SNAPOLOGY LEGO CAMP

Session 1: Ages 5-14 Jedi Masters

If you love Star Wars®, this is the camp for you. Come participate in Star Wars® themed activities using LEGO® bricks and other interactive learning tools, build scenes from the movies, ships, lightsabers, your own training facility, and much more! This class explores the many intricacies of the Star Wars Galaxy and teaches you what it takes to become a Jedi Master. May the force be with you.

Session 2 : Ages 5-14: Mini-Figure Mania

Building with LEGO® bricks is often about one thing; making incredible constructions for the mini-figures that get to live and use them. This Snapology program will provide a structure for students to make some truly wild creations; from engineering challenges like making the tallest towers or fastest car, to ones that require more imagination and creativity, like building a city or vacation parks. This program will provide the students with the tools they need to let their creative juices flow freely!

Session 3: Ages 4-6: KinderBots Robotics

Children will begin to explore the world of robotics as they build simple models that teach the fundamentals of robotic design. Whether learning about sensors while building drills and magic wands, or discovering ways that gears and pulleys create movement while building helicopters and robotic dogs, your child is sure to have a great time.

REGISTRATION

Register at the Legacy Center Registration Office during normal business hours or online at www.lehi-ut.gov/legacy-center.

Registration is non-refundable and non-transferable. Space is limited so register today.
