March 2015

From Mayor Wilson

Communication and City Happenings

Who says that sunny St. George is the best place to be in the winter? Lehi has been great for warm weather and little snow this year. No one has

complained about slick roads or the Streets Division not plowing. However, there may be a time when we wish we could have built a snowman or gone sledding. Water may become a needed commodity this summer if the rain and snow don't do a better job of wetting things up!

I recently went to the Legacy Center to watch my grandson play basketball. All the little guys were giving their best during the game. I noticed that the coaches rotated all the boys regularly, and everybody got plenty of playing time. I couldn't help but watching the coaches as these young boys were passing the ball and trying to dribble down the floor. Some were slobbering out of the corner of their mouths, and once in awhile someone made a basket. The coach made every movement an important part of the game for the boys, and he gave out high fives like they had just won the NBA championship.

Well it just so happened that my

grandson made his first basket of the season, and I was there to see it. The coach went nuts, jumping up and down in excitement, because of how much those boys mean to him. My hat goes off to all the coaches for working with these young boys and girls. Coaches mean a lot to kids, and we have many parents and individuals who donate their time to make it happen. Many do this at the sacrifice of their own family time and needs. It doesn't matter the sport—basketball, baseball, soccer, lacrosse, or anything else—coaching helps strengthen our youth both mentally and physically.

The old saying goes that it takes a village to raise a child. This is true. I truly respect anyone who works with kids to help them develop the confidence to know that they can be anything they want to be. So take time to hug a kid and tell them how much they mean to you; they are our next leaders. Have a great spring, and pray for moisture!
