August 2016

From Mayor Wilson

Lehi News and Updates

I have really noticed how warm it has been the past few weeks. I get sunburned watching TV, so when I go outside I get nuked inside

and out even if I wear sunscreen. My hat goes off again to all the volunteers who helped with the Lehi City Celebration and Rodeo. We wouldn't be able to enjoy such a great event without the work of many individuals.

With the dry heat comes the need to water our lawns. I appreciate those who water responsibly and make an effort to conserve water. We recently had some low pressure issues due to clogged screens in one of our ponds. The city is monitoring our water sources and will take action to quickly resolve issues as they occur.

On another note, I would like to ask for your help in keeping our city clean. If you have a fence that backs a city street, clean up the weeds and grass along the fence. Also, clean up the weeds and grass growing in the curb or sidewalk in front of your house. This might be a great neighborhood service project. It doesn't matter whose property it is, let's be mindful of ourselves and of others and do the best we can to clean up our city.

Parks are a valuable asset to the city. We have worked very hard to develop and complete more parks for our residents to use. We have had to make some unpopular decisions for the good of the city. We need more space for young and old to recreate, walk, have a picnic, enjoy the outdoors, and to get away from our mundane lives. We will all live longer, be healthier, and pay doctors less if we would just go for a stroll in a park.

Thank you to all who have already worked hard to make our parks beautiful. We are working on completing more parks and making our city more inviting. In the near future we will be asking for your help and support to make that happen. Thank you in advance for your support.

I'm sure you have noticed the construction going on around the city. It seems like orange is the new color. Orange cones mark the many projects to address road safety issues and make our neighborhoods better. Of course this comes at a price. We are widening roads, building new sidewalks, and building smaller roads where there haven't been roads before. We have many blocks to go. Please be patient with the process.

Take the time to express your appreciation to someone you know. Tell some kid that he or she is the best and

love those who live in and around your home. We often lose those we love way to soon. The ones we don't love never go away, so you might as well love them too.
