Jason Walker, City Administrator Cameron Boyle, Assistant City Administrator Dean Lundell , Finance Director Alyson Alger, Treasurer Karma Bentson, Assistant Finance Director Beau Thomas, Assistant to the City Administrator Shaye Ruitenbeek, Management Analyst Public Relations and Special Projects Division

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

Lehi City Corporation

Utah

For the Fiscal Year Beginning

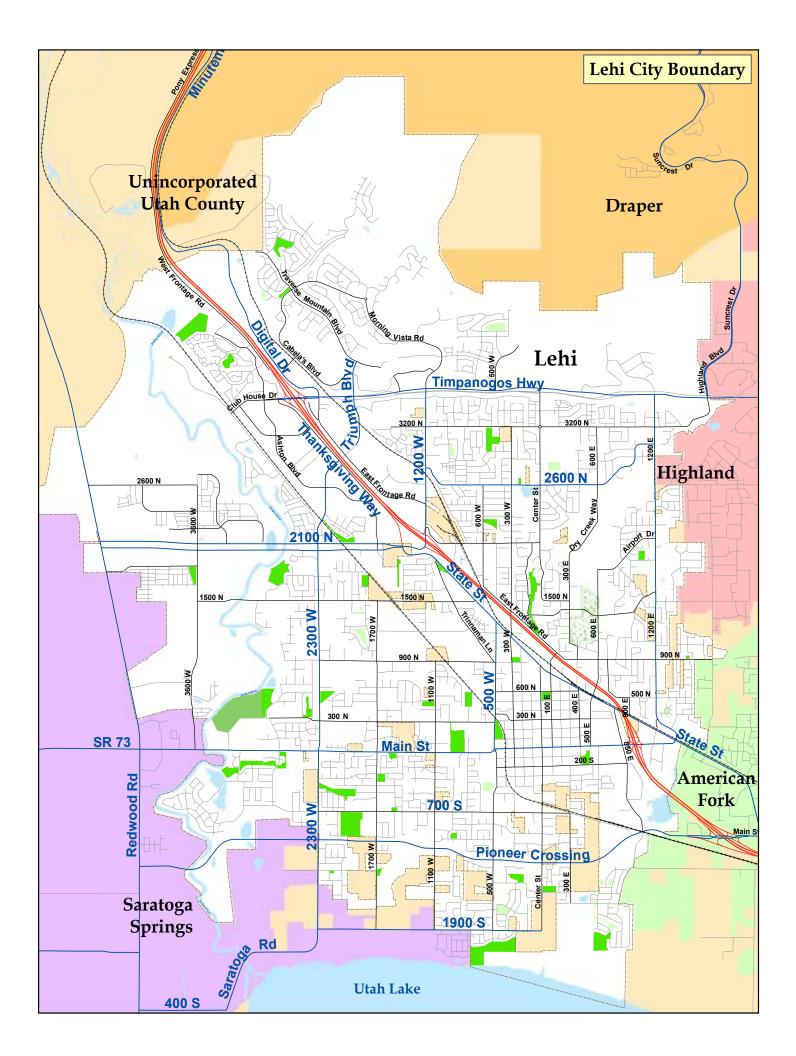

July 1, 2018

Christophen P. Morrill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Lehi City Corporation, Utah for its annual budget for the fiscal year beginning July 1, 2018. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting to GFOA to determine its eligibility for another award.

ELECTED OFFICIALS & CITY STAFF

Mayor Mark Johnson

Councilperson Paige Albrecht

Councilperson Chris Condie

Councilperson Paul Hancock

Councilperson Johnny Revill

Councilperson Mike Southwick

BUDGET SUMMARY

EXECUTIVE SUMMARY

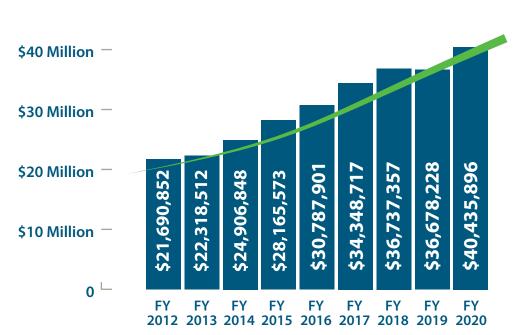

The City is in a historic time of growth and development. Increased development is reflected in both tax revenues and development revenues. Tax revenues have grown at an average of 8.43% over the past five years and total general fund revenues have grown by an average of 9.98% over the same period. In a concerted effort to grow conservatively, general fund expenditures have grown at an average of 4.93% over the same five-year period.

In evaluating the overall city budget, total expenditures for the fiscal year 2020 total \$181,815,969. This amount represents all expenditures for both operating and capital purposes. My goal, in association with the budget committee, was to balance conservative revenue forecasts with ongoing and real city needs as a result of our consistent, rapid development.

Some highlights of the budget are as follows:

CONSERVATIVE REVENUE ESTIMATES

We estimate a 9% increase in General Fund revenues for FY 2020 from FY 2019. This increase is primarily due to a fire grant, increased property and sales tax revenues, and an increase in building permit and plan review fees. As a community, we are experiencing stable court fines and forfeitures, and franchise fees. Though most of our revenue streams appear to be trending upward, we err on the side of caution in our forecasts, thus protecting the City should there be any changes in the economic climate. See the graph below for revenue trends.

\$50 Million -

FOCUS ON PUBLIC SAFETY

One of the core functions of the City is to provide both fire and police services to our residents. Lehi's population has increased over 34% since 2010. As Lehi continues to grow, it has become necessary to start looking at developing a new Police Station. This year's budget includes the construction of a new facility for the City's police department. The budget for this project is \$18,000,000 and is intended to meet the City's needs up to full buildout. In addition to all police functions, the facility will have an area to be used by and in the benefit of the community. This new space will help the Police Department better serve the residents of Lehi. The new police station will break ground in FY 2020.

PARK DEVELOPMENT

While parks development continues to be a priority for the City, the Parks Impact Fee Fund must be replenished before we are able to take on new major projects. Park impact fees are collected on new development to account for the demand on services from that particular development. We forecast approximately \$2 million a year in park impact fees. During FY 2020 we are funding one new park, which will be located to the north of Fire Station 83, and also upgrading park equipment.

With the exception of some trail development and improvements funded partially by grants, any additional projects will be on hold until impact fee funds are available. Included in the trail development is a mountain bike trail. An additional project is upgrading the irrigation controls to make them more efficient. We are also funding updating the Parks, Trails, and Open Space Master Plan. Updating this plan will help us better plan for the needs of residents in the future.

CAPITAL PROJECTS

In addition to the Police Station and parks development, several other capital projects are included in this budget. This includes a Mobile Emergency Operations Center (MEOC) for our Police and Emergency Services. This MEOC will fill a current void and allow for a presence of a mobile operations center near the scene of any possible events or disasters that may occur in Lehi City.

The Parks Department has several capital projects. We will upgrade the Parks Central Control in three years by converting all existing irrigation controllers to WeatherTrak controllers. This will help the City save money and water. In addition to this, we will re-design the existing irrigation systems in 15 of the City's 132 parks and detention basins. Parks will also replace the outdoor pool playground and remodel the bathroom at Wines Park.

The Streets Department has multiple capital projects they will be focusing on as well. 500 West has damage from extensive traffic volumes and a hard winter. The section from State Street to Main Street will receive a new overlay. This overlay will provide us with a new wear surface for the next 15 years. Pilgrims Landing Loop will be repaired and will have overlay on the damaged section to restore its strength. Digital Drive is built out and now needs overlay to prevent further infrastructure damage. This overlay would prevent a complete reconstruction of this section.

EVENTS

Lehi City is known for being a family-friendly community. Our annual events include an Easter Egg Hunt, Beautify Lehi, Summer Splash Party, Teenage Pool Party, Family Week, and Santa Parade. Our best-known event is Round-Up Week, which is the last full week of June. Families come to Round-Up to participate in many activities including live concerts, chuck wagon breakfast, basketball tournament, comedy show, pageant, golf tournament, western bbq, Lehi Idol, three parades, PRCA rodeo, market, family fun day, and even more.

INFORMATION CENTER

The City will also be implementing an information center to provide increased service to the City's residents. This center will consolidate functions to answer questions and provide more services in one location. Services include utility billing, passports, business licensing,

STAFFING LEVELS

This budget increases the City staff by 11 full-time positions. Three of those are in Building and Planning and are needed to meet the needs of those developing in our community. The information center will add two positions. Public safety will see growth by three positions with the hiring of a deputy fire chief and two additional police officers. One additional cemetery employee will be added, with part of the costs covered through the reduction of part time staffing. Finally, the city will add two additional lineman in the power department to meet the needs brought on by additional growth in the city.

TAX AND RATE INCREASES

This budget has been put together with no increases to any city taxes. The city will evaluate the need for adequacy in the storm drain fee currently charged. The storm drain fee is intended to cover the construction and maintenance of infrastructure used to divert water and protect public and private property in the city from flooding. In recent years, numerous federal regulations have been imposed on cities requiring increased inspections, testing and reporting of the city's efforts to keep foreign material from entering the storm drain system. The purpose of these regulations is to keep public waterways clean. In order to comply with these federal regulations, the city is evaluating an increase to the storm drain monthly fee. This fee is currently \$3 per month, which is much lower than our neighboring cities. Once complete, the results of this evaluation will be presented to the city council.

CONCLUSION

It is a wonderful time to live in Lehi and to be at the forefront of the growth along the Wasatch Front. With all of our success comes the pains associated with growth. However, we believe this budget will address our most pressing needs without overburdening the citizens and businesses in Lehi.

Respectfully,

Mayor Mark Johnson

Description of Major Changes:

- Buildings & Grounds: The increase in this fund resulted from the General Government Buildings Fund being rolled into the Buildings & Grounds Fund.
- *Police Impact Fees/Capital Projects:* The increase in this fund is due to the design and construction of a new Public Safety building.
- *Pressurized Irrigation Impact Fees:* The increase in this fund represents estimated bond proceeds for a proposed revenue bond. This bond will complete major infrastructure that is needed because of the City's rapid growth.

BUDGET OVERVIEW

AS UTAH'S SIXTH OLDEST CITY, LEHI IS RICH IN PIONEER AND OLD WEST HISTORY.

Originally settled by Mormon pioneers, Lehi has been known as Sulphur Springs, Snow's Springs, Dry Creek, and Evansville. It was incorporated as Lehi City in 1852. The Overland Stagecoach Route, the Pony Express Trail, and the Transcontinental Telegraph all passed through or near Lehi during the peak of their use.

According to the U.S. Census Bureau, Lehi is the 5th fastest growing city in Utah County since the 2010 census. Lehi has more than doubled in size since 2000, with population estimates over 66,000 residents. Lehi is quickly becoming a premier technology and commercial center along the Wasatch Front. Several landmark companies call Lehi home, including Adobe, I.M. Flash, Xactware, Microsoft, Vivint, and Xango. Lehi is also home to a wide variety of retail stores and restaurants. Thanksgiving Point, a unique destination offering museums, botanical gardens, shopping, restaurants, and other entertainment options highlights all that Lehi has to offer.

Lehi is a beautiful place to live and work. Utah Lake is located just to the south, with the picturesque Jordan River running through the City. Lehi is surrounded by the Wasatch Mountains on the East and the White Mountains and Oquirrh Mountains on the West. Lehi's beautiful natural surroundings provide easy access to hiking, mountain biking, fishing, camping, skiing, hunting, and many other outdoor activities.

Lehi operates under a six-member council form of government. Policy making and legislative authority are vested in a governing council consisting of the mayor and five city council members, each elected at large to serve four-year, staggered terms. The governing council is responsible, among other things, for passing ordinances and resolutions, adopting the budget, appointing committees, and hiring the City's administrator, recorder, and treasurer. The City's administrator is responsible for working with the mayor to carry out the policies and ordinances of the governing council, overseeing the day-to-day operations of the government, and appointing heads of the City's operational departments.

The City provides a full range of services, including police and fire protection, construction and maintenance of roads, parks, commercial and residential building inspection, recreational opportunities (including a recreation center, indoor pool, and outdoor pool), and many cultural events. The City also owns and operates a culinary water system, a secondary water system, a wastewater system, a storm water system, an electrical distribution system, solid waste collection, and an emergency medical service.

Indeed, Lehi City is pioneering Utah's future!

CITYWIDE GOALS & OBJECTIVES

In January 2019 the City Council and administration reviewed their long-term goals and objectives for Lehi City based on the book "The One Thing," by Gary W. Keller and Jay Papasan. The purpose of the program is for the City Council to identify the one goal they would like to achieve in the future. In turn, leaders at each level of the city's administrative departments will implement short-term goals that assist in achieving that long-term goal.

Five Year Goal	Mayor and City Council
One Year Goal	City Administrator and Department Directors
Monthly Goals	Mid-Level Managers
Daily & Weekly Goals	Individual Employees

As part of the FY 2020 City Council Budget Retreat, the Mayor and City Council described their hopes for the future of Lehi. They illustrated a city that focuses on open space for families to enjoy, clear communication from the City to residents, planning for future growth, preparing for emergencies, and being a sustainable city. Several goals were established including a creating a Sustainability Committee, opening an Information Center, and updating the City Campus Master Plan; Parks, Trails, and Open Space Master Plan; and Transportation Master Plan.

When creating the City's long-term goal, the City Council and administration considered the results of the 2019 Resident Satisfaction Survey. The results of the survey are summarized on pages 27-28.

Develop a Cutting Edge, Family-Centric Community

This budget document is designed to illustrate departmental goals in relation to the City Council's long-term goal and identify strategies and performance measures that correspond with that goal. Department goals, strategies, and performance measures can be found in the sections for each respective department throughout this document. The department goal will be illustrated under the "One" icon shown above. Also, all department goals are located on the following page.

