Lehi Legacy Centers swim program is made up of 11 classes, 5 of which are preschool levels. As participants progress through the levels, they become more aware of water safety and become better swimmers. In each level the participants will be required to pass off certain skills to progress to the next level. Below is a description of what participants must accomplish to pass the level. If your child is able to do everything in a level, we suggest putting them in the next level. It is common for participants to repeat levels. Remember that it is not important how quickly they move through a level, but that they acquire each skill.
