lehi City PD Policy Manual

Communicable Diseases

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING

The Department shall provide the member, and the member's family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; UAC R614-1-4).

1016.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Seeking a court order or warrant pursuant to Utah Code 78B-8-402.

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if the person refuses.

1016.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law) (29 CFR 1910.1030; UAC R614-1-4; Utah Code 26B-7-217). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; UAC R614-1-4):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

Lehi City Police Department

Lehi City PD Policy Manual

Communicable Diseases

- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Lehi City Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY

The Lehi City Police Department recognizes that tobacco use is a health risk and can be offensive to others. Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings, and vehicles, and as is further outlined in this policy (Utah Code 26B-7-503).

1018.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Lehi City Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities, buildings and vehicles.

1018.4 ADDITIONAL PROHIBITIONS

No person shall smoke tobacco products within 25 feet of any entranceway, exit, or operable window of any public building (including any department facility), all enclosed indoor places of public access, or in any buildings where restrictions on use of tobacco products are posted or provided by other means, whether the person is present for training, enforcement, or any other purpose (UAC R392-510-8).

Personnel Complaints

1020.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Lehi City Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1020.2 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1020.3 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

In cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate, the probationary period may be extended at the discretion of the Chief of Police.

1020.4 POLICY

The Lehi City Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state, and local law, municipal and county rules, and the requirements of any memorandum of understanding or collective bargaining agreement.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.5 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state, or local law, policy, or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state, or local law, policy, or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures, or the response to specific incidents by the Department.

Lehi City Police Department

Lehi City PD Policy Manual

Personnel Complaints

1020.5.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Sergeant is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards and Training, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards and Training, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1020.5.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person, or by telephone.
- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1020.6 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.6.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1020.6.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall

obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs, or physical evidence may be obtained as necessary.

1020.7 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1020.8 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1020.8.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The Chief of Police or any other supervisor who is made aware of an allegation against a certified peace officer or dispatcher employed by the Lehi City Police Department shall conduct an administrative or internal investigation and report substantiated allegations to the Division of Peace Officer Standards and Training (POST) within 30 days (Utah Code 53-6-211; Utah Code 53-6-309; UAC R728-409-18).

If an officer or dispatcher who is the subject of the investigation resigns, retires, or otherwise separates from the agency before the conclusion of the investigation, the Chief of Police shall report the allegations and any investigation results to POST (Utah Code 53-6-211; Utah Code 53-6-309; UAC R728-409-18).

The Chief of Police shall notify POST within 30 days after the officer's termination date if the date occurs during an open internal investigation for an alleged violation of Utah Code 53-6-211(1) (Utah Code 53-6-209).

If the Lehi City Police Department receives credible allegations and opens an internal investigation within two years after the day of an officer's termination date, the Chief of Police shall provide notice 30 days after the day of opening the investigation and an estimated date of completion to

Lehi City Police Department

Personnel Complaints

POST. If the allegations involve violations of Utah Code 53-6-211(1), whether or not they result in an internal investigation, the Chief of Police shall notify POST (Utah Code 53-6-209).

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Shift Sergeant of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Shift Sergeant.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Shift Sergeant and Chief of Police are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Department of Human Resources and the Shift Sergeant for direction regarding the supervisor's role in addressing a complaint that relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Shift Sergeant, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses, and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
- (i) Ensuring that the procedural rights of the accused member are followed.
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

Lehi City Police Department

Personnel Complaints

1020.8.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards and Training, the following applies to employees:

- (a) Interviews of an accused employee shall be conducted during reasonable hours and preferably when the employee is on-duty. If the employee is off-duty, he/she shall be compensated.
- (b) Unless waived by the employee, interviews of an accused employee shall be at the Lehi City Police Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused employee.
- (d) Prior to any interview, an employee should be informed of the nature of the investigation.
- (e) All interviews should be for a reasonable period and the employee's personal needs should be accommodated.
- (f) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the employee has been given a *Garrity* advisement and after the investigator has consulted with the prosecuting agency. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 - 2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview shall be provided to the employee prior to any subsequent interview.
- (i) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (j) All employees shall provide complete and truthful responses to questions posed during interviews.

Lehi City Police Department

Lehi City PD Policy Manual

Personnel Complaints

- (k) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

1020.8.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1020.8.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.8.5 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

Lehi City Police Department

Lehi City PD Policy Manual

Personnel Complaints

1020.8.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1020.9 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1020.10 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons, and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1020.11 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Lehi City Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.12 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and

Lehi City Police Department

Lehi City PD Policy Manual

Personnel Complaints

include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1020.12.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1020.12.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed their response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

Personnel Complaints

1020.12.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint.