Develop a Cutting Edge, Family-Centric Community

OFFICE OF THE CITY ADMINISTRATOR

Better leverage technology and data to provide more efficient use of resources and better service to the public.

COMMUNITY DEVELOPMENT

Complete a Master Plan for the City Campus.

ECONOMIC DEVELOPMENT

Attract and retain quality businesses by promoting Lehi as a family-friendly community.

FIRE

Deliver a high level of professional service to the community while enhancing public education and community relations.

LEGAL SERVICES

Safeguard the rights and interests of Lehi families by (1) vigorously prosecuting crime, (2) managing claims and litigation to protect tax dollars, and (3) defending public policies advanced by Lehi's elected representatives.

POLICE

Enhance Police response capabilities and emergency responses.

ENGINEERING

Construct the Dry Creek PI Lake with amenities for water and recreation resources.

INFORMATION CENTER

Offer a one-stop service for the community that is professional, polite, and progressive.

LEISURE SERVICES

Implement cutting-edge, family-centric recreation opportunities for residents.

POWER

Use technology and improve infrastructure to provide a positive customer experience for Lehi families.

FINANCE

Review and improve financial policies.

JUSTICE COURT

Implement evidence-based sentencing practices and utilize effective community resources for convicted defendants in an effort to reduce recidivism in the criminal justice system and effect positive change and reparation.

PARKS & FACILITIES

Maintain high standards at City parks, cemetery, and facilities by utilizing natural resources and volunteerism.

PUBLIC WORKS

More public outreach on city-owned projects, including information and citizen awareness.

RESIDENT PRIORITIES

Lehi City conducts an official resident survey annually to collect valuable feedback on City operations and input on the policy direction of the City. The City conducted its most recent resident survey in January 2019. The results of this survey were an integral part of the strategic planning retreat held at the beginning of the budget process in January 2019.

The FY 2020 survey was completed by Y2 Analytics. The survey was conducted via email and gathered information regarding resident satisfaction and perceptions of the management and maintenance of the City. A sample of the survey results are included below.

WHY LEHI?

Residents were asked questions about why they choose to live in Lehi. The majority of those surveyed enjoy most the location of Lehi and it's proximity to other areas of the Wasatch Front. Residents believe Lehi offers work opportunities, and feel Lehi is a great place to raise a family.

78

Lehi residents on average rated quality of life in Lehi City 78 (on a scale of 0-100). 88%

The percent of Lehi residents who feel safe living in Lehi.

84% The percent of Lehi residents who feel Lehi is a great place to

who feel Lehi is a great place to raise a family.

CITY SERVICES

Residents rated the services they receive in our community based on the value received for their tax dollars, the quality of services provided, satisfaction with specific programs, and overall management. The highest rated service provided is Fire and Emergency Medical Services and the lowest rated service is Development Permitting. Overall, 73 percent of residents feel they receive a good value for their tax dollars and the City does a good job managing those services.

73%

The percent of Lehi residents who rate the service received for their tax dollar as good or excellent.

The percent of Lehi residents that believe Lehi provides the right city services.

65% 73% The percent of Lehi residents who think Lehi does a good job

managing city services.

Lehi residents rated city services on a scale of 0 to 100, with 0 meaning they are completely dissatisfied, and 100 meaning completely satisfied. The average rating is listed below.

ISSUES FACING LEHI CITY

Residents were asked about the major issues facing Lehi City, both today and in the future. The majority of residents feel growth and traffic are the most important issues for the City to address.

WHAT IS THE MOST IMPORTANT **ISSUE FACING LEHI TODAY?**

WHAT IS THE MOST IMPORTANT **ISSUE FACING LEHI IN THE FUTURE?**

The complete FY 2019 Resident Survey can be found on Lehi City's website at www.lehi-ut.gov/government/ administration/pr/.

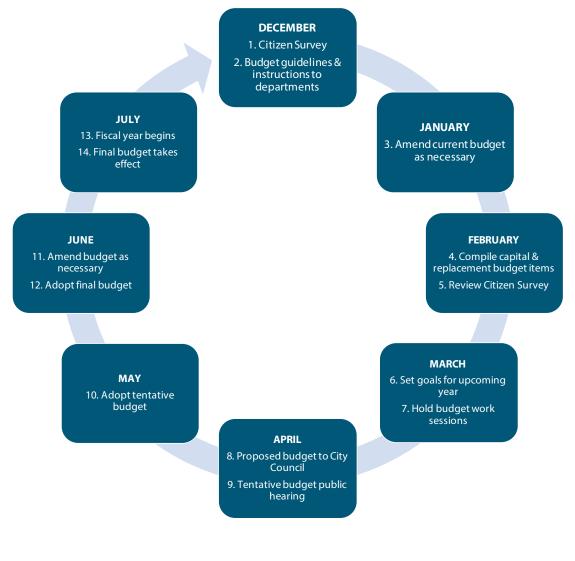

FY2020 ANNUAL BUDGET - 28

BUDGET PROCESS

Lehi City's budget operates on a fiscal year, from July 1 to June 30 of each year. The City Council approves the final budget in June and it takes effect on July 1. The process begins in December when the Finance Department issues budget guidelines and instructions to each department, including overall goals, priorities, and budget limits. The Citizen Survey process also begins annually in December to determine service satisfaction levels and what residents are willing to pay for regarding specific services (price of government). This allows residents to have a voice in creating spending priorities for the City.

In January, the City Council amends the budget to readjust spending priorities for any unforeseen budgetary issues. In February, each department submits personnel requests, capital improvements, and replacement budget items to the Finance Department. In March, the budget team, consisting of the Mayor, City Administrator, Assistant City Administrator, Assistant to the City Administrator, and the Finance Department, begin meeting with each department to review personnel requests, capital improvements, and replacement budget requests are then prioritized by the budget team to determine inclusion in the tentative budget.

The Finance Department drafts a tentative budget in April. The tentative budget is presented to the City Council and citizens of Lehi during the last City Council meeting in May. The City Council then holds public work sessions with City staff to review the tentative budget and make amendments as necessary. After necessary changes have been made and the numbers are finalized, the final budget is presented to the City Council. The final budget must be adopted by the last City Council meeting in June for the following fiscal year.

GUIDING FINANCIAL PRINCIPLES

While the City's long-term goals and objectives guide what the budget accomplishes, the accomplishment of these goals and objectives through the budget process is based on the following guiding principles:

Budgeting

- Lehi City should finance services rendered to the general public, such as police, fire, streets, and parks, from revenues imposed on the general public, such as property and sales taxes. Special services rendered to specific groups of residents should be financed by user fees, impact fees, license and permit fees, or special assessments.
- Lehi City should balance all budgets annually, in accordance with Utah law, which states the following:
 - The total of the anticipated revenues shall equal the total of appropriated expenditures (Section 10-6-110, U.C.A.).
 - The governing body of any city may not make any appropriation in the final budget of any fund in excess of the estimated expendable revenue for the budget period of the fund (Section 10-6-117, U.C.A.).
- Revenue projections will be based on recent trends and current economic conditions. Projects will be conservative in order to reduce the chance of revenue shortfalls.

Photo Credit: John Jay Harris

• The city will use one time or temporary funds for capital or other nonrecurring purposes. These funds will not be used to fund on-going expenditures.

Debt

- Lehi City should strive for inter-generational fairness. Thus, each generation of taxpayers should pay its fair share of the long-range cost of city services.
- Debt will be only issued for capital projects, not on-going operations. Payments for debt service will not extend beyond the useful life of the asset financed.

Reserves

- Lehi City should allow for a reasonable surplus (fund balance) to accumulate for the following purposes:
 - To provide sufficient working capital.
 - To provide a cushion to absorb emergencies such as floods, earthquakes, etc.
 - To provide for unavoidable shortfalls in revenues.
- Lehi City's targeted general fund reserve is 20% 25% of annual general fund revenues.
- Due to the high investment in capital assets and risk exposure, all utility funds will maintain an unrestricted cash reserve of 180 days.

Capital Expenditures

- Proprietary funds are intended to recover the full cost of services. These costs include operations, administration, and asset replacement.
- Lehi will maintain long-term capital plans accounting for the construction and replacement of city facilities and infrastructure.

Proprietary Funds

- The city's enterprise funds will cover the full cost of the service, including a reasonable allocation of administration costs.
- Key indicators will be measured annually to monitor reserve balances, capital replacement, and debt levels.
- Internal service funds will accurately allocate costs to individual departments and funds. The city will maintain the following internal service funds :
 - Fleet
 - Information Technology
 - Risk Management
 - Facilities

Financial Planning

• Lehi City exists only to serve the needs of its residents. Since these needs are continually changing, the City should consistently receive resident feedback based on both long-term and current needs.

The City conducts its financial affairs with policies that are based on these guiding principles. The principles are reviewed by the budget team and City Council in making all budgetary decisions. These policies are stated in the following sections discussing the budget process, financial structure, revenue, debt, and capital projects. These guiding principles are reviewed annually to ensure relevency and adherance to mandates.

BUDGET AMENDMENTS AND MANAGEMENT

Once adopted, the budget can be amended by subsequent City Council action. The City Council can approve reductions in or reallocations of departmental appropriations upon recommendation of the City Administrator and Finance Director; however, appropriations cannot be increased in a governmental fund without a public hearing. The Finance Director can approve the transfer of unexpended appropriations from one expenditure account to another in the same department.

The Finance Department prepares and distributes a monthly budget report by the 15th day of the following month. The report mirrors the financial schedules contained in this budget book and includes current month expenditures, year-to-date expenditures, encumbrances, year-to-date budget, year-to-date variances, the annual budget, and the remaining budget.

The departmental budget within a given fund, as determined by Utah State law, is the level for which expenditures may not legally exceed appropriations. The City Council must also approve any expenditure exceeding appropriations for all capital projects. All unexpended budget appropriations lapse at the end of the budget year.

FINANCIAL STRUCTURE

The backbone of City operations is the various departments within the City. The departments are organized groups with similar functions or programs to manage operations more efficiently. The City's financial structure is organized into various funds within departments used for accounting and reporting. This provides a framework for the budget that is conceptually easier to understand. The majority of this document is organized by department to provide budgetary information.

The following is a brief description of the funds that make up the City's financial structure:

A matrix showing the relationship between the funds outlined above and the operational departments can be found on pages 34 and 35.

GOVERNMENTAL FUNDS

General Fund: This fund accounts for all financial resources necessary to carry out basic governmental activities for the City that are not accounted for in another fund. The General Fund supports essential city services such as police and fire protection, street maintenance, libraries and parks and open space maintenance. General Fund revenue is collected from taxes (property, sales, and franchise), license and permits, service fees, fines, grants, and other various sources. The Class C Roads and Liquor Allotment funds account for the State's excise taxes, which are restricted for street maintenance and DUI enforcement.

Community Development Block Grant (CDBG) Fund: The CDBG program is a federally awarded program that provides grants for local community development activities. CDBG funds can be used for affordable housing, anti-poverty programs, and infrastructure development. The city prioritizes projects and improvements to determine how to use these funds.

Capital Project and Impact Fee Funds: These funds provide financial resources for the acquisition or construction of major capital improvement projects for governmental-type activities.

Special Revenue Funds: These funds are used when revenue is legally restricted to expenditures for specified purposes. The Legacy Center Fund and the Outdoor Pool Fund have legally restricted revenue and are categorized as special revenue funds.

Redevelopment Agency Funds: Community redevelopment and economic development project areas are financed by incremental taxes collected for the properties in development. Redevelopment Agency Funds account for the tax revenue that is used to pay debt from improving project infrastructure. Currently there are five RDA Funds in Lehi City.

PROPRIETARY FUNDS

Enterprise Funds: These funds are used for specific operations that provide goods and services primarily financed with user fee revenue. These operations are similar to private business enterprises. Lehi City's seven enterprise funds include: Culinary Water, Pressurized Irrigation (PI), Sewer, Electric, Garbage, and Drainage. Water, PI, Sewer, Electric, and Drainage also have associated Impact Fee Funds for the acquisition and construction of new capital improvement projects.

Internal Service Funds: These funds finance commodities or services provided by one program that benefit other programs within the City. Costs are reimbursed by those programs and departments that use the services through these funds. The City's four Internal Service Funds account for Fleet, IT, Buildings and Grounds, and Risk Management activities.

FUND - OPERATIONAL DEPARTMENT RELATIONSHIP MATRIX

The following matrix shows the relationship between funds and operational departments. Specifically, departments that are funded by each fund have an "X" marked in the fund's corresponding row. Often, the funds will be associated with specific divisions or sections within operational departments. These relationships are shown in more detail within the budget document.

FUND BALANCE & RESERVES

Utah state law allows cities to accumulate retained earnings or fund balances as appropriate in any fund (see U.C.A 10-6-116). However, the law restricts balances in the General Fund as follows: 1) Any fund balance less than 5 percent of estimated revenue may be used for working capital, certain emergency expenditures, or to cover an unexpected revenue shortfall that would result in a year-end excess of expenditures over revenues; 2) Fund balance greater than 5 percent but less than 25 percent may be used for budget purposes; and 3) Any fund balance in excess of 25 percent must be included in the appropriations of the next fiscal year.

Lehi City accumulates fund balances in its various funds for the following purposes:

- To avoid short-term debt that might be needed to provide working capital
- To meet unexpected expenditures as the result of an emergency
- To secure the City's debt and its bond rating
- To accumulate funding for planned capital expenditures including the replacement of capital assets
- To meet the reserve requirements for liabilities already incurred but not yet paid (e.g. Risk Management Fund)

All excess funds are invested consistent with the State Money Management Act. The resultant interest income is used as an additional revenue source in each fund. The chart below shows the history of the fund balance in the General Fund.

