PURPOSE

The Concept Plan gives the applicant, staff, Planning Commission and City Council an opportunity to discuss a project prior to the preparation of a Preliminary Plat/ Site Plan. The applicant can use the Concept Plan meetings to ask questions and receive direction on project layout. After review of the concept plan, the applicant may be advised of the specific changes or additions that may be required in the layout as a prerequisite to the approval of the Preliminary Plat/Site Plan. The applicant may also want to consult the Neighbors of the proposed project to get their views and concerns.

Please read the applicable sections of the Lehi City Development Code and Lehi City Design Standards and Public Improvements Specifications Manual before submitting any type of project application. The applicant should realize that a typical time frame for approval of a major project in Lehi City is at least four months or more, depending on the complexity of the proposed development. A concept Plan application is only the first step.
