

# SNAPOLOGY LEGO CLASS

WINTER 2023

## QUICK FACTS

WHERE .....Lehi Legacy Center

WHO .....K-6th grade

WHEN .....Wednesdays

TIME .....See Chart

FEES .....\$97

INCLUDES 6 classes and  
instruction.

## AFTER SCHOOL CLASS

### Class 1: RoboPets Robotics:

Children will begin to explore the world of robotics as they build simple LEGO models that teach the fundamentals of robotic design and coding in this awesome RoboPets program. Children will learn about mechanical movement as they build a robotic fish, alligators, puppies, and frogs each week and will be given a simple program to operate their robotic build. Whether making their build respond to motion and tilt sensors, adding loops, or creating fun sounds, children will learn valuable programming skills on an age-appropriate, pseudo-coding platform.

### Class 2: Real World Robotics

In Snapology's Real World Robotics class, students interested in technology will create robotic models inspired by real life robotic technologies. Students will learn about gear ratio, sensors, simple machines, and programming as they build alarm devices, earthquake detectors, robotic arms, and much more. Your child will have a blast exploring the world of robotic technologies as they build, learn, and play.

## REGISTRATION

Registration starts December 1, 2022. Register at the Legacy Center Registration Office during normal business hours or online at [www.lehi-ut.gov/legacy-center](http://www.lehi-ut.gov/legacy-center). Registration is non-refundable and non-transferable. Space is limited so register today.
