

Landscaping Resources

Plant Selection - <https://conservationgardenpark.org/plants>

- This website lets you filter plants according to a variety of criteria, including amount of sun, how much you'd like to water, color of the blooms, and more.

Home Soil Test - <https://www.usu.edu/analytical-laboratories/tests/home-soil-testing>

- Determining what type of soil you have is critical in understanding what plants will work in your lawn. Utah State University will analyze and send you your results for \$25.

Water-wise Guidelines - <https://www.lehi-ut.gov/wp-content/uploads/2020/02/Xeriscape-Guidelines-Smaller-Size.pdf>

- A water-wise design to your landscaping can not only help you save water, but it can also help you save money and maintenance over time.

Street tree permit - <https://form.jotform.com/202724325695054>

- A permit is required to plant a street tree in the park strip. There is no application fee.