1020.12.4 DISCIPLINE

Disciplinary actions should be administered progressively and according to the seriousness of the violation. Disciplinary action may include the following:

- Counseling
- Oral reprimand
- Letter of reprimand
- Loss of leave
- Suspension
- Demotion
- Termination of employment

[Insert your agency's specific procedures consistent with standard 13.2(a) and standard 13.3 requirements - see the Guide Sheet for additional guidance.]

1020.13 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to conduct further investigation, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1020.14 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

Seat Belts

1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

Guidance for transporting persons in custody may be found in the Transporting Persons in Custody and Handcuffing and Restraints policies.

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 (Utah Code 41-6a-1601).

1022.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members of the Department, are properly restrained (Utah Code 41-6a-1803).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3 TRANSPORTING CHILDREN

A child younger than 8 years of age shall be secured using a child restraint system in the manner prescribed by the manufacturer of the system unless an exemption exists due to the child's height (Utah Code 41-6a-1803).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1022.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Lehi City Police Department

Lehi City PD Policy Manual

Seat Belts

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.5 POLICY

It is the policy of the Lehi City Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.6 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1022.7 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Generally, the use of body armor is required in accordance with manufacturer guidelines and subject to the following:

1032.5 WORK-RELATED CONDITIONS

Any employee suffering from a work-related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Shift Sergeant or unit supervisor and concurrence of a Division Commander, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the well being of the employee and until such time as the following may be completed:

- (a) A preliminary determination that the employee's conduct appears to be in compliance with related policies.
- (b) The employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1032.6 FITNESS FOR DUTY EVALUATIONS

Except in unusual circumstances, members should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve any member who has exceeded the above guidelines to off-duty status.

1032.9 POLICY

The Lehi City Police Department strives to provide a safe and productive work environment and ensure that all members of this department can safely and effectively perform the essential functions of their jobs. Under limited circumstances, the Department may require a professional evaluation of a member's physical and/or mental capabilities to determine the member's ability to perform essential functions.

1032.10 REQUIRED EXAMINATIONS

Any physical, medical, or psychological examinations required by the Department shall be provided at no cost to the department member.

Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible, shall conform to the policy governing all City employees that has been established by the City Administrator.

1034.1.1 MEAL PERIODS

Sworn employees and dispatchers shall remain on-duty subject to call during meal breaks. All other employees are not on-call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from Dispatch prior to taking a meal period. Uniformed officers shall take their meal breaks within the City limits preferably at the police station unless on assignment outside of the City or with the approval of a supervisor. At no time will more than 2 patrol units be parked at any fast food, café, restaurant, or convenience type establishment without supervisor approval.

The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 BREAKS

Each employee is entitled to a 15-minute break, near the mid-point, for each four-hour work period (UAC R477-8-3). Only one 15-minute break shall be taken during each 4-hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call, and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of Dispatch.

Lactation Breaks

1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding reasonable accommodations for lactating members.

1035.2 POLICY

It is the policy of the Lehi City Police Department to provide, in compliance with federal and state law, reasonable accommodations for lactating members. This includes break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing child for up to one year after the child's birth (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Utah Code 34-49-203).

1035.3 LACTATION BREAK TIME

A rest period should be permitted each time the member requires a lactation break (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Utah Code 34-49-202). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify the dispatcher or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.3.1 PRESENCE OF CHILDREN

The Department is not required to allow the child of the member to be present at the Department for purposes of accommodating breastfeeding (Utah Code 34A-5-106).

1035.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must have an electrical outlet and be shielded from view, free from intrusion from coworkers and the public, and otherwise satisfy the requirements of federal and state law (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Utah Code 34-49-202).

Lehi City Police Department

Lehi City PD Policy Manual

Lactation Breaks

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1035.5 STORAGE OF EXPRESSED MILK

The Department will provide access to a clean and well-maintained refrigerator, freezer, or other suitable container for the temporary storage of breast milk (Utah Code 34-49-202).

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member's shift ends.

Payroll Records

1036.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

1036.2 POLICY

The Lehi City Police Department maintains timely and accurate payroll records.

1036.3 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administration as established by the City payroll procedures.

1036.4 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1036.5 RECORDS

The Administration Division Commander shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation Requests

1038.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed or by the allowance of accrual of compensatory time off pursuant to Utah Administrative Code R477-8-5. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment Form as soon as practical after overtime is worked.