GOVERNMENTAL FUND BALANCES

FUND		END FY 2017		END FY 2018		EST FY 2019		APPROVED FY 2020		INCREASE (DECREASE)

FY2020 ANNUAL BUDGET - 36

BASIS OF BUDGETING

Budgetary basis is the basis of accounting used to estimate financing sources and uses in the budget. There are three types of budgetary basis accounting: (1) cash basis, (2) accrual basis, and (3) modified accrual basis. These are explained below:

Cash Basis: Transactions are recognized only when cash is increased or decreased.

Accrual Basis: Revenues are recorded when they are earned (regardless of when cash increases) and expenditures are recorded when goods and services are received (regardless of when cash disbursements are made).

Modified Accrual Basis: Accounting method that is a mixture of cash basis and accrual basis accounting. Revenues are recognized when they become measurable and "available" as net current assets. "Available" means collectible in the current period or soon enough thereafter to be used to pay against liabilities in the current period. Expenditures are recognized when the related fund liability is incurred, except for principal and interest on general long-term debt, which is recognized when due.

General Government Funds follow the modified accrual basis of accounting. Sales taxes are recognized when intermediary collecting agencies have received them. All other intergovernmental revenues are recorded as revenue when received. Property tax revenues are recognized in the fiscal year for which they were levied. Licenses and permits, charges for services, fines and forfeitures, and other revenues are recorded as revenue when received cash.

The Enterprise Funds are prepared on an accrual basis. Expenditures are recognized as encumbrances when services are received or a commitment is made (e.g. through a purchase order). Revenues, on the other hand, are recognized when they are obligated to the City (for example, power user fees are recognized as revenue when service is provided).

In both Enterprise Funds and General Governmental Funds, the encumbrances will lapse when goods and services are not received by year-end.

The Comprehensive Annual Financial Report (CAFR) shows the status of the City's finances on the basis of "generally accepted accounting principles" (GAAP). In most cases this conforms to the way the City prepares its budget. Exceptions include:

- Compensated absences liabilities that are expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget).
- General staff and administrative charges are recognized as direct expenses of the Power Enterprise Fund on a GAAP basis as opposed to being accounted for and funded by operating transfers into the General Fund from the Power Fund on the Budget basis.
- Principal payments on long-term debt within the Enterprise Funds are applied to the outstanding liability on a GAAP basis, as opposed to being expended on a Budget basis.
- Capital outlay within the Enterprise Funds are recorded as assets on a GAAP basis and expended on a Budget basis.
- Depreciation expense is recorded on a GAAP basis only.

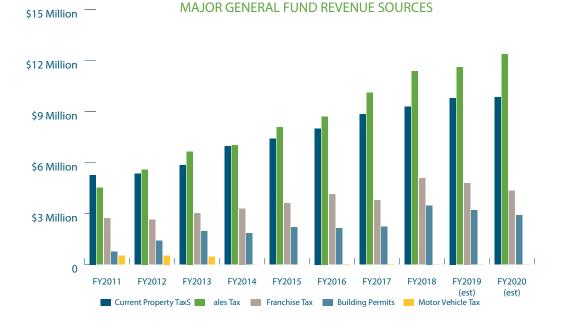

The Comprehensive Annual Financial Report shows fund expenditures and revenues on both a GAAP basis and Budget basis for comparison purposes. The most recent financial report is available online at *www.lehi-ut.gov/departments/finance*.

REVENUE & TAXATION

Lehi City is funded primarily through two categories of revenue: taxes and fees. Tax revenue is primarily used to pay for services provided to the public in general, such as police, fire, streets, and parks. The City also provides services that benefit specific groups of citizens for which a specific fee is charged, which fee is intended to pay for all or part of the costs incurred to provide that service.

POLICIES

- The City should maintain a diversified and stable revenue system to shelter it from unforeseeable, short-term fluctuations in any one revenue source.
- The City should estimate revenues conservatively on an annual basis to avoid unexpected deficits and to provide a funding source for capital project needs.
- The City should minimize the use of one-time revenue to fund on-going services.
- The City should annually review the full cost of activities supported by user fees, impact fees, license and permit fees, and special assessments to:
 - Identify the impact of inflation.
 - Determine that the full long-term service costs are not being subsidized by general revenues or passed on to future generations of taxpayers.
 - Determine the subsidy level of some fees.
 - Consider new fees, subject to the review of City Council.
 - The City should seek to maintain a stable tax rate.

TREND

The above chart shows the ten-year trend for those revenue sources classified as general taxes and as building permit fees. In total, these five sources are expected to comprise approximately 76 percent of the General Fund revenue. It is important to maintain balance among major revenue sources. The remainder of this section will provide additional information on the major General Fund revenue sources used to fund the City's general government services. User fee revenue information will be provided in the section corresponding to the department that provides the service funded by the fee. User fees are based on an analysis of how much of the cost of a service should be covered by the fee versus how much of the cost of the service should be subsidized by general taxes and revenue. Factors considered in the analysis include:

- How Lehi's fees compare with those charged by other cities;
- Whether the service benefits the general public versus an individual user, and;
- Whether the same service can be offered privately at a lower cost.

BUDGET OVERVIEW

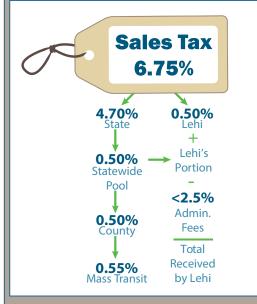

SALES TAX

General sales tax is one of Lehi City's largest revenue sources at 31 percent of the estimated General Fund revenue for FY 20. State law authorizes cities to receive sales tax revenue based on the process described in the chart shown to the right.

Normally, sales tax revenue fluctuates more with the economy than the other major tax revenue sources. However, commercial growth has continued to hold steady with the addition of Class A office space and several commercial developments, including Blender Bottle and Marshalls.

The City has also seen the opening and announcement of national and local restaurants like Strap Tank, Taqueria 27, Chick-fil-A, and PDQ. Lehi continues to have some of the best undeveloped commercial frontage along the Wasatch Front, and the City is in continual negotiation with several developers and site selectors.

The economic viability on a statewide level accounts for about half of the City's sales tax revenue. In that regard, Utah continues to excel, with *Forbes Magazine* ranking Utah 2nd in its list of "Best States for Business" and 2nd in "Labor Supply Rank" in 2018. Further, *CNBC*

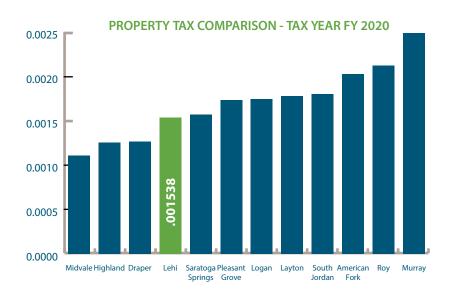

The graphic above shows how sales tax is divided among several different entities. Of the 6.75% collected, Lehi keeps .50%. In addition, .50% is placed in a statewide pool and disbursed based on population, of which Lehi receives a portion.

ranked Utah 3rd in its list of "America's Top States for Business 2018" and 2nd in the Economy ranking for 2018. In light of Lehi's prominence in Utah's strong state economy, as well as the new commercial development reaching completion during the upcoming fiscal year, the City conservatively forecasts its FY 2020 sales tax revenue to increase by 2 percent from FY 2018 estimates.

PROPERTY TAX

Property tax is another one of Lehi's largest revenue sources, accounting for approximately 24 percent of General Fund revenue. In Fiscal Year 2014, Lehi's Finance Department started combining current property taxes, motor vehicle taxes, and delinquent taxes into one property tax line item. This accounts for the increase in the property tax revenue line item from previous budgets. Utah County assesses the taxable value of property in Lehi and collects all property tax. Lehi City's FY 2020 certified property tax rate is 0.001538.

Primary residences are taxed at 55 percent of the property's assessed value, while secondary residences are taxed at 100 percent of the property's value. Lehi receives approximately 17 percent of what residents pay in property taxes. Maintaining an average rate for many years, property tax revenues have stayed relatively stable. This trend will stay consistent in FY 2020, with the previously-discussed reclassification of motor vehicle tax and delinquent tax into the current property tax line item. The projected property tax revenue growth in FY 2020 is largely due to the success the City has experienced in both commercial and residential development.

FRANCHISE TAX

Franchise taxes are the third largest source of revenue for the General Fund, accounting for approximately 11 percent of total General Fund revenues. State law authorizes cities to collect up to 6 percent in utilities operating within city boundaries. Since franchise tax revenues are determined by the number of service connections, as well as the sales from those connections, growth in franchise tax revenue is directly related to new construction. Franchise tax revenue is estimated to remain consistent from FY 2019 to FY 2020. The total projected revenue of \$4,550,000 represents a consistent recovery of this revenue source after a significant decrease in FY 2010.

MOTOR VEHICLE TAX

A statewide fee is assessed on motor vehicles in lieu of property taxes. The motor vehicle fee is assessed based on the age and type of the vehicle. Historically, the motor

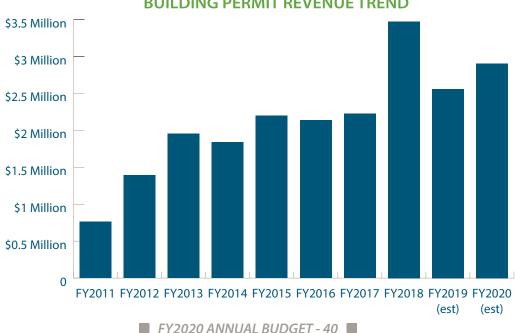

MODEL YEARS	AGE-BASED FEE
2019-2017	\$150
2016-2014	\$110
2013-2011	\$80
2010-2008	\$50
2007 & older	\$10
*Source: Utah State Ta	x Commission

vehicle tax accounts for approximately 3 percent of all General Fund revenues; however, as stated previously, Lehi's Finance Department has decided to begin combining motor vehicle tax revenue with property tax and delinguent taxes into one line item. Therefore, the motor vehicle tax will no longer be tracked as an individual line item. A breakdown of how the motor vehicle tax is assessed for passenger vehicles is provided in the table to the left.

BUILDING PERMIT FEES

Companies or individuals that construct buildings in Lehi are charged building permit fees. Thus, building permit fee revenue is a good indicator of the amount of growth occurring in the City. As can be seen in the graph, Lehi has experienced continual growth over the last few years. Lehi is projecting to continue the rebound that began in FY 2012, which saw an 83 percent increase from FY 2011 levels. Lehi experienced another significant revenue increase in FY 2013 of about 40 percent from FY 2012. An additional significant increase was in FY 2018 which was a 56 percent increase from FY 2017. This trend continues to look encouraging. Accordingly, the City is conservatively projecting revenues above FY 2012 levels moving forward.

BUILDING PERMIT REVENUE TREND

DEBT

Consistent with the policies listed below, Lehi City uses debt judiciously. Currently, the City's sales tax bonds are rated AA+ by S&P Global. The City also has electric revenue bonds rated by S&P Global as A+ and water revenue bonds rated by Moody's as Aa3. The schedules in this section include the general long-term debt pertaining to both the governmental and proprietary funds.

POLICIES

- When applicable, Lehi City will review its outstanding debt annually for the purpose of determining if the financial marketplace will afford the City the opportunity to refund, issue, and lessen its debt service costs (minimum 3 percent savings over the life of an issue).
- Lehi City will confine long-term borrowing to capital improvements or projects that cannot be financed from current revenues.
- When Lehi City finances capital projects by issuing bonds, it will pay back the bonds within a period not to exceed the estimated useful life of the project.
- Lehi City should have the final maturity of general obligation bonds at or below thirty years.
- Capital improvements, equipment, and facility projects shall be classified into "pay-as-you-go" and "debt financing" classifications. Pay-as-you-go capital items will be \$5,000 or less with short lives (less than four years) or replacement of existing equipment where depreciation has been paid to a sinking fund. Debt financing will be used for major, non-recurring items with a minimum of four years of useful life.
- Whenever possible, Lehi City will use special assessment, revenue, or other self-supporting bonds instead of general obligation bonds, so those benefiting from the improvements will bear all or part of the cost of the project financed.
- Lehi City will not use long-term debt for current operations.
- Lehi City will maintain good communications with bond rating agencies regarding its financial condition.

A brief description of Lehi City's debt issues (as of June 30, 2019) is included below.

- **2019 Sales Tax Bonds** \$16,470,000 sales tax bonds issued to construct a police station. Annual principal payments and semi-annual interest payments are due through 2039. Interest is at coupon rates varying from 2.401 percent to 4.00 percent.
- 2018 Sales Tax Bonds \$5,000,000 sales tax bonds issued to construct a fire station and for road improvements. Annual principal payments and semi-annual interest payments are due through June 2038. Interest is at coupon rates varying from 4.00 percent to 5.25 percent.
- **2014 Sales Tax Bonds** \$7,210,000 sales tax bonds that refunded the 2003 Sales Tax Revenue Bonds and 2004 Sales Tax Revenue and Refunding Bonds. Due serially through June 1, 2024 with interest at 2.3 percent.
- **2004 Subordinated Sales Tax Revenue Bonds** \$9,000,000 authorized, \$9,000,000 issued through June 30, 2007 sales tax revenue bonds with interest of 4.75 percent payable from 87.5 percent of the local sales and use tax and 100 percent of the transient room tax collected from the Cabela's Retail Store Project Area, due 2024.
- **Tax Increment Note Micron** Due in annual installments equal to 70 percent of the tax increment received by the Redevelopment Agency from the Alpine Highway Project, including interest at 6.6 percent, due in 2009. Used to finance economic development associated with IM Flash Technologies.
- **Tax Increment Note Thanksgiving Park** Due in annual installments equal to 95 percent of the tax increment received by the Redevelopment Agency from the Thanksgiving Park Economic Development Project Area. Non-interest bearing note.
- **Tax Increment Note Traverse Mountain** Due in annual installments equal to 100 percent of the property tax increment received by the Redevelopment Agency from the Traverse Mountain Community Development Project Area, as well as varying levels of the sales tax collected from business within the project area, over a ten-year tax increment period. Non-interest bearing note.
- Tax Increment Note Alpine Highway West Due in annual installments equal to 93.33 percent of the tax increment received by the Redevelopment Agency from the Alpine Highway West Economic Development Project Area. Non-interest bearing note.
- **Tax Increment Note West Timpanogos** Due in annual installments equal to 97 percent of the tax increment received by the Redevelopment Agency from the West Timpanogos Community Development Project Area. Non-interest bearing note.
- **Compensated Absences** Some employees carry balances of sick leave and vacation leave greater than what they earn in a given year. The cost of compensating such balances are reported as long-term debt. Balances for compensated absences are capped at 160 hours for vacation leave and 240 hours for sick leave.
- Landfill Closure and Post-closure Care Liability This represents an escrow fund used for costs associated with the landfill closure and post-closure care liability. The escrow fund is funded via the Garbage Fund.
- Other Notes Payable Noninterest bearing notes payable to developers and for land acquisition.

