

Please enter the parking lot on 100 South, drop your child(ren) at the south end of the building, exit on 100 West. For student safety, do not drive into the small parking lot to the east of the building. In the drop off/pick up line, remain inside your vehicle and stay attentive to keep the line moving as smoothly as possible. The safest place for students to enter & exit the building is through the east side door. Please do not have students enter or exit using the front door of the building on the north side.