1038.1.1 DEPARTMENT GUIDELINE

Because of the nature of police work and the specific needs of the Department, a degree of policy flexibility concerning overtime must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift, and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one-hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 80 hours of compensatory time.

1038.2 REQUEST FOR OVERTIME PAYMENT FORMS

Employees shall submit all Request for Overtime Payment Forms for verification by their immediate supervisor with their timecard. Failure to submit a request for overtime payment may result in a denial of compensation.

1038.2.1 EMPLOYEE'S RESPONSIBILITY

Employees shall complete the request form and turn it in with their timecard to their immediate supervisor. Employees submitting overtime cards for on-call pay when off-duty shall submit the form to their immediate supervisor along with their timecard.

1038.2.2 SUPERVISOR'S RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made on the employee's time card, the Overtime Payment Request Form is forwarded to the employee's Division Commander for final approval.

Lehi City Police Department

Lehi City PD Policy Manual

Overtime Compensation Requests

1038.2.3 DIVISION COMMANDER'S RESPONSIBILITY

Division Commanders, after approving payment, will then forward the form to the Chief of Police for review.

1038.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, a minimum number of hours will be paid, (e.g., two hours for court, two hours for call out, two hours for outside overtime).

Approved traffic overtime shifts will require the officer to make 10 contacts per each 5 hour shift worked.

Approved alcohol overtime shifts will require the officer to make 10 contacts or 1 DUI per each 5 hour shift worked.

1038.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as illustrated below:

- 1 to 29 minutes worked - Indicate .50 hour on card
- 30 to 60 minutes worked - Indicate 1.0 hour on card

1038.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case or court trial, and the amount of time for which payment is requested varies from that reported by the other officer, the Shift Sergeant or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Outside Employment

1040.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for Department employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy and Utah Code 53-13-114.

1040.1.1 DEFINITIONS

Outside Employment - Any employee of the Department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any employee of the Department who performs duties or services on behalf of an outside organization, company or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1040.2 OBTAINING APPROVAL

No employee of the Department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application, which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within 10 days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance.

Outside Employment

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his/her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of Department policy, the permit may be suspended or revoked.
- (d) When an employee is unable to perform at a full-duty capacity due to an injury or other condition, any previously approved outside employment permit may be subjected to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of UAC R477-9-2, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

- (a) Interferes with an employee's efficiency performance.
- (b) Conflicts with the interests of the Department or the State of Utah.
- (c) Gives reason for criticism or suspicion of conflicting interests or duties.

1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Due to the potential conflict of interest no member of this department will generally be permitted to engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside overtime will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

Lehi City Police Department

Lehi City PD Policy Manual

Outside Employment

- (c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
 - 1. The officer shall wear the Department uniform/identification.
 - 2. The officer shall be subject to the rules and regulations of the Department.
 - 3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket or other physical demonstration of a labor dispute.
 - 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 - 5. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1040.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to Department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1040.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, officers assigned to undercover or covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1040.4 DEPARTMENT RESOURCES

Employees are prohibited from using any Department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of the Department or other agencies through the use of the employee's position with this department.

1040.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest. Prior to providing written approval for an outside employment position, the Department may request that an officer provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Status subsection of this policy.

Lehi City Police Department

Lehi City PD Policy Manual

Outside Employment

1040.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his/her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days regarding whether they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding the work permit, a notice of revocation of the employee's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled employee, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability as would be required of an on-duty employee.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled employee returns to full duty with the Lehi City Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

Occupational Disease and Work-Related Injury and Death Reporting

1042.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases and work-related injuries and deaths.

1042.1.1 DEFINITIONS

Definitions related to this policy include:

Work-related injury or occupational disease - An accidental injury or occupational disease that arises out of and in the course of employment with the Lehi City Police Department. The disease must be medically caused or aggravated by that employment. An occupational disease may include a physical, mental or emotional disease related to mental stress that arises out of and in the course of employment (Utah Code 34A-3-103; Utah Code 34A-3-106; UAC R612-100-2).

1042.2 POLICY

The Lehi City Police Department will address occupational diseases and work-related injuries and deaths appropriately, and will comply with applicable state workers' compensation requirements (Utah Code 34A-2-407; UAC R612-200-1).

1042.3 RESPONSIBILITIES

1042.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate.

