Pre-Team and Team Information

STARZ Pre-Team

Pre-Team gymnasts learn skills and routines at a quicker pace. The pre-team environment is designed to push the gymnasts to prepare them for our Excel gymnastics team experience. Our mission is to teach our athletes to build gymnastics skill confidence, personal goal setting, and pushing themselves to work and improve.

Placement on Pre-team is through coach recommendation or the annual Pre-Team try-outs held in April.

Girls Recreation Team

Recreation Team focuses on more advanced fundamentals with an emphasis on form and technique. Gymnasts will also complete flexibility, strengthening, and conditioning required to complete the skills safely. Class placement is determined through coach evaluations and recommendations.

Recreation Team class is designed for higher level gymnasts to continue to participate in the sport regardless of their desire to participate on the competitive gymnastics team.

Placement in Rec team classes requires coach recommendation

Girls Team Xcel Program

Lehi Legacy Gymnastics participates in the Xcel gymnastics program through USAG. Our Xcel gymnastics team offers athletes the opportunity of competing with less time commitment required compared to other programs. Our team program mission is to highlight the individuality and unique skills each gymnast. We teach our athletes to build gymnastics skill confidence, personal goal setting, and pushing themselves to work and improve.

We compete the following Xcel Levels, Bronze, Silver, Gold and Platinum as needed.

Placement on Team is through coach recommendation or the annual Team try-outs held in April.

Team Bars/ Vault

This class is dedicated to training Gold and Platinum team gymnasts on vault and uneven bars. The class focusses on the power, precision and technical execution for the vault and bar as well as skill progression and conditioning on these events.
