

LEHI CITY PARC CULTURAL ORGANIZATION GRANTS

CRITERIA NARRATIVE

This document describes the criteria and weighted amounts used by the Parks, Arts, Recreation, and Culture (PARC) Committee to review Cultural Organization Grant applications (both Major and Minor) and forward recommendations to the City Council. This document does not stand as a complete description of the criteria used by the PARC Committee during the decision making process and other criteria or weighted percentages may be considered during the time of application review. In addition, the filing of an application for funds, no matter how complete or comprehensive, is not a guarantee that any funds will be awarded.

How many Lehi City residents will be impacted? What groups will be served? Are underserved communities being served?

2. COMMUNITY NEED

Funding. Where does the organization receive funding from? Is the organization partnering with any other organizations? How much cash does the organization contribute to the project? How much of the total funding is being provided through the PARC tax?

4. MEASURABLE OUTCOME

How will the organization know that they are successful in having an impact on the community? Have they clearly defined the desired outcome? Have they clearly outlined how they will use the PARC logo to credit the PARC Program as outlined in Section 10 of the PARC Tax Policy?