1042.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1042.3.3 DIVISION COMMANDER RESPONSIBILITIES

The report shall then be forwarded to the Chief of Police, the City's risk management entity, and the Administration Division Commander to ensure any required Utah Occupational Safety and

A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administration Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1042.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1042.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

1042.6 BENEFIT PROTECTION CONTRACT

- (a) The employee associations may use the likeness of the Department badge for merchandise and official association business provided they are used in a clear representation of the association and not the Lehi City Police Department. The following modifications shall be included:
 - 1. The text on the upper and lower ribbons is replaced with the name of the employee association.
 - 2. The badge number portion displays the acronym of the employee association.

Temporary Modified-Duty Assignments

1054.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, or current collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability or limitation that is protected under federal or state law.

1054.2 POLICY

Subject to operational considerations, the Lehi City Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1054.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Utah Antidiscrimination Act (Utah Code 34A-5-101 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Lehi City Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1054.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Lehi City Police Department

Lehi City PD Policy Manual

Temporary Modified-Duty Assignments

Employees seeking a temporary modified-duty assignment should submit a written request to their Division Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

- (a) An assessment of the nature and probable duration of the illness or injury.
- (b) The prognosis for recovery.
- (c) The nature and scope of limitations and/or work restrictions.
- (d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
- (e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Division Commander will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the County Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Shift Sergeant or Division Commander, with notice to the Chief of Police.

1054.5 ACCOUNTABILITY

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Division Commander.

1054.5.1 EMPLOYEE RESPONSIBILITIES

The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

- (a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.
- (b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.
- (c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.
- (d) Submitting a written status report to the Division Commander that contains a status update and anticipated date of return to full-duty when a temporary modified-duty assignment extends beyond 60 days.

1054.5.2 SUPERVISOR RESPONSIBILITIES

The employee's immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified duty.

The responsibilities of supervisors shall include, but not be limited to:

- (a) Periodically apprising the Division Commander of the status and performance of employees assigned to temporary modified duty.
- (b) Notifying the Division Commander and ensuring that the required documentation facilitating a return to full duty is received from the employee.
- (c) Ensuring that employees returning to full duty have completed any required training and certification.

1054.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1054.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

If notified by an employee or the employee's representative regarding limitations related to pregnancy, childbirth, or related medical conditions, the Department should make reasonable efforts to provide an accommodation for the employee in accordance with federal and state law. The accommodation should be provided without unnecessary delay, as appropriate (42 USC § 2000gg-1; 29 CFR 1636.3; 29 CFR 1636.4; Utah Code 34A-5-106(1)(g)).

1054.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

1054.8 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a temporary modified-duty assignment may have their probation extended by a period of time equal to their assignment to temporary modified duty.

1054.9 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Speech, Expression, and Social Networking

1058.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of member speech and expression with the needs of the Lehi City Police Department.

This policy applies to all forms of communication including but not limited to digital media, print media, public or private speech, and use of all internet services, including the web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech, or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

1058.2 POLICY

Members of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the Lehi City Police Department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Department will carefully balance the individual member's rights against the needs and interests of the Department when exercising a reasonable degree of control over its members' speech and expression.

1058.3 SAFETY

Members should carefully consider the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of Lehi City Police Department members, such as posting personal information in a public forum or posting a photograph taken with a Global Positioning System (GPS)-enabled camera, can result in compromising a member's home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member's family, or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow department member.
- Otherwise disclosing where another officer can be located off-duty.

1058.4 PROHIBITED SPEECH, EXPRESSION, AND CONDUCT

To meet the safety, performance, and public-trust needs of the Lehi City Police Department, the following are prohibited unless the speech is otherwise protected (e.g., a member speaking as a private citizen on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation, or professionalism of the Department or its members.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Department and tends to compromise or damage the mission, function, reputation, or professionalism of the Department or its members. Examples may include:
 - 1. Statements that indicate disregard for the law or the state or U.S. Constitutions.
 - 2. Expression that demonstrates support for criminal activity.
 - 3. Participation in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the member as a witness. For example, posting to a website statements or expressions that glorify or endorse dishonesty, unlawful discrimination, or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the members of the Department (e.g., a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing members by informing criminals of details that could facilitate an escape or attempted escape).
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, digital media, or other recording obtained or accessible as a result of employment or appointment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (Utah Code 67-16-4).
- (g) Posting, transmitting, or disseminating any photographs, digital media or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment, or other material that specifically identifies the Lehi City Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

Members must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the member (e.g., social or personal website).

Additionally, when it can reasonably be construed that a member, acting in their individual capacity, is affiliated with this department, the member shall give a specific disclaiming statement that any such speech or expression is not representative of the Lehi City Police Department.