Net Pension Liability	1,317,441	-	-	1,317,441	-	-	1,317,441
TOTAL LONG-TERM DEBT	\$ 21,864,518	\$ 17,205,000	\$ 1,480,495	\$ 37,589,023	\$ 1,605,858	\$ 1,983,440	\$ 35,983,165

A brief description of Lehi City's debt issues (as of June 30, 2019) is included below.

- **2019 Water Revenue Bonds** \$17,205,000 sales tax bonds issued to construct Dry Creek Reservoir and other culinary and pressurized irrigation infrastructure. Annual principal payments and semi-annual interest payments are due through 2044. Interest is at coupon rates varying from 4.00 percent to 5.00 percent.
- **2018 Electric Revenue Bonds** \$15,640,000 electric revenue bonds issued to construct a power generation facility and electric utility building. Annual principal payments and semi-annual payments are due through June 2038. Interest is at coupon rates varying from 4.00 percent to 5.00 percent.
- **2014 Electric Refunding Bonds** Revenue refunding bonds that refunded the 2009 Electric Refunding & Revenue Bonds which were used to build two new electrical substations. Due serially through June 1, 2020 with interest at 0.8 percent to 2.2 percent.
- **2010 Drainage Revenue Bonds** \$2,500,000 in drainage revenue bonds due serially through 2025 with interest rates ranging from 3.51 percent.
- Note Payable to Provo Reservoir Water Users Company Payable in annual installments through 2035. Payments include interest at 4 percent and range from \$34,813 to \$33,439.
- Note Payable to Provo River Water Users Association Payable in annual installments through 2035. Approximately 81 percent of the total obligation bears interest at 4 percent. The balance of the obligation will mirror a line of credit issued by a bank to the Provo River Water Users Association. The line of credit will have a variable interest rate which is estimated to average 4.5 percent.
- **Compensated Absences** Some employees carry balances of sick leave and vacation leave greater than what they earn in a given year. The cost of compensating such balances are reported as long-term debt. Balances for compensated absences are capped at 160 hours for vacation leave and 240 hours for sick leave.
- Net Pension Liability The difference between the total pension liability (present value of projected benefit payments to employees based on their past service) and the assets (mostly investments reported at fair value) set aside to pay current employees, retirees, and beneficiaries.

Seventy five percent of the City's long-term governmental debt relates to economic-incentive agreements. The repayment of this debt is solely dependent upon the economic performance of the developers. Total remaining governmental debt equals \$2,253.12 per Lehi household. The remaining governmental debt was used for the construction of public safety and recreation facilities in the City. These bonds are not general obligations of this, but rather will be repaid from the City's annual sales tax revenues.

Total enterprise fund debt represents \$1,587.37 per utility rate customer. Enterprise fund debt will be repaid through user fees.

Outside of the Lehi Redevelopment Agency, Lehi's annual governmental debt service is relatively low, representing just over 2% Lehi's general fund budgeted expenditures. Debt service for enterprise equals 4% of budgeted operating expenditures.

LONG-TERM FINANCIAL OUTLOOK

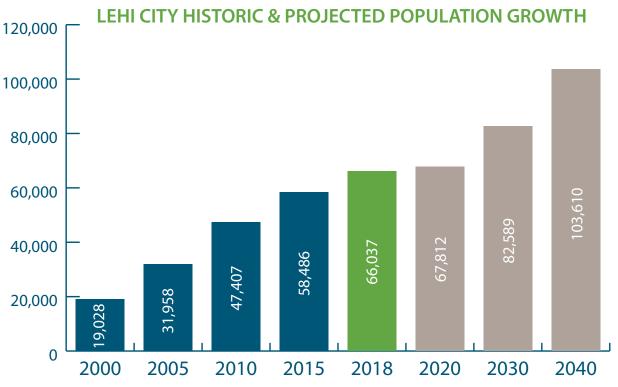

When forecasting future revenues and expenditures, Lehi City uses trend analysis, national economic indicators, local economic indicators, and city-specific issues to help determine the most accurate financial forecasting as possible. Throughout this document, discussions of the City's financial policies, past revenue and expenditure trends, and various economic indicators are presented. These include:

- City Revenue Policies: Page 38;
- General Fund Balance Trend: Page 36;
- Trends for Major General Fund Revenues: Pages 38-40;
- Debt Policies and Debt Position: Pages 31-43;
- Five-Year Capital Improvement Plan: Pages 51-56; and
- Impact of Five-Year Capital Improvement Plan on Operating Budget: Page 57.

All of these factors impact the City's long-term financial outlook. Following is a discussion of major factors that will also impact the City's long-term financial outlook.

POPULATION GROWTH

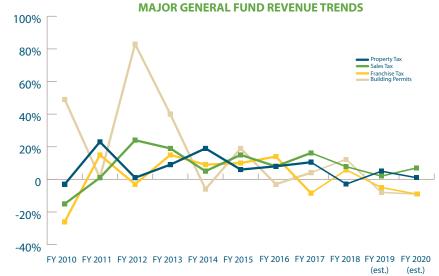

According to the U.S. Census Bureau, Lehi is the 5th fastest growing city in Utah County since the 2010 census. This population growth is expected to bring significant opportunities to the City. However, there will also be increased financial burdens on the City as there is more need for infrastructure construction and improvement and an increased demand for City services. The City monitors population growth trends and forecasts as it determines its infrastructure needs, particularly as it pertains to the five-year capital improvement plan, and fees for various City services.

REVENUE TREND ANALYSIS

Lehi City has a policy of conservatively estimating revenues on an annual basis to avoid unexpected deficits. As can be seen in the chart on the right showing the percent change for the four major revenue sources for the General Fund, the major General Fund revenue sources are each unique with regards to financial forecasting. Property tax, sales tax, and franchise tax revenues are relatively stable funding sources. However, they tend to lag a bit behind macro-economic trends in terms of the effect felt by the City. This was true during the financial crisis of 2008 and 2009.

Building permits, which are an important indicator of the local growth and the local economy's reaction to national economic factors, are much more volatile than the City's other primary General Fund revenue sources. However, building permit revenues tend to predicate an increase or decrease in property tax, sales tax, and franchise tax revenues. The City uses these trends, combined with other factors such as national economic indicators, state economic indicators, and local indicators such as development specific to the City to estimate future revenue. Below is a three-year revenue forecast for the major General Fund revenue sources based on these factors and past revenue trends.

	ACTUAL ACTUAL FY 2017 FY 2018		ESTIMATED FY 2019	APPROVED FY 2020	FORECAST FY 2021	FORECAST FY 2022	
PROPERTY TAX REVENUE	\$ 8,850,629	\$ 9,293,263	\$ 9,800,000	\$ 9,850,000	\$ 10,638,000	\$ 11,489,040	
SALES TAX REVENUE	10,114,232	11,376,982	11,600,000	12,371,812	12,990,403	13,639,923	
FRANCHISE TAX REVENUE	3,781,066	5,073,080	4,800,000	4,350,000	4,828,500	5,359,635	
BUILDING PERMIT REVENUE	2,225,329	3,474,337	3,200,000	2,905,000	3,195,500	3,515,050	

THREE-YEAR GENERAL FUND FORECAST

CAPITAL EXPENDITURES

CAPITAL EXPENDITURES

The FY 2020 budget includes just over \$68.30 million for all capital improvement expenditures. To allow a more accurate picture of how the coming fiscal year's Capital Budget might impact the operating budget, the capital expenditures are summarized into two categories: routine capital expenditures and non-routine capital expenditures.

- ROUTINE CAPITAL EXPENDITURES are expenditures that occur on a regular basis and have no significant
 impact on the operating budget. The capital expenditures classified into the capital replacement budget are
 considered routine. Examples include the regular replacement of vehicles and equipment and the regular
 up-sizing of pipes, streets, and power systems. The cost of these capital expenditures are captured as line
 items in the budget information portion of each department's section throughout this book, totaling a little
 over \$5.3 million.
- NON-ROUTINE CAPITAL EXPENDITURES are expenditures that do not happen on a regular basis and impact the operating budget either in terms of additional personnel, maintenance, utility, or other costs; or in terms of additional revenue or operating savings. Although the expenditures of these projects may span over a few years, the projects add to the asset base of the City and often result from policy decisions. Capital projects defined as non-routine total just under \$63 million. A summary schedule of the non-routine capital budget can be found later in this section of the budget document.

CAPITAL POLICIES

- Lehi City's Capital Budget shall be revised each year, including anticipated fund sources.
- When Capital Budget appropriations lapse at the end of the fiscal year they shall be re-budgeted until the project is complete.
- Inventories in the proprietary funds, which shall consist of materials used in the construction and repair of the transmission, distribution, collection, and treatment systems shall be valued at the lower cost or market on a weighted average basis. Supplied inventories, consisting principally of office supplies, shall be valued at the lower of cost or market on a first-in, first-out basis. Transformers shall be valued at the lower of cost or market on a specific identification basis.
- Capital expenditures shall be defined as assets purchased or acquired with the capitalization thresholds defined in the table below.

ASSET CATEGORY	ALIZATION	USEFUL LIFE (IN YEARS)
Land	\$ 0	N/A
Buildings	\$ 5,000	10-50
Improvements of than buildings, including infrastructure	\$ 5,000	10-50
Machinery, equipment, and vehicles	\$ 5,000	5-15
Office furniture and equipment	\$ 5,000	5-15

CAPITAL PLANNING PROCESS

Often, the justification for capital improvement projects are derived during master planning efforts done in conjunction with third-party entities. The City Council reviews and approves all of the City's master plans. The following two pages contain a summary of the planning processes that influence the Capital Budget, and the general time line associated with the finalizing of the 5-Year Capital Budget itself.

CITY PLANS - F	ORIGIN OF PLAN	ELEMENTS OF PLAN
Mayor and City Council Strategic Visioning	The Mayor & City Council annually hold a planning session. See pages 25-28 for more information.	The strategic vision and planning done by the Mayor and City Council set the priorities for the City budget. The planning sessions includes input from the annual citizen survey, staff recommendations, and the planning documents listed below.
Budget 5-Year Capital Improvement Plan	See pages 51-56 for more information.	As part of the annual budget process, and with input from all other planning processes, a 5-year capital improvement plan is incorporated into the budget document. Potential funding sources are also discussed and estimated at this time.
General Plan	The Land Use Element Plan was updated & adopted in October 2011. It is currently being updated and will be adopted in FY 2020.	The General Plan provides a general framework of goals and guidelines for a number of the City's master plans, including: Economic Development; Parks and Recreational Facilities; Transportation; and Community Facilities and Services.
Economic Development Strategic Plan	Originally adopted in September 2008. This plan will be updated in FY 2020.	The plan identifies key economic development areas throughout the City in order to project where and what types of future infrastructure improvements will be necessary to meet the associated new growth. Thus, this plan has an indirect effect on the capital budgeting process.
Downtown Revitalization Plan	Originally adopted in 2007, the Downtown Revitalization Plan will be updated in FY 2020.	The plan played a major part in the Main Street reconstruction project. The City's downtown is identified as the Main Street & State Street corridors. The stated goals of this plan are to: Guide development or redevelopment for the City's downtown area; remove blight and revitalize the downtown businesses; and Promote community spirit by maintaining historic feel and providing a community gathering place.
Parks Master Plan	Original plan adopted in 1998. Significantly updated in 2009. Second update completed in 2015. Will again be updated in FY 2020.	The main priorities is the 5, 10, and 20-year plans include: Focus short-term development of new parks in the northeast area of the City, primarily through a "mini" park system; Update, remodel, and refurbish current parks in the central area; and acquire land for community-wide parks in the west and north areas.
Pavement & Sidewalks Management Plan	Public Works Administration & Streets Division maintain & perpetually update a pavement management database.	 The policy of the plan is to: Maintain at least 65 percent of roads & sidewalks in good or better condition; and Have no more than 10 percent of roads and sidewalks in substandard condition.

