

**LEHI CITY 2021
ANNUAL CITIZEN SURVEY
TOPLINE REPORT**

METHODOLOGY DETAILS

n=1,415 Lehi City residents
Online interviews fielded January 05-14, 2021
Margin of error +/- 3 percentage points

For this survey 1415 Lehi City residents were sampled from an updated list of Lehi City utilities customers to update the Lehi City resident public opinion panel. Prior survey panelists were originally sampled from the utilities customer list, supplemented by randomly selected registered voters residing in Lehi City, and Lehi Legacy Recreation Center users. Survey invitations were sent to email addresses provided by the utilities database or matched to voter file records and purchased from an outside vendor.

The data were weighted to reflect the demographics of Lehi City according to U.S. Census data from the American Community Survey, specifically in regard to age, gender, marital status, and home ownership.
