

Holbrook Farms

LAND DEVELOPMENT REGULATIONS AND DEVELOPMENT CODE VARIATIONS

- The buffering and screening section 12.080 of the Development Code will not be required east of Redwood Rd(SR 68). Buffers will be obtained with landscaping and fencing along with appropriate land planning for the specific use on a case by case basis. The Flex zone on the west side of Redwood Rd (SR68) will follow Lehi City basic requirements for buffering between incompatible uses.
- All rear load units will have a 5 ft driveway/apron at a minimum between the curb and the garage. If parking is allowed in the driveway the minimum depth shall be 18 feet between the curb and the garage.
- All private roads will be sized appropriate to the intended use. Private roads will be 20 ft minimum asphalt with a 2 ft curb on both sides. The minimum asphalt width will be 16 ft with a 2 ft curb on both sides for private alleys to access garages. No Parking will be allowed on private roads or alleys less than 28 feet of asphalt width.
- The following items on the Lehi City checklist for Preliminary plat will not be required for Holbrook Farms. (These items will be addressed at Final Plat)
 - Application Submittal Procedures 3e, 3f, 3g.
 - Application Requirements: 1, 5, 7, 11, 12, 13b, 15e, 15f, 15g, 15h, 17, 20(Temporary roads naming shall be used for reference), 21a, 21b, 29 (Don't show Proposed manholes, depths, grades, etc for vertical information), 30, 31, 32,(Only show existing and proposed trunk lines including anticipated size, do not show depths, inlets, manholes, etc), 33(Show location of proposed detention/retention basins only), 34, 35, 36, 37, 38e, 39, 42(included in Area plan), 45, 46, 48, 49.
 - The pertinent information that has been removed from the preliminary submittal will be submitted with the Final Plat.
- The approval process for Holbrook Farms Subdivision Plat approval will be as follows:
 - A Preliminary Plat application and fees will be filed along with a preliminary plat that follows the guidelines listed on the City Checklist with the exceptions listed above. There will be a 7 day noticing period for the public hearing at Planning Commission for recommendation. City Council will follow with no public comment for final preliminary approval.
 - Then final plans and plat will be prepared and submitted. Lehi City reviewing departments will review plans and approve the final plat. The final plat will be staff level approval only.
- Multi-Family Dwellings – One bedroom or less
1 stall per dwelling unit + 1 guest parking stall per 4 dwelling units. Each unit shall have one stall within a fully enclosed garage.
- Multi-Family Dwellings – Two bedrooms
1.5 stalls per dwelling unit + 1 guest parking stall per 4 dwelling units. Each unit shall have one stall within a fully enclosed garage.
- Multi-Family Dwellings – Three or more bedrooms
2 stalls per dwelling unit + 1 guest parking stall per 4 dwelling units. Each unit shall have one stall within a fully enclosed garage.
- Carports for multi-family villages will be evaluated on a project by project basis by the Reviewing Departments and may or may not be allowed. If carports are approved by the Reviewing departments it will only be for the requested project, and they must contain architectural features that relate to the buildings. In no case will the number of carports allowed exceed 50% of the required garage stalls.
- Roof Design. Flat or low-pitched roofs will be allowed if used with the appropriate architectural style or in limited areas on the roof. Modern or Contemporary styles of architecture are encouraged to have flat or low-pitched roofs to match the appropriate style.
- Multi-family Building materials: The majority (51% or more) of each façade shall be constructed of the following exterior building materials: brick, stone, fiber/cement siding, or other durable building material as approved by the reviewing departments. Stucco and Metal are allowed based upon architectural style as an accent or secondary material. 100% Metal clad buildings, or sections of stucco or vinyl siding over 49% are prohibited. Vinyl and metal may be used as an accent for an exterior material.
- Densities within this area plan exceed the planned community of 12 units per acre as shown on the Holbrook Farms land use map.
- Items not addressed in this area plan shall revert to the Lehi City Development Code and Lehi City Design Standards and Specifications manual.
- Lehi City will not enforce CC&R's.

Holbrook Farms

TABLE OF USES – COMMERCIAL, FLEX ZONE, AND NONRESIDENTIAL DISTRICTS

	Commercial Land Use Areas 2,4,5,13,14,15,17, neighborhood commercial overlay	Flex Zone (Commercial Uses) Land Use Area Flex 1A&1B	Open Space/Recreation Land Use Areas 10, 19

Holbrook Farms

High Density Development Standards

- A. **Materials:** The Holbrook Farms multi-family units will be constructed using materials consistent with the overall theme of the Holbrook Farms community. Exterior materials will be stucco, fiber/cement siding, metal, stone, brick, or other similar durable materials as exterior materials. Vinyl and metal may be used as an accent for an exterior material. Materials must meet code allowances on sheet L00.
- B. **Landscaping:** The multi-family area of the Holbrook Farms project will be attractively landscaped in all open areas not covered by buildings, structures, parking, sidewalks or trails, sports courts, and pools. A detailed landscaping and irrigation plan will be submitted to the City for approval prior to construction. The plan will include shrubs, trees, and grass areas as per ordinance.
- C. **Amenities:** The following amenities will be planned for the Holbrook Farms multi-family area.
 - 1. Clubhouse: The multi-family village(s) will contain a clubhouse that is sized according to the Lehi City code for Multi-family design standards.
 - 2. Swimming Pool/Tennis/Splash pads: The Holbrook Farms multifamily village(s) will have pool areas, tennis, or splash pads according to the required Lehi City design standards.
 - 3. Each multi-family area will have picnic tables with barbecue areas in the open space area.
 - 4. Each multi-family area will contain an appropriate number of playground structures designed to accommodate younger and older children for each of the four areas.
 - 5. Sports Courts shall be installed per the design standards.
- D. **Fencing:** The multi-family areas that will be fenced on at least three sides as per the Lehi City design standards. Fencing will be 6 foot sight obscuring vinyl or masonry fence. Where multi-family projects are planned adjacent to compatible uses or open space the fencing may be eliminated to create a cohesive community or open feel.

TOTAL LAND USE AREA		691.4				
TOTAL APPROVED ERUs		2,823				

Note:

- Total ERUs for the entire Holbrook Farms Area Plan will not exceed 2,823.
- Max ERUs allowed east of Redwood Road (SR-68) is 2,373.
- Un-used ERUs are only allowed to be transferred to the Flex Zones and Residential Overlay Zones.
- The maximum ERUs in each land use area will not exceed the max ERUs identified in the table.
- The maximum ERUs from the East side of Redwood Road (SR-68) that can be transferred to the Flex Zone is 513.
- If the neighborhood commercial or residential overlay zones are not used, the underlying zoning applies per this land use plan.
- The area plan modeling included 450 ERUs within the Flex Zone and 2,373 ERUs East of Redwood Road (SR-68). For water and pressurized irrigation modeling a value of 2,000 ERUs east of the Utah Lake Distributing Canal and 823 ERUs west of the Utah Lake Distributing Canal was used.
- If a transfer of ERUs to the flex zone exceeds the initial 450 ERUs as planned, then the master plan utility sizing and fiscal analysis will need to be revised, with the Reviewing Departments review and approval.
- Total open space required = 69.17 AC. (10% of total area)
Total open space provided = 84.5 AC. (12.2% of total area)
Trails Open space = 20 AC.
Parks Open space = 64.5 AC. (excludes the areas used for storm water detention)