PLAN	ORIGIN OF PLAN	ELEMENTS OF PLAN
Information Technology Capital Plan	Generated by the IT Division.	The plan includes the next four fiscal years of planned replacements. The IT Division calculates a charge to City departments sufficient to replace the main network, core software systems, computer systems, and the telephone system. Data used in the calculation include: an inventory of all equipment; the estimated useful life & projected replacement date; and the replacement cost.
City Facilities Capital Plan	Generated by the Buildings & Grounds Division. Funding is included by departmental budgets under Building & Grounds O&M. This plan will be updated in FY 2020.	 The plan calculates: An inventory of all major systems in City buildings; The estimated useful life or maintenance schedule; and The related costs.
Fleet Replacement Plan	The Fleet Division maintains & perpetually updates a fleet & equipment database.	The plan calculates a charge to City departments sufficient to replace the vehicles & motorized & mobile equipment. Data used in the calculation include: An analysis of all equipment; The estimated useful life & projected replacement date; A maintenance schedule & costs; and The replacement cost.
Master Plans & Impact Fee Analysis for Culinary Water, Pressurized Irrigation, Drainage, Electric, Sewer, Parks, & Transportation.	Significant updates to master plans & impact fee analyses completed in FY 2018. Transportation Master Plan will be updated in FY 2020.	 Capital projects associated with these types of projects were identified in the City's Impact Fee Study completed in January 2008 & the 5-year Capital Improvement Plan (updated annually as noted above). Monies were set aside in FY 2012 for the creation and significant update of these master plans. These master plans will: Recommend & prioritize short-, medium-, and long-term projects; Project & analyze growth & build-out data; and Provide impact fee rate recommendations for funding.

5-YEAR CAPITAL IMPROVEMENT PLAN TIME LINE

- 1. In the fall and spring of each year, the progress on all authorized capital projects is monitored on a projectby-project basis. Project financial records are reviewed with the department heads tasked with overseeing the given project. Projects approved by the City Council, but not previously included in the Capital Improvement Plan, are reviewed at the same time.
- 2. In the winter of each year, department heads review previously-submitted projects to determine if the need, time frame, or project scope have changed. If changes are needed, the Finance Department is notified and the Requested Capital Improvement and Capital Projects Summary are updated. The department heads also submit new capital projects for consideration in both the next fiscal year and future years.
- 3. Also in the winter of each year, the City's capital needs are identified before preparation begins on the operating budget. First year operating expenses are formulated and refined through discussions with the department most closely impacted by the project.

Future years' operating costs are established after the projects in operation and the estimated expenses can be refined.

- 4. In May of each year, the requested Capital Improvement and Capital Projects list is reviewed, and the most critical projects are recommended to the City Council as part of the City's recommended budget. This is done at the same time the recommended operating budget is presented. Alternate mechanisms for financing the projects are also discussed at this time.
- 5. In the budget document, the Non-Routine Capital Budget Summary lists all FY 2019 projects that have been approved.

IMPACT ON THE OPERATING BUDGET

The following is a summary of the impact of the FY 2020 Capital Budget on the operating budget for FY 2020 and future years. The only included projects are those with a significant impact; which would include any project that will result in the need for additional staff or will result in any ongoing increase or decrease in the operating budget greater than \$10,000 per year.

PROJECT(S)	BUDGET(S) IMPACTED	EXPECTED IMPACT
Traverse Mountain Bridge & Road	Streets Division	The project will result in an expected annual increase of approximately \$25,000 in operating & maintenance costs to the Streets Division due to Utah Department of Transportation bridge maintenance & safety requirements. The project is expected to begin construction FY 2016 & be completed in FY 2020.
Jordan Willow Pump Station	Water Division - Waste Water Section	The project will result in an expected annual increase of approximately \$25,000 in operating & maintenance costs to the Water Division due to increased cleaning, supply, & repair costs. The project began construction in FY 2018 and is planned to be completed in FY 2020.
Traverse Booster & Storage	Water Division - PI Section	The project will result in an expected annual increase of approximately \$35,000 in operating & maintenance costs to the Water Division due to increased cleaning, supply, & repair costs. The project began construction in FY 2018 and is planned to be completed in FY 2020.
West Side PI Facilities	Water Division - PI Section	The project will result in an expected annual increase of approximately \$40,000 in operating & maintenance costs to the Water Division due to increased cleaning, supply, & repair costs. The project began construction in FY 2018 and is planned to be completed in FY 2020.
Allred Well & Booster Pump	Water Division - PI Section	The project will result in an expected annual increase of approximately \$17,000 in operating & maintenance costs to the Water Division due to increased cleaning, supply, & repair costs. The project is expected to begin construction in FY 2019 and be completed in FY 2020.
Allred River Crossing	Water Division - Sewer	The project will result in an expected annual increase of approximately \$25,000 in operating & maintenance costs to the Water Division due to increased cleaning, supply, & repair costs. The project is expected to begin construction in FY 2020 and be completed in FY 2021.
Traverse Source	Water Division - Culinary	The project will result in an expected annual increase of approximately \$35,000 in operating & maintenance costs to the Water Division due to increased cleaning, supply, & repair costs. The project is expected to begin construction in FY 2020 and be completed in FY 2021.
Cedar Hollow Reservoir & Pump	Water Division - PI Section	The project will result in an expected annual increase of approximately \$39,000 in operating & maintenance costs to the Water Division due to increased cleaning, supply, & repair costs. In conjunction with the Traverse Booster & Storage and West Side PI Facilities projects, the project will create the need for one new FTE at an expected annual cost of \$65,000. The project is expected to begin construction in FY 2022.

MAYOR & CITY COUNCIL

0.9%

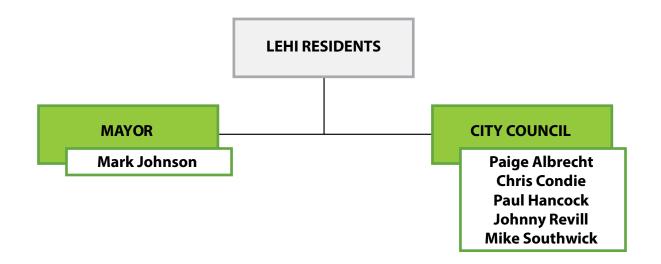

Percent of General Fund Budget

THE MISSION OF THE MAYOR AND CITY COUNCIL IS TO ENHANCE THE HEALTH, SAFETY, AND WELFARE OF EACH PERSON WITHIN THE COMMUNITY (BOTH RESIDENT AND VISITOR). THIS IS ACCOMPLISHED BY DEVELOPING, REVIEWING, AND IMPLEMENTING ORDINANCES, RESOLUTIONS, AND POLICIES.

DEPARTMENT DESCRIPTION

The Mayor and City Council are elected to office by the citizens of Lehi and serve four-year terms. The Mayor acts as the Chief Executive Officer of the City and is responsible for upholding and executing the laws and ordinances adopted by the City Council. The City Council is responsible for creating and modifying ordinances for the betterment of the community.

OFFICE OF THE CITY ADMINISTRATOR

5.8%

Percent of General Fund Budget

THE MISSION OF THE OFFICE OF THE CITY ADMINISTRATOR IS TO PROVIDE GENERAL OVERSIGHT AND DIRECTION FOR ALL CITY SERVICES AND OPERATIONS AND TO PROVIDE MANAGEMENT ASSISTANCE TO THE MAYOR AND CITY COUNCIL.

Better leverage technology and data to provide more efficient use of resources and better serve the public.

DEPARTMENT DESCRIPTION

The Office of the City Administrator is responsible for the management of community and employee relations throughout the organization. The department is organized into five divisions: Public Relations & Special Events, Special Projects, Human Resources, Information Technology, and Risk Management.

The Public Relations & Special events and Special Projects Divisions are responsible for public and community relations, management analysis, and special events.

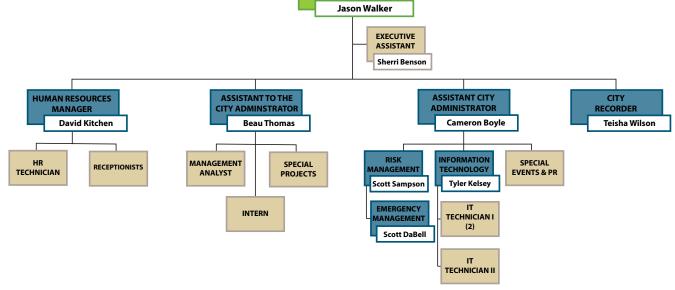

The Human Resources Division is responsible for maintaining employee records, coordinating employee benefit and education programs, communicating personnel policies and procedures, and ensuring quality recruitment.

The Information Technology Department is responsible for managing the technology and network infrastructure, maintaining information system security, promoting technology education, and overseeing data disaster recovery planning.

Risk Management is designed to (1) assist City departments in the implementation of effective safety and other loss-prevention programs to protect the employees and assets of the City from injury, damage, or loss; (2) minimize loss or injury when incidents do occur; and (3) appropriately finance or insure the cost of claims, injuries, and losses. Risk Management is funded through an internal service fund.

The Fleet Division is responsible for the acquisition and maintenance of all City-owned vehicles. The Fleet Fund is an internal service fund that charges fees for each vehicle and the costs associated with maintenance of such vehicles. The revenue collected from these fees is intended to cover both the full operating and long-term capital costs of the services provided.

The Records and Elections Division is managed by the city recorder and is responsible for the records, minutes, ordinances, and resolutions of the City. The division also oversees annexations, elections, and cemetery records.

COMMUNITY DEVELOPMENT

5.6%

General Fund Budget

THE COMMUNITY DEVELOPMENT DEPARTMENT GUIDES AND DIRECTS THE DEVELOPMENT OF LAND TO ACHIEVE A BALANCE BETWEEN THE DESIRES OF THE INDIVIDUAL PROPERTY OWNER, THE WELFARE OF THE RESIDENTS OF LEHI, AND THE NEEDS OF THE COMMUNITY.

Complete a Master Plan for the City Campus.

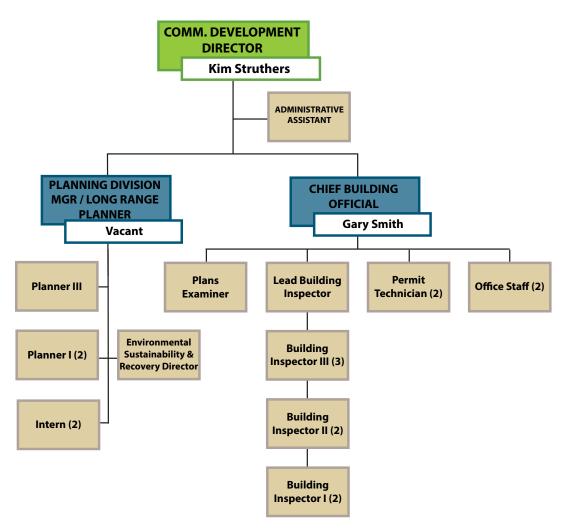

DEPARTMENT DESCRIPTION

The Community Development Department consists of three separate divisions: Planning, Development Services, and Sustainability.

The Planning Division works closely with the Planning Commission and City Council to ensure that the City's general plan, development code, and design standards are adopted and followed in all developmental issues. The department is also responsible for coordinating the efforts of developers with the duties of the city engineer, public works director, and utility departments.

The Planning Division also includes the Environmental Sustainability and Recovery Director who is responsible for the development and administration of environmental management programs and committees. Long-term recovery efforts after disaster to include city infrastructure systems, residential impact issues, local business recovery, and school district liaison. This position also works with water restrictions information and enforcement, eagle projects, and parking citation enforcement.

The Development Services Division inspects newly-constructed buildings to ensure code compliance, inspects existing buildings to ensure safety requirements are met, and reviews plans for additions to new and existing buildings.

ECONOMIC DEVELOPMENT

0.5%

Percent of General Fund Budget

THE ECONOMIC DEVELOPMENT DEPARTMENT WILL FACILITATE THE DEVELOPMENT OF A DYNAMIC REGIONAL COMMERCIAL CENTER THAT WILL PROVIDE QUALITY EMPLOYMENT, OFFICE SPACE, RETAIL SHOPPING AND ENTERTAINMENT EXPERIENCES FOR RESIDENTS OF LEHI AND THE SURROUNDING MARKET AREA.

Attract and retain quality businesses by promoting Lehi as a family-friendly community.

DEPARTMENT DESCRIPTION

The Economic Development Department manages the various urban renewal, economic development, and community development areas (see pages 194-196 for more information) and works in cooperation with other public and private sector groups to promote new capital investment and quality job creation in the City. The department focuses on attracting new businesses to the community to create a diversified tax base and help reduce the tax burden on the residential property owner.

ENGINEERING

1.9%

Percent of General Fund Budget

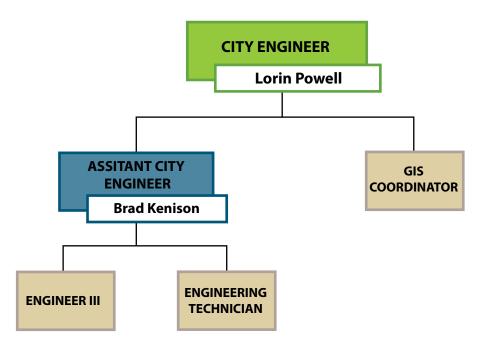

THE ENGINEERING DEPARTMENT WILL PROVIDE ENGINEERING AND GIS SUPPORT FOR CITY ADMINISTRATION, OPERATING DEPARTMENTS, AND CITIZENS IN ACCORDANCE WITH APPLICABLE REQUIREMENTS AND REGULATIONS.

for water and recreation resources.

DEPARTMENT DESCRIPTION

The Engineering Department coordinates all city engineering services including consultation, design, project management, survey, and inspection. The city engineer plays an integral part of all reviews done for new developments within the City. The geographical information system (GIS) coordinator provides map data for various levels of infrastructure and general city services.

FINANCE

2.4%

Percent of General Fund Budget

THE MISSION OF THE FINANCE DEPARTMENT IS TO EFFECTIVELY MANAGE AND SAFEGUARD THE CITY'S FINANCIAL RESOURCES AND ASSETS BY PROVIDING ACCURATE AND TIMELY INFORMATION IN ACCORDANCE WITH GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP) AND THE GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB).