Members retain their rights to vote as they choose, to support candidates of their choice, and to express their opinions as private citizens on political subjects and candidates at all times while off-duty. However, members may not use their official authority or influence to interfere with or affect the result of elections or nominations for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command, or advise another member to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes (5 USC § 1502).

1058.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published or maintained through file-sharing software or any internet site, including social media, that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department may not require a member to disclose a username and/or password that allows access to the member's personal internet accounts (Utah Code 34-48-201).

1058.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or the authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of their duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1058.7 TRAINING

Subject to available resources, the Department should provide training regarding the limitations on speech, expression, and use of social networking to all members of the Department.

Police Cadets

1060.1 PURPOSE AND SCOPE

Cadets work under direct supervision, perform a variety of routine and progressively more advanced tasks in an apprenticeship program in preparation for a career in law enforcement.

1060.2 EDUCATION REQUIREMENTS

Cadets are required to maintain a minimum grade point average of 2.0 ("C" grade) for all courses taken. Cadets shall complete six semester units of college course work per semester. Senior cadets shall complete 12 units per semester.

1060.3 PROGRAM COORDINATOR

The Training Bureau Manager will serve as the Program Coordinator. The Training Bureau Manager will be responsible for tracking the educational and job performance of cadets as well as making their individual assignments throughout the Department. He/she will also monitor the training provided for all cadets and review all decisions affecting job assignments, status for compensation, school attendance and performance evaluations.

1060.3.1 PROGRAM ADVISORS

The Program Coordinator may select individual officers to serve as advisors for the Cadet Program. These officers will serve as mentors for each cadet. Cadets will bring special requests, concerns and suggestions to their program advisor for advice or direction before contacting the Program Coordinator. One advisor may be designated as the coordinator's assistant to lead scheduled meetings and training sessions involving the cadets. Multiple cadets may be assigned to each program advisor. Program advisors are not intended to circumvent the established chain of command. Any issues that may be a concern of the individual's supervisor should be referred back to the Program Coordinator.

1060.4 ORIENTATION AND TRAINING

Newly hired cadets will receive an orientation of the organization and facilities before reporting to their first assignment. On-the-job training will be conducted in compliance with the Cadet Training Manual. Training sessions will be scheduled as needed to train cadets for as many assignments as possible. In addition to job-specific training, information will be offered to prepare cadets to compete successfully in the police officer selection process, as well as the academy training. All training will focus on improving job performance, as well as preparation to become police officers. These meetings will also offer an opportunity to receive continuous feedback regarding progress of the program.

1060.5 CADET UNIFORMS

Each cadet will be provided two uniforms meeting the specifications described in the Uniform Manual for non-sworn employees.

Lehi City Police Department

1060.6 ROTATION OF ASSIGNMENTS

Rotating job assignments should occur on a regular basis to enhance the career development for each cadet. Department needs and concerns will take precedence over individual considerations with the final decision resting with the Training Sergeant.

In general, senior cadets will be assigned to positions requiring more technical skill or responsibility, as well as serving to train cadets for new assignments or those newly hired.

1060.7 RIDE-ALONG PROCEDURES

All cadets are authorized to participate in the Ride-Along Program on their own time and as approved by their immediate supervisor and the appropriate Shift Sergeant. Applicable waivers must be signed in advance of the ride-along. Cadets shall wear their uniform while participating in a ride-along.

1060.8 PERFORMANCE EVALUATIONS

Performance evaluations for all cadets shall be completed monthly during their first year on probation. Upon successful completion of probation, cadets and senior cadets will be evaluated on a yearly basis to assess their current job performance and their potential as police officers.

This policy specifically applies to illness and injury that results in lost time or that requires medical treatment beyond first aid. Although this policy provides the essential guidelines for a plan that reduces illness and injury, it may be supplemented by procedures outside the Policy Manual.

This policy does not supersede, but supplements any related Citywide safety efforts.

1059.2 POLICY

1059.6 HAZARDS

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on the appropriate form. This form should be forwarded to the Administration Division Commander via the chain of command.

Illness and Injury Prevention

The Administration Division Commander will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1059.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment (UAC R614-1-5).

The Administration Division Commander shall ensure that the appropriate documentation is completed for each inspection.

1059.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their PPE prior to working in the field. Members shall complete the appropriate form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- (a) A visit to the accident scene as soon as possible.

