

TABLE OF CONTENTS

PREFACE

CHAPTER 1	GENERAL DEVELOPMENT REQUIREMENTS	
Section 1.01	General	1-1
Section 1.02	Engineering and Surveying Requirements	1-1
Section 1.03	Electrical Design & Specification Requirements	1-1
CHAPTER 2	DESIGN STANDARDS	
Section 2.01	General	2-1
Section 2.02	Streets	2-1
Section 2.03	Street Alignment Standards	2-2
	Figure 2-1, Lehi City Pavement Design Chart	2-3
	Vertical Alignment Criteria	2-4
	Horizontal Alignment Criteria	2-5
Section 2.04	General Street Design Standards	2-6
Section 2.05	Fencing & Landscaping Standards for Arterial and/or Other Streets as Applicable	2-7
Section 2.06	Blocks	2-9
Section 2.07	Lot Requirements	2-10
Section 2.08	Easements	2-10
Section 2.09	Water Systems	2-11
Section 2.10	Fire Hydrants	2-11
Section 2.11	Sewage System	2-12
Section 2.12	Drainage System Plan	2-13
Section 2.13	Best Management Practices	2-15
Section 2.14	Signs	2-16
Section 2.15	Lot Corners	2-16
Section 2.16	Dedications	2-17
Section 2.17	Trails	2-17
Section 2.18	Exceptions	2-18
Section 2.19	Sharing Cost of Improvements	2-19
CHAPTER 3	GENERAL CONSTRUCTION REQUIREMENTS	
Section 3.01	General	3-1
Section 3.02	Requests for Inspection	3-1
Section 3.03	Erosion & Sedimentation Control Plan	3-2
Section 3.04	As-Built File Requirements	3-2
	Table 1 - Layering	3-2
Section 3.05	Construction Completion Inspection	3-4
Section 3.06	Guarantee of Work	3-4
Section 3.07	Building Permits	3-4

Section 3.08	Construction Traffic Control	3-5
Section 3.09	Materials Testing	3-5
CHAPTER 4	EARTHWORK	
Section 4.01	General	4-1
Section 4.02	Excavation Permit Requirements	4-1
Section 4.03	Excavation for Structures	4-1
Section 4.04	Backfill Around Structures	4-1
Section 4.05	Construction of Embankments & Fills	4-2
Section 4.06	Compacting Earth Materials	4-2
Section 4.07	Slopes	4-3
CHAPTER 5	PORTLAND CEMENT CONCRETE	
Section 5.01	General	5-1
Section 5.02	Materials	5-1
Section 5.03	Concrete Mix	5-1
Section 5.04	Forms	5-3
Section 5.05	Joints	5-3
Section 5.06	Reinforcing Steel Placement	5-4
Section 5.07	Preparations	5-5
Section 5.08	Concrete Mixing	5-5
Section 5.09	Layout	5-5
Section 5.10	Depositing	5-6
Section 5.11	Placing Concrete in Cold Weather	5-6
Section 5.12	Finishing	5-6
Section 5.13	Curing & Protection	5-7
Section 5.14	Removal of Forms	5-8
Section 5.15	Concrete Delivery Tickets	5-8
Section 5.16	Concrete Testing	5-9
CHAPTER 6	ASPHALT PAVING	
Section 6.01	General	6-1
Section 6.02	Road Sub-grade Preparation	6-1
Section 6.03	Base Course	6-2
Section 6.04	Bituminous Surface Course	6-3
Section 6.05	Full Depth Asphalt	6-4
Section 6.06	Construction Methods & Equipment	6-4
Section 6.07	Spreading & Compaction	6-4
Section 6.08	Weather Limitations	6-5
Section 6.09	Flagging	6-5
Section 6.10	Trench Settlement Limitations	6-6

CHAPTER 7	EXCAVATION AND BACKFILL FOR PIPELINES	
Section 7.01	General	7-1
Section 7.02	Control of Groundwater	7-1
Section 7.03	Excavation for Pipeline	7-1
Section 7.04	Foundation Stabilization	7-2
Section 7.05	Blasting	7-3
Section 7.06	Sheeting, Bracing & Shoring of Excavations	7-3
Section 7.07	Access to Trenches	7-3
Section 7.08	Backfilling	7-3
Section 7.09	Consolidation of Backfill	7-4
Section 7.10	Compaction of Backfill (Top 4 feet of Trench)	7-5
Section 7.11	Imported Select Backfill Material	7-6
Section 7.12	Restoration of Surface Improvements	7-6
Section 7.13	Disposal of Excess Materials	7-6
Section 7.14	Location of Stub Pipes	7-6
CHAPTER 8	CULINARY AND IRRIGATION WATER LINES	
Section 8.01	General	8-1
Section 8.02	Concrete Thrust Blocking	8-1
Section 8.03	Pipe Laying	8-1
Section 8.04	Ductile Iron Pipe	8-2
Section 8.05	Polyvinyl Chloride Pipe	8-4
Section 8.06	Valves	8-6
Section 8.07	Culinary Blow Offs	8-6
Section 8.08	Fire Hydrants	8-7
Section 8.09	Post Indicator Valve	8-8
Section 8.10	Service Laterals	8-8
Section 8.11	Irrigation Service Valves and Boxes	8-8
Section 8.12	Culinary Water Line Construction near Sewer or Wastewater Lines (Applicable Public Health Department Criteria)	8-9
Section 8.13	Testing & Flushing Waterlines	8-10
Section 8.14	Disinfection of Culinary Waterlines	8-11
Section 8.15	General Contractor Guidelines to meet the Above Standard	8-12
Section 8.16	Cross Connection Control and Back Flow Prevention	8-13
CHAPTER 9	SEWER/ STORM DRAIN/ IRRIGATION LINES	
Section 9.01	General	9-1
Section 9.02	Building Subsurface Drains (Perimeter, Etc.)	9-1
Section 9.03	Irrigation Lines	9-1
Section 9.04	Pipe Laying	9-1
Section 9.05	Grades	9-1
Section 9.06	Concrete Sewer, Storm Drain or Irrigation Pipe	9-2
Section 9.07	Reinforced Concrete Pipe	9-2