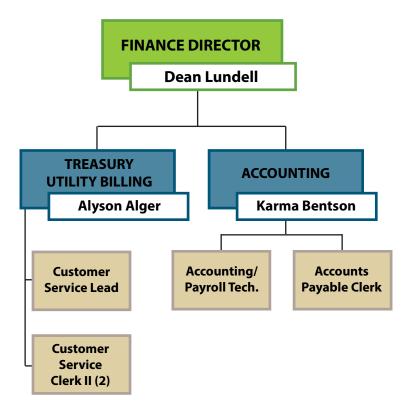

Review and improve financial policies.

DEPARTMENT DESCRIPTION

The Finance Department is responsible for the financial operations of the City. The Department provides budgeting, purchasing, accounting, and funding direction for the City.

The Treasury and Utility Billing Division has custody of Lehi City's cash and investments. The Treasurer maintains a system for cash management and is responsible for reporting the cash position to the Mayor and City Council. The Treasurer also oversees the billing process and responds to customers' questions and complaints. Additionally, the Finance Department, through the Treasury Division, oversees the third-party waste collection contract (see Waste Collection Fund on page 186).

FIRE

Percent of General Fund Budget

THE LEHI FIRE DEPARTMENT IS COMMITTED TO PROVIDING A WIDE RANGE OF SERVICES TO THE COMMUNITY DESIGNED TO PROTECT AND PRESERVE LIFE, PROPERTY, AND THE ENVIRONMENT THROUGH PLANNING, PREVENTION, EDUCATION, AND RESPONSE.

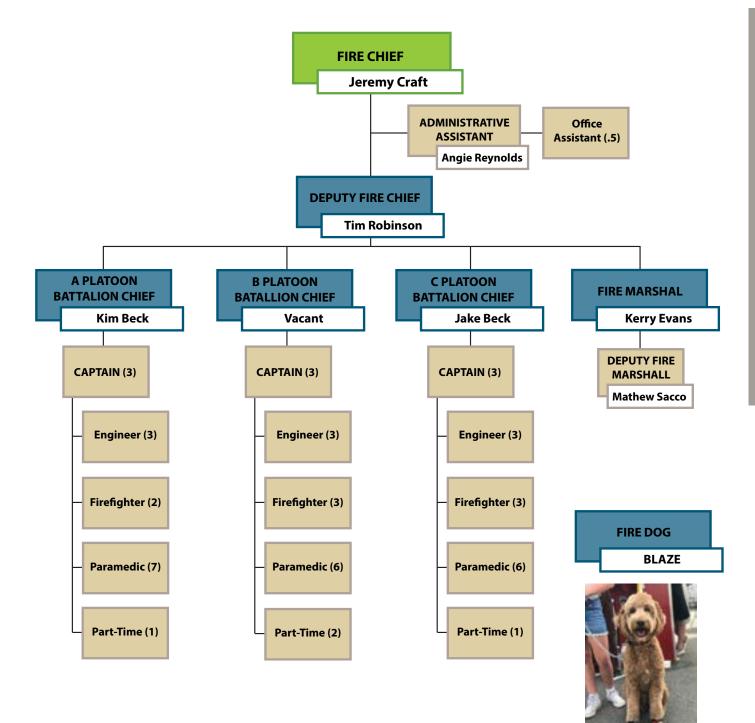

Deliver a high level of professional service to the community while enhancing public education and community relations.

DEPARTMENT DESCRIPTION

The Fire Department is responsible for protecting the lives and possessions of the people living within the Lehi service area, which includes Lehi City and parts of Utah County. All members of the Fire Department are expected to maintain current fire prevention skills and training and at least intermediate level EMT skills and training. The Department is also actively engaged in educating the community about fire prevention and fire safety.

Each Batallion Chief supervises a full staff at each of our fire stations: Station 81 (Center Street), Station 82 (2600 North) and Station 83 (Traverse Mountain). The department employs an additional 20 part-time staff, which equal 10 full-time equivalents, that cover available shifts as needed.

GENERAL FUND - DEPT. DETAIL

INFORMATION CENTER

1.3%

Percent of General Fund Budget THE INFORMATION CENTER'S MISSION IS TO OFFER A ONE-STOP SERVICE FOR THE COMMUNITY THAT IS PROFESSIONAL, POLITE, AND PROGRESSIVE.

Implement evidence-based sentencing practices and utilize effective community resources for convicted defendants in an effort to reduce recidivism in the criminal justice system and effect positive change and reparation.

DEPARTMENT DESCRIPTION

The Information Center is the hub of information for Lehi City residents. Many services will be offered over time including passports, business licensing, utility applications, utility payments, registration for the Legacy Center, resident iWorq submissions, and responding to all incoming City phone calls. The Information Center Manager will direct all operations within the department. The Lead Information Center Worker will oversee the four Information Center Workers.

JUSTICE COURT

1.5%

Percent of General Fund Budget

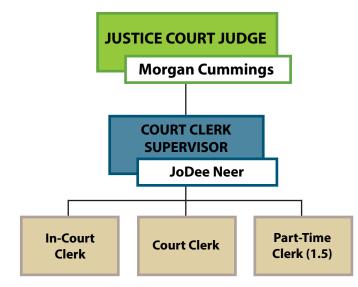

THE JUSTICE COURT WILL SIT IN JUDGMENT OF CRIMINAL AND COMMON LAW PROCEEDINGS, RESOLVE LEGAL ISSUES, AND ENSURE JUSTICE; THEREBY IMPROVING THE EQUALITY OF LIFE IN THE COMMUNITY BY PROVIDING AN OPEN, FAIR, EFFICIENT, AND INDEPENDENT SYSTEM FOR THE ADVANCEMENT OF JUSTICE UNDER THE LAW.

Implement evidence-based sentencing practices and utilize effective community resources for convicted defendants in an effort to reduce recidivism in the criminal justice system and effect positive change and reparation.

DEPARTMENT DESCRIPTION

The Lehi City Judge is trained in the operation of the Utah court system and court procedures. This training makes it possible for the judge to hand down judgments on all citations, summons, and small claims. The judge is responsible for all procedures that take place in the Justice Court. The court clerk enters citations for the Lehi Police Department, Utah Highway Patrol, and the Utah County Sheriff Department. The clerk is also responsible for recording summons and small claims information.

LEGAL SERVICES

Percent of General Fund Budget

THE LEGAL SERVICES DEPARTMENT WILL SERVE LEHI CITY THROUGH THE PRACTICE OF LAW ACCORDING TO THE HIGHEST PROFESSIONAL STANDARDS AND THROUGH MAINTAINING RECORDS OF THE CITY'S ACTION IN A PROFESSIONAL AND HIGHLY-ORGANIZED MANNER.

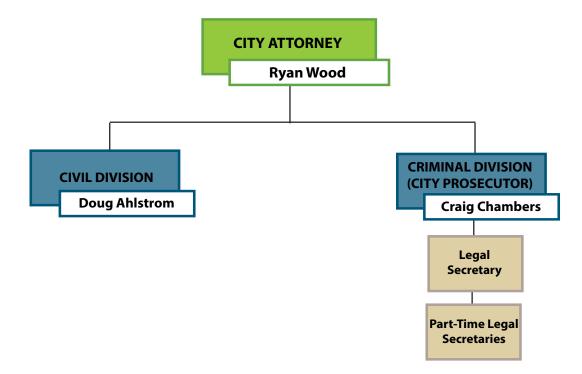

Safeguard the rights and interests of Lehi families by (1) vigorously prosecuting crime, (2) managing claims and litigation to protect tax dollars, and (3) defending public policies advanced by Lehi's elected representatives.

DEPARTMENT DESCRIPTION

The Legal Services Department is responsible for the proper execution of all legal affairs of the City. The Legal Services Department consists of three divisions: Civil Division, Criminal Division, and Records and Elections.

The Civil Division advises elected officials and City staff on legal issues, prepares all legal documents, defends the City against all civil claims, and conducts all other non-criminal legal services for Lehi City.

The Criminal Division prosecutes all misdemeanor crimes that occur within Lehi City.

LEISURE SERVICES

THE MISSION OF THE LEISURE SERVICES DEPARTMENT IS TO ENRICH THE LIVES OF LEHI'S RESIDENTS BY PROVIDING HIGH-QUALITY RECREATIONAL AND EDUCATIONAL OPPORTUNITIES AT A MINIMUM COST.

Implement cutting-edge, family-centric recreation opportunities for residents.

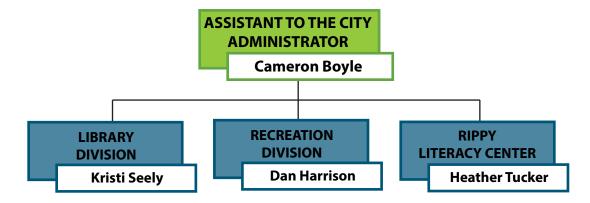

DEPARTMENT DESCRIPTION

The Leisure Services Department, managed directly by the assistant city administrator, is composed of three divisions: the Recreation Division, the Library Division, and the Literacy Center Division.

The Recreation Division is responsible for offering health, recreation, aquatic, and social activities to residents in the Lehi community at the lowest possible cost. The division includes sports, aquatics, the Legacy Center (Lehi's recreation center), senior services, and community programs. While senior services are funded through the general fund, the remaining sections of the Recreation Division, with the accompanying outdoor pool, is funded through a Special Revenue Fund. See pages 150-162 for detailed budget information regarding the Outdoor Pool and Recreation Special Revenue Funds.

The Library Division is responsible for managing and controlling book and document circulation and purchasing. The Library is also responsible for updating and maintaining all information services, providing Internet access to users, computer use, and responding to the needs of the residents.

The Literacy Center Division is responsible for managing the Lehi-Rippy Literacy Center, which was founded by William and Hesther Rippy in 1998. Lehi City supports the Literacy Center by providing staff and facilities. The Literacy Center specializes in teaching reading, mathematics, computer skills, and language skills to all ages on a personal level at no cost.

POLICE

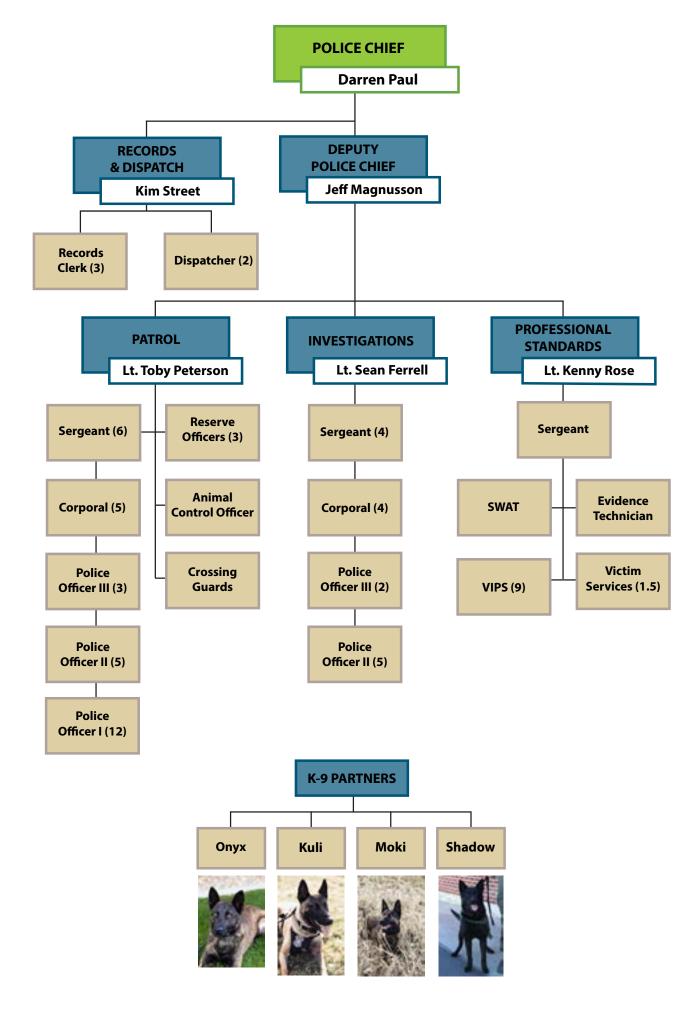

Percent of General Fund Budget THE POLICE DEPARTMENT WILL PROVIDE A SAFE AND SECURE COMMUNITY BY DELIVERING PROFESSIONAL AND COURTEOUS SERVICES AS DETERMINED IN PARTNERSHIP WITH LEHI RESIDENTS. THE DEPARTMENT IS DEDICATED TO THE FOLLOWING FIVE VALUES: (1) FOSTERING THE PUBLIC TRUST, (2) ETHICAL JUDGMENTS, (3) PROACTIVE PREVENTION AND ENFORCEMENT, (4) CREATIVE SERVICE DELIVERY, AND (5) FAIRNESS IN ENFORCEMENT OF THE LAW.

DEPARTMENT DESCRIPTION

The Police Department's function is to serve and protect all people and property within the City limits. This is done through the coordinated efforts of patrol officers, detectives, code enforcement officers, and animal control officers. Detectives are responsible for investigating and solving crimes that are carried out by criminals in a covert manner. Patrol officers are responsible for enforcing traffic laws and ensuring the safety of persons within the City limits. Code enforcement officers are responsible for ensuring that properties in Lehi are maintained according to ordinance. Animal control officers are responsible for enforcing the animal control ordinance of the City and protecting residents from violent and destructive animals.

GENERAL FUND - DEPT. DETAIL

*These fee have been moved to the Information Center as of FY 2020

PUBLIC WORKS

5%

Percent of General Fund Budget THE PUBLIC WORKS DEPARTMENT PROVIDES QUALITY SERVICES TO LEHI RESIDENTS THROUGH (1) STRONG LEADERSHIP, (2) EXCELLENT TECHNICAL SKILLS, AND (3) EXPERIENCED ADMINISTRATIVE SUPPORT. THE DEPARTMENT WILL MAINTAIN FACILITIES, PROPERTY, AND EQUIPMENT WHILE PROVIDING AN AESTHETICALLY PLEASING AND SAFE COMMUNITY.