The Administration Division Commander should work with the Training Sergeant to provide all members, including supervisors, with training on general and job-specific workplace safety and health practices. Training shall be provided:

- (a) To supervisors to familiarize them with the safety and health hazards to which members under their immediate direction and control may be exposed.

Line-of-Duty Deaths

1060.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Lehi City Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1060.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1060.2 POLICY

It is the policy of the Lehi City Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1060.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Sergeant and Dispatch.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Shift Sergeant should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Shift Sergeant or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

Lehi City Police Department

Lehi City PD Policy Manual

Line-of-Duty Deaths

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1060.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Sergeant, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Physical Fitness Evaluation Program

1061.1 PURPOSE AND SCOPE

Physical Fitness Evaluation Program is to promote health and well-being to all personnel. The physical fitness status of sworn personnel is vital to job task performance and the well-being of the public. Because of this, the Department recognizes the need for minimum physical fitness standards and maintains a wellness program for all sworn personnel to ensure that they meet these standards.

1061.2 PHYSICAL FITNESS EVALUATIONS

Physical fitness evaluations will be conducted twice each year. All sworn police employees will participate in both of the evaluations and meet the minimum physical fitness standards at least once, annually.

1061.3 TEST FORMAT

The physical fitness evaluation program consists of a validated format of four fitness exercises, or successful completion of substitute test as equivalent alternative.

1061.4 PHYSICAL FITNESS REQUIREMENTS

All certified sworn police employees must meet the physical fitness standards set by the department a minimum of once a year. Employees who fail to meet this standard will be deemed unable to meet the essential functions of their employment. The physical fitness evaluation program consists of a validated format of our fitness exercises consisting of:

- (a) Vertical Jump (17.5-inches)
- (b) Sit-Ups (29 Reps-One Minute)
- (c) Push-Ups (21 Reps -Maximum repetitions with no time constraint and no rest during this phase of the test)
- (d) 1.5 Mile Run (14:46)

The procedure and order for testing is recommended as follows:

1. Warm up for 3 minutes; perform the Vertical Jump test and rest for 2 minutes.
2. Perform the One Minute Sit Up test and rest for 5 to 10 minutes.
3. Perform the Maximum Push Up test, then rest for 5 to 10 minutes.

can workout at either the gym in the Public Safety building or at the Legacy Center, with the approval of their immediate supervisor.

1061.6 MEDICAL RELEASES

A medical release from an employee's personal doctor does temporarily satisfy the participation requirement. Use of a medical release does not meet the minimum physical fitness standard and asserts the assumption that the employee was unable presently to meet the minimum physical fitness standards.

Employees with a physical fitness medical release should submit the release to the Department Physical Fitness Program Coordinator.

1061.7

Evaluation of Employees

1062.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1062.2 POLICY

The Lehi City Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1062.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations prior to conducting any performance evaluations.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Lehi City Police Department

Evaluation of Employees

1062.3.1 RESERVE OFFICER EVALUATIONS

Reserve officer evaluations are covered in the Reserve Officers Policy.

1062.4 FULL-TIME PROBATIONARY PERSONNEL

Non-sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed monthly for all full-time non-sworn personnel during the probationary period.

Sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily, weekly and monthly during the probationary period.

1062.5 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire, except for employees who have been promoted, in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard, and when follow-up action is planned (action plan, remedial training, retraining). The Performance Evaluation Form and the attached documentation shall be submitted as one package.

1062.5.1 RATINGS

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Outstanding - Is actual performance well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds Standards - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected, but is not of such rare nature to warrant outstanding.

Meets Standards - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Needs Improvement - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A Needs Improvement rating must be thoroughly discussed with the employee.

Lehi City Police Department

Lehi City PD Policy Manual

Evaluation of Employees

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses, and to make suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the Rater Comments section.

1062.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the Employee Comments section of the performance evaluation report.

1062.6.1 DISCRIMINATORY HARASSMENT FORM

At the time of each employee's annual evaluation, the reviewing supervisor shall require the employee to read the City harassment and discrimination policies. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

- (a) That the employee understands the harassment and discrimination policies.
- (b) Whether any questions the employee has have been sufficiently addressed.
- (c) That the employee knows how and where to report harassment policy violations.
- (d) Whether the employee has been the subject of, or witness to, any conduct that violates the discrimination or harassment policy which has not been previously reported.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week.

The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

1062.7 EVALUATION REVIEW

After the rater finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's immediate supervisor. The rater's supervisor shall review the evaluation for fairness, impartiality, uniformity, and consistency. The rater's supervisor shall evaluate the rater on the quality of ratings given.