Section 9.08	Plastic Sewer Pipe	9-2
Section 9.09	Corrugated High Density Polyethylene Pipe	9-3
Section 9.10	Storm Drain Inlets and Combination Boxes	9-4
Section 9.11	Manholes	9-4
Section 9.12	Cleaning and Testing Sanitary Sewer, Storm Drainage and Irrigation Lines and Manholes	9-7
CHAPTER 10	LANDSCAPING AND SPRINKLING SYSTEMS	
Section 10.01	General Description	10-1
Section 10.02	General Conditions	10-1
Section 10.03	Excavation and Backfill	10-3
Section 10.04	Pipe and Tube	10-3
Section 10.05	Sprinkler Heads, Gate Valves and Quick Couplers	10-4
Section 10.06	Irrigation Controller	10-5
Section 10.07	Electric Remote-Control Valves	10-5
Section 10.08	Connection	10-5
Section 10.09	Planting Specifications	10-6
Section 10.10	Scope of Work	10-6
Section 10.11	Drawings and Specifications	10-6
Section 10.12	Obstructions Below Ground	10-6
Section 10.13	Spacing	10-7
Section 10.14	Plants to be Furnished	10-7
Section 10.15	Substitutions	10-7
Section 10.16	Finish Grading and Soil Preparation	10-8
Section 10.17	Planting	10-8
Section 10.18	Staking	10-10
Section 10.19	Maintenance	10-10
Section 10.20	Inspections and Procedures	10-11
CHAPTER 11	RESTORATION OF SURFACE IMPROVEMENTS	
Section 11.01	General	11-1
Section 11.02	Gravel Road Repair	11-1
Section 11.03	Asphalt Surface Repair	11-1
Section 11.04	Concrete Surfaces	11-2
Section 11.05	Irrigation Ditches	11-2
CHAPTER 12	BEST MANAGEMENT PRACTICES	
Section 12.01	General	12-1
Section 12.02	Storm Water Quality Criteria	12-1
Section 12.03	Contents of Storm Water Pollution Prevention Plan	12-3
Section 12.04	Contents of Post Construction Storm Water Pollution Prevention Plan	12-4

Section 12.05	Review Procedures for Storm Water Pollution Prevention Plan and Post Construction Storm Water Pollution Prevention Plan	12-6
Section 12.06	Conclusion	12-6

STANDARD DETAILS

Street Intersection & Utility Location	Road	1
Street Cross Sections & Utility Locations	Road	2
Curbs at Unequal Elevations	Road	3
Rural Street Cross Section and Utility Locations	Road	4
Curb, Gutter and Sidewalk	Road	5
Disabled Pedestrian Ramp Planter Strip (At Intersection)	Road	6
Disabled Pedestrian Ramp Combination Curb, Gutter & Sidewalk (At Intersection)	Road	7
Wheel Chair Ramp Combination Curb, Gutter & Sidewalk (Mid Block)	Road	8
Wheel Chair Ramp Planter Strip (Mid Block)	Road	9
Radius Drive Approach	Road	10
Flared Drive Approach	Road	11
Cul-de-sac Plans	Road	12
Knuckle	Road	13
Temporary Turnaround	Road	14
Fencing & Planter Improvements (Along Limited Access Areas)	Road	15
Utility Trenching	Water	1
Fire Hydrant	Water	2
Blow-off	Water	3
Valve Box	Water	4
Thrust Blocking	Water	5
Culinary Service Connection	Water	6
Concrete Meter Box	Water	7
P.I. Service Connection	Water	8
Post Indicator Valve	Water	9
Typical Service, Hydrant & Blow-off Locations	Water	10
Typical Fire Riser Details	Water	11
Backflow Prevention	Water	12
Casing Details	Water	13
Line Manhole (Sewer & Storm Drain)	Sewer/Drain	1
Junction Manhole (Sewer & Storm Drain)	Sewer/Drain	2
Sewer/Storm Drain External Drop Manhole Detail	Sewer/Drain	3
Sewer/Storm Drain Internal Drop Manhole Detail	Sewer/Drain	4
Temporary Sewer Main Cleanout	Sewer/Drain	5
Sewer Lateral Detail	Sewer/Drain	6
Drain Clean-out Box	Sewer/Drain	7

Inlet Box	Sewer/Drain	8
Combo Box Detail	Sewer/Drain	9
Storm Water Sump Concrete Meter Box	Sewer/Drain	10
Building Subsurface Drains	Sewer/Drain	11
Headwall Detail	Sewer/Drain	12
Bicycle/Pedestrian Shared Use Trail	Trail	1
Bicycle/Pedestrian & Equestrian Shared Use Trail	Trail	2
Bicycle/Pedestrian & Equestrian Shared Use Trail Along Arterial Road	Trail	3
Trash Enclosure	Trash	1
Tree Planting & Staking Detail	Landscape	1
Sprinkler Controller Box Detail	Landscape	2
Rotor Pop-up Detail	Landscape	3
Sprinkler Valve Assembly Detail	Landscape	4
Irrigation Control Valve Detail	Landscape	5
Hose Bib Yard Hydrant	Landscape	6