More public outreach on city-owned projects, including information and citizen awareness.

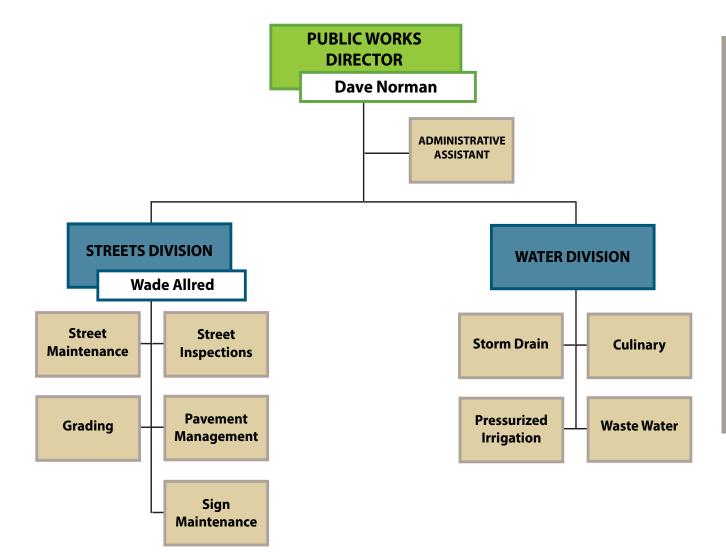

DEPARTMENT DESCRIPTION

The Public Works Department is responsible for the general supervision of the Streets and Water Divisions. The department is also responsible for clerical services, long-range planning and short-term coordination among these divisions.

The Streets Division is responsible for the repair of streets, sidewalk, curbs, and gutters. It is also responsible for the removal of snow and ice from streets and roads in the winter.

The Water Division is part of the Public Works Department and administers four of the City's enterprise operations: (1) Storm Drain, (2) Culinary Water, (3) Pressurized Irrigation (PI), and (4) Waste Water. The department is responsible for the maintenance of distribution lines, wells, storage tanks, and facilities for these operations. The division ensures the adequate supply of potable and irrigation water, the improvement of storm water conveyance, and the maintenance of the City's sewage collection system.

The Class "C" Roads Fund was established through the State of Utah to provide assistance to counties and municipalities for the improvement of roads. The revenue comes from the Utah Department of Transportation (UDOT) through the State's excise tax on fuel purchases. The amount received is determined by the miles of roads and sidewalks in Lehi, which is assessed each calendar year, and the City's population.

For more information on how the Class "C" Roads Fund is used, see the Public Works Department section on page 126 and the Non-Routine Capital Budget Summary on pages 51-56.

The Liquor Allotment Fund was established through the State of Utah to provide assistance to municipalities for the enforcement of alcohol-impaired driving. The revenue comes from the Utah Alcoholic Beverage Control Administration through the State's excise tax on liquor purchases. The amount received is determined by the amount of the tax collected in Lehi.

The CDBG program is a federally awarded program that provides grants for local community development activities. CDBG funds can be used for affordable housing, anti-poverty programs, and infrastructure development. The city prioritizes projects and improvements to determine how to use these funds. Each year there is a public hearing to allow public comment on how these funds are distributed.

Impact fees are charges for services that are imposed on new construction in order to support specific new demands on a given service (e.g. transportation, schools, parks, and fire protection). The budget information in these funds details how the fees collected are used to provide necessary services.

SPECIAL REVENUE FUNDS

DIVISION DESCRIPTION

As part of the Leisure Services Department, the Recreation Division, which manages the Legacy Center (the City's recreation center) and the outdoor pool, is funded by two special revenue funds. Special

Revenue Fund 21 funds the Legacy Center, and Special Revenue Fund 22 funds the outdoor pool.

Specific budget and fee information for both funds are included in this section.

THE WATER DIVISION AIMS TO PROVIDE SAFE AND RELIABLE WATER RESOURCES TO LEHI RESIDENTS THROUGH DEVELOPING AND MAINTAINING QUALITY FACILITIES AND INFRASTRUCTURE.

information and citizen awareness.

DEPARTMENT DESCRIPTION

The Water Division is part of the Public Works Department and administers four of the City's enterprise operations: (1) Storm Drain, (2) Culinary Water, (3) Pressurized Irrigation (PI), and (4) Waste Water. The department is responsible for the maintenance of distribution lines, wells, storage tanks, and facilities for these operations. The division ensures the adequate supply of potable and irrigation water, the improvement of storm water conveyance, and the maintenance of the City's sewage collection system.

THE LEHI CITY POWER DEPARTMENT PROVIDES RELIABLE ELECTRICAL SERVICE TO OUR CUSTOMERS WITH LOCAL CONTROL AND COMPETITIVE RATES.

DEPARTMENT DESCRIPTION

The Power Department manages power operations under three department divisions: Planning & Engineering, Operations, and Metering & Substations. Linemen and operators are responsible for the construction and maintenance of overhead and underground lines. Operators also provide maintenance to the power system, install and repair meters, troubleshoot voltage problems, and maintain streetlights.

FUND DESCRIPTION

Solid waste collection is managed by the Finance Department (see page 83) and is contracted to Waste Management of Utah. The contractor supplies solid waste collection containers and collects the waste. The Finance Department is responsible for educating residents about dump passes, spring cleanup, and cleanup dumpsters that are accessible year-round and located throughout the City.

INTERNAL SERVICE FUNDS

FUND DESCRIPTION

Internal service funds are used to fund divisions and sections within departments that provide services to internal city entities. As a result, they receive revenues through charges to other departments and their associated funds. The city has four internal service funds: Information Technology, Fleet, Risk Management, and Building/Grounds.

REDEVELOPMENT AGENCY FUNDS

REDEVELOPMENT AGENCY FUNDS

FUND DESCRIPTION

Redevelopment Areas (RDAs) (now called Urban Renewal Areas), Economic Development Areas (EDAs), and Community Development Areas (CDAs) are established by the Lehi Redevelopment Agency in certain areas of the City identified for redevelopment and economic development. The creation of an RDA is based primarily on blight reduction and job creation, the creation of an EDA is based on job creation, and the creation of a CDA is based on broad economic development factors. RDAs, EDAs, and CDAs allow the City to utilize tax increment financing (TIF) to stimulate development within the area. Additional information on redevelopment and economic development efforts within the City can be found on page 78.

A ACCOUNTING PERIOD:

A period of time, (month, quarter, year), for which a financial statement is produced.

ACCOUNTING SYSTEM:

The total structure of records and procedures which discover, record, classify, and report information on the financial position and operations of a governmental unit or any of its funds, balanced account groups, and organizational components.

ACCRUAL BASIS:

Accounting method in which revenues and expenses are accounted for as they are earned or incurred, although they may not have been received or paid yet. The alternative is cash-basis accounting, in which revenues and expenses are recognized only when cash is received or paid.

ACTUAL:

Actual, as used in the fund summaries and department and division summaries within the budget document, represents the actual costs results of operations. This category is presented on a GAAP basis, with the exception that depreciation and amortization are not budgeted and principal payments on debt in the enterprise funds are budgeted as expenses.

ADOPTED:

Adopted, as used in the fund summaries and department and division summaries within the budget document, represents the budget as approved by the City Council.

ADOPTED BUDGET:

The financial plan for the fiscal year beginning July 1.

ALLOCATED COST:

A method for allocating overhead time and other expenses to activities that provide direct services.

ALLOTMENT:

To divide an appropriation into amounts that may be encumbered or expended during an allotment period.

AMENDED OR REVISED BUDGET:

The current year adopted budget adjusted to reflect all budget amendments approved by the City Council through the date indicated.

AMORTIZATION:

The deduction of capital expenses over a specific period of time. Similar to depreciation, it is a method of measuring the consumption of the value of long-term assets like equipment or buildings.

APPROPRIATION:

A legal authorization that permits the City to make expenditures and to incur obligations and expend resources for specific purposes.

ASSESSED VALUATION:

A valuation set upon real estate or other property by a government body basis for levying taxes.

ASSESSMENT ROLL:

A document prepared by the county establishing assessed valuation of real estate and other property with the amount of ad valorem tax owed.

AUDIT:

A systematic examination of resource utilization concluding in a written report. It is a test of management's internal accounting controls and is intended to: (1) ascertain whether financial statements fairly present financial positions and results of operations; (2) test whether transactions have been legally performed; (3) identify areas for possible improvements in accounting practices and procedures; and (4) ascertain officials responsible for governmental resources.

B

BALANCED BUDGET:

A financial plan of operation in which revenues equal expenditures for the fiscal year. A balanced budget is required of municipalities by the State law.

BALANCE SHEET:

A statement presenting the financial position of an entity by disclosing the value of its assets, liabilities and equities at a specified date.

BASE BUDGET:

Those resources necessary to meet an established and existing service level.

BASIS OF BUDGETING:

Basis of budgeting refers to the method used for recognizing revenues and expenditures in the budget. The City uses the modified accrual basis of accounting for budgetary purposes, which is in compliance with Generally Accepted Accounting Principles.

BEGINNING FUND BALANCE:

The Ending Fund Balance of the previous period. (See ENDING FUND BALANCE)

BOND:

A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date(s)) along with periodic interest paid at a specified percentage of principal (interest rate). Bonds are typically used for long-term debt.

BUDGET:

A plan of financial operation embodying an estimate of proposed means of financing them. Used without a modifier, the term usually indicates a financial plan for a single fiscal year. The term "budget" is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating body for adoption and sometimes it designates the plan finally approved by that body. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether it has been approved by the appropriating body.

BUDGET CALENDAR:

The schedule of essential dates or milestones which a government follows in the preparation and adoption of the budget.

BUDGET DOCUMENT:

The official written statement prepared by the budget office and supporting staff which presents the proposed budget to the legislative body.

BUDGET MESSAGE:

A general discussion of the proposed budget presentation in writing as part of or supplement to the budget document. The budget message explains principal budget issues against the background of financial experience in recent years and presents recommendations made by the Chief Executive.

BUDGET MODIFICATION:

A change in expenditure levels and corresponding resources needed to accomplish an existing service level or unanticipated service. All budget modifications are reflected in the current year budget and have been approved by City Council.

BUDGET RETREAT:

A meeting scheduled for the Mayor and Council with Administration to discuss important issues to be addressed in the budget. The place of the meeting is at a location away from City Hall and is usually at least a one-day event.

BUDGET SUPPLEMENT:

A request for an increase or decrease in an existing service level (over and above the base budget).

BUDGETARY BASIS:

Budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP), with the exception that (1) encumbrances are considered to be an expenditure chargeable to appropriations; (2) no depreciation is budgeted for proprietary funds; and (3) bond principal in the enterprise funds is subject to appropriation.

BUDGETING (APPROPRIATING):

The City prepares its budget in conformity with practices prescribed or permitted by the applicable statutes of the State of Utah.

C CAPITAL BUDGET:

A plan of proposed capital expenditures and the means of financing them. The capital budget is usually enacted as part of the complete annual budget, which includes both operating and capital outlays. The capital budget should be based on a capital improvement plan (CIP).

CAPITAL IMPROVEMENT PLAN:

A plan for capital expenditures to be incurred each year over a fixed period of several future years which sets forth each expenditure.

CAPITAL OUTLAYS (EXPENDITURES):

Expenditures for the acquisition of capital assets.

CAPITAL PROJECT:

Any improvement or acquisition of major facilities with a useful life of at least five years such as roads, bridges, buildings, or land.

CAPITAL PROJECTS FUND:

Funds that are used to account for financial resources to be used for the acquisition or construction of major capital projects (other than those financed by proprietary funds).

CASH BASIS:

The method of accounting where revenues and expenditures are recognized as cash is received and disbursed.

CASH FLOW BUDGET:

A projection of the cash receipts and disbursements anticipated during a given time period. Typically, this projection covers a year and is broken down into separate projections for each month, week, and/or day during the year.

CERTIFIED TAX RATE (C.T.R.):

A tax rate that will provide the same ad valorem property tax revenue for each taxing entity as was levied for the prior year by that entity, plus new growth, less the amount of increase to locally assessed real property taxable values resulting from factoring, reappraisal, or any other adjustment.

CIP:

See CAPITAL IMPROVEMENT PROGRAM.

COMMODITIES:

Commodities are expendable items purchased through the City-approved centralized purchasing process. This classification includes supplies, repair and replacement parts, small tools, and maintenance and repair materials that are not of a capital nature.

CONSUMER PRICE INDEX (CPI):

A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

CONTINGENCY:

A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

CONTINUATION BUDGET:

A level of funding which enables an organization to provide the same amount of services in the following fiscal year as the organization provides in the current fiscal year. A continuation level budget does not necessarily provide funding for growth in demand of services.

CONTRACTS PAYABLE:

Contracts payable represents a liability reflecting amounts due on contracts of goods or services furnished to the City.

CONTRACTUAL SERVICES:

Includes expenditures for services performed by firms, individuals, or other City departments. Supplies are not included in the contractual services accounts.

CURRENT LEVEL OF SERVICE:

A term used to describe amount of service provided to the community in each service area with the current resources available.

D DEBT SERVICE:

Payment of interest and repayment of principal to holders of a government's debt instruments.

DEBT SERVICE FUNDS:

Established to account for the accumulation of resources and for the payment of general long-term debt principal and interest that are not serviced by the General, Special Revenue, and Enterprise Funds. It does not include contractual obligations accounted for in the individual funds.

DEMAND:

A type of measurement category. Demand represents the external factors that demonstrate the needs for the service(s) or program(s), i.e., population, service area, complaints, and waiting lists.

DEPARTMENT:

A major unit of organization in the City comprised of sub-units called Divisions.

