Parents and Youth Entrepreneurs,

Join us for an exciting opportunity where young entrepreneurs get to step into the business world, showcase their talents, and connect with the community. This market is designed to be a valuable learning experience, helping children evaluate their products, pricing, and presentation skills in a real-world setting.

Key takeaways for your youth:

- Learn how to price a product—was it too high or too low?
- Discover the art of booth setup and product presentation.
- Build essential communication, math, and business skills.

Adult helpers—Let the youth take the lead! Allow them to check-in, handle transactions, and interact with customers directly. If they want to shop, you may assist at their booth while they browse.

Booth presentation matters! Your booth is the star of the show—make it eye-catching and inviting. Each participant will receive an 8-foot table with limited space behind it for setup. A well-decorated booth will attract more visitors, so bring your creativity and make your business stand out.

Please remember: This event is not for MLM businesses.

We can't wait to see you there!