DEPRECIATION:

A decrease or loss in value, as because of age, wear, or market conditions. Used in accounting as an allowance made for a loss in the value of property.

DIRECT SALES:

Gross retail sales that are collected from local businesses.

DIVISION:

A sub-unit of a Department organization.

E Element (general plan):

There are four main elements of the General Plan which assist the City in delivering high quality services to its constituency. These four elements are (1) Land Use, (2) Parks Open Space and Recreational Facilities, (3) Moderate Income Housing, and (4) Transportation.

ENCUMBRANCE:

Includes obligations in the form of purchase orders, contracts, or other commitments. They cease to be encumbrances when paid, canceled, or when the actual liability is established.

ENDING FUND BALANCE:

Funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year, plus revenues received during the year, less expenses equals ending fund balance.

ENTERPRISE FUND:

A fund used to account for operations that are financed and operated in a manner similar to private business enterprises, wherein the stated intent is that the costs (including depreciation) of providing goods and services be financed from revenues recovered primarily through user fees.

EXPENDITURES:

Decreases in net financial resources. Expenditures include current operating expenses, which require the current or future use of net current assets, debt service, and capital outlays.

FINANCIAL POLICY:

A government's directive with respect to revenues, spending, reserves, and debt management as these relate to government services, programs, and capital investment. Financial policy provides an agreed upon set of principles for the planning and programming of government budgets and its funding.

FISCAL YEAR:

Any period at the end of which a governmental unit determines its financial condition and the result of its operations and closes its books. NOTE: It is usually a year, though not necessarily a calendar year.

FORECAST:

A prediction of future outcome based on known and unknown factors.

FULL-TIME EQUIVALENT (FTE):

One position funded for a full year. For example, a permanent employee funded and paid for 40 hours/week and 52 weeks/year or 2 employees funded and paid for 20 hours/week and 52 weeks/year would be equal to one fulltime equivalent.

FUND:

An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

FUND BALANCE (EQUITY):

The excess of an entity's assets over its liabilities. A negative fund balance is sometimes called a deficit.

FUNDING SOURCES:

A term referring to the type or origination of funds to finance recurring or non-recurring expenditures. Examples include revenues such as ad valorem taxes, user fees, licenses, permits, and grants and non-revenues such as fund balance and inter-fund transfers.

FUND SUMMARY:

A combined statement of revenues, expenditures, and changes in fund balance for the prior year's actual, adopted, estimated budgets, and the current year's adopted budgets.

G **GAAP ADJUSTMENTS:**

Differences arising from the use of a basis of accounting for budgetary purposes that differs from the basis of accounting applicable when reporting on operations in conformity with Generally Accepted Accounting Principles (GAAP). For example, depreciation and amortization in Enterprise Funds are not considered expenses on the budget basis of accounting, but are considered expenses on the GAAP basis.

GASB 34:

APPENDIX

A new accounting standard used by the Governmental Accounting Standards Board that is applicable to state and local governments. Compliance with GASB Statement 34 is necessary for the preparation of financial statements in accordance with Generally Accepted Accounting Principles. A significant provision of this new standard includes the preparation of government-wide financial statements that summarize the information of the government as a whole using the accrual basis of accounting (in addition to the continuing requirements for fund financial statements using the modified accrual basis of accounting). Infrastructure assets such as streets, bridges, and sidewalks are also to be included in the government-wide financial statements. There are also expanded disclosure requirements.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP):

Uniform minimum standards of guidelines to financial accounting and reporting. They govern the form and content of the basic financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practices at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP proved a standard by which to measure financial presentations. The primary authoritative statement on the application of GAAP to state and local governments is the National Council on Governmental Accounting=s Statement 1. Every government should prepare and publish financial statements in conformity with GAAP. The objectives of governmental GAAP financial reports.

GENERAL FUND:

A fund that accounts for all financial resources necessary to carry out basic governmental activities of the City that are not accounted for in another fund. The General Fund supports essential City services such as police and fire protection, street maintenance, libraries, and parks and open space maintenance. Revenues to support the General Fund are derived from sources such as property tax, sales tax, franchise fees, and service fees.

GENERAL LONG-TERM DEBT:

Represents any non-matured debt not considered to be a fund liability.

GENERAL OBLIGATION BONDS (G.O. BONDS):

Bonds secured by the full faith and credit of the issuer. G.O. bonds issued by local units of government are secured by a pledge of the issuer's property taxing power (secondary portion). They are usually issued to pay for general capital improvements such as parks and roads.

GOVERNMENTAL FUNDS:

Account for most governmental functions. Governmental Funds include the General Fund, Special Revenue Funds, and Capital Project Funds.

GRANT:

A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specific purposes.

Ι

IMPACT FEES:

A type of charge for services imposed on new construction in order to support specific new demands on a given service, e.g., transportation, schools, parks and fire protection.

IMPROVEMENT DISTRICTS:

Consists of property owners desiring improvements to their property. Bonds are issued to finance these improvements, which are repaid by assessments on affected property. Improvement District debt is paid for by a compulsory levy (special assessment) made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties.

INFRASTRUCTURE:

A permanent installation such as a building, road, or water transmission system that provides public services.

IN-LIEU PROPERTY TAX:

A statewide fee is assessed on motor vehicles "in lieu of property taxes" in the event a citizen does not otherwise pay property taxes on house they own. The fee is assessed based on the age of the vehicle. This is also commonly called the Motor Vehicle Tax.

APPENDIX

INTER-FUND TRANSFER:

Amounts transferred from one fund to another.

INTERGOVERNMENTAL REVENUES:

Levied by one government but shared on a predetermined basis with another government or class of governments.

INTERNAL SERVICE FUND:

Established to account for the financing, on a cost-reimbursement basis, of commodities or services provided by one program for the benefit of other programs within the City. The City maintains three Internal Service Funds to account for Fleet, Information Technology and Self-Insurance activities.

ISO:

The Insurance Service Organization is used to rate the level of risk with the City for varies services provided.

L LEGISLATIVE ISSUES:

Major policy decisions made by the City Council such as General Plan Sub-Elements, ordinances, and resolutions requiring study that need to be scheduled on Council's calendar.

M measure:

A term referring to any one of four different types of measure: a count, a ratio, a percentage, and a dollar amount. Before developing any measure, it is necessary to identify something that can be counted. In order to identify what is to be counted, the event being assessed must be determined, i.e. days spent in the hospital, certificates of occupancy issued, gallons of water treated, etc.

MISCELLANEOUS (FUNDING SOURCE):

Revenues other than those received from standard sources such as taxes, licenses and permits, grants, and user fees.

MISSION STATEMENT:

A broad statement of purpose derived from an organization's and/or community's values and goals.

MODIFIED ACCRUAL BASIS:

The modified accrual basis of accounting is a mixture of both cash and accrual basis concepts. All funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. Sales taxes are recognized when in the hands of intermediary collecting agencies. All other intergovernmental revenues are recorded as revenue when received. Property tax revenues are recognized in the fiscal year for which they were levied. Licenses and permits, charges for services, fines and forfeitures, and other revenues are recorded as revenue when received in cash.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, an exception to this general rule would include principal and interest on general long-term debt which is recognized when due.

N NET ASSETS:

The term is used to describe the difference between assets and liabilities to show total fund equity of the fund.

NET INCOME:

Proprietary fund excess of operating revenues, non-operating revenues, and operating transfers in over operating expenses, non-operating expenses, and operating transfer-out.

O objective:

A statement specifying achievements to be attained within a prescribed time frame. An objective is exchanged/ superseded by another objective at the expiration of the time frame. An objective is directly connected to how the resources of an organization will be used. An objective statement begins with an action verb and includes the quantified statement of the results expected as an outcome of the action.

OPERATING BUDGET:

Plans of current expenditures and the proposed means of financing them. The annual operating budget (or, in the case of some state governments, the biennial operating budget) is the primary means by which most of the financing acquisition, spending, and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even where not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government. (See BUDGET)

OPERATING REVENUE:

Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

ORDINANCE:

A formal legislative enactment by the governing board of a municipality. If it is not in conflict with any higher form or law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which is applies.

OTHER FISCAL ACTIVITY:

Refers to various trust and agency funds used to account for assets held by the City in a trustee capacity or as an agent for individuals, other governmental units, and other funds.

OUTSTANDING DEBT:

The balance due at any given time resulting from the borrowing of money or from the purchase of goods and services.

Ρ

PAY-AS-YOU-GO FINANCING:

Pay-as-you-go is the financing of improvement projects from current revenues. Such revenues may come from general taxation, fees, charges for services, special funds, or special assessments.

PERFORMANCE BUDGET:

A budget wherein expenditures are based primarily upon measurable performance of activities.

PERFORMANCE INDICATOR:

A performance indicator is a measurement designed by a reasoning process to determine whether or not a service objective has been met. It measures the effectiveness of achieving the objective or how well the objective has been accomplished.

PERFORMANCE MEASURE:

Data collected to determine how effective or efficient a program is in achieving its objectives.

PERSONAL SERVICES:

Include the salaries and wages paid to employees plus the City's contribution for fringe benefits such as retirement, social security, health, and workers' compensation insurance.

PROGRAM:

A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the City is responsible. A program differs from a division from the standpoint that cost centers from different departments may make up a program while cost centers from the same department to make up a division.

PROGRAM BUDGET:

A budget, which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

PROJECT COSTS:

All the costs associated with a project. These costs include prior year actual expenditures, current year budgeted expenditures and future year planned expenditures.

PROPERTY TAX:

Based according to value of property and is used as the source of monies to pay general obligation debt (secondary property tax) and to support the general fund (primary property tax).

R RDA:

See REDEVELOPMENT AGENCY.

RE-BUDGET:

Carryover represents encumbered and committed funds carried forward to the next fiscal year budget.

REDEVELOPMENT AGENCY:

An agency of the City created to administer and account for community redevelopment and economic development project areas, which are financed by incremental taxes collected on the properties in the development. The taxes are used to pay back debt created from improving the infrastructure for the project.

REFUNDING:

A procedure whereby an issuer refinances an outstanding bond issue by issuing new bonds. There are generally two major reasons for refunding: (1) to reduce the issuer's interest costs or (2) to remove a burdensome or restrictive covenant imposed by the terms of the bonds being refinanced. The proceeds of the new bonds are either deposited into escrow to pay the debt service on the outstanding obligations when due, or they are used to immediately retire the outstanding obligations. The new obligations are referred to as the refunding bonds and the outstanding obligations being refinanced are referred to as the refunded bonds or the prior issue.

REPLACEMENT SCHEDULE:

A schedule used to document information for vehicles and equipment currently used in operations. The information includes description of assets, year of purchase, useful life, amount of original purchase, year to be replaced, and estimated future cost of replacement.

RESERVE:

An account which records a portion of the fund balance which must be segregated for some future use and which is, therefore, not available for further appropriation or expenditure.

RESIDUAL EQUITY:

A transfer of net assets to another fund when separating a function or service from a combined function or service.

RESTRICTED REVENUES:

Funds collected for limited or specific expenditure purposes. These funds are earmarked for specific purposes by requirements within the resource origin, such as: regulations found in bond covenants; grant contracts; local ordinances; donations for a specific purpose; state statute; and federal law or administrative guidelines.

REVENUE:

The term designates an increase to a fund's assets which: increase a liability (e.g., proceeds from a loan); represent a repayment of an expenditure already made; represent a cancellation of certain liabilities; and represent an increase in contributed capital.

REVENUE BONDS:

Bonds payable from a specific source of revenue, which do not pledge the full faith, and credit of the issuer. Revenue bonds are payable from identified sources of revenue and do not affect the property tax rate. Pledged revenues may be derived from operation of the financed project, grants, excise, or other specified non-property tax.

RETAINED EARNINGS:

Accumulation of net income closed to the balance sheet at the end of the fiscal year. Also known as net assets and used only in the enterprise funds.

S Self insurance:

The retention by an entity of a risk of loss arising out of the ownership of property or from some other cause instead of transferring that risk through the purchase of an insurance policy.

SERVICE LEVELS:

Describe the present services provided by a City department and/or division within the department.

SPECIAL REVENUE FUNDS:

Established to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

T

TAX INCREMENT FINANCING:

The collection of the incremental tax increase from economic development of a project area where debt has been issued as part of a Redevelopment Agency.

TAX RATE:

The amount of tax levied for each \$100 of assessed valuation.

TAX RATE LIMIT:

The maximum legal rate at which a municipality may levy a tax. The limit may apply to taxes raised for particular purposes or for general purposes.

TAXES:

Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges as sewer services.

TENTATIVE BUDGET:

A preliminary budget created for review of Mayor and Council in the first meeting in May of each year. It is to be available for public inspection 10 days before the final adoption of the budget.

TRANSFERS:

A term referring to monies moved from one budgetary fund or sub-fund to another. Because of legal or other restrictions, monies collected in one fund may need to be expended in other funds. A transfer is accomplished through Transfers-In (a source of funds) for the recipient fund and an equal Transfer-Out (a use of funds) for the donor fund. When this movement occurs between different funds, it is known as an Inter-fund Transfer. When it occurs between the restricted and unrestricted portions of the same fund, it is known as an Intra-fund Transfer.

U USER FEES:

Charges for specific governmental services. These fees cover the cost of providing that service to the user (e.g., building permits, animal licenses, park fees).

Z ZERO-BASE BUDGETING (ZBB):

A method of detailed budget analysis and justification that combines elements of management by objectives and program evaluation. It is a vehicle to link management and planning to the budget process. ZBB starts with an examination of an agency's basic programs and services by the lowest management level, and continues up the organization as funding packages are prioritized at each level in accordance with available resources and desired outcomes. ZBB is a tool for objectively directing the allocation of funds among activities and programs. Its basis is the consideration of the efficiency and effectiveness of activities and programs.
